HealthMap Attribution Exclusions for Full-Risk and Dual-Risk IPA Arrangements

This is an advisory notification to Molina Healthcare of California (MHC) network providers applicable to all lines of business.

What you need to know:

To ensure accurate member attribution and alignment with contractual responsibilities, the Health Plan has completed a review of Independent Physician Associations (IPAs) participating in **full-risk** and **dual-risk** arrangements across Medi-Cal, Marketplace, and Medicare (including EAE).

Based on this review, all IPAs operating under **full global risk** or **dual risk**—where the IPA is financially responsible for the total cost of care, including both professional and inpatient services—will be **excluded from HealthMap** attribution.

This change applies to the following product lines:

- **Medi-Cal**
- **Marketplace (Commercial Exchange)**
- **Medicare Advantage (including EAE)**

When this is happening:

This change will become effective March 1, 2026.

Provider Action

- Members attributed to these IPAs will **not** appear in HealthMap panels.
- Care coordination, quality initiatives, and utilization management processes will continue to follow existing **IPA-specific workflows**.
- Providers should continue to direct questions about risk-sharing, reporting, and panel management to their delegated IPA partners.

What if you need assistance?

If you have any questions regarding the notification, please contact your Molina Provider Relations Representative below.

Service County Area	Provider Relations Representative	Contact Number	Email Address
