

Annual Training: PCP Screening for Substance Use Disorders

Substance Use Disorders (SUD) and Opioid Use Disorders (OUD) can present in primary care and specialty settings. Molina's goal is to encourage and support providers in prevention, screening and intervention efforts at all levels of care regardless of specialty.

Molina Healthcare of Florida offers annual provider training on screening for substance abuse in the primary care setting. Training topics include:

- When are PCPs required to screen members for signs of substance abuse
- How to address suspected substance abuse with patients
- Assessing substance abuse
- Key interventions for providers
- Resources for providers

The 2023 provider training on Substance Use Disorders can be found at: www.MolinaHealthcare.com - [Communications > Resources & Trainings > Provider Trainings](#)
