

# IMPORTANT!

## Updated Implementation Date

### **Update: Continuous Glucose Monitoring (CGM) Products**

You recently received notification that Molina Healthcare is transitioning coverage of therapeutic continuous glucose monitoring (CGM) systems (DexCom G5®, Dexcom G6® and Freestyle Libre) under the pharmacy benefits for eligible members on March 1, 2023. However, this date has changed.

**The new effective date is April 1, 2023.**

#### **Durable Medical Equipment Providers:**

Providers will no longer be able to submit claims for CGM products as a medical benefit. This would be applicable to CGM Sensor (A9276), CGM Transmitter (A9277) and CGM Receiver/Reader (A9278).

If you are within the CVS Network, after the effective date please submit claims for all preferred CGM products and supplies by NCPDP claim to the member's pharmacy benefit.

If you are not currently within the CVS Network, below are the steps in order to begin that process.

#### **To enroll with CVS Caremark**

- The first step is to complete Caremark's pre-enrollment questionnaire, which can be found using the following link: [https://cvs.az1.qualtrics.com/jfe/form/SV\\_cvyY0ohqT2VXYod?Q\\_JFE=qdg](https://cvs.az1.qualtrics.com/jfe/form/SV_cvyY0ohqT2VXYod?Q_JFE=qdg)
- Next the applicant completes and submits the online enrollment application.
- Once the above is done, the applicant will be notified by CVS via email if any required documentation or information is missing/ incomplete. Application review doesn't start until a complete application (all required documentation) is received.
- Enrollment decisions are communicated to the applicant via email by CVS.

#### **Prescribers:**

Effective **April 1, 2023**, simply use your ePrescribing capabilities to submit a prescription in real time to the member's pharmacy or mail-order pharmacy or CVS contracted DME provider. As a reminder, please ensure the prescription includes all components of the CGM- sensor, transmitter, and reader as applicable.

If you have questions, please contact Molina Healthcare Network Management at: 855-322-4076

Thank you for your continued care to our members!
