MEDICAID INFORMATION RELEASE MA25-19

To: All Medicaid Providers

From: Sasha O'Connell, Deputy Director

Subject: Medicaid Provider Rate Adjustment

On August 22, 2025, the department issued information release [MA25-17 Medicaid Provider Rate Adjustment](#). This notified providers that Medicaid payment rates would be reduced for dates of service September 1, 2025, forward.

The department held a thirty (30) day public comment period, reviewed data required by the Centers for Medicare and Medicaid Services (CMS) to assess access to care, and adjusted to the four percent (4%) rate reductions as described below prior to submitting federal authority updates.

In consultation with CMS, the state is effectuating rate changes. Non-exempt fee-for-service claims with dates of service September 1, 2025, forward will be affected. For those claims, rates are reduced by four percent (4%). No action is required by providers as the department will automatically reprocess claims back to the effective date in the coming weeks. Providers enrolled with managed care organizations should consult their fee schedule for related information.

The department will continue to communicate with providers through information releases as we evaluate the impact of budget and forecast adjustments. We encourage you to read our [monthly transparency reports](#) on the department website to see how the budget is performing relative to forecast. Thank you for your continued partnership and for serving Idahoans covered by the Medicaid program.
