

PROVIDER MANUAL

Molina Healthcare of Idaho, Inc.

Idaho Medicaid Plus (IMPlus)

2026

Capitalized words or phrases used in this Provider Manual shall have the meaning set forth in the Provider's Agreement with Molina Healthcare. "Molina Healthcare" or "Molina" have the same meaning as "Health Plan" in the Provider's Agreement with Molina. The Provider Manual is customarily updated annually but may be updated more frequently as policies or regulatory requirements change needed. Providers can access the most current Provider Manual at MolinaHealthcare.com.

1. CONTACT INFORMATION

Molina Healthcare of Idaho, Inc.
7050 Union Park Center, Suite 200
Midvale, UT 84047

Provider services

The Molina Provider Contact Center handles telephone inquiries from Providers regarding Claims, appeals, authorizations, eligibility and general concerns. Molina Provider Contact Center representatives are available 8:30 AM to 5:30 PM MST, excluding state and federal holidays.

Molina strongly encourages participating Providers to submit Claims electronically via a clearinghouse or the [Availity Essentials portal](#) whenever possible.

EDI Payer ID Number: 61799

To verify the status of your Claims please use the [Availity Essentials portal](#). Claim questions can be submitted through the Secure Messaging feature via the Claim Status module on the [Availity Essentials portal](#), or by contacting the Molina Provider Contact Center.

Eligibility verifications can be conducted at your convenience via the Eligibility and Benefits module on the [Availity Essentials portal](#).

Phone: (844) 239-4914

Availity Essentials portal: [Availity.com/providers](https://www.availity.com/providers)

Hearing Impaired (TTY/TDD): 711

Provider relations

The Provider Relations department manages Provider calls regarding issue resolution, Provider education and training. The department has Provider Relations representatives who serve all of Molina's Provider network.

Molina Healthcare of Idaho's Provider Relations Team can be reached by email at MHIDProviderSvcReq@MolinaHealthCare.Com

Member services

The Molina Member Contact Center handles all telephone inquiries regarding benefits, eligibility/identification, pharmacy inquiries, selecting or changing primary care providers (PCP) and Member complaints. Molina Member Contact Center representatives are available 8:30 AM to 5:30 PM, Mountain Standard Time (MST) excluding state and federal holidays.

After hours, on weekend and on state approved holidays, the Member Contact Center is answered by Molina's Automated Interactive Voice Response (IVR) System. Members have the

option of being connected immediately to the Nurse Advice Line (NAL), whose bilingual staff is available 24/7, or they can leave a voicemail that will be returned within one business day.

Phone: (844) 809-8445

Hearing Impaired (TTY/TDD): 711

Claims

Molina strongly encourages participating Providers to submit Claims electronically via a clearinghouse or the [Availity Essentials portal](#) whenever possible.

- Availity Essentials portal: [Availity.com/providers](https://www.availity.com/providers)
- EDI Payer ID 61799

To verify the status of your Claims, please use the [Availity Essentials portal](#). Claim questions can be submitted through the Secure Messaging feature via the Claim Status module on the [Availity Essentials portal](#) or by contacting the Molina Provider Contact Center. For additional information please refer to the **Claims and Compensation** section of this Provider Manual.

Phone: (844) 239-4914

Claims recovery

The Claims Recovery department manages recovery for overpayment and incorrect payment of Claims.

Provider disputes	Molina Healthcare of Idaho, Inc. PO Box 2470 Spokane, WA 99210-2470
Refund checks lockbox	Molina Healthcare of Idaho, Inc. PO Box 561221 Denver, CO 80256-1221
Phone:	(866) 642-8999
Fax:	(844) 834-2057

Compliance and fraud alertline

Suspected cases of fraud, waste or abuse must be reported to Molina. You may do so by contacting the Molina Alertline or by submitting an electronic complaint using the website listed below. For additional information on fraud, waste and abuse please refer to the **Compliance** section of this Provider Manual.

Confidential
Compliance Official
Molina Healthcare, Inc.

200 Oceangate
Suite 100
Long Beach, CA 90802

Phone: (866) 606-3889

Online: MolinaHealthcare.Alertline.com

Credentialing

The Credentialing department verifies all information on the Provider Application prior to contracting and re-verifies this information every three (3) years or sooner depending on Molina's credentialing criteria. The information is then presented to the Professional Review Committee to evaluate a Provider's qualifications to participate in the Molina network. For additional information about Molina's credentialing program please refer to the **Credentialing and Recredentialing** section of this Provider Manual.

24-hour Nurse Advice Line

This telephone-based nurse advice line is available to all Molina Members. Members may call anytime they are experiencing symptoms or need health care information. Registered nurses are available 24 hours a day, 7 days a week.

Phone: (844) 808-1382

Hearing Impaired (TTY/TDD): 711

Health care services

The Health Care Services (HCS) department conducts concurrent review on inpatient cases and processes prior authorizations/service requests. The HCS department also performs care management for Members who will benefit from care management services. Participating Providers are required to interact with Molina's HCS department electronically whenever possible. Prior authorizations/service requests and status checks can be easily managed electronically. For additional information please refer to the **Health Care Services** section of this Provider Manual.

Managing prior authorizations/service requests electronically provides many benefits to Providers, such as:

- Easy to access 24/7 online submission and status checks
- Ensures Health Insurance Portability and Accountability Act (HIPAA) compliance
- Ability to receive real-time authorization status
- Ability to upload medical records
- Increased efficiencies through reduced telephonic interactions
- Reduces costs associated with fax and telephonic interactions

Molina offers the following electronic prior authorizations/service request submission options:

- Submit requests directly to Molina via the [Availity Essentials portal](#)
- Submit requests via 278 transactions. See the EDI transaction section of Molina's website for guidance

Availity Essentials portal: availability.com/providers

Prior Authorization Fax: (855) 231-0375

- Advanced imaging: (877) 731-7218
- Transplants: (877) 813-1206

Behavioral health

Molina manages all components of covered services for behavioral health. For Member behavioral health needs, please contact us directly at (844) 809-8445. Molina has a Behavioral Health Crisis Line that Members may access 24 hours per day, 365 days per year by calling the Member Services telephone number on the back of their Molina Member ID card. For additional information please refer to the **Behavioral Services** section of this Provider Manual.

Pharmacy

The prescription drug benefit is administered through CVS Caremark. A list of in-network pharmacies is available on the MolinaHealthcare.com website or by contacting Molina at (844) 239-4914. For additional information please refer to the **Pharmacy** section of this Provider Manual.

Quality

Molina maintains a Quality department to work with Members and Providers in administering the Molina Quality Improvement (QI) Program. For additional information please refer to the **Quality** section of this Provider Manual.

2. PROVIDER RESPONSIBILITIES

Nondiscrimination in health care service delivery

Providers must comply with the nondiscrimination in health care service delivery requirements as outlined in the **Culturally and Linguistically Appropriate Services** section of this Provider Manual.

Additionally, Molina requires Providers to deliver services to Molina Members without regard to the source of payment. Specifically, Providers may not refuse to serve Molina Members because they receive assistance with cost-sharing from a government-funded program. Providers serving Medicaid Members are required to maintain the same hours of operation as those offered to commercial benefit Members.

Section 1557 investigations

All Molina Providers shall disclose all investigations conducted pursuant to Section 1557 of the Patient Protection and Affordable Care Act (ACA) to Molina's Civil Rights Coordinator.

Molina Healthcare, Inc.
Civil Rights Coordinator
200 Oceangate, Suite 100
Long Beach, CA 90802
Phone: (866) 606-3889
Hearing Impaired (TTY/TDD): 711
Online: MolinaHealthcare.AlertLine.com
Email: civil.rights@MolinaHealthcare.com

For additional information please refer to the Department of Health and Human Services (HHS) website at [Nondiscrimination in Health and Health Education Programs or Activities, Delegation of Authority](#).

Facilities, equipment, personnel and administrative services

The Provider's facilities, equipment, personnel and administrative services must be at a level and quality necessary to perform duties and responsibilities to meet all applicable legal requirements including the accessibility requirements of the Americans with Disabilities Act (ADA).

Provider data accuracy and validation

It is important for Providers to ensure Molina has accurate practice and business information. Accurate information allows us to better support and serve our Members and Provider Network.

Maintaining an accurate and current Provider Directory is a state and federal regulatory requirement, as well as a National Committee for Quality Assurance (NCQA)-required element. Invalid information can negatively impact Member access to care, Member/PCP assignments and referrals. Additionally, current information is critical for timely and accurate Claims processing.

Please visit our Provider Online Directory at [Idaho Provider Directory](#) to validate your information. Providers must validate their Provider information on file with Molina at least once every 90 days for correctness and completeness.

Provider information that must be validated includes, but is not limited to:

- Provider or practice name
- Location(s)/address
- Specialty(ies)
- Telephone number, fax number and email
- Digital contact information
- Whether your practice is open to new patients (PCPs only)
- Tax ID and/or National Provider Identifier (NPI)

The information above must be provided as follows:

- Delegated Providers and other Providers that typically submit rosters must submit a full roster that includes the above information to Molina at MHIDPNA@MolinaHealthCare.Com.
- All other Providers must log into their Council for Affordable Quality Healthcare, Inc., (CAQH) account to attest to the accuracy of the above information for each health care Provider and/or facility in your practice that is contracted with Molina. If the information is correct, please select the option to attest that the information is correct. If the information is not correct, Providers can make updates through the [CAQH portal](#). Providers unable to make updates through the [CAQH portal](#) should contact their Molina Provider Relations representative for assistance.

Additionally, in accordance with the terms specified in the Provider Agreement with Molina, Providers must notify Molina of any changes, as soon as possible, but at a minimum 30 calendar days in advance of any changes in any Provider information on file with Molina. Changes include, but are not limited to:

- Change in office location(s)/address, office hours, phone, fax or email
- Addition or closure of office location(s)
- Addition of a Provider (within an existing clinic/practice)
- Change in Provider or practice name, Tax ID and/or National Provider Identifier (NPI)
- Opening or closing your practice to new patients (PCPs only)
- Change in specialty
- Any other information that may impact Member access to care

For Provider terminations (within an existing clinic/practice), Providers must notify Molina in writing in accordance with the terms specified in your Provider Agreement with Molina.

Note: Some changes may impact credentialing. Providers are required to notify Molina of changes to credentialing information in accordance with the requirements outlined in the **Credentialing and Recredentialing** section of this Provider Manual.

Molina is required to audit and validate our Provider network data and Provider directories on a routine basis. As part of our validation efforts, we may reach out to our network of Providers through various methods, such as letters, phone campaigns, face-to-face contact, fax and fax-back verification, etc. Molina also may use a vendor to conduct routine outreach to validate data that impacts the Provider directory or otherwise impacts its membership or ability to coordinate Member care. Providers are required to supply timely responses to such communications.

All Molina Providers participating in a Medicaid network must be enrolled in the state Medicaid program to be eligible for reimbursement. If a Provider has not had a Medicaid number assigned, the Provider must apply for enrollment with the Idaho Department of Health & Welfare (IDHW) and meet the Medicaid Provider enrollment requirements set forth for fee-for-service Providers of the appropriate provider type.

National Plan and Provider Enumeration System (NPES) data verification

In addition to the above verification requirements, the Centers for Medicare & Medicaid Services (CMS) recommends that Providers routinely verify and attest to the accuracy of their NPES data.

NPES allows Providers to attest to the accuracy of their data. If the data is correct, the Provider is able to attest and NPES will reflect the attestation date. If the information is not correct, the Provider is able to request a change to the record and attest to the changed data, resulting in an updated certification date.

Molina supports the CMS recommendations around NPES data verification and encourages our Provider network to verify Provider data via npes.cms.hhs.gov. Molina may validate the NPI submitted in a Claim transaction is a valid NPI and is recognized as part of the NPES data. Additional information regarding the use of NPES is available in the Frequently Asked Questions (FAQ) document published at [CMS Managed Care Marketing](#).

Molina electronic solutions requirements

Molina requires Providers to utilize electronic solutions and tools whenever possible.

Molina requires all contracted Providers to participate in and comply with Molina's electronic solution requirements, which include, but are not limited to, electronic submission of prior authorization requests, prior authorization status inquiries, health plan access to electronic medical records (EMR), electronic Claim submission, electronic fund transfers (EFT), electronic

remittance advice (ERA), electronic Claim Appeal and registration for and use of the [Availity Essentials portal](#).

Electronic Claims include Claims submitted via a clearinghouse using the EDI process and Claims submitted through the [Availity Essentials portal](#).

Any Provider entering the network as a contracted Provider will be encouraged to comply with Molina's electronic solution policy by enrolling for EFT/ERA payments and registering for the [Availity Essentials portal](#) within 30 days of entering the Molina network.

Molina is committed to complying with all HIPAA Transactions, Code Sets and Identifiers (TCI) standards. Providers must comply with all HIPAA requirements when using electronic solutions with Molina. Providers must obtain an NPI and use their NPI in HIPAA transactions, including Claims submitted to Molina. Providers may obtain additional information by visiting Molina's [HIPAA Resource Center](#) located on our website at [MolinaHealthcare.com](#).

Electronic solutions/tools available to providers

Electronic solutions/tools available to Molina Providers include:

- Electronic Claim submission options
- Electronic payment: EFT with ERA
- Availity Essentials portal: [availability.com/providers](#)

Electronic Claim submission requirement

Molina strongly encourages participating Providers to submit Claims electronically whenever possible. Electronic Claim submission provides significant benefits to the Provider such as:

- Promoting HIPAA compliance
- Helping to reduce operational costs associated with paper Claims (printing, postage, etc.)
- Increasing accuracy of data and efficient information delivery
- Reducing Claim processing delays as errors can be corrected and resubmitted electronically
- Eliminating mailing time and enabling Claims to reach Molina faster

Molina offers the following electronic Claim submission options:

- Submit Claims directly to Molina via the [Availity Essentials portal](#)
- Submit Claims to Molina through your EDI clearinghouse using Payer ID 61799. Please refer to our website at [MolinaHealthcare.com](#) for additional information.

While both options are embraced by Molina, submitting Claims via the [Availity Essentials portal](#) (available to all Providers at no cost) offers a number of additional Claim processing benefits beyond the possible cost savings achieved from the reduction of high-cost paper Claims.

[Availity Essentials portal](#) Claim submission includes the ability to:

- Submit Claims through direct data entry
- Add attachments to Claims
- Submit Claims through quick Claims entry and saving templates
- Submit corrected Claims
- Add attachments to corrected Claims
- Add attachments to pending Claims
- Easily and quickly void Claims
- Check Claim status
- Receive timely notification of a change in status for a particular Claim
- Ability to save incomplete/un-submitted Claims
- Create/manage Claim templates

For additional information on EDI Claim submission and Paper Claim submission please refer to the **Claims and Compensation** section of this Provider Manual.

Electronic payment requirement

Participating Providers are required to enroll in EFT and ERA. Providers enrolled in EFT payments will automatically receive ERAs as well. EFT/ERA services give Providers the ability to reduce paperwork, utilize searchable ERAs and receive payment and ERA access faster than the paper check and remittance advice (RA) processes. There is no cost to the Provider for EFT enrollment and Providers are not required to be in-network to enroll. Molina uses a vendor to facilitate the HIPAA-compliant EFT payment and ERA delivery processes.

Molina has partnered with ECHO Health, Inc. (ECHO), for payment delivery and 835 processing. On this platform, you may receive your payment via EFT/Automated Clearing House (ACH), a physical check or a virtual card.

By default, if you have no payment preferences specified on the ECHO platform, your payments will be issued via virtual card. This method may include a fee that is established between you and your merchant agreement and is not charged by Molina or ECHO. You may opt out of this payment preference and request payment be reissued at any time by following the instructions on your explanation of payment (EOP) and contacting ECHO customer service at (888) 834-3511 or edi@echohealthinc.com. Once your payment preference has been updated, all payments will go out in the method requested.

If you would like to opt out of receiving a virtual card prior to your first payment, you may contact Molina and request that your Tax ID for payer Molina Healthcare of Idaho be opted out of virtual cards.

Once you have enrolled for electronic payments you will receive the associated ERAs from ECHO with the Molina Payer ID. Please ensure that your practice management system is updated to accept the Payer ID referenced below. All generated ERAs will be accessible to download from the ECHO provider portal at providerpayments.com.

If you have any difficulty with the website or have additional questions, ECHO has a customer services team available to assist with this transition. Additionally, changes to the ERA enrollment or ERA distribution can be made by contacting the ECHO customer services team at (888) 834-3511.

As a reminder, Molina's Payer ID is 61799.

Once your account is activated, you will begin receiving all payments through EFT and you will no longer receive a paper EOP (i.e., remittance) through the mail. You will receive 835s (by your selection of routing or via manual download) and can view, print, download and save historical and new ERAs with a two (2)-year lookback.

Additional instructions on how to register are available under the EDI/ERA/EFT tab on Molina's website at MolinaHealthcare.com.

Availity Essentials portal

Providers and third-party billers can use the no-cost [Availity Essentials portal](#) to perform many functions online without the need to call or fax Molina. Registration can be performed online and once completed the easy-to-use tool offers the following features:

- Verify Member eligibility, covered services and view Healthcare Effectiveness Data and Information Set (HEDIS®) needed services (gaps)
- Claims:
 - Submit Professional (CMS-1500) and Institutional (CMS-1450 [UB04]) Claims with attached files
 - Correct/void Claims
 - Add attachments to previously submitted Claims
 - Check Claim status
 - View ERA and EOP
 - Create and manage Claim templates
 - Submit and manage Claim disputes, including formal appeals or reconsideration requests, for finalized Claims
 - View, dispute, resolve Claim overpayments
- Prior authorizations/service requests
 - Create and submit prior authorization/service requests
 - Check status of prior authorization/service requests
 - Access prior authorization letters directly through the new DC Hub functionality in the [Availity Essentials portal](#). Please note: Letters will only be available for prior authorization requests submitted via the [Availity Essentials portal](#).

- Download forms and documents
- Send/receive secure messages to/from Molina
- Manage Overpayment invoices (Inquire, Dispute and Resolve)

HEDIS® is a registered trademark of the National Committee for Quality Assurance (NCQA)

Provider network management portal: enrollment tool

The **Provider Network Management Portal** is a secure, free tool used to manage Provider enrollment and credentialing requests. All credentialing requests for a Provider to join the network must be submitted electronically through the portal.

Available functions include:

- Adding practitioners to an existing group
- Submitting credentialing requests
- Tracking credentialing and participation status
- Providing additional or missing information for enrollment or credentialing
- Uploading provider rosters
- Adding new facility locations

Access

Office managers, administrative personnel, or Providers who need access to the portal for the first time must submit a registration request directly through the Provider Network Management Portal at [Molina/ProviderManagement](#).

Balance billing

The Provider is responsible for verifying eligibility and obtaining approval for those services that require prior authorization.

Providers agree that under no circumstances shall a Member be liable to the Provider for any sums that are the legal obligation of Molina to the Provider. Balance billing a Member for covered services is prohibited, except for the Member's applicable copayment, coinsurance and deductible amounts.

Providers may seek payment from a Member only if the services are not covered services and if, prior to providing the services, Provider informed the Member that the services were not covered. The Provider must inform the member that the services are not covered and have the Member acknowledge the information. If the Member still requests the service, the Provider must obtain acknowledgement in writing prior to rendering the service. Regardless of any understanding worked out between the Provider and the Member regarding private payment, once the Provider bills Molina Healthcare of Idaho for a service that has been provided, the Provider cannot charge the Member more for a covered service than the contractually allowable amount, but may charge an agreed upon amount for non-covered or heightened services.

Member rights and responsibilities

Providers are required to comply with the Member Rights and Responsibilities as outlined in Molina's Member materials (such as Member Handbooks).

For additional information please refer to the **Member Rights and Responsibilities** section in this Provider Manual.

Member information and marketing

Any written informational or marketing materials directed to Molina Members must be developed and distributed in a manner compliant with all state and federal laws and regulations and approved by Molina prior to use.

Please contact their Molina Provider Relations representative for information and review of proposed materials.

Member eligibility verification

Possession of a Molina Member ID card does not guarantee Member eligibility or coverage. Providers should verify the eligibility of Molina Members prior to rendering services. Payment for services rendered is based on enrollment and benefit eligibility. The contractual agreement between Providers and Molina places the responsibility for eligibility verification on the Provider of services.

Providers who contract with Molina may verify a Member's eligibility by checking the following:

- Availity Essentials portal: [availity.com/providers](https://www.availity.com/providers)
- Molina Provider Contact Center automated Interactive Voice Response (IVR) system at (844) 808-1383

For additional information please refer to the **Eligibility, Enrollment, Disenrollment and Grace Period** section of this Provider Manual.

Member cost-share

Providers should verify the Molina Member's cost share status prior to requiring the Member to pay copay, coinsurance, deductible or other cost share that may be applicable to the Member's specific benefit plan. Some plans have a total maximum cost-share that frees the Member from any further out-of-pocket charges once reached (during that calendar year).

Health care services (utilization management and care management)

Providers are required to participate in and comply with Molina's utilization management and care management programs, including all policies and procedures regarding Molina's facility admission, prior authorization, medical necessity review determination and Interdisciplinary

Care Team (ICT) procedures. Providers will also cooperate with Molina in audits to identify, confirm, and/or assess utilization levels of covered services.

For additional information please refer to the **Health Care Services** section of this Provider Manual

Referrals

A referral may become necessary when a Provider determines Medically Necessary services are beyond the scope of the PCP's practice or it is necessary to consult or obtain services from other in-network specialty health professionals unless the situation is one involving the delivery of emergency services. Information is to be exchanged between the PCP and specialist to coordinate care of the patient to ensure continuity of care. Providers need to document referrals that are made in the patient's medical record. Documentation needs to include the specialty, services requested and diagnosis for which the referral is being made.

Providers should direct Molina Members to health professionals, hospitals, laboratories and other facilities and Providers which are contracted and credentialed (if applicable) with Molina. In the case of urgent and emergency services, Providers may direct Members to an appropriate service including, but not limited to, primary care, urgent care and hospital emergency room. There may be circumstances in which referrals may require an out-of-network Provider. Prior authorization will be required from Molina except in the case of emergency services.

For additional information please refer to the **Health Care Services** section of this Provider Manual.

PCPs are able to refer a Member to an in-network specialist for consultation and treatment without a referral request to Molina.

Treatment alternatives and communication with Members

Molina endorses open Provider-Member communication regarding appropriate treatment alternatives and any follow-up care. Molina promotes open discussion between Providers and Members regarding medically necessary or appropriate patient care, regardless of covered benefits limitations. Providers are free to communicate all treatment options to Members regardless of benefit coverage limitations. Providers are also encouraged to promote and facilitate training in self-care and other measures Members may take to promote their own health.

Pharmacy program

Providers are required to adhere to Molina's drug formularies and prescription policies. For additional information please refer to the **Pharmacy** section of this Provider Manual.

Participation in Quality Improvement (QI) Programs

Providers are expected to participate in Molina's QI Programs and collaborate with Molina in conducting peer review and audits of care rendered by Providers. Such participation includes, but is not limited to:

- Access to care standards
- Site and medical record-keeping practice reviews as applicable
- Delivery of patient care information

For additional information please refer to the **Quality** section of this Provider Manual.

Compliance

Providers must comply with all state and federal laws and regulations related to the care and management of Molina Members.

Confidentiality of Member health information and HIPAA transactions

Molina requires that Providers respect the privacy of Molina Members (including Molina Members who are not patients of the Provider) and comply with all applicable laws and regulations regarding the privacy of patient and Member protected health information.

For additional information please refer to the **Compliance** section of this Provider Manual.

Participation in grievance and appeals programs

Providers are required to participate in Molina's grievance and appeals programs and cooperate with Molina in identifying, processing and promptly resolving all Member complaints, grievances or inquiries. If a Member has a complaint regarding a Provider, the Provider will participate in the investigation of the grievance. If a Member submits an appeal, the Provider will participate by providing medical records or statements if needed. This includes the maintenance and retention of Member records for a period of not less than 10 years and retained further if the records are under review or audit until such time that the review or audit is complete.

For additional information please refer to the **Complaints, Grievance and Appeals Process** section of this Provider Manual.

Participation in credentialing

Providers are required to participate in Molina's credentialing and recredentialing process and will satisfy, throughout the term of their contract, all credentialing and recredentialing criteria established by Molina and applicable accreditation, state and federal requirements. This

includes providing prompt responses to Molina's requests for information related to the credentialing or recredentialing process.

For additional information on Molina's credentialing program please refer to the **Credentialing and Recredentialing** section of this Provider Manual.

Delegation

Delegated entities must comply with the terms and conditions outlined in Molina's Delegated Services Addendum. For additional information on Molina's delegation requirements and delegation oversight please refer to the **Delegation** section of this Provider Manual.

Primary care provider responsibilities

PCPs are responsible to:

- Serve as the ongoing source of primary and preventive care for Members
- Assist with coordination of care as appropriate for the Member's health care needs
- Recommend referrals to specialists participating with Molina
- Triage appropriately
- Notify Molina of Members who may benefit from care management
- Participate in the development of care management treatment plans

3. CULTURALLY and LINGUISTICALLY APPROPRIATE SERVICES

Background

Molina works to ensure all Members receive culturally and linguistically appropriate care across the service continuum to reduce health disparities and improve health outcomes. The Culturally and Linguistically Appropriate Services in Health Care (CLAS) standards published by the U.S. Department of Health and Human Services (HHS), seek to improve the appropriateness and accessibility of health care services by meeting the cultural, linguistic and accessibility related needs of individuals served. Molina complies with Section 1557 of the ACA, prohibiting discrimination in health programs and activities receiving federal financial assistance on the basis of race, color and national origin, sex, age and disability per Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1975 (29 U.S.C. § 794). Molina complies with applicable portions of the Americans with Disabilities Act of 1990. Molina also complies with all implementing regulations for the foregoing. Compliance ensures the provision of linguistic access and disability-related access to all Members, including those with Limited English Proficiency (LEP) and Members who are deaf, hard of hearing, non-verbal, have a speech impairment or have an intellectual disability. Policies and procedures address how individuals and systems within the organization will effectively provide services to people of all cultures, races, ethnic backgrounds, sexes, ages and religions, as well as those with disabilities in a manner that recognizes values, affirms and respects the worth of the individuals and protects and preserves the dignity of each.

Additional information on culturally and linguistically appropriate services is available on the [Availability Essentials portal](#) (Go to Payer spaces, Resources Tab), from local Molina Provider relations representatives or by calling the Molina Provider Contact Center at (844) 239-4914.

Nondiscrimination in health care service delivery

Molina complies with Section 1557 of the ACA. As a Provider participating in Molina's Provider Network, you and your staff must also comply with the nondiscrimination provisions and guidance set forth by the Department of Health and Human Services, Office for Civil Rights (HHS-OCR), state law and federal program rules, including Section 1557 of the ACA.

You are required to do, at a minimum, the following:

1. You **MAY NOT** limit your practice because of a Member's medical (physical or mental) condition or the expectation for the need of frequent or high-cost care.
2. You **MUST** post in a conspicuous location in your office a Nondiscrimination Notice. A sample of the Nondiscrimination Notice that you will post can be found on the Member Website located at [Non-Discrimination Notice](#).
3. You **MUST** post in a conspicuous location in your office a Tagline Document that explains how to access non-English language services at no cost. A sample of the Tagline

Document that you will post can be found on the Member Website located at [Language Access](#)

4. If a Molina Member is in need of accessibility-related services, you **MUST** provide reasonable accommodation for individuals with disabilities and appropriate auxiliary aids and services
5. If a Molina Member is in need of language assistance services while at your office and you are a recipient of federal financial assistance, you **MUST** take reasonable steps to make your services accessible to persons with LEP. You can find resources on meeting your LEP obligations at [Limited English Proficiency \(LEP\) | HHS.gov](#) and [Limited English Proficiency Resources for Effective Communication | HHS.gov](#).
6. If a Molina Member complains of discrimination, you **MUST** provide them with the following information so that they may file a complaint with Molina's Civil Rights Coordinator or the HHS-OCR:

Civil Rights Coordinator Molina Healthcare, Inc. 200 Oceangate, Suite 100 Long Beach, CA 90802 Phone (866) 606-3889 (TTY/TDD: 711) Email: civil.rights@MolinaHealthcare.com	Office of Civil Rights U.S. Department of Health and Human Services 200 Independence Avenue, SW Room 509F, HHH Building Washington, D.C. 20201 Website: ocrportal.hhs.gov/ocr/portal/lobby Complaint Form: hhs.gov/ocr/complaints/index
---	---

If you or a Molina Member need additional help or more information, call the Office of Civil Rights at (800) 368-1019; TTY/TDD:(800) 537-7697.

Culturally and linguistically appropriate practices

Molina is committed to reducing health care disparities and improving health outcomes for all Members. Training employees, Providers and their staff and improving appropriateness and accessibility are the cornerstones of assessing, respecting and responding to a wide variety of cultural, linguistic and accessibility needs when providing health care services. Molina integrates culturally and linguistically appropriate practices training into the overall Provider training and quality-monitoring programs. An integrated quality approach enhances the way people think about our Members, service delivery and program development so that culturally and linguistically appropriate practices become a part of everyday thinking.

Provider and community training

Molina offers educational opportunities in culturally and linguistically appropriate practices and concepts for Providers and their staff. Molina conducts Provider training during Provider

orientation with annual reinforcement training offered through Provider Relations and/or online/web-based training modules. Web-based training modules can be found on the [Availability Essentials portal](#).

Training modules, delivered through a variety of methods, include:

1. Provider written communications and resource materials
2. On-site culturally and linguistically appropriate practices training
3. Online culturally and linguistically appropriate practices provider training
4. Integration of culturally and linguistically appropriate practices and concepts and non-discrimination of service delivery into Provider communications

Integrated quality improvement

Molina ensures Member access to language services such as oral interpretation, American Sign Language (ASL), written materials in alternate formats, and written translation. Molina must also ensure access to programs, aids and services that are congruent with cultural norms. Molina supports Members with disabilities and assists Members with LEP.

Molina develops Member materials according to Plain Language Guidelines. Members or Providers may also request written Member materials in alternate languages and formats (i.e., braille, audio, large print), leading to better communication, understanding and Member satisfaction. Online materials found on [MolinaHealthcare.com](#) and information delivered in digital form meet Section 508 accessibility requirements to support Members with visual impairments.

Key Member information, including appeal and grievance forms, is also available in threshold languages on the Molina Member website.

Access to language services

Providers may request interpreters for Members who speak a language other than English, including ASL, by calling the Molina Member Contact Center at (844) 809-8445. If Molina Member Contact Center representatives are unable to interpret in the requested language, the representative will immediately connect you and the Member to a qualified interpreter.

Molina Providers must support Member access to telephonic interpreter services by offering a telephone with speaker capability or a telephone with a dual headset. Providers may offer Molina Members interpreter services if the Members do not request them on their own. Please remember it is never permissible to ask a family member, friend or minor to interpret.

All eligible Members with LEP are entitled to receive language services. Pursuant to Title VI of the Civil Rights Act of 1964, services provided for Members with LEP, limited reading proficiency (LRP) or limited hearing or sight are the financial responsibility of the Provider. Under no circumstances are Molina Members responsible for the cost of such services. Written

procedures are to be maintained by each office or facility regarding their process for obtaining such services. Molina is available to assist providers with locating these services if needed.

An individual with LEP is an individual whose primary language for communication is not English and who has a limited ability to read, write, speak or understand English well enough to understand and communicate effectively (whether because of language, cognitive or physical limitations). It is possible that an individual with LEP may be able to speak or understand English but still be limited to read or write in English. It is also important to not assume that an individual who speaks some English is proficient in the technical vocabulary of the health care services required.

Molina Members are entitled to:

- Be provided with effective communications with medical Providers as established by the Americans with Disabilities Act of 1990, the Rehabilitation Act of 1973 and the Civil Rights Act of 1964
- Be given access to care managers trained to work with individuals with cognitive impairments
- Be notified by the medical Provider that interpreter services, including ASL, are available at no cost
- Be given reasonable accommodations, appropriate auxiliary aids and services
- Decide, with the medical Provider, to use an interpreter and receive unbiased interpretation
- Be assured of confidentiality, as follows:
 - Interpreters must adhere to Health and Human Service Commission (HHSC) policies and procedures regarding confidentiality of Member records
 - Interpreters may, with Member written consent, share information from the Member's records only with appropriate medical professionals and agencies working on the Member's behalf
 - Interpreters must ensure that this shared information is similarly safeguarded
- Have interpreters, if needed, during appointments with the Member's Providers and when talking to the health plan

Interpreters include people who can speak the Member's primary language, assist with a disability or help the Member understand the information.

When Molina Members need an interpreter, limited hearing and/or limited reading services for health care services, the Provider should:

- Verify the Member's eligibility and medical benefits
- Inform the Member that an interpreter, limited hearing, and/or limited reading services are available
- Molina is available to assist Providers with locating these services if needed:
 - Providers needing assistance finding on-site, video remote, or telephonic interpreter services
 - Providers needing assistance obtaining written materials in preferred languages

- Providers with Members who cannot hear or have limited hearing ability may use the National TTY/TDD relay service at 711
- Providers with Members with limited vision may contact Molina for documents in large print, braille or audio version
- Providers with Members with LRP: the Molina Contact Center representative will verbally explain the information, up to and including reading the documentation to the Members or offer the documents in audio version

Documentation

As a contracted Molina Provider, your responsibilities for documenting Member language services/needs in the Member's medical record are as follows:

- Record the Member's language preference in a prominent location in the medical record. This information is provided to you on the electronic Member lists that are sent to you each month by Molina.
- Document all Member requests for interpreter services.
- Document who provided the interpreter service. This includes the name of Molina's internal staff or someone from a commercial interpreter service vendor. Information should include the interpreter's name, operator code and vendor.
- Document all counseling and treatment done using interpreter services.
- Document if a Member insists on using a family member, friend or minor as an interpreter or refuses the use of interpreter services after notification of their right to have a qualified interpreter at no cost.

Members who are deaf or hard of hearing

TTY/TDD connection is accessible by dialing 711. This connection provides access to the Molina Member and Provider Contact Center, quality, health care services and all other health plan functions.

Molina strongly recommends that Provider offices make assistive listening devices available for Members who are deaf or hard of hearing. Assistive listening devices enhance the sound of the Provider's voice to facilitate a better interaction with the Member.

Molina will provide on-site or video service delivery for ASL to support our Members who are deaf or hard of hearing. Requests should be made at least three (3) business days in advance of an appointment to ensure the availability of the service. In most cases, Members will have made this request via the Molina Member Contact Center.

24-hour Nurse Advice Line

Molina provides a nurse advice line for Members 24 hours per day, 7 days per week. The 24-hour Nurse Advice Line provides access to 24-hour interpretive services. Members may call Molina's 24-hour Nurse Advice Line directly at English line (888) 275-8750, Spanish line (866)

648-3537; TTY/TDD 711 for persons with hearing impairments. The 24-hour Nurse Advice Line telephone numbers are also printed on Molina Member ID cards.

Program and policy review guidelines

Molina conducts assessments at regular intervals of the following information to ensure its programs are most effectively meeting the needs of its Members and Providers:

- Annual collection and analysis of race, ethnicity and language data from:
 - Eligible individuals to identify significant culturally and linguistically diverse populations within a plan's membership
 - Contracted Providers to assess gaps in network demographics
- Revalidate data at least annually
- Local geographic population demographics and trends derived from publicly available sources (Community Health Measures and State Rankings Report)
- Applicable national demographics and trends derived from publicly available sources
- Assessment of Provider network and cultural responsiveness
- Collection of data and reporting for the Race/Ethnicity Description of Membership HEDIS® measure
- Collection of data and reporting for the Language Description of Membership HEDIS® measure
- Annual determination of threshold languages and processes in place to provide Members with vital information in threshold languages
- Identification of specific cultural and linguistic disparities found across the Plan's subpopulations
- Analysis of HEDIS® and Consumer Assessment of Healthcare Providers and Systems (CAHPS®) survey results for potential cultural and linguistic disparities that prevent Members from obtaining the recommended key chronic and preventive services.

CAHPS® is a registered trademark of the Agency for Healthcare Research and Quality (AHRQ).

4. MEMBER RIGHTS AND RESPONSIBILITIES

Providers must comply with the rights and responsibilities of Molina Members as outlined in the Molina Evidence of Coverage (EOC). The EOC that is provided to Members annually is hereby incorporated into this Provider Manual. The most current EOC can be found on the Member pages of Molina's website at or the Molina Member Manual.

State and federal laws require that health care Providers and health care facilities recognize Member rights while the Members are receiving medical care and that Members respect the health care Provider's or health care facility's right to expect certain behavior on the part of the Members.

For additional information, please contact the Molina Provider Contact Center at (844) 239-4914, 8:30 AM to 5:30 PM, Monday through Friday, MST, or TTY/TDD 711 for persons with hearing impairment.

Second opinions

If a Member does not agree with the Provider's plan of care, the Member has the right to request, at no cost, a second opinion from another Provider. Members should call the Molina Member Contact Center to find out how to get a second opinion. Second opinions may require prior authorization.

5. ELIGIBILITY, ENROLLMENT, DISENROLLMENT

Enrollment

Enrollment in Medicaid programs

Medicaid eligible participants must enroll with The Idaho Department of Health & Welfare (IDHW). Call IDHW at (833) 814-8568 and a benefit specialist will be happy to enroll you.

After the initial enrollment period there will be an annual redetermination through IDHW.

No eligible Member shall be refused enrollment or re-enrollment, have their enrollment terminated or be discriminated against in any way because of their health status, pre-existing physical or mental condition, including pregnancy, hospitalization or the need for frequent or high-cost care.

Eligibility verification

Medicaid programs

The state of Idaho, through IDHW determines eligibility for the Medicaid programs. Payment for services rendered is based on eligibility and benefit entitlement. The contractual agreement between Providers and Molina places the responsibility for eligibility verification on the Provider of services.

Eligibility listing for Medicaid programs

Providers who contract with Molina may verify a Member's eligibility and/or confirm PCP assignment by checking the following:

- Molina Provider Contact Center automated IVR system at (844) 808-1383
- Eligibility can also be verified through the state at [Gainwell/Trading Partner Access](#).
- Availity Essentials portal: [Availity.com/providers](#)

Possession of a Molina Member ID Card does not mean a recipient is eligible for Medicaid services. A Provider should verify a recipient's eligibility each time the recipient receives services. The verification sources can be used to verify a recipient's enrollment in a managed care plan. The name and telephone number of the managed care plan are given along with other eligibility information.

Identification cards

Members are reminded in their Member Handbooks to present Molina Member ID cards when requesting medical or pharmacy services. The Molina Member ID card can be a physical ID card or a digital ID card. It is the Provider's responsibility to ensure Molina Members are eligible for benefits and to verify PCP assignment prior to rendering services. Unless an emergency medical

condition exists, Providers may refuse service if the Member cannot produce the proper identification and eligibility cards.

Disenrollment

Voluntary disenrollment

Molina will process all voluntary disenrollments that occur during the Open Enrollment Period. Enrollees or their representatives must request Voluntary Disenrollment orally or in writing.

Voluntary disenrollment does not preclude Members from filing a grievance with Molina for incidents occurring during the time they were covered.

Involuntary disenrollment

Disenrollments “for cause” that occur outside of the open enrollment period are effective on the first calendar day of the following month.

PCP dismissal

A PCP may request the dismissal of a Member from their practice based on Member behavior. Reasons for dismissal must be documented by the PCP and may include:

- A Member who continues to not comply with a recommended plan of care. Such requests must be submitted at least 60 days prior to the requested effective date.
- A Member whose behavior is disruptive, unruly, abusive or uncooperative.

This section does not apply if the Member’s behavior is attributable to a physical or behavioral condition.

Missed appointments

A process for documenting missed appointments must be established. When a member does not keep a scheduled appointment, it is to be noted in the Member’s record, and the Provider is to assess if a visit is still medically necessary. All efforts to notify the Member must be documented in the medical record.

PCP assignment

At the time of enrollment with Molina Healthcare, Molina will take into consideration the Member’s last PCP (if the PCP is known and available in Molina Healthcare’s contracted network), closest PCP to the Member’s home address, Zip code location, keeping children/adolescents within the same family together, age (adults versus children/adolescents) and gender (OB/GYN). Molina Healthcare will assign all Members that are reinstated after a temporary loss of eligibility of 60 days or less to the PCP who was treating them prior to loss of

eligibility, unless the Member specifically requests another PCP, the PCP no longer participates in Molina Healthcare's network or is at capacity, or the Member has changed geographic areas.

PCP changes

A Member can change their PCP by calling Member Services at (844) 809-8445. Member's can also change their PCP by logging into MyMolina.com Member Portal.

6. BENEFITS AND COVERED SERVICES

Molina covers the services described in the Summary of Benefits and Coverage and the Schedule of Benefits documentation for each Molina Marketplace plan type. If there are questions as to whether a service is covered or requires prior authorization please reference the prior authorization tools located on the Molina website and [Availity Essentials portal](#). You may also contact the Molina Provider Contact Center at, (844) 239-4914, 8:30 AM to 5:30 PM, Monday through Friday.

Verification of benefits

Detailed information about benefits and services can be found in the Schedule of Benefits made available to Molina Marketplace Members via the Molina Member Portal. Providers can access Schedule of Benefits documents via the [Availity Essentials portal](#).

Member cost sharing

Cost sharing is money that Members pay out of pocket for covered services according to the plan design they have signed up for. Members may be required to meet a deductible for some covered services. A Deductible is money a Member must pay out of pocket for a covered service before the plan starts paying for that service. Not all services have a deductible requirement. Besides the deductible, Members will have cost sharing for most covered services. Depending on the plan design, the cost sharing will be a flat dollar amount (copayment) or percentage of the amount the Provider is being paid (coinsurance) for covered services they are receiving. The cost-sharing amount that Members will be required to pay for each type of covered service is summarized on the Schedule of Benefits. Information for some services is found on the Molina Member ID card. Cost sharing applies to all covered services except for preventive services included in the Essential Health Benefits (as required by the Affordable Care Act). State or federal laws that apply to Marketplace may reduce or eliminate cost sharing for other services.

A Member pays the lesser of the cost sharing amount or billed charges.

It is the Provider's responsibility to collect the copayment and other Member cost sharing from the Member to receive full reimbursement for a service. The amount of the copayment and other cost sharing will be deducted from the Molina payment for all Claims involving cost sharing.

Formulary exception request Process

A request for a formulary exception must be submitted using the same forms and procedures as submitting a prescription drug prior authorization request. The information submitted should show the Member factors and medical reasons why formulary drugs are not right for

them. A copy of the Drug Formulary and Guide is found in the Provider Drug List section of MolinaMarketplace.com.

Formulary exceptions can be designated as urgent to expedite the review process and timeframe:

- Expedited Exception Requests are for urgent circumstances that may seriously jeopardize life, health or ability to regain maximum function or for undergoing current treatment using the requested drug. Drug samples will not be considered as current treatment.
- Standard Exception Requests are for circumstances that do not meet the definition of urgent.

The Member and/or Member's representative and the prescribing Provider will be notified of Molina's decision no later than:

- 24 hours following receipt of request for Expedited Exception Request.
- 72 hours following receipt of request for Standard Exception Request.

If the initial request is denied, an external review may be requested. The Member and/or Member's representative and the prescribing Provider will be notified of the external review decision no later than:

- 24 hours following receipt of the request for external review of the Expedited Exception Request.
- 72 hours following receipt of the request for external review of the Standard Exception Request.

Injectable and infusion services

Many self-administered and office-administered injectable products require prior authorization. In some cases, they will be made available through a vendor designated by Molina. More information about our prior authorization process, including a link to the Prior Authorization Request Form, is available in the **Pharmacy** section of this Provider Manual.

Family planning services related to the injection or insertion of a contraceptive drug or device are covered.

Access to behavioral health services

Behavioral health services are a direct access benefit and are available with no referral required. Health care professionals may assist Members in finding a behavioral health Provider or Members may contact Molina's Member Contact Center at (844) 809-8445. Molina's 24-hour Nurse Advice Line is available 24 hours a day, 7 days a week, 365 days per year for mental health or substance abuse needs. The services Members receive will be confidential.

Additional information regarding covered services and any limitations can be obtained in the benefit information linked above or by contacting Molina. If inpatient services are needed, prior

authorization must be obtained, unless the admission is due to an emergency situation and inpatient Member cost sharing will apply.

Emergency mental health or substance use disorder services

Members are directed to call 988, 911 or go to the nearest emergency room if they are in need of emergency mental health or substance use services. Examples of emergency mental health or substance use problems are:

- Danger to self or others
- Not being able to carry out daily activities
- Things that will likely cause death or serious bodily harm

Emergency services when out of the service area

Members having a health emergency who cannot get to a Molina-approved Provider are directed to do the following:

- Go to the nearest emergency room
- Call the number on the Molina Member ID card
- Call Member's PCP and follow-up within 24 to 48 hours

For out-of-area emergency care, out-of-network Providers are directed to call the Molina contact number on the back of the Molina Member ID card for additional benefit information and may be asked to transfer Members to an in-network facility when the Member is stable.

Emergency transportation

When a Member's condition is life-threatening and requires use of special equipment, life support systems and close monitoring by trained attendants while en route to the nearest appropriate facility, emergency transportation is thus required. Emergency transportation includes, but is not limited to, ambulance, air or boat transports.

For emergency ground and air ambulance, for both in-network and out-of-network Providers, the Member is responsible only for the plan's in-network cost-sharing amount and Providers are prohibited by state and federal law from balance billing the Member.

Preventive care

Preventive care guidelines are located on the Molina website at [Preventive Health Guidelines](#).

24-hour Nurse Advice Line

Members may call the 24-hour Nurse Advice Line any time they are experiencing symptoms or need health care information. Registered nurses are available 24 hours a day, 7 days a week, 365 days a year.

Molina is committed to helping our Members:

- Prudently use the services of your office
- Understand how to handle routine health problems at home
- Avoid making non-emergent visits to the emergency room

These registered nurses do not diagnose. They assess symptoms and guide the patient to the most appropriate level of care following specially designed algorithms unique to the 24-hour Nurse Advice Line. The 24-hour Nurse Advice Line may refer back to the PCP, a specialist, 911 or the emergency room. By educating patients, it reduces costs and over utilization on the health care system.

Health management programs

Molina's health management programs provide patient education information to Members and facilitate Provider access to chronic disease programs and services.

For additional information on health management programs please refer to the **Healthcare Services** section of this Provider Manual.

Telehealth and telemedicine services

Molina Members may obtain medical and behavioral health covered services by participating Providers, through the use of telehealth and telemedicine services. Not all participating Providers offer these services. The following additional provisions apply to the use of telehealth and telemedicine services:

- Services must be obtained from a participating Provider
- Members have the option of receiving telehealth services from participating Providers, who offer and have the capability of providing these services with associated plan cost sharing
- Services are a method of accessing covered services and not a separate benefit
- Services are not permitted when the Member and participating Provider are in the same physical location
- Member cost sharing may apply based on the applicable Schedule of Benefits
- Services must be coded in accordance with applicable reimbursement policies and billing guidelines
- Rendering Provider must comply with applicable federal and state guidelines for telehealth service delivery

For additional information on telehealth and telemedicine services Claims and billing please refer to the **Claims and Compensation** section of this Provider Manual.

7. HEALTHCARE SERVICES (HCS)

Introduction

Health care services (HCS) is comprised of utilization management (UM) and care management (CM) departments that work together to achieve an integrated model based upon empirically validated best practices that have demonstrated positive results. Research and experience show that a higher-touch, Member-centric care environment for at-risk Members supports better health outcomes. Molina provides CM services to Members to address a broad spectrum of needs, including chronic conditions that require the coordination and provision of health care services. Elements of the Molina management program include pre-service authorization review, inpatient authorization management that includes pre-admission, admission and concurrent medical necessity review and restrictions on the use of out-of-network or non-participating Providers.

Utilization management (UM)

Molina ensures the service delivered is medically necessary and demonstrates an appropriate use of resources based on the level of care needed for a Member. This program promotes the provision of quality, cost-effective and medically appropriate services that are offered across a continuum of care as well as integrating a range of services appropriate to meet individual needs. Molina's UM program maintains flexibility to adapt to changes in the Member's condition and is designed to influence a Member's care by:

- Managing available benefits effectively and efficiently while ensuring quality care
- Evaluating the medical necessity and efficiency of health care services across the continuum of care
- Defining the review criteria, information sources and processes that are used to review and approve the provision of items and services, including prescription drugs
- Coordinating, directing and monitoring the quality and cost effectiveness of health care resource utilization
- Implementing comprehensive processes to monitor and control the utilization of health care resources
- Ensuring services are available in a timely manner, in appropriate settings and are planned, individualized and measured for effectiveness
- Reviewing processes to ensure care is safe and accessible
- Ensuring qualified health care professionals perform all components of the UM processes
- Ensuring that UM decision making tools are appropriately applied in determining medical necessity decision

Key functions of the UM program

All prior authorizations are based on a specific standardized list of services. The key functions of the UM program are listed below.

- **Eligibility and oversight**
 - Eligibility verification
 - Benefit administration and interpretation
 - Verification that authorized care correlates to Member's medical necessity need(s) and benefit plan
 - Verifying of current physician/hospital contract status
- **Resource management**
 - Prior authorization and referral management
 - Admission and inpatient review
 - Referrals for discharge planning and care transitions
 - Staff education on consistent application of UM functions
- **Quality Management**
 - Evaluate satisfaction of the UM program using Member and Provider input
 - Utilization data analysis
 - Monitor for possible over- or under-utilization of clinical resources
 - Quality oversight
 - Monitor for adherence to CMS, NCQA, state and health plan UM standards

For more information about Molina's UM program or to obtain a copy of the HCS program description, clinical criteria used for decision making and how to contact a UM reviewer, access the Molina website or contact the UM department.

Medical groups/IPAs and delegated entities who assume responsibility for UM must adhere to Molina's UM Policies. Their programs, policies and supporting documentation are reviewed by Molina at least annually.

UM decisions

An organizational determination is any decision made by Molina or the delegated medical group/IPA or other delegated entity with respect to the following:

- Determination to authorize, provide or pay for services (favorable determination)
- Determination to delay, modify or deny authorization or payment of request (adverse determination)

Molina follows a hierarchy of medical necessity decision making with federal and state regulations taking precedence. Molina covers all services and items required by state and federal regulations.

Board-certified licensed reviewers from appropriate specialty areas are utilized to assist in making determinations of medical necessity, as appropriate. All utilization determinations are made in a timely manner to accommodate the clinical urgency of the situation, in accordance with federal and state regulatory requirements and NCQA standards.

Requests for authorization not meeting medical necessity criteria are reviewed by a designated Molina medical director or other appropriate clinical professional. Only a licensed physician or

pharmacist, doctoral-level clinical psychologist or certified addiction medicine specialist, as appropriate, may determine to delay, modify or deny authorization of services to a Member.

Providers can contact Molina's Healthcare Services department at (855) 322-4081 to obtain Molina's UM Criteria.

Where applicable, Molina clinical policies can be found on the public website at [MolinaClinicalPolicy.com](https://www.molinahealthcare.com/clinical-policy). Please note that Molina follows state-specific criteria, if available, before applying Molina-specific criteria.

Medical necessity

“Medically Necessary” or “Medical Necessity” means that services meet the following criteria:

- It is reasonably calculated to prevent, diagnose or treat conditions in the Enrollee that endanger life, cause pain or cause functionally significant deformity or malfunction; and,
- There is no other equally effective course of treatment available or suitable for the Enrollee requesting the service which is more conservative or substantially less costly.

This is for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms. Those services must be deemed by Molina to be:

1. In accordance with generally accepted standards of medical practice.
2. Clinically appropriate and clinically significant, in terms of type, frequency, extent, site and duration. They are considered effective for the patient's illness, injury or disease.
3. Not primarily for the convenience of the patient, physician or other health care Provider. The services must not be more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.

For these purposes, “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature. This literature is generally recognized by the relevant medical community, physician specialty society recommendations, the views of physicians practicing in relevant clinical areas and any other relevant factors.

The fact that a Provider has prescribed, recommended or approved medical or allied goods or services does not, by itself, make such care, goods or services medically necessary, a medical necessity or a covered service/benefit.

MCG Cite for Guideline Transparency and MCG Cite AutoAuth

Molina has partnered with MCG Health to implement Cite for Guideline Transparency. Providers can access this feature through the [Availity Essentials portal](#). With MCG Cite for Guideline Transparency, Molina can share clinical indications with Providers. The tool operates

as a secure extension of Molina's existing MCG investment and helps meet regulations around transparency for delivery of care:

- Transparency – delivers medical determination transparency
- Access – clinical evidence that payers use to support Member care decisions
- Security – ensures easy and flexible access via secure web access.

MCG Cite for Guideline Transparency does not affect the process for notifying Molina of admissions or for seeking prior authorization approval. To learn more about MCG or Cite for Guideline Transparency, visit [MCG's website](#) or call (888) 464-4746.

Molina has also partnered with MCG Health, to extend our Cite AutoAuth self-service method for all lines of business to submit advanced imaging prior authorization requests.

Cite AutoAuth can be accessed via the [Availity Essentials portal](#) and is available 24 hours per day/7 days per week. This method of submission is strongly encouraged as the primary submission route. Molina will also be rolling out additional services throughout the year. Clinical information submitted with prior authorization will be reviewed by Molina. This system will provide quicker and more efficient processing of your authorization request, and the status of the authorization will be available immediately upon completion of your submission.

What is Cite AutoAuth and how does it work?

By attaching the relevant care guideline content to each prior authorization request and sending it directly to Molina, health care providers receive an expedited, often immediate response. Through a customized rules engine, Cite AutoAuth compares Molina's specific criteria to the clinical information and attached guideline content to the procedure to determine the potential for auto authorization.

Self-services available in the Cite AutoAuth tool include but are not limited to MRIs, CTs and PET scans. For a full list of imaging codes that require prior authorization, refer to the Prior Authorization Code Lookup Tool at [MolinaHealthcare.com](#).

Medical necessity review

Molina only reimburses for services that are medically necessary. Medical necessity review may take place prospectively, as part of the inpatient admission notification/concurrent review or retrospectively. To determine medical necessity, in conjunction with independent professional medical judgment, Molina uses nationally recognized evidence-based guidelines, third party guidelines, CMS guidelines, state guidelines, Molina clinical policies, guidelines from recognized professional societies and advice from authoritative review articles and textbooks.

Levels of administrative and clinical review

The Molina review process begins with administrative review followed by clinical review if appropriate. Administrative review includes verifying eligibility, appropriate vendor or

Participating Provider and benefit coverage. The Clinical review includes medical necessity and level of care.

All UM requests that may lead to a medical necessity adverse determination are reviewed by a health care professional at Molina (medical director, pharmacy director or appropriately licensed health care professional).

Molina's Provider training includes information on the UM processes and authorization requirements.

Clinical information

Molina requires copies of clinical information to be submitted for documentation. Clinical information includes but is not limited to physician emergency department notes, inpatient history/physical exams, discharge summaries, physician progress notes, physician office notes, physician orders, nursing notes, results of laboratory or imaging studies, therapy evaluations and therapist notes. Molina does not accept clinical summaries, telephone summaries or inpatient case manager criteria reviews as meeting the clinical information requirements unless state or federal regulations allow such documentation to be acceptable.

Prior authorization

Molina requires prior authorization for specified services as long as the requirement complies with federal or state regulations and the Provider Agreement with Molina. The list of services that require prior authorization is available in narrative form, along with a more detailed list by Current Procedural Terminology (CPT®) and Healthcare Common Procedural Coding System (HCPCS) codes. Molina prior authorization documents are customarily updated quarterly but may be updated more frequently as appropriate and are posted on the Molina website at MolinaHealthcare.com.

CPT® is a registered trademark of the American Medical Association.

Providers are encouraged to use the Molina prior authorization form provided on the Molina website. If using a different form, the prior authorization request must include the following information:

- Member demographic information (name, date of birth, Molina Member ID number)
- Provider demographic information (referring Provider and referred to Provider/facility, including address and NPI number)
- Member diagnosis and International Classification of Diseases, 10th Revision (ICD-10) codes
- Requested service/procedure, including all appropriate CPT and HCPCS codes
- Location where service will be performed
- Clinical information sufficient to document the medical necessity of the requested service is required including:
 - Pertinent medical history (include treatment, diagnostic tests, examination data)
 - Requested length of stay (for inpatient requests)

- Rationale for expedited processing

Services performed without authorization may not be eligible for payment. Services provided emergently (as defined by federal and state law) are excluded from the prior authorization requirements. Obtaining authorization does not guarantee payment. Molina retains the right to review benefit limitations and exclusions, beneficiary eligibility on the date of service, correct coding, billing practices and whether the service was provided in the most appropriate and cost-effective setting of care. Molina does not retroactively authorize services that require prior authorization.

Molina follows all prior authorization requirements related to care for newborns and their mothers in alignment with the Newborns' and Mothers' Health Protection Act of 1996 (NMHPA).

Molina makes UM decisions in a timely manner to accommodate the urgency of the situation as determined by the Member's clinical situation. The definition of expedited/urgent is when the standard time frame or decision-making process could seriously jeopardize the life or health of the Member, the health or safety of the Member or others due to the Member's psychological state or in the opinion of the Provider with knowledge of the Member's medical or behavioral health condition, would subject the Member to adverse health consequences without the care or treatment that is subject of the request or could jeopardize the Member's ability to regain maximum function. Supporting documentation is required to justify the expedited request.

Molina will make organizational determination as promptly as the Member's health requires and no later than contractual and regulatory requirements. Expedited time frames are followed when the Provider indicates or if we determine that a standard authorization decision time frame could jeopardize a Member's life or health.

Providers who request prior authorization for services and/or procedures may request to review the criteria used to make the final decision. A Molina medical director is available to discuss medical necessity decisions with the requesting Provider at (855) 322-4081, Monday through Friday (except for state and federal holidays).

Upon approval, the requester will receive an authorization number. The number may be provided by telephone or fax or via the [Availity Essentials portal](#). If a request is denied, the requester and the Member will receive a letter explaining the reason for the denial and additional information regarding the grievance and appeals process. Providers may receive notifications or denials via fax or the [Availity Essentials portal](#).

Peer-to-peer review

Upon receipt of an adverse determination, the Provider (peer) may request a peer-to-peer discussion within two (2) business days. Every effort will be made to return calls as expeditiously as possible.

A “peer” is considered the Member’s or Provider’s clinical representative (licensed medical professional). Contracted external parties, administrators or facility UM staff can only request that a peer-to-peer telephone communication be arranged and performed but the discussion should be performed by a peer.

When requesting a peer-to-peer discussion, please be prepared with the following information:

- Member name and Molina Member ID number
 - Authorization ID number
 - Requesting Provider name, contact number and best times to call
- If a medical director is not immediately available, the call will be returned within two (2) business days. Every effort will be made to return calls as expeditiously as possible.

Requesting prior authorization

Notwithstanding any provision in the Provider Agreement with Molina that requires the Provider to obtain prior authorization directly from Molina, Molina may choose to contract with external vendors to help manage prior authorization requests.

For additional information regarding the prior authorization of specialized clinical services, please refer to the prior authorization tools located on the MolinaHealthcare.com website:

- Prior Authorization Code LookUp Tool
- Prior Authorization Code Matrix
- Prior Authorization Guide

The most current prior authorization guidelines and the Prior Authorization Request Form can be found on the Molina website at MolinaHealthcare.com.

Availity Essentials portal: Molina is transitioning to a portal-only submission model, and phone or fax-based submissions may be phased out in certain markets. Participating Providers should use the [Availity Essentials portal](#) for prior authorization submissions. All prior authorization submissions must include supporting clinical documentation to ensure timely and accurate review. Instructions for how to submit a prior authorization request are available on the [Availity Essentials portal](#). The benefits of submitting your prior authorization request through the [Availity Essentials portal](#) are:

- Create and submit prior authorization requests
- Check status of prior authorization requests
- Receive notification of change in status of prior authorization requests
- Attach medical documentation required for timely medical review and decision-making
- Receive notification of authorization decisions
- Access prior authorization letters directly through the new DC Hub functionality in the [Availity Essentials portal](#). Please note: Letters will only be available for prior authorization requests submitted via the [Availity Essentials portal](#).

Fax: The Prior Authorization Request Form can be faxed to Molina at (844) 834-2152.

- Advanced imaging: (877) 731-7218
- Transplants: (877) 813-1206

Phone: Prior authorizations can be initiated by contacting Molina's HCS department at (855) 322-4081. It may be necessary to submit additional documentation before the authorization can be processed.

Open communication about treatment

Molina prohibits contracted Providers from limiting Provider or Member communication regarding a Member's health care. Providers may freely communicate with and act as an advocate for their patients. Molina requires provisions within Provider contracts that prohibit solicitation of Members for alternative coverage arrangements for the primary purpose of securing financial gain. No communication regarding treatment options may be represented or construed to expand or revise the scope of benefits under a health plan or insurance contract.

Molina and its contracted Providers may not enter into contracts that interfere with any ethical responsibility or legal right of Providers to discuss information with a Member about the Member's health care. This includes, but is not limited to, treatment options, alternative plans or other coverage arrangements.

Delegated utilization management functions

Molina may delegate UM functions to qualifying medical groups/IPAs and delegated entities. They must have the ability to perform the delegated activities and maintain specific delegation criteria in compliance with all current Molina policies and regulatory and certification requirements. For more information about delegated UM functions and the oversight of such delegation, please refer to the **Delegation** section of this Provider Manual.

Communication and availability to Members and Providers

HCS staff is available for inbound and outbound calls through an automatic rotating call system triaged by designated staff by calling (855) 322-4081 Monday through Friday (except for state and federal holidays) from 8:00 a.m. to 5:00 p.m. All staff members identify themselves by providing their first name, job title and organization.

TTY/TDD services are available for Members who are deaf, hard of hearing or speech impaired. Language assistance is also always available for Members.

Providers should use the [Availity Essentials portal](#) for UM access.

Molina's 24-hour Nurse Advice Line is available to Members 24 hours a day, 7 days a week at (888) 275-8750. Molina's 24-hour Nurse Advice Line handles urgent and emergent after-hours UM calls.

Emergency services

Emergency Services means: covered Inpatient and Outpatient services, including Behavioral Health services, which are furnished to an Enrollee by a provider who is qualified to furnish such services under Title XIX of the Social Security Act and are needed to evaluate or stabilize an Enrollee's Emergency Medical Condition.

Emergency Medical Condition or Emergency means: the acute onset of a medical condition of psychiatric condition that has acute symptoms of sufficient severity (including severe pain); such that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect that the absence of immediate medical attention could result in:

- Placing the health of the Member or with respect to a pregnant Member, the health of the Member and her unborn child, in serious jeopardy,
- Serious impairment to bodily functions,
- Serious dysfunction or any bodily organ or part or,
- Placing the health or safety of other individuals in serious jeopardy.

A medical screening exam performed by licensed medical personnel in the emergency department and subsequent emergency services rendered to the Member do not require prior authorization from Molina.

Emergency services are covered on a 24-hour basis without the need for prior authorization for all Members experiencing an emergency medical condition.

Molina also provides Members with a 24-hour Nurse Advice Line for medical advice. The 911 information is given to all Members at the onset of any call to the plan.

For Members within our service area, Molina contracts with vendors that provide 24-hour emergency services for ambulances and hospitals. An out-of-network emergency hospital stay may only be covered until the Member has stabilized sufficiently to transfer to an available participating facility. Services provided after stabilization in a non-participating facility may not be covered and the Member may be responsible for payment.

Molina care managers will contact Members over-utilizing the emergency department to provide assistance whenever possible and determine the reason for using emergency services.

Care managers will also contact the PCP to ensure that Members are not accessing the emergency department because of an inability to be seen by the PCP.

Inpatient management

Planned admissions

Molina requires prior authorization for all elective inpatient procedures to any facility. Facilities are required to notify Molina within 24 hours or by the following business day once admission has occurred for concurrent review. Elective inpatient admission services performed without prior authorization may not be eligible for payment.

Emergent inpatient admissions

Molina requires notification of all emergent inpatient admissions within 24 hours of admission or by the following business day. Notification of admission is required to verify eligibility, authorize care, including level of care (LOC) and initiate concurrent review and discharge planning. Molina requires that notification includes Member demographic information, facility information, date of admission and clinical information sufficient to document the medical necessity of the admission. Emergent inpatient admission services performed without meeting admission notification, medical necessity requirements or failure to include all of the needed clinical documentation to support the need for an inpatient admission may result in a denial of authorization for the inpatient stay.

Inpatient at time of termination of coverage

When a Member's coverage with Molina terminates during a hospital stay Molina will continue to cover services through discharge unless law or government program requirements mandate otherwise.

Inpatient/concurrent review

Molina performs concurrent inpatient review to ensure the medical necessity of ongoing inpatient services, adequate progress of treatment and development of appropriate discharge plans. Performing these functions requires timely clinical information updates from inpatient facilities. Molina will request updated clinical records from inpatient facilities at regular intervals during a Member's inpatient stay. Molina requires that requested clinical information updates be received by Molina from the inpatient facility within 24 hours of the request.

Failure to provide timely clinical information updates may result in denial of authorization for the remainder of the inpatient admission dependent on the Provider contract terms and agreements.

Molina will authorize hospital care as an inpatient, when the clinical record supports the medical necessity for the need for continued hospital stay. It is the expectation that observation has been tried in those patients that require a period of treatment or assessment, pending a decision regarding the need for additional care and the observation level of care has failed. Upon discharge, the Provider must provide Molina with a copy of the Member's discharge summary to include demographic information, date of discharge, discharge plan and instructions and disposition.

Inpatient status determinations

Molina's UM staff follow federal and state guidelines along with evidence-based criteria to determine if the collected clinical information for requested services are "reasonable and necessary for the diagnosis or treatment of an illness or injury or to improve the functioning of

malformed body member” by meeting all coverage, coding and medical necessity requirements (refer to the Medical Necessity Review subsection of this Provider Manual).

Discharge planning

The goal of discharge planning is to initiate cost-effective, quality-driven treatment interventions for post-hospital care at the earliest point in the admission.

UM staff work closely with the hospital discharge planners to determine the most appropriate discharge setting for our Members. The clinical staff review medical necessity and appropriateness for home health, infusion therapy, durable medical equipment (DME), skilled nursing facility (SNF) and rehabilitative services.

Readmissions

Readmission review is an important part of Molina’s Quality Improvement (QI) program to ensure that Molina Members are receiving hospital care that is compliant with nationally recognized guidelines as well as federal and state regulations.

Molina will conduct readmission reviews when both admissions occur at the same acute inpatient facility within the state regulatory requirement dates.

When a subsequent admission to the same facility with the same or similar diagnosis occurs within 24 hours of discharge, the hospital will be informed that the readmission will be combined with the initial admission and will be processed as a continued stay.

When a subsequent admission to the same facility occurs within 2-30 days of discharge and it is determined that the readmission is related to the first admission and determined to be preventable, then a single payment may be considered as payment in full for both the first and second hospital admissions.

- A Readmission is considered potentially preventable if it is clinically related to the prior admission and includes the following circumstances:
 - Premature or inadequate discharge from the same hospital
 - Issues with transition or coordination of care from the initial admission
 - For an acute medical complication plausibly related to care that occurred during the initial admission
- Readmissions that are excluded from consideration as preventable readmissions include:
 - Planned readmissions associated with major or metastatic malignancies, multiple trauma and burns
 - Neonatal and obstetrical readmissions
 - Initial admissions with a discharge status of “left against medical advice” because the intended care was not completed
 - Behavioral health readmissions
 - Transplant-related readmissions

Post-service review

Failure to obtain prior authorization when required may result in denial of payment for those services. The only possible exception for payment as a result of post-service review is if information is received indicating the Provider did not know nor reasonably could have known that patient was a Molina Member or there was a Molina error. In those cases, a medical necessity review will be performed. Decisions, in this circumstance, will be based on medical necessity.

Specific federal or state requirements or Provider contracts that prohibit administrative denials supersede this policy.

Affirmative statement about incentives

All medical decisions are coordinated and rendered by qualified Practitioners and licensed staff unhindered by fiscal or administrative concerns. Molina and its delegated contractors do not use incentive arrangements to reward the restriction of medical care to Members.

Molina requires that all utilization-related decisions regarding Member coverage and/or services are based solely on the appropriateness of care and existence of coverage. Molina does not specifically reward Practitioners or other individuals for issuing denials of coverage or care. Molina does not receive financial incentives or other types of compensation to encourage decisions that result in underutilization.

Out-of-network providers and services

Molina maintains a contracted network of qualified health care professionals who have undergone a comprehensive credentialing process in order to provide medical care to Molina Members. Molina requires Members to receive medical care within the participating, contracted network of Providers unless it is for emergency services as defined by federal law. If there is a need to go to a non-contracted Provider, all care provided by non-contracted, non-network Providers must be prior authorized by Molina. Non-network Providers may provide emergency services for a Member who is temporarily outside the service area without prior authorization or as otherwise required by federal or state laws or regulations.

Avoiding conflict of interest

The HCS department affirms its decision-making is based on the appropriateness of care and service and the existence of benefit coverage.

Molina does not reward Providers or other individuals for issuing denials of coverage or care. Furthermore, Molina never provides financial incentives to encourage authorization decision makers to make determinations that result in under-utilization. Molina also requires our delegated medical groups/IPAs to avoid this kind of conflict of interest.

Coordination of care and services

Molina HCS staff work with Providers to assist with coordinating referrals, services and benefits for Members who have been identified for Molina's Integrated Care Management (ICM) program via assessment or referral such as, self-referral, Provider referral, etc. In addition, the coordination of care process assists Molina Members, as necessary, in transitioning to other care when benefits end.

Molina staff provide an integrated approach to care needs by assisting Members with identification of resources available to the Member, such as community programs, national support groups, appropriate specialists and facilities, identifying best practice or new and innovative approaches to care. Care coordination by Molina staff is done in partnership with Providers, Members and/or their authorized representative(s) to ensure efforts are efficient and non-duplicative.

Continuity of care and transition of Members

It is Molina's policy to provide Members with advance notice when a Provider they are seeing will no longer be in-network. Members and Providers are encouraged to use this time to transition care to an in-network Provider. The Provider leaving the network shall provide all appropriate information related to the course of treatment, medical treatment, etc. to the Provider(s) assuming care. Under certain circumstances, Members may be able to continue treatment with the out-of-network Provider for a given period of time and provide continued services to Members undergoing a course of treatment by a Provider that has terminated their contractual agreement if the following conditions exist at the time of termination.

- Acute condition or serious chronic condition – Following termination, the terminated Provider will continue to provide covered services to the Member up to 90 days or longer, if necessary, for a safe transfer to another Provider as determined by Molina or its delegated medical group/IPA.
- High risk of second or third-trimester pregnancy – The terminated Provider will continue to provide services following termination until postpartum services related to delivery are completed or longer, if necessary, for a safe transfer.

For additional information regarding continuity of care and transition of Members, please contact Molina at (844) 809-8445.

Continuity and coordination of Provider communication

Molina stresses the importance of timely communication between Providers involved in a Member's care. This is especially critical between specialists, including behavioral health Providers and the Member's PCP. Information should be shared in such a manner as to facilitate communication of urgent needs or significant findings.

Reporting of suspected abuse and/or neglect

A vulnerable adult is a person who is receiving or may be in need of receiving community care services by reason of mental or other disability, age or illness; and who is or may be unable to

take care of themselves or unable to protect themselves against significant harm or exploitation. When working with children one may encounter situations suggesting abuse, neglect and/or unsafe living environments.

Every person who knows or has reasonable suspicion that a child or adult is being abused or neglected must report the matter immediately. Specific professionals mentioned under the law as mandated reporters are:

- Physicians, dentists, interns, residents or nurses
- Public or private school employees or child caregivers
- Psychologists, social workers, family protection workers or family protection specialists
- Attorneys, ministers or law enforcement officers

Suspected abuse and/or neglect should be reported as follows:

Adult Abuse

Idaho Commission on Aging

Website: <https://aging.idaho.gov/>

Phone: Please access the website above for specific county reporting phone numbers.

Molina's HCS teams will work with PCPs and medical groups/IPA and other delegated entities who are obligated to communicate with each other when there is a concern that a Member is being abused. Final actions are taken by the PCP/medical group/IPA, other delegated entities or other clinical personnel. Under state and federal law, a person participating in good faith in making a report or testifying about alleged abuse, neglect, abandonment, financial exploitation or self-neglect of a vulnerable adult in a judicial or administrative proceeding may be immune from liability resulting from the report or testimony.

Molina will follow up with Members that are reported to have been abused, exploited or neglected to ensure appropriate measures were taken and follow up on safety issues. Molina will track, analyze and report aggregate information regarding abuse reporting to the Health Care Services Committee and the proper state agency.

PCP responsibilities in care management referrals

The Member's PCP is the primary leader of the health team involved in the coordination and direction of services for the Member. The case manager provides the PCP with the Member's ICP, ICT updates and information regarding the Member's progress through the ICP when requested by the PCP. The PCP is responsible for the provision of preventive services and for the primary medical care of Members.

Care manager responsibilities

The care manager collaborates with the Member and any additional participants as directed by the Member to develop an ICP that includes recommended interventions from Member's ICT as applicable. ICP interventions include the appropriate information to address medical and

psychosocial needs and/or barriers to accessing care, care coordination to address Member's health care goals, health education to support self-management goals and a statement of expected outcomes. Jointly, the care manager and the Member/authorized representative(s) are responsible for implementing the plan of care. Additionally, the care manager:

- Assesses the Member to determine if the Member's needs warrant care management
- Monitors and communicates the progress of the implemented ICP to the Member's ICT as Member needs warrant
- Serves as a coordinator and resource to the Members, their representative and ICT participants throughout the implementation of the ICP and revises the plan as suggested and needed
- Coordinates appropriate education and encourages the Member's role in self-management
- Monitors progress toward the Member's achievement of ICP goals in order to determine an appropriate time for the Member's graduation from the ICM program

Health management

The tools and services described here are educational support for Molina Members and may be changed at any time as necessary to meet the needs of Molina Members. Level 1 Members can be engaged in the program for up to 90 days depending on Member preferences and the clinical judgement of the health management team.

Level 1 case management (health management)

Molina offers programs to help our Members and their families manage various health conditions. The programs include telephonic outreach from our clinical staff and registered dietitians that includes condition-specific triage assessment, care plan development and access tailored to educational materials. Members are identified via Health Risk Assessments (HRA) and identification and stratification. You can also directly refer Members who may benefit from these program offerings by contacting Molina. Members can request to be enrolled or disenrolled in these programs at any time.

The chronic conditions programs include:

- Asthma
- Depression
- Diabetes
- COPD
- Heart Failure
- Hypertension

Molina healthy lifestyle programs include:

- Weight Management
- Tobacco Cessation
- Nutrition consult

For more information about these programs, please call (833) 269-7830 (main line) or (866) 472-9483 (healthy lifestyle programs), TTY/TDD: 711 or fax at (800) 642-3691.

Member newsletters

Member newsletters are posted on the MolinaHealthcare.com website at least once a year. The articles are about topics asked by Members. The tips are aimed to help Members stay healthy.

Member health education materials

Members can access our easy-to-read evidence-based educational materials about nutrition, preventive services guidelines, stress management, exercise, cholesterol management, asthma, diabetes, depression and other relevant health topics identified during our engagement with Members. Materials are available through the My Molina[®] Member Portal, direct mail as requested, email and the My Molina mobile app.

Program eligibility criteria and referral source

HM programs are designed for Molina Members with a confirmed diagnosis. Identified Members will receive targeted outreach such as educational materials, telephonic outreach or other materials to access information on their condition. Members can contact Molina Member Services at any time and request to be removed from the program.

Members may be identified for or referred to HM programs from multiple pathways which may include the following:

- Pharmacy Claims data for all classifications of medications.
- Encounter Data or paid Claims with a relevant CMS-accepted diagnosis or procedure code.
- Member Services welcome calls made by staff to new Member households and incoming Member calls have the potential to identify eligible program participants. Eligible Members are referred to the program registry.
- Member assessment calls made by staff for the initial HRA for newly enrolled Members.
- External referrals from Provider(s), caregivers or community-based organizations.
- Internal referrals from 24-hour Nurse Advice Line, medication management or utilization management.
- Member self-referral due to general plan promotion of program through Member newsletter or other Member communications.

Provider participation

Provider resources and services may include:

- Annual Provider feedback letters containing a list of patients identified with the relevant disease
- Clinical resources such as patient assessment forms and diagnostic tools
- Patient education resources
- Provider Newsletters promoting the health management programs, including how to enroll patients and outcomes of the programs.
- Clinical Practice Guidelines

- Preventive Health Guidelines
- Case management collaboration with the Member's Provider
- Faxing a Provider Collaboration Form to the Member's Provider when indicated

Additional information on health management programs is available from your local Molina HCS department.

Primary care providers

Molina provides a panel of PCPs to care for its Members. Providers in the specialties of Family Medicine, Internal Medicine and Obstetrics and Gynecology are eligible to serve as PCPs. Members may choose a PCP or have one selected for them by Molina. Molina's Members are required to see a PCP who is part of the Molina Network. Molina's Members may select or change their PCP by contacting Molina's Member Contact Center.

Specialty providers

Molina maintains a network of specialty Providers to care for its Members. Some specialty care Providers may require a referral for a Member to receive specialty services; however, no prior authorization is required. Members are allowed to directly access women health specialists for routine and preventive health without a referral for services.

Molina will help to arrange specialty care outside the network when Providers are unavailable, or the network is inadequate to meet a Member's medical needs. To obtain such assistance contact the Molina UM department. Referrals to specialty care outside the network require prior authorization from Molina.

Care management (CM)

Molina provides a comprehensive ICM program to all Members who meet the criteria for services. The ICM program focuses on coordinating the care, services and resources needed by Members throughout the continuum of care. Molina adheres to Case Management Society of America Standards of Practice Guidelines in its execution of the program.

The Molina care managers may be licensed professionals and are educated, trained and experienced in Molina's ICM program. The ICM program is based on a Member advocacy philosophy, designed and administered to assure the Member value-added coordination of health care and services, to increase continuity and efficiency and to produce optimal outcomes. The ICM program is individualized to accommodate a Member's needs with collaboration and input from the Member's PCP. The Molina care manager will complete an assessment with the Member upon engagement after identification for ICM enrollment, assist with arrangement of individual services for Members whose needs include ongoing medical care, home health care, rehabilitation services and preventive services. The Molina care manager is responsible for assessing the Member's appropriateness for the ICM program and for notifying the PCP of ICM program enrollment, as well as facilitating and assisting with the development of the Member's ICP.

Referral to care management

Members with high-risk medical conditions and/or other care needs may be referred by their PCP, specialty care Provider, themselves, caregiver, discharge planner or Molina Healthcare Services to the ICM program to the ICM program. The care manager works collaboratively with the Member and all participants of the ICT when warranted, including the PCP and specialty Providers, ancillary Providers, the local Health Department or other community-based resources when identified. The referral source should be prepared to provide the care manager with demographic, health care and social data about the Member being referred.

Members with the following conditions may qualify for care management and should be referred to the Molina ICM Program for evaluation:

- High-risk pregnancy, including Members with a history of a previous preterm delivery
- Catastrophic or end-stage medical conditions (e.g., neoplasm, organ/tissue transplants, end-stage renal disease)
- Comorbid chronic illnesses (e.g., asthma, diabetes, COPD, CHF, etc.)
- Preterm births
- High-technology home care requiring more than two (2) weeks of treatment
- Member accessing emergency department services inappropriately
- Children with special health care needs

Referrals to the ICM program may be made by contacting Molina at:

Email: MHIDCaseManagement@Molinahealthcare.com

Phone: (844) 239-4914

Fax: (855) 231-0375

8. BEHAVIORAL HEALTH

Overview

Molina provides a behavioral health benefit for Members. Molina takes an integrated, collaborative approach to behavioral health care, encouraging participation from PCPs, behavioral health and other specialty Providers to ensure whole-person care. Molina complies with the most current Mental Health Parity and Addiction Equity Act requirements. All provisions within the Provider Manual are applicable to medical and behavioral health Providers unless otherwise noted in this section.

Utilization management and prior authorization

For additional information please refer to the **Prior Authorization** subsection found in the **Health Care Services** section of this Provider Manual.

Some behavioral health services may require prior authorization.

Behavioral health inpatient, substance use disorder residential services, psychiatric residential treatment, and select outpatient treatment(s) can be requested by submitting a prior authorization form or contacting Molina's prior authorization team at (855) 322-4081. Molina strongly recommends the use of the [Availity Essentials portal](#) to submit ALL prior authorization requests.

Emergency psychiatric services do not require prior authorization. All requests for behavioral health services should include the most current version of the Diagnostic and Statistical Manual of Mental Disorders (DSM) classification as well as current clinical information supporting the request. Molina utilizes standard, generally accepted medical necessity criteria for prior authorization reviews.

The most current prior authorization guidelines and the Prior Authorization Request Form can be found on the Molina website at MolinaHealthcare.com.

Access to behavioral health providers and PCPs

Members may be referred to an in-network behavioral health Provider via referral from a PCP, medical specialist or by Member self-referral. PCPs are able to screen and assess Members for the detection and treatment of, any known or suspected behavioral health problems and disorders. PCPs may provide any clinically appropriate behavioral health service within the scope of their practice and in compliance with all state and regulatory requirements for the service provision. A formal referral form or prior authorization is not needed for a Member to self-refer or be referred to a PCP, specialist or behavioral health Provider. However, individual services provided by non-network behavioral health Providers will require prior authorization.

Behavioral health Providers may refer a Member to an in-network PCP, or a Member may self-refer. Members may be referred to PCP and specialty care Providers to manage their health care needs. Behavioral health Providers may refer the member to a PCP if they identify other health concerns, including physical health concerns, that should be addressed.

Care coordination and continuity of care

Discharge planning

Discharge planning begins upon admission to an inpatient or residential behavioral health facility. Members who were admitted to an inpatient or residential behavioral health setting must have an adequate outpatient follow-up appointment scheduled with a behavioral health Provider prior to discharge and to occur within seven (7) days of the discharge date.

Interdisciplinary care coordination

In order to provide care for the whole person, Molina emphasizes the importance of collaboration amongst all Providers on the Member's treatment team. Behavioral health, primary care and other specialty Providers shall collaborate and coordinate care amongst each other for the benefit of the Member. Collaboration of the treatment team will increase the communication of valuable clinical information, enhance the Member's experience with service delivery and create opportunity for optimal health outcomes. Molina's care management program may assist in coordinating care and communication amongst all Providers of a Member's treatment team.

Care management

Molina's Care Management team includes licensed nurses and clinicians with behavioral health experience to support Members with mental health and/or substance use disorder (SUD) needs. Members with high-risk psychiatric, medical or psychosocial needs may be referred by a behavioral health professional or primary care provider to the care management program.

Referrals to the care management program may be made by contacting Molina at:

Phone: (844) 239-4914

Email: MHIDCaseManagement@Molinahealthcare.com

Fax: (855) 231-0375

For additional information on the care management program please refer to the Care Management subsection found in the **Health Care Services** section of this Provider Manual.

Behavioral Health Care Management

Access to Records and Information to Support Member Care Coordination and Care Management Activities

Molina is committed to working with its Providers to address the care coordination and care management needs of its members. To facilitate such activities, all Providers (including substance use disorder providers and behavioral health providers) are required to cooperate with and provide to Molina any and all relevant patient/member records and information requested by Molina to support such activities. To the extent a consent and/or authorization from the patient/member is required by law to disclose the requested records/information to Molina, the Provider shall make best efforts to obtain the necessary consent(s) and/or authorization(s) from the patient/member.

Both Molina and the Provider agree to comply with HIPAA and other applicable federal and state privacy laws and regulations including, but not limited to, the HIPAA privacy regulations set forth in 45 C.F.R. Part 164 Subpart E, the HIPAA security regulations set forth in 45 C.F.R. Part 164 Subpart C, 42 C.F.R. Part 2 Regulations governing the Confidentiality of Substance Use Disorder Patient Records and state-specific medical privacy laws.

Responsibilities of behavioral health Providers

Molina promotes collaboration with Providers and integration of both physical and behavioral health services in an effort to provide quality care coordination to Members. Behavioral health Providers are expected to provide in-scope, evidence-based mental health and substance use disorder services to Molina Members. Behavioral health Providers may only provide physical health care services if they are licensed to do so.

Providers shall follow quality standards related to access. Molina provides oversight of Providers to ensure Members can obtain needed health services within the acceptable appointment timeframes. For specific access to appointment details please refer to the **Quality** section of this Provider Manual.

All Members receiving inpatient psychiatric services must be scheduled for a psychiatric outpatient appointment prior to discharge. The after-care outpatient appointment must include the specific time, date, location and name of the Provider. This appointment must occur within seven (7) days of the discharge date. If a Member misses a behavioral health appointment, the behavioral health Provider shall contact the Member within 24 hours of a missed appointment to reschedule.

Behavioral health crisis line

Molina has a behavioral health crisis line that may be accessed by Members 24/7 year-round. The Molina behavioral health crisis line is staffed by behavioral health clinicians to provide urgent crisis intervention, emergent referrals and/or triage to appropriate supports, resources and emergency response teams. Members experiencing psychological distress may access the behavioral health crisis line by calling the Member Services telephone number listed on the back of their Molina Member ID card.

National Suicide Lifeline

988 is the National Suicide Lifeline. Anyone in need of suicide or mental health crisis support or anyone with concerns about someone else, can receive free and confidential support 24 hours a day, 7 days a week, 365 days per year, by dialing 988 from any phone.

Behavioral health tool kit for providers

Molina has developed an online Behavioral Health Toolkit to provide support with screening, assessment and diagnosis of common behavioral health conditions, plus access to behavioral health HEDIS® tip sheets and other evidence-based guidance, training opportunities for Providers and recommendations for coordinating care. The material within this toolkit is applicable to Providers in both medical and behavioral health settings. The Behavioral Health Tool Kit for Providers can be found under the “Health Resources” tab on the MolinaHealthcare.com Provider website.

9. QUALITY

Maintaining quality improvement processes and programs

Molina works with Members and Providers to maintain a comprehensive Quality Improvement (QI) program. You can contact the Molina Quality department at (844) 239-4914.

The address for mail requests is:

Molina Healthcare of Idaho
Attn: Quality department
7050 Union Park Center, Suite 200
Midvale, UT 84047

This Provider Manual contains excerpts from the Molina QI program. For a complete copy of Molina's QI program, you can contact your Provider relations representative or call the telephone number above to receive a written copy.

Molina has established a QI program that complies with regulatory requirements and accreditation standards. The QI program provides structure and outlines specific activities designed to improve the care, service and health of our Members. In our QI program description, we describe our program governance, scope, goals, measurable objectives, structure and responsibilities.

Molina does not delegate quality improvement activities to medical groups/IPAs. However, Molina requires contracted medical groups/IPAs to comply with the following core elements and standards of care. Molina medical groups/IPAs must:

- Have a quality improvement program in place
- Comply with and participate in Molina's QI program including reporting of access and availability survey and activity results and provision of medical records as part of the HEDIS® review process and during potential quality of care and/or critical incident investigations
- Cooperate with Molina's quality improvement activities that are designed to improve quality of care and services and Member experience
- Allow Molina to collect, use and evaluate data related to Provider performance for quality improvement activities, including but not limited to focus areas, such as clinical care, care coordination and management, service, access and availability
- Allow access to Molina quality personnel for site and medical record review processes

Patient safety program

Molina's Patient Safety Program identifies appropriate safety projects and error avoidance for Molina Members in collaboration with their PCPs. Molina continues to support safe health practices for our Members through our safety program, pharmaceutical management and care management/health management programs and education. Molina monitors nationally

recognized quality index ratings for facilities including adverse events and hospital-acquired conditions as part of a national strategy to improve health care quality mandated by the Patient Protection and Affordable Care Act (ACA) and the Department of Health and Human Services (HHS) to identify areas that have the potential for improving health care quality to reduce the incidence of events.

Quality of care

Molina has established a systematic process to identify, investigate, review and report any quality of care, adverse event/never event, critical incident (as applicable) and/or service issues affecting Member care. Molina will research, resolve, track and trend issues. Confirmed adverse events/never events are reportable when related to an error in medical care that is clearly identifiable, preventable and/or found to have caused serious injury or death to a patient. Some examples of never events include:

- Surgery on the wrong body part
- Surgery on the wrong patient
- Wrong surgery on a patient

Molina is not required to pay for inpatient care related to “never events.”

Medical records

Molina requires that medical records are maintained in a manner that is current, detailed and organized to ensure that care rendered to Members is consistently documented and that necessary information is readily available in the medical record. All entries will be indelibly added to the Member’s medical record. PCPs should maintain the following medical record components that include but are not limited to:

- Medical record confidentiality and release of medical records within medical and behavioral health care records
- Medical record content and documentation standards, including preventive health care
- Storage maintenance and disposal processes
- Process for archiving medical records and implementing improvement activities

Medical record-keeping practices

Below is a list of the minimum items that are necessary in the maintenance of the Member medical records:

- Each patient has a separate medical record
- Medical records are stored away from patient areas and preferably locked
- Medical records are available during each visit and archived records are available within 24 hours
- If hard copy, pages are securely attached in the medical record and records are organized by dividers or color-coded when the thickness of the record dictates

- If electronic, all those with access have individual passwords
- Record keeping is monitored for quality and HIPAA compliance, including privacy of confidential information, such as race, ethnicity, language and sexual orientation and gender identity
- Storage maintenance for the determined timeline and disposal are managed per record management processes
- Process is in place for archiving medical records and implementing improvement activities
- Medical records are kept confidential and there is a process for release of medical records including behavioral health care records

Content

Providers must remain consistent in their practices with Molina's medical record documentation guidelines. Medical records are maintained and should include but not be limited to the following information. All medical records should contain:

- The patient's name or ID number on each page in the record
- The patient's name, date of birth, sex, marital status, address, employer, home and work telephone numbers and emergency contact
- Legible signatures and credentials of the Provider and other staff members within a paper chart
- A list of all Providers who participate in the Member's care
- Information about services that are delivered by these Providers
- A problem list that describes the Member's medical and behavioral health conditions
- Presenting complaints, diagnoses and treatment plans, including follow-up visits and referrals to other Providers
- Prescribed medications, including dosages and dates of initial or refill prescriptions
- Medication reconciliation within 30 days of an inpatient discharge with evidence of current and discharge medication reconciliation and the date performed
- Allergies and adverse reactions (or notation that none are known)
- Documentation that shows advance directives, power of attorney and living will have been discussed with Member and a copy of advance directives when in place
- Past medical and surgical history, including physical examinations treatments, preventive services and risk factors
- Treatment plans that are consistent with diagnosis
- A working diagnosis that is recorded with the clinical findings
- Pertinent history for the presenting problem
- Pertinent physical exam for the presenting problem
- Lab and other diagnostic tests that are ordered as appropriate by the Provider
- Clear and thorough progress notes that state the intent for all ordered services and treatments

- Notations regarding follow-up care, calls or visits that include the specific time of return is noted in weeks, months or as needed, included in the next preventative care visit when appropriate
- Notes from consultants as applicable
- Up-to-date immunization records and documentation of appropriate history
- All staff and Provider notes are signed physically or electronically with either name or initials
- All entries are dated
- All abnormal lab/imaging results show explicit follow-up plan(s)
- All ancillary services reports
- Documentation of all emergency care provided in any setting
- Documentation of all hospital admissions and follow-up care, inpatient and outpatient care, including hospital discharge summaries, hospital history and physicals and operative report
- Labor and delivery record for any child seen since birth
- A signed document stating with whom protected health information may be shared

Organization

- The medical record is legible to someone other than the writer
- Each patient has an individual record
- Chart pages are bound, clipped or attached to the file
- Chart sections are easily recognized for retrieval of information
- A release document for each Member authorizing Molina to release medical information for the facilitation of medical care

Retrieval

- The medical record is available to the Provider at each encounter
- The medical record is available to Molina for purposes of quality improvement
- The medical record is available to the applicable state and/or federal agency and the external quality review organization upon request
- The medical record is available to the Member upon their request
- A storage system for inactive Member medical records which allows retrieval within 24 hours, is consistent with state and federal requirements and the record is maintained for not less than 10 years from the last date of treatment or for a minor, one (1) year past their 20th birthday but, never less than 10 years
- An established and functional data recovery procedure in the event of data loss

Confidentiality

Molina Providers shall develop and implement confidentiality procedures to guard Member protected health information, in accordance with HIPAA privacy standards and all other applicable federal and state regulations. This should include and is not limited to, the following:

- Ensure that medical information is released only in accordance with applicable federal or state law in pursuant to court orders or subpoenas
- Maintain records and information in an accurate and timely manner
- Ensure timely access by Members to the records and information that pertain to them
- Abide by all federal and state laws regarding confidentiality and disclosure of medical records or other health and enrollment information
- Protect medical records from unauthorized access
- Restrict access to computerized confidential information
- Take precautions to prevent inadvertent or unnecessary disclosure of protected health information
- Educate and train all staff on handling and maintaining protected health care information
- Ensure that confidential information, such as patient race, ethnicity, preferred language, sexual orientation, gender identity and social determinants of health is protected

Additional information on medical records is available from your local Molina Quality department. For additional information regarding HIPAA please refer to the **Compliance** section of this Provider Manual

Advance directives (Patient Self-Determination Act)

Molina complies with the advanced directive requirements of the states in which the organization provides services. Responsibilities include ensuring Members receive information regarding advance directives and that contracted Providers and facilities uphold executed documents.

Advance directives are a written choice for health care. There are two (2) types of advance directives:

- **Durable power of attorney for health care:** allows an agent to be appointed to carry out health care decisions.
- **Living will:** allows choices about withholding or withdrawing life support and accepting or refusing nutrition and/or hydration.

When there is no advance directive: The Member's family and Provider will work together to decide on the best care for the Member based on information they may know about the Member's end-of-life plans.

Providers must inform adult Molina Members 18 years old and up, of their right to make health care decisions and execute advance directives. It is important that Members are informed about advance directives.

Members who would like more information are instructed to contact the Molina Contact Center or are directed to the CaringInfo website at caringinfo.org/planning/advance-directives for forms available to download. Additionally, the Molina website offers information to both

Providers and Members regarding advance directives, with a link to forms that can be downloaded and printed.

PCPs must discuss advance directives with a Member and provide appropriate medical advice if the Member desires guidance or assistance.

Molina network Providers and facilities are expected to communicate any objections they may have to a Member directive prior to service when possible. Members may select a new PCP if the assigned Provider has an objection to the Member's desired decision. Molina will facilitate finding a new PCP or specialist as needed.

In no event may any Provider refuse to treat a Member or otherwise discriminate against a Member because the Member has completed an advance directive. CMS regulations give Members the right to file a complaint with Molina or the state survey and certification agency if the Member is dissatisfied with Molina's handling of advance directives and/or if a Provider fails to comply with advance directives instructions.

Molina will notify the Provider of an individual Member's advance directive identified through care management, care coordination or case management. Providers are instructed to document the presence of an advanced directive in a prominent location of the medical record. Advance directive forms are state-specific to meet state regulations.

Molina expects that there will be documented evidence of the discussion between the Provider and the Member during routine medical record reviews.

Access to care

Molina maintains access to care standards and processes for ongoing monitoring of access to health care provided by contracted PCPs and participating specialists. Providers surveyed include PCPs (family/general practice, internal medicine and pediatric), OB/GYN (high-volume specialists), Oncologist (high-impact specialists), Long Term Support & Services (LTSS) and behavioral health Providers. Providers are required to conform to the access to care appointment standards listed below to ensure that health care services are provided in a timely manner. The PCP or their designee must be available 24 hours a day, 7 days a week to Members.

Appointment access

All Providers who oversee the Member's health care are responsible for providing the following appointments to Molina Members in the timeframes noted.

Medical appointment

Appointment type	Standard
Routine, asymptomatic	Within 30 calendar days
Routine, symptomatic	Within 2 calendar days

Appointment type	Standard
Urgent Care	Within 24 hours
After Hours Care	24 hours/day; 7 day/week availability
Specialty Care (High Volume)	Within 30 calendar days
Specialty Care (High Impact)	Within 30 calendar days
Urgent Specialty Care	Within 24 hours

Behavioral health appointment

Appointment type	Standard
Life-threatening Emergency	Immediately
Non-life-threatening Emergency	Within 6 hours
Urgent Care	Within 48 hours
Initial Routine Care Visit	Within 10 business days
Follow-up Routine Care Visit	Within 30 calendar days

Additional information on appointment access standards is available from your local Molina Quality department.

Office wait time

For scheduled appointments, the wait time in offices should not exceed 30 minutes. All PCPs are required to monitor waiting times and adhere to this standard.

After hours

All Providers must have backup (on-call) coverage after hours or during the Provider's absence or unavailability. Molina requires Providers to maintain a 24-hour telephone service, 7 days a week. This access may be through an answering service or a recorded message after office hours. The service or recorded message should instruct Members with an emergency to hang up and call 911 or go immediately to the nearest emergency room. Voicemail alone after hours is not acceptable.

Women's health access

Molina allows Members the option to seek obstetric and gynecological care from an in-network obstetrician or gynecologist or directly from a participating PCP designated by Molina as providing obstetric and gynecological services. Member access to obstetric and gynecological services is monitored to ensure Members have direct access to participating Providers for obstetric and gynecological services. Gynecological services must be provided when requested regardless of the gender status of the Member.

Additional information on access to care is available from your local Molina Quality department.

Monitoring access for compliance with standards

Access to care standards are reviewed, revised as necessary and approved by the Quality Improvement and Health Equity Transformation Committee on an annual basis.

Provider network adherence to access standards is monitored via one or more of the following mechanisms:

1. Provider access studies – Provider office assessment of appointment availability, after-hours access, Provider ratios and geographic access.
2. Member complaint data – assessment of Member complaints related to access and availability of care.
3. Member satisfaction survey – evaluation of Members' self-reported satisfaction with appointment and after-hours access.

Analysis of access data includes assessment of performance against established standards, review of trends over time and identification of barriers. Results of the analysis are reported to the Quality Improvement and Health Equity Transformation Committee at least annually for review and determination of opportunities for improvement. Corrective actions are initiated when performance goals are not met and for identified provider-specific and/or organizational trends. Performance goals are reviewed and approved annually by the Quality Improvement and Health Equity Transformation Committee.

Quality of provider office sites

Molina Providers are to maintain office-site and medical record-keeping practice standards. Molina continually monitors Member appeals and complaints/grievances for all office sites to determine the need for an office site visit and will conduct office site visits as needed. Molina assesses the quality, safety and accessibility of office sites where care is delivered against standards and thresholds. A standard survey form is completed at the time of each visit. This includes an assessment of:

- Physical accessibility
- Physical appearance
- Adequacy of waiting and examining room space

Physical accessibility

Molina evaluates office sites as applicable to ensure that Members have safe and appropriate access to the office site. This includes, but is not limited to, ease of entry into the building, accessibility of space within the office site and ease of access for patients with physical disabilities.

Physical appearance

The site visits include, but are not limited to, an evaluation of office site cleanliness, appropriateness of lighting and patient safety as needed.

Adequacy of waiting and examining room space

During the site visit as required, Molina assesses waiting and examining room spaces to ensure that the office offers appropriate accommodations to Members. The evaluation includes but is not limited to appropriate seating in the waiting room areas and availability of exam tables in exam rooms.

Administration and confidentiality of facilities

Facilities contracted with Molina must demonstrate overall compliance with the guidelines listed below:

- Office appearance demonstrates that housekeeping and maintenance are performed appropriately on a regular basis, the waiting room is well-lit, office hours are posted, and the parking area and walkways demonstrate appropriate maintenance.
- Accessible parking is available, the building and exam rooms are accessible with an incline ramp or flat entryway, and the restroom is accessible with a bathroom grab bar.
- Adequate seating includes space for an average number of patients in an hour and there is a minimum of two (2) office exam rooms per Provider.
- Basic emergency equipment is located in an easily accessible area. This includes a pocket mask and Epinephrine, plus any other medications appropriate to the practice.
- At least one (1) CPR-certified employee is available.
- Yearly Occupational Safety and Health Administration (OSHA) training (fire, safety, blood-borne pathogens, etc.) is documented for offices with 10 or more employees.
- A container for sharps is located in each room where injections are given.
- Labeled containers, policies, contracts and evidence of a hazardous waste management system in place.
- Patient check-in systems are confidential. Signatures on fee slips, separate forms, stickers or labels are possible alternative methods.
- Confidential information is discussed away from patients. When reception areas are unprotected by sound barriers, scheduling and triage phones are best placed at another location.
- Medical records are stored away from patient areas. Record rooms and/or file cabinets are preferably locked.
- A Clinical Laboratory Improvement Amendment (CLIA) waiver is displayed when the appropriate lab work is run in the office.
- Prescription pads are not kept in exam rooms.
- Narcotics are locked, preferably double-locked. Medication and sample access is restricted.
- System in place to ensure expired sample medications are not dispensed and injectables and emergency medication are checked monthly for outdates.
- Drug refrigerator temperatures are documented daily.

Monitoring for compliance with standards

Molina monitors compliance with the established performance standards as outlined above at least annually. Performance below Molina's standards may result in a corrective action plan (CAP) with a request that the Provider submit a written CAP to Molina within 30 calendar days. Follow-up to ensure resolution is conducted at regular intervals until compliance is achieved. The information and any response made by the Provider are included in the Provider's permanent credentials file. If compliance is not attained at follow-up, an updated CAP will be required. Providers who do not submit a CAP may be terminated from network participation or closed to new Members.

Quality improvement activities and programs

Molina maintains an active QI program. The program provides structure and key processes to carry out our ongoing commitment to improving care and service. Through the QI program, Molina focuses on reducing health care disparities. The goals identified are based on an evaluation of programs and services, regulatory, contractual, and accreditation requirements, and strategic planning initiatives.

Health management and care management

The Molina health management and care management programs provide for the identification, assessment, stratification and implementation of appropriate interventions for members with chronic diseases.

For additional information please refer to the **Health Care Services** section of this Provider Manual.

Clinical practice guidelines

Molina adopts and disseminates clinical practice guidelines (CPG) to reduce inter-Provider variation in diagnosis and treatment. CPG adherence is measured at least annually. All guidelines are based on scientific evidence, review of medical literature and/or appropriately established authority.

Molina CPGs include the following:

- Acute Stress and Post-Traumatic Stress Disorder (PTSD)
- Anxiety/Panic Disorder
- Asthma
- Attention Deficit Hyperactivity Disorder (ADHD)
- Autism
- Bipolar Disorder
- Children with Special Health Care Needs
- Chronic Kidney Disease

- Chronic Obstructive Pulmonary Disease (COPD)
- Depression
- Diabetes
- Heart Failure in Adults
- Homelessness-Special Health Care Needs
- Hypertension
- Obesity
- Opioid Management
- Schizophrenia
- Sickle Cell Disease
- Substance Abuse Treatment
- Suicide Risk
- Trauma-Informed Primary Care

All CPGs are updated at least annually and more frequently as needed when clinical evidence changes and are approved by the Quality Improvement and Health Equity Transformation Committee. A review is conducted at least monthly to identify new additions or modifications. On an annual basis, or when changes are made during the year, CPGs are distributed to Providers at [MolinaHealthcare.com](https://www.molinahealthcare.com) and the Provider Manual. Notification of the availability of the CPGs is published in the Molina Provider Newsletter.

Preventive health guidelines

Molina provides coverage of diagnostic preventive procedures based on recommendations published by the U.S. Preventive Services Task Force (USPSTF), Bright Futures/American Academy of Pediatrics and the Centers for Disease Control and Prevention (CDC) in accordance with CMS guidelines. Diagnostic preventive procedures include but are not limited to:

- Adult Preventive Services Recommendations (U.S. Preventive Services Task Force). Links to current recommendations are included on Molina's website.
- Recommendations for Preventive Pediatric Health Care (Bright Futures/American Academy of Pediatrics). Links to current recommendations are included on Molina's website.
- Recommended Adult Immunization Schedule for ages 19 Years or Older (United States). These recommendations are revised every year by the CDC. Links to current recommendations are included on Molina's website.
- Recommended Child and Adolescent Immunization Schedule for ages 18 years or younger (United States). These recommendations are revised every year by the CDC. Links to current recommendations are included on Molina's website.

All preventive health guidelines are updated at least annually and more frequently as needed when clinical evidence changes and are approved by the Quality Improvement and Health Equity Transformation Committee. A review is conducted at least monthly to identify new additions or modifications. On an annual basis or when changes are made during the year preventive health guidelines are distributed to Providers at [MolinaHealthcare.com](https://www.molinahealthcare.com) and the

Provider Manual. Notification of the availability of the preventive health guidelines is published in the Molina Provider Newsletter.

Culturally and linguistically appropriate services

Molina works to ensure all Members receive culturally competent care across the service continuum to reduce health disparities and improve health outcomes. For additional information about Molina's program and services, please refer to the **Culturally and Linguistically Appropriate Services** section of this Provider Manual.

Measurement of clinical and service quality

Molina monitors and evaluates the quality of care and services provided to Members through the following mechanisms:

- HEDIS®
- CAHPS®
- Behavioral health satisfaction assessment
- Provider satisfaction survey
- Effectiveness of quality improvement initiatives

Molina evaluates continuous performance according to or in comparison with objectives, measurable performance standards and benchmarks at the national, regional and/or at the local/health plan level.

Contracted Providers and facilities must allow Molina to use its performance data collected in accordance with the Provider Agreement with Molina. The use of performance data may include but is not limited to the following:

1. Development of quality improvement activities
2. Public reporting to consumers
3. Preferred status designation in the network
4. Reduced Member cost-sharing

Molina's most recent results can be obtained from your local Molina Quality department or by visiting our website at [MolinaHealthcare.com](https://www.molinahealthcare.com).

HEDIS®

Molina utilizes NCQA HEDIS® as a measurement tool to provide a fair and accurate assessment of specific aspects of managed care organization performance. HEDIS® is an annual activity conducted in the spring. The data comes from on-site medical record review and available administrative data. All reported measures must follow rigorous specifications and are externally audited to assure continuity and comparability of results. The HEDIS® measurement set currently includes a variety of health care aspects including immunizations, women's health screening, diabetes care, well check-ups, medication use and cardiovascular disease.

HEDIS® results are used in a variety of ways. The results are used to evaluate the effectiveness of multiple quality improvement activities and clinical programs. The standards are based on established clinical guidelines and protocols, providing a firm foundation to measure the effectiveness of these programs.

Selected HEDIS® results are provided to federal and state regulatory agencies and accreditation organizations. The data are also used to compare against established health plan performance benchmarks.

CAHPS®

CAHPS® is the tool used by Molina to summarize Member satisfaction with Providers, health care and service they receive. CAHPS® examines specific measures, including Getting Needed Care, Getting Care Quickly, How Well Doctors Communicate, Coordination of Care, Customer Service, Rating of Health Care and Getting Needed Prescription Drugs (for Medicare). The CAHPS® survey is administered annually in the spring to randomly selected Members by an NCQA-certified vendor.

CAHPS® results are used in much the same way as HEDIS® results, only the focus is on the service aspect of care rather than clinical activities. They form the basis for several of Molina's quality improvement activities and are used by external agencies to help ascertain the quality of services being delivered.

Behavioral health satisfaction assessment

Molina obtains feedback from Members about their experience, needs and perceptions of accessing behavioral health care services. This feedback is collected at least annually to understand how our members rate their experiences in getting treatment, communicating with their clinicians, receiving treatment and information from the plan, among other areas.

Provider satisfaction survey

Recognizing that HEDIS® and CAHPS® focus on Member experience with health care Providers and health plans, Molina conducts a Provider Satisfaction Survey annually. The results from this survey are very important to Molina, as this is one of the primary methods used to identify improvement areas pertaining to the Molina Provider network. The survey results have helped establish improvement activities relating to Molina's specialty network, inter-Provider communications and pharmacy authorizations. This survey is fielded to a random sample of Providers each year. If your office is selected to participate, please take a few minutes to complete and return the survey.

Effectiveness of quality improvement initiatives

Molina monitors the effectiveness of clinical and service activities through metrics selected to demonstrate clinical outcomes and service levels. The plan's performance is compared to that

of available national benchmarks indicating “best practices.” The evaluation includes an assessment of clinical and service improvements on an ongoing basis. Results of these measurements guide activities for the successive periods.

In addition to the methods described above, Molina also compiles complaint and appeals data as well as requests for out-of-network services to determine opportunities for service improvements.

What can providers do?

- Ensure patients are up to date with their annual physical exam and preventive health screenings, including related lab orders and referrals to specialists, such as ophthalmology.
- Review the HEDIS® preventive care listing of measures for each patient to determine if anything applicable to your patients’ age and/or condition has been missed.
- Check that staff are properly coding all services provided.
- Be sure patients understand what *they* need to do.

Molina has additional resources to assist Providers and their patients. For access to tools that can assist, please visit the [Availity Essentials portal](#). There are a variety of resources, including HEDIS® CPT/CMS-approved diagnostic and procedural code sheets. To obtain a current list of HEDIS® and CAHPS® Star Ratings measures, contact your local Molina Quality department.

10. RISK ADJUSTMENT ACCURACY AND COMPLETENESS

What is risk adjustment?

CMS defines risk adjustment as a process that helps to accurately measure the health status of a plan's membership based on medical conditions and demographic information.

This process helps ensure health plans receive accurate payment for services provided to Molina Members and prepares for resources that may be needed in the future to treat Members who have chronic conditions.

Interoperability

The Provider agrees to deliver relevant clinical documents (Clinical Document Architecture (CDA) or Continuity of Care Document (CCD) format) at encounter close for Molina Members by using one of the automated methods available and supported by the Provider's electronic medical records (EMR), including but not limited to Epic Payer Platform, Direct Protocol, Secure File Transfer Protocol (sFTP), query or Web service interfaces such as Simple Object Access Protocol (External Data Representation) or Representational State Transfer (Fast Healthcare Interoperability Resource).

The CDA or CCD document should include signed clinical note or conform with the United States Core Data for Interoperability (USCDI) common data set and Health Level 7 (HL7) Consolidated Clinical Data Architecture (CCDA) standard.

The Provider will also enable HL7 v2 Admission/Discharge/Transfer (ADT) feed for all patient events for Molina Members to the interoperability vendor designated by Molina.

The Provider will participate in Molina's program to communicate Clinical Information using the Direct Protocol. Direct Protocol is the HIPAA-compliant mechanism for exchanging health care information that is approved by the Office of the National Coordinator for Health Information Technology (ONC).

- If the Provider does not have a Direct Address, the Provider will work with its EMR vendor to set up a Direct Messaging Account, which also supports the CMS requirement of having the Provider's Digital Contact Information added in NPPEs.
- If the Provider's EMR does not support the Direct Protocol, the Provider will work with Molina's established interoperability partner to get an account established.

Your role as a provider

As a Provider, complete and accurate documentation in a medical record is critical to a Member's quality of care. We encourage Providers to record all diagnoses to the highest specificity. This will ensure Molina receives adequate resources to provide quality programs to you and our Members.

For a complete and accurate medical record, all Provider documentation must:

- Address clinical data elements (e.g., diabetic patient needs an eye exam or multiple comorbid conditions) provided by Molina and reviewed with the Member
- Be compliant with the CMS National Correct Coding Initiative (NCCI)
- Use the correct ICD-10 code by documenting the condition to the highest level of specificity
- Only use diagnosis codes confirmed during a Provider visit with the Member. The visit may be face-to-face or telehealth, depending on state or CMS requirements.
- Contain a treatment plan and progress notes
- Contain the Member's name and date of service
- Have the Provider's signature and credentials

Contact information

For questions about Molina's risk adjustment programs, please contact your Molina Provider Relations representative.

11. COMPLIANCE

Fraud, waste and abuse

Introduction

Molina is dedicated to the detection, prevention, investigation and reporting of potential health care fraud, waste and abuse. As such, Molina's Compliance department maintains a comprehensive plan, which addresses how Molina will uphold and follow state and federal statutes and regulations pertaining to fraud, waste and abuse. The plan also addresses fraud, waste and abuse prevention, detection and correction along with the education of appropriate employees, vendors, Providers and associates doing business with Molina.

Molina's Special Investigation Unit (SIU) supports Compliance in its efforts to prevent, detect, and correct fraud, waste and abuse by conducting investigations aimed at identifying suspect activity and reporting these findings to the appropriate regulatory and/or law enforcement agency.

Mission statement

Our mission is to pay claims correctly the first time and that mission begins with the understanding that we need to proactively detect fraud, waste and abuse, correct it and prevent it from reoccurring. Since not all fraud, waste or abuse can be prevented, Molina employs processes that retrospectively address fraud, waste or abuse that may have already occurred. Molina strives to detect, prevent, investigate and report suspected health care fraud, waste and abuse in order to reduce health care costs and to promote quality health care.

Regulatory requirements

Federal False Claims Act

The False Claims Act is a federal statute that covers fraud involving any federally funded contract or program. The act establishes liability for any person who knowingly presents or causes to be presented a false or fraudulent claim to the U.S. government for payment.

The term "knowing" is defined to mean that a person with respect to information:

- Has actual knowledge of falsity of information in the Claim
- Acts in deliberate ignorance of the truth or falsity of the information in a Claim
- Acts in reckless disregard of the truth or falsity of the information in a Claim

The Act does not require proof of a specific intent to defraud the U.S. government. Instead, health care Providers can be prosecuted for a wide variety of conduct that leads to the submission of fraudulent claims to the government, such as knowingly making false statements,

falsifying records, double billing for items or services, submitting bills for services never performed or items never furnished or otherwise causing a false Claim to be submitted.

Deficit Reduction Act (DRA)

The DRA aims to cut fraud, waste and abuse from the Medicare and Medicaid programs.

As a contractor doing business with Molina, Providers and their staff have the same obligation to report any actual or suspected violation or fraud, waste or abuse. Entities must have written policies that inform employees, contractors and agents of the following:

- The federal False Claims Act and state laws pertaining to submitting false Claims
- How Providers will detect and prevent fraud, waste and abuse
- Employee protection rights as whistleblowers
- Administrative remedies for false Claims and statements

These provisions encourage employees (current or former) and others to report instances of fraud, waste or abuse to the government. The government may then proceed to file a lawsuit against the organization/individual accused of violating the False Claims Act. The whistleblower may also file a lawsuit independently. Cases found in favor of the government will result in the whistleblower receiving a portion of the amount awarded to the government.

Whistleblower protections state that employees who have been discharged, demoted, suspended, threatened, harassed or otherwise discriminated against due to their role in disclosing or reporting a false Claim are entitled to all relief necessary to make the employee whole including:

- Employment reinstatement at the same level of seniority
- Two (2) times the amount of back pay plus interest
- Compensation for special damages incurred by the employee as a result of the employer's inappropriate actions

Affected entities who fail to comply with the law will be at risk of forfeiting all payments until compliance is met. Molina will take steps to monitor Molina contracted Providers to ensure compliance with the law. Health care entities (e.g., providers, facilities, delegates and/or vendors) to which Molina has paid \$5 million or more in Medicaid funds during the previous federal fiscal year (October 1-September 30) will be required to submit a signed "Attestation of Compliance with the Deficit Reduction Act of 2005, Section 6032" to Molina.

Anti-kickback Statute (42 U.S.C. § 1320a-7b(b))

Anti-kickback Statute (AKS) is a criminal law that prohibits the knowing and willful payment of "remuneration" to induce or reward patient referrals or the generation of business involving any item or service payable by the federal health care programs (e.g., drugs, supplies or health care services for Medicare or Medicaid patients). In some industries, it is acceptable to reward those who refer business to you. However, in the federal health care programs, paying for

referrals is a crime. The statute covers the payers of kickbacks-those who offer or pay remuneration- as well as the recipients of kickbacks-those who solicit or receive remuneration.

Molina conducts all business in compliance with federal and state AKS statutes and regulations and federal and state marketing regulations. Providers are prohibited from engaging in any activities covered under this statute.

AKS statutes and regulations prohibit paying or receiving anything of value to induce or reward patient referrals or the generation of business involving any item or service payable by federal and state health care programs. The phrase “anything of value” can mean cash, discounts, gifts, excessive compensation, contracts not at fair market value, etc. Examples of prohibited AKS actions include a health care Provider who is compensated based on patient volume or a Provider who offers remuneration to patients to influence them to use their services.

Under Molina’s policies, Providers may not offer, solicit an offer, provide or receive items of value of any kind that are intended to induce referrals of federal health care program business. Providers must not, directly or indirectly, make or offer items of value to any third party for the purpose of obtaining, retaining or directing our business. This includes giving, favors, preferential hiring or anything of value to any government official.

Marketing guidelines and requirements

Providers must conduct all marketing activities in accordance with the relevant contractual requirements and marketing statutes and regulations – both state and federal.

Under Molina’s policies, marketing means any communication to a beneficiary who is not enrolled with Molina that can reasonably be interpreted as intended to influence the beneficiary to enroll with Molina’s Medicaid, Marketplace or Medicare products. This also includes communications that can be interpreted to influence a beneficiary to not enroll in or to disenroll from another health plan’s products.

Restricted marketing activities vary from state to state but generally relate to the types and form of communications that health plans, Providers and others can have with Members and prospective Members. Examples of such communications include those related to enrolling Members, Member outreach and other types of communications.

Stark statute

The Physicians Self-Referral Law (Stark Law) prohibits physicians from referring patients to receive “designated health services” payable by Medicare or Medicaid from entities with which the physician or an immediate family member has a financial relationship unless an exception applies. Financial relationships include both ownership/investment interests and compensation arrangements. The Stark law prohibits the submission or causing the submission of Claims in violation of the law's restrictions on referrals. “Designated health services” are identified in the Physician Self-Referral Law (42 U.S.C. § 1395nn).

Sarbanes-Oxley Act of 2002

The Sarbanes-Oxley Act requires certification of financial statements by both the Chief Executive Officer and the Chief Financial Officer. The Act states that a corporation must assess the effectiveness of its internal controls and report this assessment annually to the Securities and Exchange Commission.

Definitions

Fraud means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to themselves or some other person. It includes any act that constitutes fraud under applicable federal or state law (42 CFR § 455.2).

Waste means health care spending that can be eliminated without reducing the quality of care. Quality waste includes overuse, underuse and ineffective use. Inefficiency waste includes redundancy, delays and unnecessary process complexity. An example would be the attempt to obtain reimbursement for items or services where there was no intent to deceive or misrepresent, however the outcome resulted in poor or inefficient billing methods (e.g., coding) causing unnecessary costs to state and federal health care programs.

Abuse means Provider practices that are inconsistent with sound fiscal, business or medical practices and result in unnecessary costs to state and federal health care programs or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care. It also includes recipient practices that result in unnecessary costs to state and federal health care programs (42 CFR § 455.2).

Examples of fraud, waste and abuse by a provider

The types of questionable Provider schemes investigated by Molina include, but are not limited to the following:

- A Provider knowingly and willfully referring a Member to health care facilities in which or with which the Provider has a financial relationship (Stark Law).
- Altering Claims and/or medical record documentation in order to get a higher level of reimbursement.
- Balance billing a Molina Member for covered services. This includes asking the Member to pay the difference between the discounted and negotiated fees and the Provider's usual and customary fees.
- Billing and providing services to Members that are not medically necessary.
- Billing for services, procedures and/or supplies that have not been rendered.
- Billing under an invalid place of service in order to receive or maximize reimbursement.
- Completing certificates of medical necessity for Members, not personally and professionally known by the Provider.
- Concealing a Member's misuse of a Molina Member identification card.

- Failing to report a Member's forgery or alteration of a prescription or other medical document.
- False coding in order to receive or maximize reimbursement.
- Inappropriate billing of modifiers in order to receive or maximize reimbursement.
- Inappropriately billing of a procedure that does not match the diagnosis in order to receive or maximize reimbursement.
- Knowingly and willfully soliciting or receiving payment of kickbacks or bribes in exchange for referring patients.
- Not following incident-to-billing guidelines in order to receive or maximize reimbursement.
- Overutilization
- Participating in schemes that involve collusion between a Provider and a Member that result in higher costs or charges.
- Questionable prescribing practices.
- Unbundling services in order to get more reimbursement, which involves separating a procedure into parts and charging for each part rather than using a single global code.
- Underutilization, which means failing to provide services that are medically necessary.
- Upcoding, which is when a Provider does not bill the correct code for the service rendered and instead uses a code for a like service that costs more.
- Using the adjustment payment process to generate fraudulent payments.

Examples of fraud, waste and abuse by a Member

The types of questionable Member schemes investigated by Molina include, but are not limited to, the following:

- Benefit sharing with persons not entitled to the Member's benefits
- Conspiracy to defraud state and federal health care programs
- Doctor shopping, which occurs when a Member consults a number of Providers for the purpose of inappropriately obtaining services
- Falsifying documentation in order to get services approved
- Forgery related to health care
- Prescription diversion, which occurs when a Member obtains a prescription from a Provider for a condition that they do not suffer from and the Member sells the medication to someone else

Review of provider Claims and Claims system

Molina Claims examiners are trained to recognize unusual billing practices, which are key in trying to identify fraud, waste and abuse. If the Claims examiner suspects fraudulent, abusive or wasteful billing practices, the billing practice is documented and reported to the SIU through our Compliance Alertline/reporting repository.

The Claim payment system utilizes system edits and flags to validate those elements of Claims are billed in accordance with standardized billing practices, ensure that Claims are processed accurately and ensure that payments reflect the service performed as authorized.

Molina performs auditing to ensure the accuracy of data input into the Claim system. The Claims department conducts regular audits to identify system issues or errors. If errors are identified, they are corrected, and a thorough review of system edits is conducted to detect and locate the source of the errors.

Prepayment of fraud, waste and abuse detection activities

Through the implementation of Claim edits, Molina's Claim payment system is designed to audit Claims concurrently in order to detect and prevent paying Claims that are inappropriate.

Molina has a pre-payment Claim auditing process that identifies frequent correct coding billing errors ensuring that Claims are coded appropriately according to state and federal coding guidelines. Code edit relationships and edits are based on guidelines from specific state Medicaid guidelines, federal CMS guidelines, American Medical Association (AMA) and published specialty-specific coding rules. Code edit rules are based on information received from the National Physician Fee Schedule Relative File (NPFS), the Medically Unlikely Edit (MUE) table, National Correct Coding Initiative (NCCI) files, Local Coverage Determination/National Coverage Determination (LCD/NCD) and state-specific policy manuals and guidelines as specified by a defined set of indicators in the Medicare Physician Fee Schedule Data Base (MPFSDB).

Additionally, Molina may, at the request of a state program or at its own discretion, subject a Provider to prepayment reviews whereupon the Provider is required to submit supporting source documents that justify an amount charged. Where no supporting documents are provided or insufficient information is provided to substantiate a charge, the claim will be denied until such time that the Provider can provide sufficient accurate support.

Post-payment recovery activities

The terms expressed in this section of this Provider Manual are incorporated into the Provider Agreement with Molina and are intended to supplement, rather than diminish, any and all other rights and remedies that may be available to Molina under the Provider Agreement with Molina or at law or equity.

In the event of any inconsistency between the terms expressed here and any terms expressed in the Provider Agreement with Molina, the parties agree that Molina shall in its sole discretion exercise the terms that are expressed in the Provider Agreement with Molina, the terms that are expressed here, its rights under law and equity or some combination thereof.

The Provider will provide Molina, governmental agencies and their representatives or agents, access to examine, audit and copy any and all records deemed by Molina, in Molina's sole

discretion, necessary to determine compliance with the terms of the Provider Agreement with Molina, including for the purpose of investigating potential fraud, waste and abuse. Documents and records must be readily accessible at the location where the Provider provides services to any Molina Members. Auditable documents and records include but are not limited to medical charts, patient charts, billing records and coordination of benefits information. Production of auditable documents and records must be provided in a timely manner, as requested by Molina and without charge to Molina. In the event Molina identifies fraud, waste or abuse, the Provider agrees to repay funds or Molina may seek recoupment.

If a Molina auditor is denied access to the Provider's records, all of the Claims for which the Provider received payment from Molina is immediately due and owing. If the Provider fails to provide all requested documentation for any claim, the entire amount of the paid Claim is immediately due and owing. Molina may offset such amounts against any amounts owed by Molina to the Provider. The Provider must comply with all requests for documentation and records timely (as reasonably requested by Molina) and without charge to Molina. Claims for which the Provider fails to furnish supporting documentation during the audit process are not reimbursable and are subject to chargeback.

The Provider acknowledges that HIPAA specifically permits a covered entity, such as the Provider, to disclose protected health information for its own payment purposes (see 45 CFR 164.502 and 45 CFR 164.501). The Provider further acknowledges that in order to receive payment from Molina, the Provider is required to allow Molina to conduct audits of its pertinent records to verify the services performed and the payment claimed and that such audits are permitted as a payment activity of the Provider under HIPAA and other applicable privacy laws.

Claim auditing

Molina shall use established industry Claim adjudication and/or clinical practices, state and federal guidelines, and/or Molina's policies and data to determine the appropriateness of the billing, coding and payment.

The Provider acknowledges Molina's right to conduct pre- and post-payment billing audits. The Provider shall cooperate with Molina's SIU and audits of Claims and payments by providing access at reasonable times to requested Claims information, the Provider's charging policies and other related data as deemed relevant to support the transactions billed. Additionally, Providers are required, by contract and in accordance with the Provider Manual to submit all supporting medical records/documentation as requested. Failure to do so in a timely manner may result in an audit failure and/or denial resulting in an overpayment.

In reviewing medical records for a procedure, Molina reserves the right and where unprohibited by regulation, to select a statistically valid random sample or smaller subset of the statistically valid random sample. This gives an estimate of the proportion of Claims that Molina paid in error. The estimated proportion or error rate may be extrapolated across all Claims to determine the amount of overpayment.

Provider audits may be telephonic, an on-site visit, internal Claims review, client-directed/regulatory investigation and/or compliance reviews and may be vendor-assisted. Molina asks that you provide Molina or Molina's designee, during normal business hours, access to examine, audit, scan and copy any and all records necessary to determine compliance and accuracy of billing.

If Molina's SIU suspects that there is fraudulent or abusive activity, Molina may conduct an on-site audit without notice. Should you refuse to allow access to your facilities, Molina reserves the right to recover the full amount paid or due to you.

Provider education

When Molina identifies, through an audit or other means, a situation with a Provider (e.g., coding, billing) that is either inappropriate or deficient, Molina may determine that a Provider education visit is appropriate.

Molina will notify the Provider of the deficiency and will take steps to educate the Provider, which may include the Provider submitting a CAP to Molina addressing the issues identified and how it will cure these issues moving forward.

Reporting fraud, waste and abuse

Suspected cases of fraud, waste or abuse must be reported to Molina by contacting the Molina Alertline. The Molina Alertline is an external telephone and web-based reporting system hosted by NAVEX Global, a leading provider of compliance and ethics hotline services. The Molina Alertline telephone and web-based reporting is available 24 hours a day, 7 days a week, 365 days a year. When a report is made, callers can choose to remain confidential or anonymous. When calling the Molina Alertline, a trained professional at NAVEX Global will note the caller's concerns and provide them to the Molina Compliance department for follow-up. When electing to use the web-based reporting process, a series of questions will be asked concluding with the submission of the report. Reports to the Molina Alertline can be made from anywhere within the United States with telephone or internet access.

The Molina Alertline can be reached at (866) 606-3889 or you may use the service's website to make a report at any time at MolinaHealthcare.Alertline.com.

Fraud, waste or abuse cases may also be reported to Molina's Compliance department anonymously without fear of retaliation.

Molina Healthcare of Idaho
Attn: Compliance
7050 Union Park Center, Suite 200
Midvale, UT 84047

The following information should be included when reporting:

- Nature of complaint
- The names of individuals and/or entity involved in suspected fraud and/or abuse including address, phone number, Molina Member ID number and any other identifying information

Suspected fraud, waste and abuse may also be reported directly to the state at:

Idaho Office of the Attorney General

700 W. Jefferson Street
PO BOX 83720
Boise, ID 83720-0010

Phone: (208) 334-4100

HIPAA requirements and information

Molina's commitment to patient privacy

Protecting the privacy of Members' personal health information is a core responsibility that Molina takes very seriously. Molina is committed to complying with all federal and state laws regarding the privacy and security of Member's protected health information (PHI).

Provider responsibilities

Molina expects that its contracted Providers will respect the privacy of Molina Members (including Molina Members who are not patients of the Provider) and comply with all applicable laws and regulations regarding the privacy of patient and Member PHI. Molina provides its Members with a privacy notice upon their enrollment in our health plan. The privacy notice explains how Molina uses and discloses their PHI and includes a summary of how Molina safeguards their PHI.

Telehealth/telemedicine Providers: telehealth transmissions are subject to HIPAA-related requirements outlined under state and federal law, including:

- 42 C.F.R. Part 2 regulations
- Certification Criteria Regulations of 45 CFR 170
- Health Information Technology for Economic and Clinical Health Act, (HITECH Act)

Applicable laws

Providers must understand all state and federal health care privacy laws applicable to their practice and organization. Currently, there is no comprehensive regulatory framework that protects all health information in the United States; instead, there is a patchwork of laws that Providers must comply with. In general, most health care Providers are subject to various laws

and regulations pertaining to the privacy of health information, including, without limitation, the following:

1. Federal laws and regulations

- HIPAA
- HITECH
- 42 C.F.R. Part 2
- Medicare and Medicaid laws
- The Affordable Care Act

2. State medical privacy laws and regulations.

Providers should be aware that HIPAA provides a floor for patient privacy but that state laws should be followed in certain situations, especially if the state law is more stringent than HIPAA. Providers should consult with their own legal counsel to address their specific situation.

Artificial intelligence

The Provider shall comply with all applicable state, and federal laws and regulations related to artificial intelligence and the use of artificial intelligence tools (AI). Artificial Intelligence or AI means a machine-based system that can, with respect to a given set of human-defined objectives, input or prompt, as applicable, make predictions, recommendations, data sets, work product (whether or not eligible for copyright protection), or decisions influencing physical or virtual environments. The Provider is prohibited from using AI for any functions that result in a denial, delay, reduction, or modification of covered services to Molina Members including, but not limited to utilization management, prior authorizations, complaints, appeals and grievances, and quality of care services, without review of the denial, delay, reduction or modification by a qualified clinician. In addition, the Provider shall not use AI-generated voice technology, including but not limited to AI voice bots, voice cloning, or synthetic speech systems to initiate or conduct outbound communications to Molina. The prohibition includes, but is not limited to, communications for billing, eligibility verification, prior authorization, or any other administrative function.

Notwithstanding the foregoing, the Provider shall give advance written notice to your Molina Contract Manager (for any AI used by the Provider that may impact the provision of covered services to Molina Members) that describes (i) Providers' use of the AI tool(s) and (ii) how the Provider oversees, monitors and evaluates the performance and legal compliance of such AI tool(s). If the use of AI is approved by Molina, the Provider further agrees to (i) allow Molina to audit Providers' AI use, as requested by Molina from time to time, and (ii) to cooperate with Molina with regard to any regulatory inquiries and investigations related to Providers' AI use related to the provision of covered services to Molina Members.

If you have additional questions, please contact your Molina Contract Manager.

Uses and disclosures of PHI

Member and patient PHI should only be used or disclosed as permitted or required by applicable law. Under HIPAA, a Provider may use and disclose PHI for their own treatment, payment and health care operations activities (TPO) without the consent or authorization of the patient who is the subject of the PHI. Uses and disclosures for TPO apply not only to the Provider's own TPO activities, but also for the TPO of another covered entity¹. Disclosure of PHI by one covered entity to another covered entity or health care Provider, for the recipient's TPO is specifically permitted under HIPAA in the following situations:

1. A covered entity may disclose PHI to another covered entity or a health care Provider for the payment activities of the recipient. Please note that "payment" is a defined term under the HIPAA Privacy Rule that includes, without limitation, utilization review activities, such as preauthorization of services, concurrent review and retrospective review of services².
2. A covered entity may disclose PHI to another covered entity for the health care operations activities of the covered entity that receives the PHI, if each covered entity either has or had a relationship with the individual who is the subject of the PHI being requested, the PHI pertains to such relationship and the disclosure is for the following health care operations activities:
 - Quality improvement
 - Disease management
 - Case management and care coordination
 - Training programs
 - Accreditation, licensing and credentialing

Importantly, this allows Providers to share PHI with Molina for our health care operations activities, such as HEDIS® and quality improvement.

Confidentiality of substance use disorder patient records

Federal Confidentiality of Substance Use Disorder Patient Records under 42 USC § 290dd-2 and 42 CFR Part 2 (collectively, "42 CFR Part 2") apply to any entity or individual providing federally assisted alcohol or drug abuse prevention treatment. "SUD Records" means PHI that includes substance use disorder treatment information that is protected under 42 CFR Part 2. Providers that are Part 2 Programs must comply with the requirements of 42 CFR Part 2, as amended from time to time.

SUD Records are confidential and may be disclosed only as permitted by 42 CFR Part 2. Although HIPAA protects substance use disorder information, 42 CFR Part 2 is more restrictive than HIPAA and does not allow disclosure without the patient's written consent except as set forth in 42 CFR Part 2. Any disclosure of SUD Records to Molina with the written consent of the patient, by a Provider that is a Part 2 Program, must meet the notice requirements of 42 CFR

¹ See Sections 164.506(c) (2) & (3) of the HIPAA Privacy Rule.

² See the definition of Payment, Section 164.501 of the HIPAA Privacy Rule

Part 2, specifically Sections 2.31 and 2.32, and shall include a copy of the patient's consent or a clear explanation of the scope of the consent provided.

Providers that are Part 2 Programs pursuant to 42 CFR Part 2 must promptly inform Molina that they are a Part 2 Program.

Inadvertent disclosures of PHI

Molina may, on occasion, inadvertently misdirect or disclose PHI pertaining to Molina Member(s) who are not the patients of the Provider. In such cases, the Provider shall return or securely destroy the PHI of the affected Molina Members in order to protect their privacy. The Provider agrees to not further use or disclose such PHI and further agrees to provide an attestation of return, destruction and non-disclosure of any such misdirected PHI upon the reasonable request of Molina.

Written authorizations

Uses and disclosures of PHI that are not permitted or required under applicable law require the valid written authorization of the patient. Authorizations should meet the requirements of HIPAA and applicable state law.

Patient rights

Patients are afforded various rights under HIPAA. Molina Providers must allow patients to exercise any of the below-listed rights that apply to the Provider's practice:

- 1. Notice of privacy practices**

Providers that are covered under HIPAA and that have a direct treatment relationship with the patient should provide patients with a notice of privacy practices that explains the patient's privacy rights and the process the patient should follow to exercise those rights. The Provider should obtain a written acknowledgment that the patient received the notice of privacy practices.

- 2. Requests for restrictions on uses and disclosures of PHI**

Patients may request that a health care Provider restrict its uses and disclosures of PHI. The Provider is not required to agree to any such request for restrictions.

- 3. Requests for confidential communications**

Patients may request that a health care Provider communicate PHI by alternative means or at alternative locations. Providers must accommodate reasonable requests from the patient.

- 4. Requests for Patient Access to PHI**

Patients have a right to access their own PHI within a Provider's designated record set. Personal representatives of patients have the right to access the PHI of the subject patient. The designated record set of a Provider includes the patient's medical record,

as well as billing and other records used to make decisions about the Member's care or payment for care.

5. Request to amend PHI

Patients have a right to request that the Provider amend information in their designated record set.

6. Request accounting of PHI disclosures

Patients may request an accounting of disclosures of PHI made by the Provider during the preceding six (6) year period. The list of disclosures does not need to include disclosures made for treatment, payment or health care operations.

HIPAA security

Providers must implement and maintain reasonable and appropriate safeguards to protect the confidentiality, availability and integrity of Molina Member and patient PHI. As more Providers implement electronic health records, Providers need to ensure that they have implemented and maintain appropriate cybersecurity measures. Providers should recognize that identity theft - both financial and medical - is a rapidly growing problem and that their patients trust their health care Providers to keep their most sensitive information private and confidential.

Medical identity theft is an emerging threat in the health care industry. Medical identity theft occurs when someone uses a person's name and sometimes other parts of their identity - such as health insurance information - without the person's knowledge or consent to obtain health care services or goods. Medical identity theft frequently results in erroneous entries being put into existing medical records. Providers should be aware of this growing problem and report any suspected fraud to Molina.

HIPAA transactions and code sets

Molina strongly supports the use of electronic transactions to streamline health care administrative activities. Molina Providers are encouraged to submit Claims and other transactions to Molina using electronic formats. Certain electronic transactions in health care are subject to HIPAA's Transactions and Code Sets Rule including, but not limited to, the following:

- Claims and Encounters
- Member eligibility status inquiries and responses
- Claims status inquiries and responses
- Authorization requests and responses
- Remittance advices

Molina is committed to complying with all HIPAA Transaction and Code Sets standard requirements. Providers should refer to Molina's website at MolinaHealthcare.com for additional information regarding HIPAA standard transactions.

1. Click on the area titled “Health Care Professionals”
2. Click the tab titled “HIPAA”
3. Click on the tab titled “HIPAA Transactions” or “HIPAA Code Sets”

Code sets

HIPAA regulations require that only approved code sets may be used in standard electronic transactions.

National Provider Identifier (NPI)

Providers must comply with the NPI rule promulgated under HIPAA. The Provider must obtain an NPI from NPPES for itself or for any subparts of the Provider. The Provider must report its NPI and any subparts to Molina and to any other entity that requires it. Any changes in its NPI or subparts information must be reported to NPPES within 30 days and should also be reported to Molina within 30 days of the change. Providers must use their NPI to identify it on all electronic transactions required under HIPAA and on all Claims and Encounters submitted to Molina.

Additional requirements for Delegated Providers and Atypical Providers

Providers that are delegated for Claims and utilization management activities (“Delegated Providers”) are the “Business Associates” of Molina for the delegated functions performed on behalf of Molina. Providers that provide services to Molina members but who are not health care providers under HIPAA (“Atypical Providers”) are the Business Associates of Molina. Under HIPAA, Molina must obtain contractual assurances from all Business Associates that they will safeguard Molina Member PHI. Delegated Providers and Atypical Providers must agree to various contractual provisions required under HIPAA’s Privacy and Security rules, including entering into a Business Associate Agreement with Molina. Delegated Providers and Atypical Providers agree to comply with the following HIPAA Business Associate Agreement requirements:

HIPAA Required Business Associate Agreement

Applicability: This HIPAA Required Business Associate Agreement (“BAA”) sets forth the requirements with which the Business Associate must comply when it receives or has access to Protected Health Information (“PHI”) in the performance of Services under the Agreement(s) and with respect to that PHI.

1. DEFINITIONS

Unless otherwise provided for in this BAA, terms used in this BAA shall have the same meanings as set forth in the HIPAA Rules including, but not limited to the following: “Availability,”

“Confidentiality,” “Covered Entity,” “Data Aggregation,” “Designated Record Set,” “Health Care Operations,” “Integrity,” “Minimum Necessary,” “Notice of Privacy Practices,” “Required By Law,” “Secretary,” and “Subcontractor.” Specific definitions are as follows:

“Breach” shall have the same meaning as the term “breach” at 45 CFR 164.402.

“Business Associate” shall have the same meaning as the term “business associate” at 45 CFR 160.103 and in reference to the party to this BAA, shall mean the Provider subject to this BAA.

“Compliance Date” shall mean, in each case, the date by which compliance is required under the referenced provision of the HIPAA, the HITECH Act or the HIPAA Rules, as applicable; provided that, in any case for which that date occurs prior to the effective date of this BAA, the Compliance Date shall mean the effective date of this BAA.

“Covered Entity” or “Molina” shall mean Molina Healthcare of Idaho.

“Electronic Protected Health Information” or “Electronic PHI” shall have the same meaning as the term “electronic protected health information” at 45 CFR 160.103.

“HIPAA Rules” shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 CFR Part 160 and Part 164.

“Party or Parties” shall mean Covered Entity and Business Associate who parties to this BAA.

“Protected Health Information” or “PHI” shall have the same meaning as the term “protected health information” at 45 CFR 160.103.

“Privacy Rule” means the Standards for Privacy of Individually Identifiable Health Information, set forth at 45 CFR Parts 160 and 164.

“Security Incident” shall have the same meaning as the term “security incident” at 45 CFR 164.304.

“Security Rule” means the Security Standards for the Protection of Electronic Protected Health Information, set forth at 45 CFR Parts 160 and 164.

“Services” shall mean, to the extent and only to the extent they involve the creation, use, maintenance, transmission, or disclosure of PHI, the services provided by the Business Associate to Molina under the Agreement(s), including those set forth in this BAA, as amended by written consent of the parties from time to time.

“SUD Records” means PHI that includes substance use disorder treatment information that is protected under 42 USC §290dd-2 and 42 CFR Part 2 (collectively, “42 CFR Part 2”).

“Unsecured PHI” shall have the same meaning as the term “unsecured Protected Health Information” at 45 CFR 164.402.

2. GENERAL PROVISIONS

2.1 **Effect.** This BAA supersedes any prior business associate agreement between the Parties and those portions of any Agreement between the Parties that involve the disclosure of PHI by Molina to Business Associate. To the extent any conflict or inconsistency between this BAA and the terms and conditions of any Agreement exists, the terms of this BAA shall prevail.

2.2 **Amendment.** Molina may, without Business Associate's consent, amend this BAA to maintain consistency and/or compliance with any state or federal law, policy, directive, regulation, or government sponsored program requirement, upon forty-five (45) business days' notice to the Business Associate unless a shorter timeframe is necessary for compliance. Molina may otherwise materially amend this BAA only after forty-five (45) business days prior written notice to the Business Associate and only if mutually agreed to by the Parties as evidenced by the amendment being executed by each Party hereto. If the Parties fail to execute a mutually agreeable amendment within forty-five (45) days of the Business Associate's receipt of Molina's written notice to amend this BAA, Molina shall have the right to immediately terminate this BAA and any Agreement(s) between the Parties which may require the Business Associate's use or disclosure of PHI in performance of services described in such Agreement(s) on behalf of Molina.

3. SCOPE OF USE AND DISCLOSURE

3.1 The Business Associate may use or disclose PHI as required to provide Services and satisfy its obligations under the Agreement(s), if such use or disclosure of PHI would not violate the Privacy Rule.

3.2 The Business Associate may not use or further disclose PHI in a manner that would violate the Privacy Rule if done by Molina, except that the Business Associate may use or disclose PHI as necessary:

- a. for the proper management and administration of the Business Associate as provided in Section 3.3; and
- b. to provide Data Aggregation services relating to the Health Care Operations of Molina if required under the Agreement.

3.3 The Business Associate may use or disclose PHI for the proper management and administration of the Business Associate or to carry out the legal responsibilities of the Business Associate. Any disclosures of PHI under this section may be made only if:

- a. the disclosures are required by law, or
- b. the Business Associate obtains reasonable assurances from the person to whom the PHI is disclosed that the PHI will remain confidential and used or further disclosed only as required by law or for the purposes for which it was disclosed to the person, and the person notifies the Business Associate of any instances of which it is aware in which the confidentiality of the PHI has been breached.

3.4 The Business Associate shall not request, use or release more than the Minimum Necessary amount of PHI required to accomplish the purpose of the use or disclosure and shall comply with 42 U.S.C. § 17935(b) as of its Compliance Date. The Business Associate hereby acknowledges that all PHI created or received from, or on behalf of, Molina, is as between the Parties, the sole property of Molina.

3.5 The Business Associate or its agents or Subcontractors shall not perform any work outside the United States of America that involves access to, use of, or disclosure of, PHI without the prior written consent of Molina in each instance. Further, the Business Associate or its agents or Subcontractors shall not transmit or store PHI outside of the United States of America without Molina's prior written consent.

3.6 The Business Associate agrees to be fully bound by the requirements of 42 CFR Part 2 upon receipt of any SUD Records disclosed under this Agreement. The Business Associate shall not use or disclose SUD Records except as necessary for the Business Associate to perform Services. The Business Associate shall not redisclose any SUD Records to a third party, except to a contract agent acting on the Business Associate's behalf to provide Services or back to Molina. The contract agent may only redisclose such information to the Business Associate or Molina. The Business Associate and any contract agent shall not disclose SUD Records for use in any civil, criminal, administrative or legislative proceeding against the individual who is the subject of the SUD Record and shall immediately notify Molina of any such request. The Business Associate must ensure that any such contract agent agrees in writing to these same restrictions and obligations set forth in this Section.

4. OBLIGATIONS OF THE BUSINESS ASSOCIATE

The Business Associate shall:

4.1 Not use or disclose PHI other than permitted or required by this BAA or as Required by Law.

4.2 Establish and use appropriate safeguards to prevent the unauthorized use or disclosure of PHI.

4.3 Implement administrative, physical, and technical safeguards that reasonably and appropriately protect the Confidentiality, Integrity, and Availability of the Electronic PHI that it creates, receives, maintains, or transmits on behalf of Molina. The Business Associate shall, as of the Compliance Date, comply with the applicable standards at Subpart C of 45 CFR Part 164.

4.4 Promptly report to Molina any unauthorized use or disclosure of PHI, Breach of Unsecured PHI, or Security Incident, within no more than five (5) days, after Business Associate becomes aware of the unauthorized use or disclosure of PHI, Breach of Unsecured PHI or Security Incident. The Business Associate shall take all reasonable steps to mitigate any harmful effects of such unauthorized use or disclosure, Breach of Unsecured PHI, or Security Incident. The Business Associate shall indemnify Molina against any losses, damages, expenses or other

liabilities including reasonable attorney's fees incurred as a result of the Business Associate's or its agent's or Subcontractor's unauthorized use or disclosure of PHI, Breach of Unsecured PHI, or Security Incident, including, but not limited to, the costs of notifying individuals affected by a Breach of Unsecured PHI and the provision of two years of credit monitoring and identity protection services to the affected individuals. Indemnification is subject to an ability to demonstrate that no agency relationship exists between the parties.

4.5 The Business Associate shall, following discovery of a Breach of Unsecured PHI, notify Molina of such Breach as required at 45 CFR 164.410, without unreasonable delay, and in no event more than thirty (30) days after the discovery of the Breach. The notification by the Business Associate to Molina shall include: (1) the identification of each individual whose Unsecured PHI was accessed, acquired, used or disclosed during the Breach; and (2) any other available information that Molina is required to include in its notification to individuals affected by the Breach including, but not limited to, the following:

- a. a brief description of what happened, including the date of the Breach and the date of the discovery of the Breach;
- b. a description of the types of Unsecured PHI that were involved in the Breach; and
- c. a brief description of what the Business Associate is doing to investigate the Breach, to mitigate harm to individuals, and to protect against any further Breaches.

4.6 In accordance with 45 CFR 164.502(e)(1)(ii) and 164.308(b)(2), if applicable, ensure that any Subcontractors or agents that create, receive, maintain, or transmit PHI on behalf of the Business Associate agree to the same restrictions, conditions, and requirements that apply to the Business Associate with respect to such information.

4.7 Within ten (10) days of receiving a request, make available PHI in a Designated Record Set to Molina as necessary to satisfy Molina's obligations under 45 CFR 164.524.

4.8 Within fifteen (15) days of receiving a request, make any amendment(s) to PHI in a Designated Record Set as directed or agreed to by Molina pursuant to 45 CFR 164.526.

4.9 Maintain and make available to Molina, within twenty (20) days of receiving a request, the information required to provide an accounting of disclosures to the individual as necessary to satisfy Molina's obligations under 45 CFR 164.528.

4.10 Make its internal practices, books and records relating to the use or disclosure of PHI received from or on behalf of Molina available to Molina or the U. S. Secretary of Health and Human Services for purposes of determining compliance with the HIPAA Rules.

4.11 To the extent the Business Associate conducts Standard Transaction(s) (as defined in the HIPAA Rules) on behalf of Molina, Business Associate shall comply with the HIPAA Rules, “Administrative Requirements,” 45 C.F.R. Part 162, by the applicable compliance date(s) and shall not: (a) change the definition, data condition or use of a data element or segment in a standard; (b) add any data elements or segments to the maximum defined data set; (c) use any code or data elements that are either marked “not used” in the standard’s implementation specification or are not in the standard’s implementation specification(s); or (d) change the meaning or intent of the standard’s implementation specifications. The Business Associate shall comply with any applicable certification and compliance requirements (and provide the Secretary with adequate documentation of such compliance) under subsection (h) of Title 42 U.S.C. Section 1320d-2.

4.12 To the extent the Business Associate is to carry out one or more of Molina’s obligation(s) under Subpart E of 45 CFR Part 164, comply with the requirements of Subpart E that apply to Molina in the performance of such obligation(s).

5. MISCELLANEOUS

5.1 Indemnification. In addition to any indemnities set forth in the Agreement(s), each party will indemnify and defend the other party from and against any and all claims, losses, damages, expenses or other liabilities, including reasonable attorney’s fees, incurred as a result of any breach by such party of any representation, warranty, covenant, agreement or other obligation expressly contained herein by such party, its employees, agents, Subcontractors or other representatives.

5.2 Interpretation. Any ambiguity in this BAA shall be interpreted to permit compliance with the HIPAA Rules.

5.3 No Third Party Beneficiaries. Nothing express or implied in this BAA is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

5.4 Governing Law and Venue. This BAA shall be governed by Idaho law notwithstanding any conflicts of law provisions to the contrary. The venue shall be the jurisdiction where the applicable services were received by Molina.

5.5 Compliance with Confidentiality Laws. The Business Associate acknowledges that it must comply with all applicable laws that may protect the confidentiality of PHI or other personally identifiable information received and will comply with all such laws.

5.6 Notices. Any notices to be given hereunder to Molina shall be made via certified U.S. Mail or express courier to Molina’s address given below, and/or (other than for the delivery of fees) via email to the email listed below:

Molina Healthcare, Inc.

200 Oceangate Blvd., Suite 100
Long Beach, CA 90802
Attn: Privacy Official

Email: PrivacyOfficial@MolinaHealthcare.com

6. TERM AND TERMINATION OF BAA

6.1 Term. The Term of this BAA shall be effective as of the effective date set forth in the first paragraph of this BAA, and shall terminate on date that the last Agreement remaining in force between the parties is terminated or expires, or on the date Molina terminates for cause as authorized in paragraph 6.2 below, whichever is sooner.

6.2 Termination for Cause. Notwithstanding any other provision of this BAA or the Agreement(s), Molina may terminate this BAA and any or all Agreement(s) upon five (5) days written notice to Business Associate if Molina determines, in its sole discretion, that Business Associate has violated a material term of this BAA.

6.3 Obligations of Business Associate Upon Termination. Upon termination of this BAA for any reason, Business Associate shall return to Molina or, if agreed to by Molina, destroy all PHI received from Molina, or created, maintained, or received by Business Associate on behalf of Molina, that the Business Associate still maintains in any form. If PHI is destroyed, Business Associate agrees to provide Molina with certification of such destruction. Business Associate shall not retain any copies of PHI except as Required by Law. If return or destruction of all PHI, and all copies of PHI, received from Molina, or created, maintained, or received by Business Associate on behalf of Molina, is not feasible, Business Associate shall:

- a. Continue to use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic PHI to prevent use or disclosure of the PHI, other than as provided for in this Section 6, for as long as Business Associate retains the PHI; and
- b. Not use or disclose the PHI retained by Business Associate other than for the purposes for which such PHI was retained and subject to the same conditions set forth in Section 3 above which applied prior to termination.

6.4 Survival. The obligations of Business Associate under this Section shall survive the termination of this BAA and remain in force as long as Business Associate stores or maintains PHI in any form or format (including archival data). Termination of the BAA shall not affect any of the provisions of this BAA that, by wording or nature, are intended to remain effective and to continue in operation.

Reimbursement for copies of PHI

Molina does not reimburse Providers for copies of PHI related to our Members. These requests may include, although are not limited to, the following purposes:

- Utilization management
- Care coordination and/or complex medical care management services
- Claims review
- Resolution of an appeal and/or grievance
- Anti-fraud program review
- Quality of care issues
- Regulatory audits
- Risk adjustment
- Treatment, payment and/or operation purposes
- Collection of HEDIS® medical records

Information security and cybersecurity

NOTE: This section (Information Security and Cybersecurity) is only applicable to Providers who have been delegated by Molina to perform a health plan function(s) and in connection with such delegated functions.

1. Definitions:

- (a) “Molina Information” means any information: (i) provided by Molina to Provider; (ii) accessed by Provider or available to Provider on Molina’s Information Systems; or (iii) any information with respect to Molina or any of its consumers developed by Provider or other third parties in Provider’s possession, including without limitation any Molina Nonpublic Information.
- (b) “Cybersecurity Event” means any actual or reasonably suspected contamination, penetration, unauthorized access or acquisition or other breach of confidentiality, data integrity or security compromise of a network or server resulting in the known or reasonably suspected accidental, unauthorized or unlawful destruction, loss, alteration, use, disclosure of or access to Molina Information. For clarity, a Breach or Security Incident as these terms are defined under HIPAA constitute a Cybersecurity Event for the purpose of this section. Unsuccessful security incidents, which are activities such as pings and other broadcast attacks on Provider’s firewall, port scans, unsuccessful log-on attempts, denials of service and any combination of the above, do not constitute a Cybersecurity Event under this definition so long as no such incident results in or is reasonably suspected to have resulted in unauthorized access, use, acquisition or disclosure of Molina Information or sustained interruption of service obligations to Molina.
- (c) “HIPAA” means the Health Insurance Portability and Accountability Act, as may be amended from time to time.

- (d) "HITECH" means the Health Information Technology for Economic and Clinical Health Act, as may be amended from time to time.
- (e) "Industry Standards" mean as applicable, codes, guidance (from regulatory and advisory bodies, whether mandatory or not), international and national standards, relating to security of network and information systems and security breach and incident reporting requirements, all as amended or updated from time to time and including but not limited to the current standards and benchmarks set forth and maintained by the following, in accordance with the latest revisions and/or amendments:
 - i. HIPAA and HITECH
 - ii. HITRUST Common Security Framework
 - iii. Center for Internet Security
 - iv. National Institute for Standards and Technology ("NIST") Special Publications 800.53 Rev.5 and 800.171 Rev. 1 or as currently revised
 - v. Federal Information Security Management Act ("FISMA")
 - vi. ISO/ IEC 27001
 - vii. Federal Risk and Authorization Management Program ("FedRamp")
 - viii. NIST Special Publication 800-34 Revision 1 – "Contingency Planning Guide for Federal Information Systems."
 - ix. International Organization for Standardization (ISO) 22301 – "Societal security – Business continuity management systems – Requirements."
- (f) "Information Systems" means all computer hardware, databases and data storage systems, computer, data, database and communications networks (other than the Internet), cloud platform, architecture interfaces and firewalls (whether for data, voice, video or other media access, transmission or reception) and other apparatus used to create, store, transmit, exchange or receive information in any form.
- (g) "Multi-Factor Authentication" means authentication through verification of at least two of the following types of authentication factors: (1) knowledge factors, such as a password; (2) possession factors, such as a token or text message on a mobile phone; (3) inherence factors, such as a biometric characteristic; or (4) any other industry standard and commercially accepted authentication factors.
- (h) "Nonpublic Information" includes:
 - i. Molina's proprietary and/or confidential information,
 - ii. Personally Identifiable Information as defined under applicable state data security laws, including, without, limitation, "nonpublic personal information," "personal data," "personally identifiable information," "personal information" or any other similar term as defined pursuant to any applicable law; and
 - iii. Protected Health Information as defined under HIPAA and HITECH.

2. Information Security and Cybersecurity Measures. Provider shall implement and at all times maintain, appropriate administrative, technical and physical measures to protect and secure the Information Systems, as well as Nonpublic Information stored thereon and Molina Information that are accessible to or held by Provider. Such measures shall conform to generally recognized industry standards and best practices and shall comply with applicable privacy and data security laws, including implementing and maintaining administrative, technical and physical safeguards pursuant to HIPAA, HITECH and other applicable U.S. federal, state and local laws.
- (a) Policies, Procedures and Practices. Provider must have policies, procedures and practices that address its information security and cybersecurity measures, safeguards and standards, including as applicable, a written information security program, which Molina shall be permitted to audit via written request, and which shall include at least the following:
- i. Access Controls. Access controls, including Multi-Factor Authentication, to limit access to the Information Systems and Molina Information accessible to or held by Provider.
 - ii. Encryption. Use of encryption to protect Molina Information, in transit and at rest, accessible to or held by Provider.
 - iii. Security. Safeguarding the security of the Information Systems and Molina Information accessible to or held by Provider, which shall include hardware and software protections such as network firewall provisioning, intrusion and threat detection controls designed to protect against malicious code and/or activity, regular (three or more annually) third party vulnerability assessments, physical security controls and personnel training programs that include phishing recognition and proper data management hygiene.
 - iv. Software Maintenance. Software maintenance, support, updates, upgrades, third party software components and bug fixes such that the software is and remains, secure from vulnerabilities in accordance with the applicable Industry Standards.
- (b) Technical Standards. Provider shall comply with the following requirements and technical standards related to network and data security:
- i. Network Security. Network security shall conform to generally recognized industry standards and best practices. Generally recognized industry standards include, but are not limited to, the applicable Industry Standards.
 - ii. Cloud Services Security: If Provider employs cloud technologies, including infrastructure as a service (IaaS), software as a service (SaaS) or platform as a service (PaaS), for any services, Provider shall adopt a “zero-trust architecture” satisfying the requirements described in NIST 800-207 (or any successor cybersecurity framework thereof).
 - iii. Data Storage. Provider agrees that any, and all Molina Information will be stored, processed and maintained solely on designated target servers or

cloud resources. No Molina Information at any time will be processed on or transferred to any portable or laptop computing device or any portable storage medium, unless that device or storage medium is in use as part of the Provider's designated backup and recovery processes and is encrypted in accordance with the requirements set forth herein.

- iv. Data Encryption. Provider agrees to store all Molina Information as part of its designated backup and recovery processes in encrypted form, using a commercially supported encryption solution. Provider further agrees that any and all Molina Information stored on any portable or laptop computing device or any portable storage medium be likewise encrypted. Encryption solutions will be deployed with no less than a 128-bit key for symmetric encryption, a 1024 (or larger) bit key length for asymmetric encryption and the Federal Information Processing Standard Publication 140-2 ("FIPS PUB 140-2").
- v. Data Transmission. Provider agrees that any and all electronic transmission or exchange of system and application data with Molina and/or any other parties expressly designated by Molina shall take place via secure means (using HTTPS or SFTP or equivalent) and solely in accordance with FIPS PUB 140-2 and the Data Re-Use requirements set forth herein.
- vi. Data Re-Use. Provider agrees that any and all Molina Information exchanged shall be used expressly and solely for the purposes enumerated in the Provider Agreement with Molina and this section. Data shall not be distributed, repurposed or shared across other applications, environments or business units of Provider. Provider further agrees that no Molina Information or data of any kind shall be transmitted, exchanged or otherwise passed to other affiliates, contractors or interested parties, except on a case-by-case basis as specifically agreed to in advance and in writing by Molina.

3. Business Continuity ("BC") and Disaster Recovery ("DR"). Provider shall have documented procedures in place to ensure continuity of Provider's business operations, including disaster recovery, in the event of an incident that has the potential to impact, degrade or disrupt Provider's delivery of services to Molina.

(a) Resilience Questionnaire. Provider shall complete a questionnaire provided by Molina to establish Provider's resilience capabilities.

(b) BC/DR Plan.

- (i) Provider's procedures addressing continuity of business operations, including disaster recovery, shall be collected and/or summarized in a documented BC and DR plan or plans in written format ("BC/DR Plan"). The BC/DR Plan shall identify the service level agreement(s) established between Provider and Molina. The BC/DR Plan shall include the following:

- a) Notification, escalation and declaration procedures.
 - b) Roles, responsibilities and contact lists.
 - c) All Information Systems that support services provided to Molina.
 - d) Detailed recovery procedures in the event of the loss of people, processes, technology and/or third parties or any combination thereof providing services to Molina.
 - e) Recovery procedures in connection with a Cybersecurity Event, including ransomware.
 - f) Detailed list of resources to recover services to Molina including but not limited to: applications, systems, vital records, locations, personnel, vendors and other dependencies.
 - g) Detailed procedures to restore services from a Cybersecurity Event including ransomware.
 - h) Documented risk assessment which shall address and evaluate the probability and impact of risks to the organization and services provided to Molina. Such risk assessment shall evaluate natural, man-made, political and cybersecurity incidents.
- (ii) To the extent that Molina Information is held by Provider, Provider shall maintain backups of such Molina Information that are adequately protected from unauthorized alterations or destruction consistent with applicable Industry Standards.
 - (iii) Provider shall develop information technology disaster recovery or systems contingency plans consistent with applicable Industry Standards and in accordance with all applicable laws.
- (c) Notification. Provider shall notify Molina's Chief Information Security Officer by telephone and email (provided herein) as promptly as possible, but not to exceed 24 hours, of either of the following:
- i. Provider's discovery of any potentially disruptive incident that may impact or interfere with the delivery of services to Molina or that detrimentally affects Provider's Information Systems or Molina's Information.
 - ii. Provider's activation of business continuity plans. Provider shall provide Molina with regular updates by telephone or email (provided herein) on the situation and actions taken to resolve the issue, until normal services have been resumed.
- (d) BC and DR Testing. For services provided to Molina, Provider shall exercise its BC/DR Plan at least once each calendar year. Provider shall exercise its cybersecurity recovery procedures at least once each calendar year. At the conclusion of the exercise, Provider shall provide Molina a written report in electronic format upon request. At a minimum, the written report shall include the date of the test(s), objectives, participants, a description of activities performed, results of the activities, corrective actions identified and modifications to plans based on results of the exercise(s).

4. Cybersecurity Events.

- (a) Provider agrees to comply with all applicable data protection and privacy laws and regulations. Provider will implement best practices for incident management to identify, contain, respond to and resolve Cybersecurity Events.
- (b) In the event of a Cybersecurity Event that threatens or affects Molina's Information Systems (in connection with Provider having access to such Information Systems); Provider's Information Systems; or Molina Information accessible to or held by Provider, Provider shall notify Molina's Chief Information Security Officer of such event by telephone and email as provided below (with follow-up notice by mail) as promptly as possible, but in no event later than 24 hours from Provider's discovery of the Cybersecurity Event.
 - i. In the event that Provider makes a ransom or extortion payment in connection with a Cybersecurity Event that involves or may involve Molina Information, Provider shall notify Molina's Chief Information Security Officer (by telephone and email, with follow-up notice by mail) within 24 hours following such payment.
 - ii. Within 15 days of such a ransom payment that involves or may involve Molina Information, Provider shall provide a written description of the reasons for which the payment was made, a description of alternatives to payment considered, a description of due diligence undertaken to find alternatives to payment and evidence of all due diligence and sanctions checks performed in compliance with applicable rules and regulations, including those of the Office of Foreign Assets Control.
- (c) Notification to Molina's Chief Information Security Officer shall be provided to:
Molina Chief Information Security Officer
Telephone: (844) 821-1942
Email: CyberIncidentReporting@Molinahealthcare.com
Molina Chief Information Security Officer
Molina Healthcare, Inc.
200 Oceangate Blvd., Suite 100
Long Beach, CA 90802
- (d) In the event of a Cybersecurity Event, Provider will, at Molina's request, (i) fully cooperate with any investigation concerning the Cybersecurity Event by Molina, (ii) fully cooperate with Molina to comply with applicable law concerning the Cybersecurity Event, including any notification to consumers and (iii) be liable for any expenses associated with the Cybersecurity Event including without limitation: (a) the cost of any required legal compliance (e.g., notices required by applicable law) and (b) the cost of providing two (2) years of credit monitoring services or other assistance to affected consumers. In no event will Provider serve any notice of or otherwise publicize a Cybersecurity Event involving Molina Information without the prior written consent of Molina.

- (e) Following notification of a Cybersecurity Event, Provider must promptly provide Molina any documentation requested by Molina to complete an investigation, or, upon request by Molina, complete an investigation pursuant to the following requirements:
 - i. make a determination as to whether a Cybersecurity Event occurred,
 - ii. assess the nature and scope of the Cybersecurity Event,
 - iii. identify Molina's Information that may have been involved in the Cybersecurity Event; and
 - iv. perform or oversee reasonable measures to restore the security of the Information Systems compromised in the Cybersecurity Event to prevent further unauthorized acquisition, release or use of Molina Information.
- (f) Provider must provide Molina the following required information regarding a Cybersecurity Event in electronic form. Provider shall have a continuing obligation to update and supplement the initial and subsequent notifications to Molina concerning the Cybersecurity Event. The information provided to Molina must include at least the following, to the extent known:
 - i. the date of the Cybersecurity Event;
 - ii. a description of how the information was exposed, lost, stolen or breached;
 - iii. how the Cybersecurity Event was discovered;
 - iv. whether any lost, stolen or breached information has been recovered and if so, how this was done;
 - v. the identity of the source of the Cybersecurity Event;
 - vi. whether Provider has filed a police report or has notified any regulatory, governmental or law enforcement agencies and, if so, when such notification was provided;
 - vii. a description of the specific types of information accessed or acquired without authorization, which means particular data elements including, for example, types of medical information, types of financial information or types of information allowing identification of the consumer;
 - viii. the period during which the Information System was compromised by the Cybersecurity Event;
 - ix. the number of total consumers in each state affected by the Cybersecurity Event;
 - x. the results of any internal review identifying a lapse in either automated controls or internal procedures or confirming that all automated controls or internal procedures were followed;
 - xi. a description of efforts being undertaken to remediate the situation which permitted the Cybersecurity Event to occur;
 - xii. a copy of Provider's privacy policy and a statement outlining the steps Provider will take to investigate and if requested by Molina, the steps that Provider will take to notify consumers affected by the Cybersecurity Event; and

- xiii. the name of a contact person who is familiar with the Cybersecurity Event and authorized to act on behalf of Provider.
 - (g) Provider shall maintain records concerning all Cybersecurity Events for a period of at least five (5) years from the date of the Cybersecurity Event or such longer period as required by applicable laws and produce those records upon Molina's request.
5. Right to Conduct Assessments; Provider Warranty. Provider agrees to fully cooperate with any security risk assessments performed by Molina and/or any designated representative or vendor of Molina. Provider agrees to promptly provide accurate and complete information with respect to such security risk assessments. If Molina performs a due diligence/security risk assessment of Provider, Provider (i) warrants that the services provided pursuant to the Provider Agreement with Molina will be in compliance with generally recognized industry standards and as provided in Provider's response to Molina's due diligence/security risk assessment questionnaire; (ii) agrees to inform Molina promptly of any material variation in operations from what was provided in Provider's response to Molina's due diligence/security risk assessment; and (iii) agrees that any material deficiency in operations from those as described in the Provider's response to Molina's due diligence/security risk assessment questionnaire may be deemed a material breach of the Provider Agreement with Molina.
6. Other Provisions. Provider acknowledges that there may be other information security and data protection requirements applicable to Provider in the performance of services which may be addressed in an agreement between Molina and Provider but are not contained in this section.
7. Conflicting Provisions. In the event of any conflict between the provisions of this section and any other agreement between Molina and Provider, the stricter of the conflicting provisions will control.

12. CLAIMS AND COMPENSATION

Payer ID	61799
Availity Essentials portal	Availity.com/providers
Clean Claim Timely Filing	Please refer to your Provider Agreement with Molina for Timely Filing timeframe(s).

Electronic Claim submission

Molina strongly encourages participating Providers to submit Claims electronically, including secondary Claims. Electronic Claim submission provides significant benefits to the Provider including:

- Helps to reduce operation costs associated with paper Claims (printing, postage, etc.)
- Increases accuracy of data and efficient information delivery
- Reduces Claim delays since errors can be corrected and resubmitted electronically
- Eliminates mailing time and Claims reach Molina faster

Molina offers the following electronic Claim submission options:

- Submit Claims directly to Molina via the [Availity Essentials portal](https://www.availity.com/providers)
- Submit Claims to Molina via your regular EDI clearinghouse using Payer ID 61799.

Availity Essentials portal

The [Availity Essentials portal](https://www.availity.com/providers) is a no-cost online platform that offers a number of Claim processing features:

- Submit Professional (CMS-1500) and Institutional (CMS-1450 [UB04]) Claims with attached files
- Correct/void Claims
- Add attachments to previously submitted Claims
- Check Claim status
- View ERA and EOP
- Create and manage Claim templates
- Create and submit a Claim appeal with attached files
- Manage overpayment invoices (Inquire, Dispute and Resolve)

Clearinghouse

Molina uses the SSI Group as its gateway clearinghouse. The SSI Group has relationships with hundreds of other clearinghouses. Typically, Providers can continue to submit Claims to their usual clearinghouse.

If you do not have a Clearinghouse, Molina offers additional electronic Claim submission options as shown by logging on to the [Availity Essentials portal](#).

Molina accepts EDI transactions through our gateway clearinghouse for Claims via the 837P for Professional and 837I for institutional. It is important to track your electronic transmissions using your acknowledgement reports. The reports assure Claims are received for processing in a timely manner.

When your Claims are filed via a clearinghouse:

- You should receive a 999 acknowledgement from your clearinghouse
- You should also receive 277CA response file with initial status of the Claim from your clearinghouse
- You should refer to the Molina Companion Guide for information on the response format and messages
- You should contact your local clearinghouse representative if you experience any problems with your transmission

EDI Claim submission issues

Providers who are experiencing EDI submission issues should work with their clearinghouse to resolve this issue. If the Provider's clearinghouse is unable to resolve, the Provider should contact their Provider Relations representative for additional support.

Timely Claim filing

Providers shall promptly submit to Molina Claims for covered services rendered to Members. All Claims shall be submitted in a form acceptable to and approved by Molina and shall include all medical records pertaining to the Claim if requested by Molina or otherwise required by Molina's policies and procedures. Specific information regarding timeframe in which claims must be submitted by Provider to Molina can be found in your Provider Service Agreement (PSA). The timeframe for claims submission can be found in your PSA includes the requirements for when Molina is the primary and/or secondary payer. Except as otherwise provided by law or provided by government program requirements, any Claims that are not submitted to Molina within these timelines shall not be eligible for payment and Provider hereby waives any right to payment.

Claim submission

Participating Providers are required to submit Claims to Molina with appropriate documentation. Providers must follow the appropriate state and CMS Provider billing guidelines. Providers must utilize electronic billing through a clearinghouse or the [Availity Essentials portal](#) whenever possible and use current HIPAA-compliant American National Standards Institute (ANSI) X 12N format (e.g., 837I for institutional Claims, 837P for professional Claims and 837D for dental Claims) and use electronic Payer ID number 61799. For Members

assigned to a delegated medical group/IPA that processes its own Claims, please verify the Claim submission instructions on the Molina Member ID card.

Providers must bill Molina for services with the most current CMS-approved diagnostic and procedural coding available as of the date the service was provided or for inpatient facility Claims, the date of discharge.

National provider identifier (NPI)

A valid NPI is required on all Claim submissions. Providers must report any changes in their NPI or subparts to Molina as soon as possible, not to exceed 30 calendar days from the change. Molina supports the CMS recommendations around NPPES data verification and encourages our Provider network to verify Provider data via nppes.cms.hhs.gov. Molina may validate the NPI submitted in a Claim transaction is a valid NPI and is recognized as part of the NPPES data.

Required elements

Electronic submitters should use the Implementation Guide and Molina Companion Guide for format and code set information when submitting or receiving files directly with Molina. In addition to the Implementation Guide and Companion Guide, electronic submitters should use the appropriate state-specific Companion Guides and Provider Manuals. These documents are subject to change as new information is available. Please check the Molina website at MolinaHealthcare.com under EDI>Companion Guides for regularly updated information regarding Molina's companion guide requirements. Be sure to choose the appropriate state from the drop-down list on the top of the page. In addition to the Molina Companion Guide, it is also necessary to use the state Health Plan-specific companion guides, which are also available on our Molina website for your convenience (remember to choose the appropriate state from the drop-down list).

Electronic Claim submission will adhere to specifications for submitting medical Claims data in standardized Accredited Standards Committee (ASC) X12N 837 formats. Electronic Claims are validated for compliance with Strategic National Implementation Process (SNIP) levels 1-7.

The following information must be included on every Claim, whether electronic or paper:

- Member name, date of birth and Molina Member ID number
- Member's gender
- Member's address
- Date(s) of service
- Valid International Classification of Diseases diagnosis and procedure codes
- Valid revenue, CPT or HCPCS for services or items provided
- Valid Diagnosis Pointers
- HIPAA-compliant CPT, HCPCS and modifier code sets
- Total billed charges
- Place and type of service code

- Days or units as applicable (anesthesia Claims require minutes)
- Provider tax identification number (TIN)
- 10-digit National Provider Identifier (NPI) or Atypical Provider Identifier (API)
- 10-digit National Provider Identifier (NPI) of the Billing Provider or Group
- Rendering Provider information when different than billing
- Billing/Pay-to Provider name and billing address
- Place of service and type (for facilities)
- Disclosure of any other health benefit plans
- National Drug Code (NDC), NDC Units, Units of Measure and Days or Units for medical injectables
- E-signature
- Service facility location information
- Any other state-required data

Provider and Member data will be verified for accuracy and active status. Be sure to validate this data in advance of Claim submission. This validation will apply to all Provider data submitted and also applies to atypical and out-of-state Providers.

Inaccurate, incomplete or untimely submissions and re-submissions may result in denial of the Claim.

EDI (clearinghouse) submission

Corrected Claim information submitted via EDI submission is required to follow electronic Claim standardized ASC X12N 837 formats. Electronic Claims are validated for compliance with SNIP levels 17. The 837 Claim format allows you to submit changes to Claims that were not included on the original adjudication.

The 837 Implementation Guides refer to the National Uniform Billing Data Element Specifications Loop 2300 CLM05-3 for explanation and usage. In the 837 formats, the codes are called “Claim frequency codes.” Using the appropriate code, you can indicate that the Claim is an adjustment of a previously submitted finalized Claim. Use the below frequency codes for Claims that were previously adjudicated.

Claim frequency code	Description	Action
7	Use to replace an entire Claim.	Molina will adjust the original Claim. The corrections submitted represent a complete replacement of the previously processed Claim.
8	Use to eliminate a previously submitted Claim.	Molina will void the original Claim from records based on request.

When submitting Claims noted with Claim frequency code 7 or 8, the original Claim number must be submitted in Loop 2300 REF02 – Payer Claim Control Number with qualifier F8 in REF01. The original Claim number can be obtained from the 835 ERA. Without the original Claim number adjustment requests will generate a compliance error and the Claim will be rejected.

Claim corrections submitted without the appropriate frequency code will be denied as a duplicate and the original Claim number will not be adjusted.

Paper Claim submission

Participating Providers should submit Claims electronically. If electronic Claim submission is not possible, please submit paper Claims to the following address:

Molina Healthcare of Idaho
PO Box 22630
Long Beach, CA 90801

When submitting paper Claims:

- Paper Claim submissions are not considered to be “accepted” until received at the appropriate Claims PO Box; Claims received outside of the designated PO Box will be returned for appropriate submission.
- Paper Claims are required to be submitted on original red and white CMS-1500 and CMS-1450 (UB-04) Claim forms.
- Paper Claims not submitted on the required forms will be rejected and returned. This includes black and white forms, copied forms and any altering to include Claims with handwriting.
- Claims must be typed with either 10 or 12-point Times New Roman font, using black ink.
- Link to paper Claims submission guidance from CMS:
cms.gov/Medicare/Billing/ElectronicBillingEDITrans/1500

Corrected Claim process

Providers may correct any necessary field of the CMS-1500 and CMS-1450 (UB-04) forms.

Molina strongly encourages participating Providers to submit Corrected Claims electronically via EDI or the [Availity Essentials portal](#).

All Corrected Claims:

- Must be free of handwritten or stamped verbiage (paper Claims).
- Must be submitted on a standard red and white CMS-1450 (UB-04) or CMS-1500 Claim form (paper Claims).

- Original Claim number must be inserted in field 64 of the CMS-1450 (UB-04) or field 22 of the CMS-1500 of the paper Claim or the applicable 837 transaction loop for submitting corrected claims electronically.
- The appropriate frequency code/resubmission code must also be billed in field 4 of the CMS-1450 (UB-04) and 22 of the CMS-1500.

Note: The frequency/resubmission codes can be found in the National Uniform Claim Committee (NUCC) manual for CMS-1500 Claim forms or the Uniform Billing (UB) Editor for UB-04 Claim forms.

The timeframe for Corrected Claims submission is the same as outlined for the initial submission of claims. The timeframe requirement is measured from the original date of service and can be found in your Provider Service Agreement.

Corrected Claim submission options:

- Submit Corrected Claims directly to Molina via the [Availity Essentials portal](#)
- Submit corrected Claims to Molina via your regular EDI clearinghouse

Coordination of benefits (COB) and third-party liability (TPL)

Third-party liability refers to any other health insurance plan or carrier (e.g., individual, group, employer-related, self-insured, self-funded or commercial carrier, automobile insurance and workers' compensation) or program that is or may be liable to pay all or part of the health care expenses of the Member.

Medicaid is always the payer of last resort and Providers shall make reasonable efforts to determine the legal liability of third parties to pay for services furnished to Molina Members. If third-party liability can be established, Providers must bill the primary payer and submit a primary explanation of benefits (EOB) to Molina for secondary Claim processing. In the event that coordination of benefits occurs, the Provider shall be reimbursed based on the state regulatory COB methodology. Primary carrier payment information is required with the Claim submission. Providers can submit Claims with attachments, including EOB and other required documents. Molina will pay Claims for prenatal care and EPSDT and then seek reimbursement from third parties. If services and payment have been rendered prior to establishing third-party liability, an overpayment notification letter will be sent to the Provider requesting a refund including third-party policy information required for billing.

Subrogation – Molina retains the right to recover benefits paid for a Member's health care services when a third party is responsible for the Member's injury or illness to the extent permitted under state and federal law and the Member's benefit plan. If third-party liability is suspected or known, please refer pertinent case information to Molina's vendor at submitreferrals@optum.com.

Hospital-acquired conditions (HAC) and present on admission (POA) program

The Deficit Reduction Act of 2005 (DRA) mandated that Medicare establish a program that would modify reimbursement for fee-for-service beneficiaries when certain conditions occurred as a direct result of a hospital stay that could have been reasonably prevented by the use of evidence-based guidelines. CMS titled the program “Hospital-Acquired Conditions and Present on Admission Indicator Reporting.”

The following is a list of CMS hospital-acquired conditions. CMS reduces payment for hospitalizations complicated by these categories of conditions that were not present on admission:

1. Foreign Object Retained After Surgery
2. Air Embolism
3. Blood Incompatibility
4. Stage III and IV Pressure Ulcers
5. Falls and Trauma
 - a) Fractures
 - b) Dislocations
 - c) Intracranial Injuries
 - d) Crushing Injuries
 - e) Burn
 - f) Other Injuries
6. Manifestations of Poor Glycemic Control
 - a) Diabetic Ketoacidosis
 - b) Nonketotic Hyperosmolar Coma
 - c) Hypoglycemic Coma
 - d) Secondary Diabetes with Ketoacidosis
 - e) Secondary Diabetes with Hyperosmolarity
7. Catheter-Associated Urinary Tract Infection (UTI)
8. Vascular Catheter-Associated Infection
9. Surgical Site Infection, Mediastinitis, Following Coronary Artery Bypass Graft (CABG)
10. Surgical Site Infection Following Bariatric Surgery for Obesity
 - a) Laparoscopic Gastric Bypass
 - b) Gastroenterostomy
 - c) Laparoscopic Gastric Restrictive Surgery
11. Surgical Site Infection Following Certain Orthopedic Procedures:
 - a) Spine
 - b) Neck
 - c) Shoulder
 - d) Elbow
12. Surgical Site Infection Following Cardiac Implantable Electronic Device (CIED)
13. Deep Vein Thrombosis (DVT)/Pulmonary Embolism (PE) Following Certain Orthopedic Procedures
 - a) Total Knee Replacement
 - b) Hip Replacement
14. Iatrogenic Pneumothorax with Venous Catheterization

What this means to Providers:

- Acute Inpatient Prospective Payment System (IPPS) hospital Claims will be returned with no payment if the POA indicator is coded incorrectly or missing.
- No additional payment will be made on IPPS hospital Claims for conditions that are acquired during the patient's hospitalization.

For additional information on the Medicare HAC/POA program, including billing requirements, please refer to the CMS website at cms.hhs.gov/HospitalAcqCond.

Molina coding policies and payment policies

Frequently requested information on Molina's coding policies and payment policies is available on the MolinaHealthcare.com website under the Policies tab. Questions can be directed to Molina Provider Relations representatives.

Reimbursement guidance and payment guidelines

Providers are responsible for submission of accurate Claims. Molina requires coding of both diagnoses and procedures for all Claims as follows:

- For diagnoses, the required coding schemes are the International Classification of Diseases, 10th Revision, Clinical Modification (ICD-10-CM)
- For procedures:
 - Professional and outpatient Claims require the Healthcare Common Procedure Coding System, Current Procedural Terminology Level 1 (CPT codes), Level 2 and 3 (HCPCS codes)
 - Inpatient hospital Claims require International Classification of Diseases, 10th Revision, Procedure Coding System (ICD-10-PCS) coding schemes

Furthermore, Molina requires that all Claims be coded in accordance with the HIPAA transaction code set guidelines and follow the guidelines within each code set.

Molina utilizes a Claim adjudication system that encompasses edits and audits that follow federal requirements as well as administers payment rules based on generally accepted principles of correct coding. These payment rules include, but are not limited to, the following:

- Manuals and Relative Value Unit (RVU) files published by CMS, including:
 - NCCI edits, including procedure-to-procedure (PTP) bundling edits and MUE. In the event a state benefit limit is more stringent/restrictive than a federal MUE, Molina will apply the state benefit limit. If a professional organization has a more stringent/restrictive standard than a federal MUE or state benefit limit the professional organization standard may be used.
 - In the absence of state guidance, Medicare National Coverage Determinations (NCD)
 - In the absence of state guidance, Medicare Local Coverage Determinations (LCD)
 - CMS Physician Fee Schedule RVU indicators
- CPT guidance published by the AMA
- ICD-10 guidance published by the National Center for Health Statistics

- State-specific Claim reimbursement guidance
- Other coding guidelines published by industry-recognized resources
- Payment policies based on professional associations or other industry-recognized guidance for specific services. Such payment policies may be more stringent than federal guidelines.
- Molina policies based on the appropriateness of health care and medical necessity
- Payment policies published by Molina

Telehealth Claims and billing

Providers must follow CMS guidelines as well as state-level requirements.

All telehealth Claims for Molina Members must be submitted to Molina with the correct codes for the plan type in accordance with applicable billing guidelines. For guidance, please refer to the resources located at [Idaho Medicaid Provider Handbook - General Information and Requirements for Providers](#).

National Correct Coding Initiative (NCCI)

CMS has directed all federal agencies to implement NCCI as policy in support of Section 6507 of the Patient Affordable Care Act. Molina uses NCCI standard payment methodologies.

NCCI procedure to procedure edits prevent inappropriate payment of services that should not be bundled or billed together and to promote correct coding practices. Based on the NCCI coding manual and CPT guidelines, some services/procedures performed in conjunction with an evaluation and management (E&M) code will bundle into the procedure when performed by the same physician and separate reimbursement will not be allowed if the sole purpose for the visit is to perform the procedures. NCCI editing also includes MUE which prevent payment for an inappropriate number/quantity of the same service on a single day. An MUE for a HCPCS/CPT code is the maximum number of units of service under most circumstances reportable by the same Provider for the same patient on the same date of service. Providers must correctly report the most comprehensive CPT code that describes the service performed, including the most appropriate modifier when required.

General coding requirements

Correct coding is required to properly process Claims. Molina requires that all Claims be coded in accordance with the HIPAA transaction code set guidelines and follow the guidelines within each code set.

CPT and HCPCS codes

Codes must be submitted in accordance with the chapter and code-specific guidelines set forth in the current/applicable version of the AMA CPT and HCPCS codebooks. In order to ensure proper and timely reimbursement, codes must be effective on the date of service for which the procedure or service was rendered and not the date of submission.

Modifiers

Modifiers consist of two (2) alphanumeric characters and are appended to HCPCS/CPT codes to provide additional information about the services rendered. Modifiers may be appended only if the clinical circumstances justify the use of the modifier(s). For example, modifiers may be used to indicate whether a:

- Service or procedure has a professional component
- Service or procedure has a technical component
- Service or procedure was performed by more than one (1) physician
- Unilateral procedure was performed
- Bilateral procedure was performed
- Service or procedure was provided more than once
- Only part of a service was performed

For a complete listing of modifiers and their appropriate use, consult the AMA CPT and the HCPCS code books.

ICD-10-CM/PCS codes

Molina utilizes ICD-10-CM and ICD-10-PCS billing rules and will deny Claims that do not meet Molina's ICD-10 Claim submission guidelines. To ensure proper and timely reimbursement, codes must be effective on the date of service for which the procedure or service was rendered and not the date of submission. Refer to the ICD-10 CM/PCS Official Guidelines for Coding and Reporting on the proper assignment of principal and additional diagnosis codes.

Place of service (POS) codes

POS codes are two (2)-digit codes placed on health care professional Claims (CMS-1500) to indicate the setting in which a service was provided. CMS maintains POS codes used throughout the health care industry. The POS code should be indicative of where that specific procedure/service was rendered. If billing multiple lines, each line should indicate the POS code for the procedure/service on that line.

Type of bill

Type of bill is a four (4)-digit alphanumeric code that gives three (3) specific pieces of information after the first digit, a leading zero. The second digit identifies the type of facility. The third classifies the type of care. The fourth indicates the sequence of this bill in this particular episode of care, also referred to as a "frequency" code. For a complete list of codes, reference the National Uniform Billing Committee (NUBC) Official CMS-1450 (UB-04) Data Specifications Manual.

Revenue codes

Revenue codes are four (4)-digit codes used to identify specific accommodation and/or ancillary charges. There are certain revenue codes that require CPT/HCPCS codes to be billed. For a complete list of codes, reference the NUBC's Official CMS-1450 (UB-04) Data Specifications Manual.

Diagnosis related group (DRG)

Facilities contracted to use DRG payment methodology submit Claims with DRG coding. Claims submitted for payment by DRG must contain the minimum requirements to ensure accurate Claim payment.

Molina processes DRG Claims through DRG software. If the submitted DRG and system-assigned DRG differ, the Molina-assigned DRG will take precedence. Providers may appeal with medical record documentation to support the ICD-10-CM principal and secondary diagnoses (if applicable) and/or the ICD-10-PCS procedure codes (if applicable). If the Claim cannot be grouped due to insufficient information, it will be denied and returned for lack of sufficient information.

National drug code (NDC)

The NDC number must be reported on all professional and outpatient Claims when submitted on the CMS-1500 Claim form, CMS-1450 (UB-04) or its electronic equivalent.

Providers will need to submit Claims with both HCPCS and NDC codes with the exact NDC number that appears on the medication packaging in the 5-4-2 digit format (i.e., xxxxx-xxxx-xx) as well as the NDC units and descriptors. Claims submitted without the NDC number will be denied.

Coding sources

Definitions

CPT – Current Procedural Terminology 4th Edition; an AMA-maintained uniform coding system consisting of descriptive terms and codes that are used primarily to identify medical services and procedures furnished by physicians and other health care professionals. There are three types of CPT codes:

- Category I Code – Procedures/Services
- Category II Code – Performance Measurement
- Category III Code – Emerging Technology

HCPCS – HealthCare Common Procedural Coding System; a CMS maintained uniform coding system consisting of descriptive terms and codes that are used primarily to identify procedure, supply and durable medical equipment codes furnished by physicians and other health care professionals.

ICD-10-CM – International Classification of Diseases, 10th revision, Clinical Modification; maintained by the CDC within the Department of Health and Human Services (HHS).

ICD-10-PCS – International Classification of Diseases, 10th revision, Procedure Coding System; used to report procedures for inpatient hospital services.

Claim auditing

Molina shall use established industry Claims adjudication and/or clinical practices, state and federal guidelines, and/or Molina's policies and data to determine the appropriateness of the billing, coding and payment.

The Provider acknowledges Molina's right to conduct pre- and post-payment billing audits. The Provider shall cooperate with Molina's SIU and audits of Claims and payments by providing access at reasonable times to requested Claims information, the Provider's charging policies and other related data as deemed relevant to support the transactions billed. Additionally, Providers are required, by contract and in accordance with the Provider Manual, to submit all supporting medical records/documentation as requested. Failure to do so in a timely manner may result in an audit failure and/or denial, resulting in an overpayment.

In reviewing medical records for a procedure, Molina reserves the right, and where unprohibited by regulation, to select a statistically valid random sample or smaller subset of the statistically valid random sample. This gives an estimate of the proportion of Claims that Molina paid in error. The estimated proportion or error rate may be extrapolated across all Claims to determine the amount of overpayment.

Provider audits may be telephonic, an on-site visit, internal Claims review, client-directed/regulatory investigation and/or compliance reviews and may be vendor assisted. Molina asks that you provide Molina or Molina's designee, during normal business hours, access to examine, audit, scan and copy any and all records necessary to determine compliance and accuracy of billing.

If Molina's SIU suspects that there is fraudulent or abusive activity, Molina may conduct an on-site audit without notice. Should you refuse to allow access to your facilities, Molina reserves the right to recover the full amount paid or due to you.

Timely Claim processing

Claims processing will be completed for the contracted Providers in accordance with the timeliness provisions set forth in the Provider's contract. Unless the Provider and Molina or contracted Medical group/IPA have agreed in writing to an alternate schedule, Molina will process the claim for service within 60 days after the receipt of the clean claim.

The receipt date of a claim is the date Molina receives the notice of claim.

Electronic Claim payment

Participating Providers are required to enroll for EFT and ERA. Providers who enroll in EFT payments will automatically receive ERAs as well. EFT/ERA services allow Providers to reduce paperwork, provides searchable ERAs and Providers receive payment and ERA access faster than the paper check and RA processes. There is no cost to the Provider for EFT enrollment and Providers are not required to be in-network to enroll. Molina uses a vendor to facilitate the HIPAA-compliant EFT payment and ERA delivery. Additional information about EFT/ERA is available at MolinaHealthcare.com or by contacting the Molina Provider Contact Center.

Overpayments and incorrect payments refund requests

In accordance with 42 CFR 438.608, Molina requires network Providers to report to Molina when they have received an overpayment and to return the overpayment to Molina within 60 calendar days after the date on which the overpayment was identified and notify Molina in writing of the reason for the overpayment.

If, as a result of retroactive review of Claim payment Molina determines that it has made an overpayment to a Provider for services rendered to a Member, it will make a Claim for such overpayment. Providers will receive an overpayment request letter if the overpayment is identified in accordance with state and CMS guidelines. Providers will be given the option to either:

1. Submit a refund to satisfy overpayment,
2. Submit request to offset from future claim payments, or
3. Dispute overpayment findings.

A copy of the overpayment request letter and details are available in the [Availity Essentials portal](#).

In the Overpayment Application section, Providers can make an inquiry, contest an overpayment with supporting documentation, resolve an overpayment or check status. This is Molina's preferred method of communication.

Instructions will be provided on the overpayment notice and overpayments will be adjusted and reflected in your remittance advice. The letter timeframes are Molina standards and may vary depending on applicable state guidelines and contractual terms.

Overpayments related to TPL/COB will contain primary insurer information necessary for rebilling including the policy number, effective date, term date and subscriber information. For Members with Commercial COB, Molina will provide notice within 270 days from the Claim's paid date if the primary insurer is a Commercial plan. A Provider may resubmit the Claim with an attached primary EOB after submission to the primary payer for payment. Molina will adjudicate the Claim and pay or deny the Claim in accordance with Claim processing guidelines.

A Provider shall pay a Claim for an overpayment made by Molina which the Provider does not contest or dispute within the specified number of days on the refund request letter mailed to

the Provider. If a Provider does not repay or dispute the overpaid amount within the timeframe allowed Molina may offset the overpayment amount(s) against future payments made to the Provider.

Payment of a Claim for overpayment is considered made on the date payment was received or electronically transferred or otherwise delivered to Molina or the date that the Provider receives a payment from Molina that reduces or deducts the overpayment.

Claim disputes/reconsiderations/appeals

Information on Claim disputes/reconsiderations/appeals is located in the **Complaints, Grievance and Appeals Process** section of this Provider Manual.

Provider Claim Payment Disputes, Appeals and Inquiries

Provider Claim Payment Disputes

A Provider claim payment dispute is the mechanism that should be used if a Provider disagrees with the denial of payment/partial payment of their claim, which does not involve a denial of payment/partial payment related to medical necessity. Examples include, but are not limited to:

- Contractual payment issues
- Disagreements over reduced claims or zero-paid claims not related to medical necessity
- Post-service authorization issues
- Other health insurance denial issues
- Claim code editing issues
- Duplicate claim issues
- Retro-eligibility issues
- Experimental/investigational procedure issues
- Claim data issues
- Timely filing issues*

**Timely filing issues: Molina will consider reimbursement of a claim which has been denied due to failure to meet timely filing if you can: 1) provide documentation the claim was submitted within the timely filing requirements; or 2) good cause can be demonstrated, which is left to the sole discretion of Molina to determine.*

Provider claim payment disputes must be submitted with a statement of what the provider believes is the issue as well as all necessary documentation to support the dispute, such as coding requirements, contracts, state and/or federal regulations, and payment policies. If incomplete information is supplied, then it will cause the claim payment dispute to be dismissed.

Provider Claim Payment Appeals

Claims that were denied for lack of medical necessity should follow the Provider claim payment appeal process. A Provider claim payment appeal is a formal request for review of a previous Molina decision where medical necessity was not established, including partial stay denials and level of care. One example of this appeal scenario would be as follows (this is not all encompassing, but serves as a singular example):

- On clinical review, the services related to the prior authorization request were:
 - Deemed not medically necessary, but services were rendered and claim payment was denied.
 - Some days were deemed not medically necessary, but services were rendered and claim payment was denied.

When submitting a Provider claim payment appeal, please include any information that would help Molina determine why the Provider believe the services were medically necessary, including all necessary medical records.

Provider Claim Payment Inquiries

Any inquiry where you believe the claim was paid or denied incorrectly due to minor errors that can be easily remediate, **without** providing supporting documentation. Examples include retro-eligibility issues, coordination of benefit updates, claims denied as duplicates and claims denied for no authorization when authorization was not required or an approved authorization is on file. Supporting documentation cannot be submitted with a claim payment inquiry. This inquiry may result in a claims adjustment or direct you to submit a Corrected Claim or initiate the Claim Payment Dispute/Appeal process.

For the avoidance of doubt, in the event a Provider claim payment inquiry has been filed for a claim it will not toll the time frame for filing a provider claim payment dispute or provider claim payment appeal.

Timeframe for submitting a Provider Claim Payment Dispute or Claim Payment Appeal

Please note, neither a Provider claim payment dispute, nor a Provider claim payment appeal can be reviewed without a finalized claim on file.

Molina accepts disputes and appeals in writing via mail or fax or through our provider website within 120 calendar days from the date on the Explanation of Payment (EOP) unless a different time frame is specified in the Provider Agreement with Molina. Requests filed beyond these timeframes will be untimely and denied unless good cause can be established, which is left to the sole discretion of Molina to determine.

The plan will make every effort to resolve the claims payment disputes and claims payment appeals within 90 calendar days of receipt, unless otherwise specified by the Provider Agreement with Molina or a different timeframe is required by law.

Molina will send you our decision in a determination letter when upholding our decision, which will include the reason and rationale for the upheld decision.

If the decision results in a claim adjustment, the payment and Explanation of Payment (EOP) will be sent separately.

For each claim, the Provider is limited to one claim payment dispute or claim payment appeal.

How To Submit a Provider Claim Payment Dispute or Claim Payment Appeal or Claim Payment Inquiry

Providers have several options to file a claim payment dispute, claim payment appeal, or claim payment inquiry:

- **Online:** Use the secure [Availity Essentials Portal](#) to submit a claim payment dispute, claim payment appeal, or claim payment inquiry. Instructions on how to file a claim payment dispute, claim payment appeal, or claim payment inquiry is available on the Availity Payer Spaces Resources tab.
- **Written:** Provider claim payment disputes and Provider claim appeals can also be mailed or faxed to (provider claim payment inquiries **cannot** be used for this method of delivery):
 - **Mail:** PO Box 22816, Long Beach, CA 90801-9977; or
 - **Fax:** (562) 499-0610
- **Phone (for Provider Claim Payment Inquiries only):**
 - **Phone:** (844) 239-4914

In the event you are not satisfied with the resolution of the provider claim payment appeal or provider claim payment dispute, and you have exhausted all levels of a claim payment dispute or claim payment appeal, please refer to your Provider Agreement with Molina for further information on the claims dispute process, which is the sole remedy available to a Provider through their Provider Agreement with Molina.

Balance billing

The Provider is responsible for verifying eligibility and obtaining approval for those services that require prior authorization.

Providers agree that under no circumstance shall a Member be liable to the Provider for any sums that are the legal obligation of Molina to the Provider. Balance billing a Member for covered services is prohibited, except for the Member's applicable copayment, coinsurance and deductible amounts.

Fraud, waste and abuse

Failure to report instances of suspected fraud, waste and abuse is a violation of the law and subject to the penalties provided by law. For additional information please refer to the **Compliance** section of this Provider Manual.

Encounter data

Each Provider, capitated Provider or organization delegated for Claims processing is required to submit Encounter data to Molina for all adjudicated Claims. The data is used for many purposes, such as regulatory reporting, rate setting and risk adjustment, hospital rate setting, the QI Program and HEDIS® reporting.

Encounter data must be submitted at least once per month and within 120 days from the date of service in order to meet state and CMS encounter submission threshold and quality measures. Encounter data must be submitted via HIPAA-compliant transactions, including the ANSI X12N 837I–Institutional, 837P–Professional and 837D–Dental. Data must be submitted with Claims level detail for all non-institutional services provided.

Molina has a comprehensive automated and integrated Encounter data system capable of supporting all 837 file formats and proprietary formats if needed.

Providers must correct and resubmit any Encounters which are rejected (non-HIPAA-compliant) or denied by Molina. Encounters must be corrected and resubmitted within 15 days from the rejection/denial.

Molina has created 837P, 837I and 837D Companion Guides with the specific submission requirements available to Providers.

When Encounters are filed electronically Providers should receive two (2) types of responses:

- First, Molina will provide a 999 acknowledgement of the transmission.
- Second, Molina will provide a 277CA response file for each transaction.

13. Complaints, Grievances, and Appeals Process

Definitions

Appeal – Any of the procedures that deal with the review of adverse organization determinations on the health care services a Member believes he or she is entitled to receive, including delay in providing, arranging for, or approving the health care services (such that a delay would adversely affect the health of the Member), or on any amounts the Member must pay for a service as defined in 42 CFR 422.566(b). These procedures include reconsideration by Molina Medicaid and if necessary, a State Fair Hearing.

Assignee – A non-contracted Provider who has furnished a service to the Member and formally agrees to waive any right to payment from the Member for that service.

Complaint – Any expression of dissatisfaction to Molina, Provider, facility or Quality Improvement Organization (QIO) by a Member made orally or in writing. This can include concerns about the operations of Providers or Molina such as: waiting times, the demeanor of health care personnel, the adequacy of facilities, the respect paid to Members, the claims regarding the right of the Member to receive services or receive payment for services previously rendered. It also includes a plan's refusal to provide services to which the Member believes he or she is entitled. A complaint could be either a grievance or an appeal, or a single complaint could include elements of both. Every complaint must be handled under the appropriate grievance and/or appeal process.

Coverage Determination – Denial Notices – A written denial notice by Molina that states the specific reasons for the denial and informs the Member of his or her right to reconsideration. The notice describes both the standard and expedited appeals processes and the rest of the appeals process. For payment denials, the notice describes the standard redetermination process and the rest of the appeals process.

Effectuation – Compliance with a reversal of Molina original adverse organization determination. Compliance may entail payment of a claim, authorization for a service, or provision of services.

Member – Any dual-eligible individual who is enrolled in either a Medicare plan offered by a Medicare Advantage organization, or a Medicare eligible individual who has elected to enroll in traditional Medicare.

Inquiry – Any oral or written request to Molina, Provider, or facility, without an expression of dissatisfaction, e.g., a request for information or action by a Member.

Medicare Plan – A plan defined in 42 CFR. 422.2 and described at 422.4.

Organization Determination – Any determination made by Molina with respect to any of the following:

- Payment for temporarily out-of-the-area renal dialysis services, emergency services, post-stabilization care, or urgently needed services;
- Payment for any other health services furnished by a Provider other than a Molina Medicare Provider that the Member believes are covered under Medicare, or, if not covered under Medicare, should have been furnished, arranged for, or reimbursed by Molina;
- Molina's refusal to provide or pay for services, in whole or in part, including the type or level of services, that the Member believes should be furnished or arranged for by the Medicare health plan;
- Discontinuation of a service if the Member believes that continuation of the services is medically necessary; and/or,
- Failure of Molina to approve, furnish, arrange for, or provide payment for health care services in a timely manner, or to provide the Member with timely notice of an adverse determination, such that a delay would adversely affect the health of the Member.

- **Quality Improvement Organization (QIO)** – Organizations comprised of practicing doctors and other health care experts under contract to the Federal government to monitor and improve the care given to Medicare Members. QIOs review complaints raised by Members about the quality of care provided by Providers, inpatient hospitals, hospital outpatient departments, hospital emergency rooms, skilled nursing facilities, home health agencies, Molina, and ambulatory surgical centers. The QIOs also review continued stay denials for Members receiving care in acute inpatient hospital facilities as well as coverage terminations in SNFs, HHAs and CORFs.

Quality of Care Issue – A quality of care complaint may be filed through the Molina grievance process and/or a QIO. A QIO must determine whether the quality of services (including both inpatient and outpatient services) provided by Molina meets professionally recognized standards of health care, including whether appropriate health care services have been provided and whether services have been provided in appropriate settings. **Reconsideration** – A Member's first step in the appeal process after an adverse organization determination; Molina or independent review entity may reevaluate an adverse organization determination, the findings upon which it was based, and any other evidence submitted or obtained.

Representative – An individual appointed by a Member or other party, or authorized under State or other applicable law, to act on behalf of a Member or other party involved in the appeal. Unless otherwise stated, the representative will have all of the rights and responsibilities of a Member or party in obtaining an organization determination or in dealing with any of the levels of the appeals process, subject to the applicable rules described in 42 CFR part 405.

State Fair Hearing – IDHW permits the Enrollee to request a State Fair Hearing within 120 calendar days of the Enrollee's exhaustion of the Health Plan Level Appeal Procedures, from the date of the Health Plan's Notice of Resolution.

Member Grievance Process

Molina Members have the right to file and submit a grievance and/or appeal through a formal process. Members may elect a personal representative or a Provider to file the grievance or appeal on their behalf.

- Molina will accept any information or evidence concerning the grievance orally or in writing and will thoroughly investigate, track and process the grievance within 30 days unless an extension is granted.
- Molina may extend this time by up to 14 days if the Member requests an extension, or if Molina needs additional information and the extension benefits the Member.
- If Molina extends the time necessary or refuses to grant an organization determination or reconsideration Molina will respond to the Member within two (2) calendar days; and,
- Complaints concerning the timely receipt of services already provided are considered grievances.

Member Appeals Process

A brief overview of the Molina Member Appeals Process has been outlined below. A detailed explanation of the appeal process is included in the Member's Handbook that has been provided to them. This can also be found online at MolinaHealthcare.com. For additional information about Members' appeal rights, please refer to the Molina Member Contact Center.

Expedited Appeals Process and Timeline

Members can ask for a fast appeal if the Member believes that the Member's health could be seriously harmed by waiting too long for a decision. Molina must decide on a fast appeal no later than 72 hours after Molina receives the Member's appeal. Molina may extend this time by up to 14 days if the Member requests an extension, or if Molina needs additional information and the extension benefits the Member.

Standard Appeals Process and Timeline

Members can ask for a standard appeal. Molina must give Members a decision no later than 30 days after Molina receives the Member's appeal. Molina may extend this time by up to 14 days if the Member requests an extension, or if Molina needs additional information and the extension benefits the Member.

For Standard Appeal: Members should mail, deliver, or fax their written appeal to Molina at:

Molina Healthcare of Idaho, Inc.
Attn: Grievance and Appeals
7050 S Union Park Center, Suite 600
Midvale, UT 84047
FAX: (877) 682-2218

Hours of Operation: Monday through Sunday, 8:00 a.m. to 6:00 p.m.

What to include with the appeal

Members should include their name, address, Member ID number, reason for appealing and any evidence the Member wishes to attach. The Member may send in supporting medical records, Provider's letter(s), or other information that explains why Molina should provide service.

Review by State Fair Hearing

You have a right to ask for a State Fair Hearing after you have exhausted Molina Healthcare's internal appeal process. The Member, the Member's agent, or doctor may request a State Fair Hearing with Medicaid within 120 days of the final Molina Healthcare appeal resolution letter.

Provider Claims Dispute (Adjustment Request)

The processing, payment or nonpayment of a Claim by Molina shall be classified as a Provider Dispute. Providers must file their initial disputes on a claim through the Availity Essentials Portal, fax or phone. Through these channels, providers will receive an acknowledgment of their dispute and a resolution.

Availity Essentials Portal: Please submit requests by our preferred method, the Availity Essentials Portal, by visiting [Molina Healthcare | Availity](#).

Fax: If submitting via fax, you must use the Claim Dispute Form located on the Provider Website [Provider Forms](#), or the submission will be returned to the submitter.

- Medicaid: (877) 682-2218
- Medicare: (562) 499-0610

Phone: Providers may contact Provider Services to submit a dispute verbally.

- Medicaid: (844) 808-1383
- Medicare: (844) 239-4914

Reporting

Grievance and appeal trends are reported to the Quality Improvement and Health Equity Transformation Committee quarterly. This trend report includes a quantitative review of trends, qualitative or barriers analysis, and identification of interventions that address key drivers. An annual evaluation of grievance and appeal analysis is then completed and presented to the Quality Improvement and Health Equity Transformation Committee for evaluation. If required by the state or CMS, reporting is submitted to the Appropriate Agency as needed.

14. CREDENTIALING AND RECREDENTIALING

The purpose of the Credentialing Program is to assure that Molina Healthcare and its subsidiaries (Molina) network consists of quality Providers who meet clearly defined criteria and standards. It is the objective of Molina to provide superior health care to the community.

Additional information is available in the Credentialing Policy and Procedure which can be requested by contacting Molina Provider Relations representatives.

The decision to accept or deny a credentialing applicant is based upon primary source verification, secondary source verification and additional information as required. The information gathered is confidential and disclosure is limited to parties who are legally permitted to have access to the information under State and Federal Law.

The Credentialing Program has been developed in accordance with State and Federal requirements and the standards of the National Committee for Quality Assurance (NCQA).

The Credentialing Program is reviewed annually, revised, and updated as needed.

Non-discriminatory credentialing and recredentialing

Molina does not make credentialing and recredentialing decisions based on an applicant's race, ethnic/national identity, gender, gender identity, age, sexual orientation, ancestry, religion, marital status, health status, or patient types (e.g., Medicaid) in which the Practitioner specializes. This does not preclude Molina from including in its network Practitioners who meet certain demographic or specialty needs; for example, to meet cultural needs of Members.

Credentialing turnaround time

Molina will completely process credentialing applications for practitioners within 120 calendar days of receipt of a completed credentialing application, including all necessary documents, attachments and a signed Provider Agreement with Molina. The 120 calendar days is measured by the number of days when Molina deems the credentialing application complete and loaded into Molina's Claims processing system or denied participation in the network. If a practitioner is denied, Molina will ensure the practitioner is not contracted.

Types of practitioners credentialed and recredentialed

Practitioners and groups of Practitioners with whom Molina contracts must be credentialed prior to the contract being implemented.

Practitioner types requiring credentialing include but are not limited to:

- Acupuncturists
- Addiction medicine specialists

- Audiologists
- Behavioral health care practitioners who are licensed, certified or registered by the State to practice independently
- Chiropractors
- Clinical Social Workers
- Dentists
- Doctoral or master's-level psychologists
- Licensed/Certified Midwives (Non-Nurse)
- Massage Therapists

- Telemedicine Practitioners

Criteria for participation in the Molina network

Molina has established criteria and the sources used to verify these criteria for the evaluation and selection of Practitioners for participation in the Molina network. These criteria have been designed to assess a Practitioner's ability to deliver care. This policy defines the criteria that are applied to applicants for initial participation, recredentialing and ongoing participation in the Molina network. To remain eligible for participation, Practitioners must continue to satisfy all applicable requirements for participation as stated herein and in all other documentations provided by Molina.

Molina reserves the right to exercise discretion in applying any criteria and to exclude Practitioners who do not meet the criteria. Molina may, after considering the recommendations of the Professional Review Committee, waive any of the requirements for network participation established pursuant to these policies for good cause if it is determined such waiver is necessary to meet the needs of Molina and the community it serves. The refusal

of Molina to waive any requirement shall not entitle any Practitioner to a hearing or any other rights of review.

Practitioners must meet the following criteria to be eligible to participate in the Molina network. The Practitioner shall have the burden of producing adequate information to prove they meet all criteria for initial participation and continued participation in the Molina network. If the Practitioner does not provide this information, the credentialing application will be deemed incomplete, and it will result in an administrative denial or administrative termination from the Molina network. Practitioners who fail to provide this burden of proof do not have the right to submit an appeal.

- **Application** – Practitioners must submit to Molina a complete credentialing application either from CAQH ProView or other State mandated practitioner application. The attestation must be signed within 120 days. Application must include all required attachments.
- **License, certification or registration** – Practitioners must hold a current and valid license, certification or registration to practice in their specialty in every State in which they will provide care and/or render services for Molina Members. Telemedicine practitioners are required to be licensed in the state where they are located and the State the member is located.
- **Drug Enforcement Administration (DEA) Certificate** – Practitioners must hold a current, valid, unrestricted DEA certificate. Practitioners must have a DEA certificate in every state where the Practitioner provides care to Molina Members. If a Practitioner has a pending DEA certificate and never had any disciplinary action taken related to their DEA certificate, or chooses not to have a DEA certificate, the Practitioner must then provide a documented process that allows another Practitioner with a valid DEA certificate to write all prescriptions requiring a DEA number.
- **Controlled Dangerous Substances (CDS) certificate** – Practitioners must hold a current, valid Idaho CDS certificate. Practitioners working from Nevada, Utah or Wyoming practice locations must meet CDS requirements in those states.
- **Specialty** – Practitioners must only be credentialed in the specialty in which they have adequate education and training. Practitioners must confine their practice to their credentialed area of practice when providing services to Molina Members.
- **Education** – Practitioners must have graduated from an accredited school with a degree required to practice in their designated specialty.
- **Residency training** – Practitioners must have satisfactorily completed residency training from an accredited program in the specialties in which they are practicing. Molina only recognizes programs that have been accredited by the Accreditation Council of Graduate Medical Education (ACGME) and the American Osteopathic Association (AOA) in the United States or by the College of Family Physicians of Canada (CFPC), the Royal College of Physicians and Surgeons of Canada. Oral Surgeons must complete a training program in Oral and Maxillofacial Surgery accredited by the Commission on Dental Accreditation (CODA). Training must be successfully completed prior to completing the verification. It is not acceptable to verify completion prior to graduation from the program. As of July 2013,

podiatric residencies are required to be three (3) years in length. If the podiatrist has not completed a three (3)-year residency or is not board-certified, the podiatrist must have five (5) years of work history practicing podiatry.

- **Fellowship training** – Fellowship training is verified when a practitioner will be advertised in the directory in their fellowship specialty. Molina only recognizes fellowship programs accredited by ACGME, AOA, CFPC, and CODA.
- **Board certification** – Board certification in the specialty in which the Practitioner is practicing is not required. Initial applicants who are not board-certified will be considered for participation if they have satisfactorily completed residency training from an accredited program in the specialty in which they are practicing Molina recognizes certification only from the following Boards:
 - American Board of Medical Specialties (ABMS)
 - American Osteopathic Association (AOA)
 - American Board of Foot and Ankle Surgery (ABFAS)
 - American Board of Podiatric Medicine (ABPM)
 - American Board of Oral and Maxillofacial Surgery
 - American Board of Addiction Medicine (ABAM)
 - College of Family Physicians of Canada (CFPC)
 - Royal College of Physicians and Surgeons of Canada (RCPSC)
 - Behavioral Analyst Certification Board (BACB)
 - National Commission on Certification of Physician Assistants (NCCPA)
- **General practitioners** – Practitioners who are not board-certified and have not completed training from an accredited program are only eligible to be considered for participation as a General Practitioner in the Molina network. To be eligible, the Practitioner must have maintained a primary care practice in good standing for a minimum of the most recent five (5) years without any gaps in work history. Molina will consider allowing a Practitioner who is/was board certified and/or residency trained in a specialty other than primary care to participate as a General Practitioner, if the Practitioner is applying to participate as a Primary Care Physician (PCP), or as an Urgent Care or Wound Care Practitioner. General Practitioners providing only wound care services do not require five (5) years of work history as a PCP.
- **Nurse practitioners & physician assistants** – In certain circumstances, Molina may credential a Practitioner who is not licensed to practice independently. In these instances, the Practitioner providing the supervision and/or oversight must also be contracted and credentialed with Molina.
- **Work history** – Practitioners must supply the most recent five (5) years of relevant work history on the application or curriculum vitae. Relevant work history includes work as a health professional. If a gap in employment exceeds six (6) months, the Practitioner must clarify the gap verbally or in writing. The organization will document a verbal clarification in the Practitioner's credentialing file. If the gap in employment exceeds one (1) year, the Practitioner must clarify the gap in writing.
- **Malpractice history** – Practitioners must supply a history of malpractice and professional liability claims and settlement history in accordance with the application. Documentation of

malpractice and professional liability claims, and settlement history is requested from the Practitioner on the credentialing application. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner.

- **State sanctions, restrictions on licensure or limitations on scope of practice** – Practitioners must disclose a full history of all license/certification/registration actions including denials, revocations, terminations, suspension, restrictions, reductions, limitations, sanctions, probations and non-renewals. Practitioners must also disclose any history of voluntarily or involuntarily relinquishing, withdrawing, or failure to proceed with an application to avoid an adverse action or to preclude an investigation or while under investigation relating to professional competence or conduct. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner. At the time of initial application, the Practitioner must not have any pending or open investigations from any State or governmental professional disciplinary body³. This would include Statement of Charges, Notice of Proposed Disciplinary Action or the equivalent.
- **Medicare, Medicaid and other sanctions and exclusions** – Practitioners must not be currently sanctioned, excluded, expelled or suspended from any State or Federally funded program including but not limited to the Medicare or Medicaid programs. Practitioners must disclose all Medicare and Medicaid sanctions. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner. Practitioners must disclose all debarments, suspensions, proposals for debarments, exclusions or disqualifications under the non-procurement common rule, or when otherwise declared ineligible from receiving Federal contracts, certain subcontracts, and certain Federal assistance and benefits. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner.
- **Medicare Opt Out** – Practitioners currently listed on the Medicare Opt-Out Report may not participate in the Molina network for any Medicare or Duals (Medicare/Medicaid) lines of business.
- **Social Security Administration Death Master File** – Practitioners must provide their Social Security number. That Social Security number should not be listed on the Social Security Administration Death Master File.
- **Medicare Preclusion List** – Practitioners currently listed on the Preclusion List may not participate in the Molina network for any Medicare or Duals (Medicare/Medicaid) lines of business.

³ If a practitioner's application is denied solely because a practitioner has a pending Statement of Charges, Notice of Proposed Disciplinary Action, Notice of Agency Action or the equivalent from any state or governmental professional disciplinary body, the practitioner may reapply as soon as practitioner is able to demonstrate that any pending Statement of Charges, Notice of Proposed Disciplinary Action, Notice of Agency Action, or the equivalent from any state or governmental professional disciplinary body is resolved, even if the application is received less than one year from the date of original denial.

- **Professional liability insurance** – Practitioners must have and maintain professional malpractice liability insurance with limits that meet Molina criteria. This coverage shall extend to Molina Members and the Practitioners activities on Molina's behalf. Practitioners maintaining coverage under Federal tort or self-insured policies are not required to include amounts of coverage on their application for professional or medical malpractice insurance.
- **Inability to perform** – Practitioners must disclose any inability to perform essential functions of a Practitioner in their area of practice with or without reasonable accommodation. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner.
- **Lack of present illegal drug use** – Practitioners must disclose if they are currently using any illegal drugs/substances.
- **Criminal convictions** – Practitioners must disclose if they have ever had any of the following:
 - Criminal convictions including any convictions, guilty pleas, or adjudicated pretrial diversions for crimes against person such as murder, rape, assault and other similar crimes.
 - Financial crimes such as extortion, embezzlement, income tax evasion, insurance fraud and other similar crimes.
 - Any crime that placed the Medicaid or Medicare program or its beneficiaries at immediate risk, such as a malpractice suit that results in a conviction of criminal neglect or misconduct.
 - Any crime that would result in mandatory exclusion under section 1128 of the Social Security Act.
 - Any crime related to fraud, kickbacks, health care fraud, claims for excessive charges, unnecessary services or services which fail to meet professionally recognized standards of health care, patient abuse or neglect, controlled substances, or similar crimes.

At the time of initial credentialing, Practitioners must not have any pending criminal charges in the categories listed above.

- **Loss or limitations of clinical privileges** – At initial credentialing, Practitioners must disclose all past and present issues regarding loss or limitation of clinical privileges at all facilities or organizations with which the Practitioner has had privileges. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner. At recredentialing, Practitioners must disclose past and present issues regarding loss or limitation of clinical privileges at all facilities or organizations with which the Practitioner has had privileges since the previous credentialing cycle.
- **Hospital privileges** – Practitioners must list all current hospital privileges on their credentialing application. If the practitioner has current privileges, they must be in good standing.
- **NPI** – Practitioners must have a National Provider Identifier (NPI) issued by the Centers for Medicare & Medicaid Services (CMS).

Notification of discrepancies in credentialing information & practitioner's right to correct erroneous information

Molina will notify the Practitioner immediately in writing if credentialing information obtained from other sources varies substantially from that submitted by the Practitioner. Examples include but are not limited to actions on a license, malpractice claims history, board certification actions, sanctions or exclusions. Molina is not required to reveal the source of information if the information is obtained to meet organization credentialing verification requirements or if disclosure is prohibited by Law.

Practitioners have the right to correct erroneous information in their credentials file. Practitioner rights are published on the Molina website and are included in this Provider Manual.

The notification sent to the Practitioner will detail the information in question and will include instructions to the Practitioner indicating:

- Their requirement to submit a written response within ten (10) calendar days of receiving notification from Molina.
- In their response, the Practitioner must explain the discrepancy, may correct any erroneous information and may provide any proof that is available.
- The Practitioner's response must be sent to:

Molina Healthcare, Inc.
Attention: Credentialing Director
22522 – 29th Drive SE, #L-210
PO Box 4004
Bothell, WA 98041

Upon receipt of notification from the Practitioner, Molina will document receipt of the information in the Practitioner's credentials file. Molina will then re-verify the primary source information in dispute. If the primary source information has changed, correction will be made immediately to the Practitioner's credentials file. The Practitioner will be notified in writing that the correction has been made to their credentials file. If the primary source information remains inconsistent with the Practitioner's information, the Credentialing department will notify the Practitioner.

If the Practitioner does not respond within ten (10) calendar days, their application processing will be discontinued, and network participation will be administratively denied or terminated.

Practitioner's right to review information submitted to support their credentialing application

Practitioners have the right to review their credentials file at any time. Practitioner rights are published on the Molina website and are included in this Provider Manual.

The Practitioner must notify the Credentialing department and request an appointment time to review their file and allow up to seven (7) calendar days to coordinate schedules. A medical director and a director responsible for credentialing or the quality improvement director will be present. The Practitioner has the right to review all information in the credentials file except peer references or recommendations protected by Law from disclosure.

The only items in the file that may be copied by the Practitioner are documents which the Practitioner sent to Molina (e.g., the application and any other attachments submitted with the application from the Practitioner). Practitioners may not copy any other documents from the credentialing file.

Practitioner's right to be informed of application status

Practitioners have the right, upon request, to be informed of the status of their application by telephone, email or mail. Practitioner's rights are published on the Molina website and are included in this Provider Manual. Molina will respond to the request within two (2) working days. Molina will share with the Practitioner where the application is in the credentialing process to include any missing information or information not yet verified.

Professional Review Committee (PRC)

Molina designates a PRC to make recommendations regarding credentialing decisions using a peer review process. Molina works with the PRC to assure that network Practitioners are competent and qualified to provide continuous quality care to Molina Members. The PRC reports to the Quality Improvement Committee (QIC.) Molina utilizes information such as, but not limited to credentialing verifications, QOCs and Member complaints to determine continued participation in Molina's network or if any adverse actions will be taken. Certain PRC decisions may be appealed. To utilize this process, Providers should request a fair hearing as outlined below and in Molina's policy. Please contact Molina Provider Relations representatives for additional information about fair hearings.

Notification of credentialing decisions

Initial credentialing decisions are communicated to Practitioners via letter or email. This notification is typically sent within two weeks of the decision. Under no circumstance will notification letters be sent to the Practitioners later than 60 calendar days from the decision. Notification of recredentialing approvals is not required.

Recredentialing

Molina recredentials every Practitioner at least every 36 months.

Excluded Providers

Excluded Provider means an individual Provider, or an entity with an officer, director, agent, manager or individual who owns or has a controlling interest in the entity who has been convicted of crimes as specified in section 1128 of the SSA, excluded from participation in the Medicare or Medicaid program, assessed a civil penalty under the provisions of section 1128, or has a contractual relationship with an entity convicted of a crime specified in section 1128.

Pursuant to section 1128 of the SSA, Molina and its Subcontractors may not subcontract with an Excluded Provider/person. Molina and its Subcontractors shall terminate subcontracts immediately when Molina and its Subcontractors become aware of such excluded Provider/person or when Molina and its Subcontractors receive notice. Molina and its Subcontractors certify that neither it nor its Provider is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency. Where Molina and its Subcontractors are unable to certify any of the statements in this certification, Molina and its Subcontractors shall attach a written explanation to this Agreement.

Ongoing monitoring of sanctions and exclusions

Molina monitors the following agencies for Practitioner sanctions and exclusions between recredentialing cycles for all Practitioner types and takes appropriate action against Practitioners when instances of poor quality are identified. If a Molina Practitioner is found to be sanctioned or excluded, the Practitioner's contract will be immediately terminated effective the same date as the sanction or exclusion was implemented.

- **The United States Department of Health & Human Services (HHS), Office of Inspector General (OIG) Fraud Prevention and Detection Exclusions Program** – Monitor for individuals and entities that have been excluded from Medicare and Medicaid programs.
- **The OIG High Risk list** – Monitor for individuals or facilities who refused to enter a Corporate Integrity Agreement (CIA) with the federal government on or after October 1, 2018.
- **State Medicaid Exclusions** – Monitor for state Medicaid exclusions through each state's specific Program Integrity Unit (or equivalent).
- **Medicare Exclusion Database (MED)** – Monitor for Medicare exclusions through the Centers for Medicare & Medicaid Services (CMS) MED online application site.
- **Medicare Preclusion List** – Monitor for individuals and entities that are reported on the Medicare Preclusion List.
- **National Practitioner Database (NPDB)** – Molina enrolls all credentialed Practitioners with the NPDB Continuous Query service to monitor for adverse actions on license, DEA, hospital privileges and malpractice history between credentialing cycles.
- **System for Award Management (SAM)** – Monitor for Practitioners sanctioned by SAM.

Molina also monitors the following for all Practitioner types between the recredentialing cycles.

- Member complaints/grievances
- Adverse events

- Medicare Opt Out
- Social Security Administration Death Master File

Effective 07/01/2025, Molina will monitor the timely renewal of healthcare licenses for all Practitioner types. In the event a Practitioner does not renew their state license prior to the expiration date, Molina may take action up to and including payment suspension for dates of service on or after license expiration or termination from applicable Molina provider networks.

Provider appeal rights

In cases where the Professional Review Committee suspends or terminates a Practitioner's contract based on quality of care or professional conduct, a certified letter is sent to the Practitioner describing the adverse action taken and the reason for the action, including notification to the Practitioner of the right to a fair hearing when required pursuant to laws or regulations.

15. DELEGATION

Delegation is a process that gives another entity the ability to perform specific functions on behalf of Molina. Molina may delegate:

1. Utilization management
2. Credentialing and recredentialing
3. Claims
4. Complex case management
5. CMS Preclusion List monitoring
6. Other clinical and administrative functions

When Molina delegates any clinical or administrative functions, Molina remains responsible to external regulatory agencies and other entities for the performance of the delegated activities, including functions that may be sub-delegated. To become a delegate, the Provider/accountable care organization (ACO)/vendor must be in compliance with Molina's established delegation criteria and standards. Molina's Delegation Oversight Committee (DOC) or other designated committee, must approve all delegation and sub-delegation arrangements. To remain a delegate, the Provider/ACO/vendor must maintain compliance with Molina's standards and best practices.

Delegation reporting requirements

Delegated entities contracted with Molina must submit monthly and quarterly reports. Such reports will be determined by the function(s) delegated and will be reviewed by Molina delegation oversight staff for compliance with performance expectations within the timeline indicated by Molina.

Corrective action plans and revocation of delegated activities

If it is determined that the delegate is out of compliance with Molina's guidelines or regulatory requirements, Molina may require the delegate to develop a corrective action plan designed to bring the delegate into compliance. Molina may also revoke delegated activities if it is determined that the delegate cannot achieve compliance or if Molina determines that is the best course of action.

If you have additional questions related to delegated functions, please contact your Molina Contract Manager.

16. PHARMACY

Prescription drug therapy is an integral component of your patient's comprehensive treatment program. Molina's goal is to provide our Members with high-quality, cost-effective drug therapy. Molina works with our Providers to ensure medications used to treat a variety of conditions and diseases are offered. Molina covers prescription and certain over-the-counter drugs.

Pharmacy and Therapeutics Committee

The National Pharmacy and Therapeutics Committee (P&T) meets quarterly to review and recommend medications for formulary consideration. The P&T Committee is organized to assist Molina with managing pharmacy resources and to improve the overall satisfaction of Molina Members and Providers. It seeks to ensure Molina Members receive appropriate and necessary medications. An annual pharmacy work plan governs all the activities of the committee. The committee voting membership consists of external physicians and pharmacists from various clinical specialties.

Federal regulations [42 C.F.R. § 456.703 - 456.725] require that Medicaid pharmacy programs establish and maintain a Drug Utilization Review (DUR) program that helps to ensure appropriate drug utilization by conducting prospective and retrospective drug utilization review and maintaining an educational program. The Molina Drug Utilization Review (DUR) board is organized to enhance and complement activities mandated to state Medicaid programs and act as an advisory board to Molina National P&T for all drug utilization program activities. Drug utilization review program activities help to ensure that prescriptions for outpatient drugs are appropriate, medically necessary, and not likely to result in adverse medical consequences. DUR activities use professional medical protocols and computer technology and data processing to assist in the management of data regarding the prescribing of medicines and the dispensing of prescriptions over periods of time.

Pharmacy network

Members must use their Molina Member ID card to get prescriptions filled. Molina's network includes retail, mail, long term care and specialty pharmacies. Additional information regarding the pharmacy benefits, limitations and network pharmacies is available on Molina's website at MolinaHealthcare.com or calling Molina at (844) 808-1383.

Drug formulary

Molina keeps a list of drugs, devices and supplies that are covered under the plan's pharmacy benefit. The list shows all the prescription (and over-the-counter products where applicable) that Members can get from a pharmacy. Some medications require prior authorization or have limitations on age, dosage and/or quantities. The pharmacy program does not cover all medications. For a complete list of covered medications please visit MolinaHealthcare.com.

Information on procedures to obtain these medications is described within this document and is also available on the Molina website at [MolinaHealthcare.com](https://www.molinahealthcare.com).

Formulary medications

Formulary medications with prior authorization may require the use of first-line medications before they are approved.

Quantity limitations

In some cases, Members may only be able to receive certain quantities of medication. Information on specific limits can be found in the formulary document. Quantity limitations have been placed on certain medications to ensure safe and appropriate use of the medication.

Age limits

Some medications may have age limits. Age limits align with current U.S. Food and Drug Administration (FDA) alerts for the appropriate use of pharmaceuticals.

Step therapy

Plan restrictions for certain formulary drugs may require that other drugs be tried first. The formulary designates drugs that may process under the pharmacy benefit without prior authorization if the Member's pharmacy fill history with Molina shows other drugs have been tried for certain lengths of time. If the Member has trialed certain drugs prior to joining Molina, documentation in the clinical record can serve to satisfy requirements when submitted to Molina for review. Drug samples from Providers or manufacturers are not considered as meeting step therapy requirements or as justification for exception requests.

Non-formulary medications

Non-formulary medications may be considered for exception when formulary medications are not appropriate for a particular Member or have proven ineffective. Requests for formulary exceptions should be submitted using a prior authorization form which is available on the Molina website at [MolinaHealthcare.com](https://www.molinahealthcare.com). Clinical evidence must be provided and is taken into account when evaluating the request to determine medical necessity. The use of manufacturer's samples of non-formulary or "Prior Authorization Required" medications does not override formulary requirements.

Generic substitution

Generic drugs should be dispensed when preferred. If the use of a particular brand name non-preferred drug becomes medically necessary as determined by the Provider, prior authorization must be obtained through the standard prior authorization process.

New-to-market drugs

Newly approved drug products will not normally be placed on the formulary during their first six (6) months on the market. During this period, access to these medications will be considered through the prior authorization process.

Medications not covered

There are some medications that are excluded from coverage. For example, drugs used in the treatment of fertility or those used for cosmetic purposes may not be part of the benefit. For a complete list of drugs excluded from the plan benefit please refer to the formulary document on Molina's website at [MolinaHealthcare.com](https://www.molinahealthcare.com).

Submitting a prior authorization request

Molina's vendor, CVS Caremark, will only process completed prior authorization request forms, and the following information MUST be included for the request form to be considered complete:

- Member first name, last name, date of birth and identification number
- Prescriber first name, last name, NPI, phone number and fax number
- Drug name, strength, quantity and directions of use
- Diagnosis

Electronic prior authorization (ePA): SureScripts® and CoverMyMeds

CVS Caremark's decisions are based upon the information included with the prior authorization request. Clinical notes are recommended. If clinical information and/or medical justification is missing, CVS Caremark, will either respond via the electronic prior authorization (ePA) portal, fax, or call your office to request clinical information be sent in to complete the review. To avoid delays in decisions, be sure to complete the prior authorization form in its entirety, including medical justification and/or supporting clinical notes.

CVS Caremark utilizes ePA portal submissions through the SureScripts® and CoverMyMeds® platforms that are integrated into physician office electronic health record (EHR) systems. The ePA portal automates the prior authorization process, making it a quick and simple way to complete prior authorization requests. The ePA portal process is HIPAA compliant and can enable faster coverage determinations. For select drugs and plans, CoverMyMeds® may issue immediate approval of your request and update your patient's prior authorization record to allow immediate claim adjudication.

Fax a completed Medication Prior Authorization Request form to CVS Caremark at (844) 239-4914. A blank Medication Prior Authorization Request Form may be obtained by accessing [MolinaHealthcare.com](https://www.molinahealthcare.com) or by calling CVS Caremark at (800) 552-8159.

Member and provider “patient safety notifications”

Molina has a process to notify Members and Providers regarding a variety of safety issues which include voluntary recalls, FDA-required recalls and drug withdrawals for patient safety reasons. This is also a requirement as an NCQA-accredited organization.

Specialty pharmaceuticals, injectable and infusion services

Many specialty medications are covered by Molina through the pharmacy benefit using NDC codes for billing and specialty pharmacy for dispensing to the Member or the Provider. Some of these same medications may be covered through the medical benefit using HCPCS codes via electronic medical Claim submission.

During the utilization management review process, Molina will review the requested medication for the most cost-effective, yet clinically appropriate benefit (medical or pharmacy) of select specialty medications. All reviewers will first identify Member eligibility, any federal or state regulatory requirements and the Member specific benefit plan coverage prior to determination of benefit processing.

Molina may conduct a peer-to-peer discussion or other outreach to evaluate the level of care that is medically necessary. If an alternate site of care is suitable, Molina may offer the ordering Provider help in identifying an in-network infusion center, physician office or home infusion service and will help the Member coordinate and transition through case management.

If it is determined to be a Pharmacy benefit, Molina’s pharmacy vendor will coordinate with Molina and ship the prescription directly to your office or the Member’s home. All packages are individually marked for each Member and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Molina Provider Relations representative with any further questions about the program.

Newly FDA-approved medications are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a Provider purchases and administers and for which the Provider submits a Claim to Molina for reimbursement.

Molina clinical services completes utilization management for certain healthcare administered drugs. For any drugs on the prior authorization list that use a temporary C code or other temporary HCPCS code that is not unique to a specific drug, which are later assigned a new HCPCS code, will still require prior authorization for such drug even after it has been assigned a new HCPCS code, until otherwise noted in the prior authorization list.

Pain safety initiative (PSI) resources

Safe and appropriate opioid prescribing and utilization is a priority for all of us in health care. Molina requires Providers to adhere to Molina's drug formularies and prescription policies designed to prevent abuse or misuse of high-risk chronic pain medication. Providers are expected to offer additional education and support to Members regarding opioid and pain safety as needed.

Molina is dedicated to ensuring Providers are equipped with additional resources, which can be found on the Molina Provider website. Providers may access additional opioid safety and substance use disorder resources at MolinaHealthcare.com under the Health Resources tab. Please consult with your Provider Services representative or reference the medication formulary for more information on Molina's Pain Safety Initiatives.

17. MANAGED LONG TERM SERVICES AND SUPPORT (MLTSS)

MLTSS overview

MLTSS includes both long-term care (LTC) and home and community-based services (HCBS). LTC programs are when an individual is living in a facility-based care setting (such as a nursing home or intermediate care facility). Home and community-based service programs provide alternatives to living in facility-based care settings. These programs empower consumers to take an active role in their health care and to remain in the community. The programs serve older adults, people with intellectual and/or developmental disabilities and people with disabilities.

Molina understands the importance of working with Providers and community-based organizations (CBO) in your area to ensure Members receive MLTSS services that maintain their independence and ability to remain in the community.

Molina's MLTSS Provider network is a critical component to ensuring Members receive the right care, in the right place, at the right time. The following information has been included to help support our MLTSS Provider network and achieve a successful partnership in serving those in need.

MLTSS services and Molina

Molina offers long-term services and supports to Members, including benefits of the Aged and Disabled Waiver (A&D Waiver) as well as enhanced benefits. MLTSS are designed to assist elderly, and physically disabled Members maintain self-sufficiency, individuality, independence, dignity, choice and privacy in a cost-effective and most appropriate setting. Services for eligible Members are provided in the Member's home, in a certified family home or in a residential or assisted living facility. The Aged and Disabled waiver provides eligible individuals the ability to choose and receive the care they need in the home or community rather than in an institution.

MLTSS benefits and approved services

Aged and Disabled Waiver (A&D Waiver)

Benefit	Description
Attendant Care Services	Provides services that involve personal and medically oriented tasks dealing with the functional needs of the Member, including the Member's needs for long-term maintenance, supportive care or activities of daily living (ADL). These services can be done by unlicensed persons or delegated to an unlicensed person by a licensed health care professional or the participant.
Homemaker Services	Provides routine housekeeping duties for the Member if

Benefit	Description
	there is no one else in the household capable of performing or assisting him with or both, the following tasks: laundry, essential errands and meal preparation
Home Deliver Meals	Provides meals delivered to the Member's home to promote adequate participant nutrition.
Companion Services	Provides in-home services to ensure the safety and wellbeing of a Member who cannot be left alone because of frail health, a tendency to wander, inability to respond to emergencies or other conditions that would require a person on-site. Services include non-medical care, supervision and socialization provided to a functionally impaired adult.
Environmental Accessibility Adaptations	Provides minor housing adaptations that are necessary to allow the Member to function with greater independence in the home or without which, the participant would require institutionalization or have a risk to health, welfare or safety.
Personal Emergency Response System (PERS)	PERS is an electronic device that enables a Member to call for help in an emergency. The member may also wear a portable “help” button to allow for mobility. The system is connected to the Member’s phone and programmed to signal a response center once a “help” button is activated.
Day Habilitation	Provides assistance with acquisition, retention or improvement in self-help, socialization and adaptive skills that take place in a non-residential setting, separate from the home or facility in which the Member resides. Day habilitation services will focus on enabling the Member to attain or maintain his or her maximum functional level and will be coordinated with any physical therapy, occupational therapy or speech-language pathology services listed in the plan of care. In addition, day habilitation services may serve to reinforce skills or lessons taught in school, therapy or other settings.
Residential Habilitation	<p>Consists of services and supports that are designed to assist the Member to reside in their own homes, with their families or in certified family homes. The services and supports that may be furnished include the following:</p> <ul style="list-style-type: none"> • Self-direction • Money management • Daily living skills • Socialization • Mobility • Behavior shaping • Personal assistance services

Benefit	Description
Chore Services	Chore services include the services necessary to maintain the functional use of the home or to provide a clean, sanitary and safe environment.
Adult Residential Care	Provides a range of services in a homelike, non-institutional setting that include residential care or assisted living facilities and certified family homes.
Adult Day Health	Provides long-term maintenance or supportive services to waiver Members, these services are offered in a non-institutional, community-based setting. ADHC provides a variety of health, therapeutic and social services designed to meet the specialized needs of waiver individuals.
Respite	Provides short-term breaks from care giving responsibilities to non-paid caregivers. The caregiver or Member is responsible for selecting, training and directing the provider. While receiving respite care services, the waiver participant cannot receive other services that are duplicative in nature.
Supported Employment	Provides work in integrated work settings for Member with the most severe disabilities for whom competitive employment has not traditionally occurred or for whom competitive employment has been interrupted or intermittent as a result of a severe disability.
Specialized Medical Equipment and Supplies	Provides devices, controls or appliances that enable a Member to increase his abilities to perform activities of daily living or to perceive, control or communicate with the environment in which he lives.
Skilled Nursing	Services include intermittent or continuous oversight, training or skilled care that is within the scope of the Nurse Practice Act. These services must be provided by a licensed registered nurse or licensed practical nurse under the supervision of a registered nurse, licensed to practice in Idaho.
Non-medical Transportation	Non-medical transportation enables a waiver participant to gain access to waiver and other community services and resources.
Consultation	Services are provided by a Personal Assistance Agency to a Member or the Member's family to increase their skills as an employer or manager of their own care.
Dental Services	Medically necessary dental benefits are provided through the Idaho Smiles program. The State's Medicaid dental contract for the Idaho Smiles program includes the complete list of all dental services available to A&D waiver Members.

Getting care, getting started

The State of Idaho Department of Health and Welfare (IDHW) is responsible for performing and determining all nursing facility Level of Care Assessments which are required as part of the Medicaid eligibility process and determine if a Member qualifies for waiver services. Molina Healthcare of Idaho will have access to IDHW nursing facility level of care and will use IDHW assessments for each Member's plan of care. Molina will manage changes to the Level of Care Assessment that are required as a result of deterioration or improvement in the Member's condition. Molina's care coordinator (i.e., care manager) is the single point of contact with the Member and will engage with Members and routinely assess for barriers and opportunities to coordinate medical, behavioral health and LTSS services in a person-centered manner. Specifically, along with developing the Person-Centered Service Plan (PCSP) with the Member, the care coordinator will provide verbal, written and/or alternate format information to the Member regarding:

- After-hours assistance for urgent situations
- Access to timely appointments
- Accommodations available to meet individual linguistic, literacy and preferred modes of communication
- Advocacy, engagement of family members and informal supports

At a minimum, the care coordinator's name and their contact information and hours of availability are included in the PCSP, which is shared with all interdisciplinary care team (ICT) participants based on a Member's recorded preferences. All care coordinators are required to keep email and voicemail current with availability or backup as necessary for Members and their Providers.

Molina will ensure the provision of the following service coordination services for the Members:

- MLTSS service coordination
- PCSP review
- Crisis intervention
- Event-based visits
- Long Term Facility-based visits
- Service management
- Medicaid resolution
- Assessment of MLTSS need
- Member education

Molina will work closely with the various CBOs for HCBS to ensure that the Member is getting the care that they need.

Once the Provider has been identified as the Provider of service, it will be the Provider's responsibility for the billing of these services. The PCSP will document services, duration and any other applicable information.

Care management team or integrated care team or interdisciplinary care team (ICT)

All MLTSS Members will receive service coordination and/or care management and be assigned a care coordinator from Molina.

The care management team for MLTSS will include, at a minimum, the Member and/or their authorized representative, care coordinator and Primary Care Physician (PCP).

The person-centered ICT will include, at minimum, the Member and/or their authorized representative, care coordinator and anyone a Member requests to participate. ICT Members may also include MLTSS Providers (e.g., services facilitator, adult day health care center staff, assistive technology, transition coordinator, nursing facility staff, etc.), PCP, specialist(s), behavioral health clinician, targeted case management service Providers and pharmacist. The ICT can also include family/caregivers, peer support or other informal supports and is not limited to the list of required Members.

Person-centered service plan (PCSP) coordination

MLTSS services to be covered by Molina will require coordination and approval.

The PCSP includes the consideration of medical, behavioral and long-term care needs of the Member identified through a person-centered assessment process. The PCSP includes informal care, such as family and community support. Molina will ensure that a PCSP is implemented for the Member in compliance with the Department of Health and Human Services, HCBS final rule section 441.301.

A PCSP means the plan that documents the amount, duration and scope of the home and community-based services. The service plan is person-centered and must reflect the services and supports that are important for the Member to meet their needs, goals and preferences that are identified through an assessment of functional need. The service plan will also identify what is important with regard to the delivery of these services and supports (42 CFR 441.725). Providers responsible for implementing services on the PCSP will be asked to sign or attest to the services they will provide (42 CRF 441.725).

The PCSP will be developed under the Member's direction and implemented by assigned Members of the ICT no later than the end date of any existing service authorization or within the state-specific timeframes for initial and reassessments. This applies to A&D waiver and Nursing Facility member population. All services and changes to services must be documented in the PCSP and be under the direction of the Member in conjunction with the care coordinator.

The ICT under the Member's direction is responsible for developing the PCSP and is driven by and customizable according to the needs and preferences of the Member. As a Provider you may be asked to be a part of the ICT.

Additional services can be requested through the Member's care coordinator anytime, including during the assessment process and through the ICT process. Additional services needed must be at the Member's direction and can be brought forward by the Member, the care manager and/or the ICT team, as necessary. Once an additional need is established, the PCSP will be updated with the Member's consent and additional services approved. For additional information regarding MLTSS service coordination and approvals in the Member's PCSP, please contact Molina at (844) 239-4914.

Transition of care programs

Molina has goals, processes and systems in place to ensure smooth transitions between the Member's setting of care and level of care. This includes transitions to and from inpatient settings (i.e., Nursing Facility to home).

All care coordinators are trained on the transitions of care approach that Molina follows for transitions between care settings. The care coordinators can use tablet technology to facilitate on-site, in-person and home-based assessments that are housed in an electronic health management platform.

Continuity of care (COC) policy and requirements

Molina will prompt safe transition of Members while adhering to minimal service disruption. In order to minimize service disruption, Molina will honor the Member's existing service plans, level of care and Providers (including out-of-network Providers) for 90 calendar days or until the Health Plan completes an Individualized Care Plan, whichever is longer and reimburse providers at a rate no less than the current Medicaid provider rate.

Ongoing Provider support and technical assistance will be provided, especially to community behavioral health, MLTSS Providers and out-of-network Providers during the continuity of care period. All existing PCSPs and service authorizations will be honored during the transition period.

A Member's existing Provider may be changed during the 90 day transition period only in the following circumstances: (1) the Member requests a change; (2) the Provider chooses to discontinue providing services to a Member as currently allowed by Medicaid; (3) Molina or IDHW identify Provider performance issues that affect a Member's health or welfare; or (4) the Provider is excluded under state or federal exclusion requirements.

Out-of-network Providers who are providing services to Members during the initial continuity of care period shall be contacted to provide them with information on becoming credentialed, in-network Providers. If the Provider chooses not to join the network or the Member does not

select a new in-network Provider by the end of the 90 days, Molina will work with the Member in selecting an in-network Provider.

Members in a nursing facility (NF) at the time of Molina MLTSS enrollment may remain in that NF as long as the Member continues to meet NF level of care unless they or their family or authorized representative prefer to move to a different NF or return to the community. The only reasons for which Molina may require a change in NF are if (1) Molina or IDHW identify Provider performance issues that affect a Member's health or welfare; or (2) the Provider is excluded under state or federal exclusion requirements.

For additional information regarding continuity of care and transition of MLTSS Members please contact Molina at (208) 239-4919.

Assessment, Care Plan Development and Self-Directed Services

The following are assessment timeframes:

- Comprehensive Health Risk Assessments within required timeframes based on Member risk factors and at least once every 12 months thereafter):
 - High risk – within 30 days of enrollment.
 - Medium risk – within 60 days of enrollment.
 - Low risk – within 90 days of enrollment.

A PCSP shall be developed for each Member no later than 120 calendar days from the time of enrollment or within 30 calendar days of the completion of the Comprehensive Health Risk Assessment, whichever occurs first.

Members have the choice of how their services are delivered through various models, which may include self-direction.

Molina will provide information, choice and supports to educate and assist the Member to promote self-direction of A&D Waiver services. Self-direction of the following services through Personal Assistance Agencies (PAA) functioning as Fiscal Intermediary (FI) Agencies are listed below:

- Companion Services
- Skilled Nursing
- Consultation
- Attendant Care
- Homemaker
- Chore Service

Credentialing

Molina uses a standard credentialing and recredentialing process consistent with state-required policies for MLTSS Providers. Molina also ensures that network Providers have physical access,

reasonable accommodations and accessible equipment for Members with physical or mental disabilities. Detailed information about Molina’s credentialing/recredentialing process is available in the **Credentialing and Recredentialing** section of this Provider Manual.

Appeals, grievances and state hearings

Molina maintains an organized and thorough grievance and appeal process to ensure timely, fair, unbiased and appropriate resolutions. Members or their authorized representative have the right to voice a grievance or submit an appeal through a formal process.

Molina ensures that Members have access to the appeal process by providing assistance throughout the whole procedure in a culturally and linguistically appropriate manner, including oral, written and language assistance if needed. Grievance information is also included in the Member Handbook.

Member grievances

Molina will have a system in place for addressing Member grievances; including grievances regarding reasonable accommodations and access to services under the Americans with Disabilities Act. In accordance with IDHW, written records of all grievance activities will be maintained and Molina will notify IDHW of all internal grievances if required.

Members may authorize a designated representative to act on their behalf (hereafter referred to as “representative”). The representative can be a friend, a family member, health care Provider or an attorney. An authorized representative form can be found on Molina’s Member website.

Members may file a grievance by calling Molina’s Member Contact Center at (844) 809-8445 or TTY/TDD: 711 for persons with hearing impairments.

Members may also submit a grievance in writing to:

Molina Healthcare of Idaho
Attention: Appeals and Grievance Department
7050 S Union Park Center, Suite 200
Midvale, UT 84047

Molina will investigate, resolve and notify the Member or their representative of the findings. Every attempt will be made to resolve a grievance at the time of a call. However, if a grievance is unable to be resolved immediately, it will be resolved as expeditiously as possible, but no later than the following timeframes: Urgent requests, 72 hours after Molina receives the Member’s appeal. Molina may extend this time by up to 14 days if the Member requests an extension, or if Molina needs additional information and the extension benefits the Member.

If the grievance resolution affirms the denial, reduction, suspension or termination of a Medicaid-covered service or if the resolution permits the billing of a Member due to Molina's denial of payment for that service, Molina will notify the Member of their right to request a state hearing.

Member appeals

Appeals are the request for a review of an action. The Member or their representative acting on their behalf has the right to appeal Molina's decision to deny a service. For Member appeals, Molina must have written consent from the Member authorizing someone else to represent them.

All grievances received will be kept confidential except as needed to resolve the issue and respond to the Member or their representative. Additional information on Member appeals and grievances are available in the Molina Member Handbook.

Member right to a state fair hearing

Members are notified of their right to a state hearing in all of the following situations:

- A service denial (in whole or in part)
- Reduction, suspension or termination of a previously authorized service
- A Member is being billed by a Provider due to a denial of payment and Molina upholds the decision to deny payment to the Provider

Provider Claims dispute (adjustment request)

The processing, payment or nonpayment of a Claim by Molina shall be classified as a Provider dispute and shall be sent to the following address:

Molina Healthcare of Idaho
Attention: Provider Claims Disputes
7050 S Union Park Center, Suite 200
Midvale, UT 84047

Provider complaints

Providers must follow the current conditions of participation and service specification requirements of the Medicaid waiver(s) for which they are certified/approved. Each entity that pays Claims will review the Provider's documentation to verify that services authorized and paid for are actually provided. Providers must work with Molina first before submitting complaints to the state agency.

Critical incident reporting and management

Molina participates in efforts to prevent, detect and remediate critical incidents based on requirements for HCBS waiver programs.

It is important that our Providers report any activities that seem out of the norm. It is imperative that we ensure Members are protected and safe from harm. Critical incidents that occur in a NF, inpatient behavioral health or HCBS delivery setting (e.g., an adult day health care center, a Member's home or any other community-based setting), among other settings, will be reported in a timely manner.

The following lists of "incidents" are required to be reported in a timely manner:

- Abuse: The infliction (by oneself or others) of injury, unreasonable confinement, intimidation or cruel punishment with resulting physical harm, pain or mental anguish.
 - Physical abuse is the intentional use of physical force resulting in injury, pain or impairment. It includes pushing, hitting, slapping, pinching and other ways of physically harming a person. It can also mean placing a person in incorrect positions, force feeding, restraining or giving medication without their knowledge.
 - Emotional abuse occurs when a person is threatened, humiliated, intimidated or otherwise psychologically hurt. It includes the violation of their right to make decisions and/or the loss of their privacy.
 - Sexual abuse includes rape or other unwanted, non-consensual sexual contact, but it can also mean forced or coerced nudity, exhibitionism and other non-touching sexual situations, regardless of the age of the perpetrator.
- Neglect: When someone has a duty to do so, but fails to provide goods, services or treatment necessary to assure a person's health and welfare.
- Exploitation: the unlawful or improper act of using a Member or a Member's resources for monetary or personal benefit, profit or gain.
- Misappropriation: depriving, defrauding or otherwise obtaining the money or real or personal property (including medication) belonging to a person by any means prohibited by law.
- Death of a Member.

The maximum timeframe for reporting an incident shall be 24 hours. The initial report of an incident within 24 hours may be submitted verbally, in which case the person/agency/entity making the initial report shall submit a follow-up written report within 24 hours.

Fighting fraud, waste and abuse

Proper Member identification is vital to reduce fraud, waste and abuse in government health care programs. The best way to verify a Member's identity is to obtain a copy of the Molina Member ID card and a form of picture ID. Suspicions of Member or Provider fraud must be reported to Molina. The Molina Alertline is available 24 hours a day, 7 days a week, including holidays at (866) 606-3889. Reports are confidential and may be reported anonymously.

Molina complies with all federal and state requirements regarding fraud and abuse, including but not limited to sections 1128, 1156 and 1902(a)(68) of the Social Security Act.

Additional information on fraud, waste and abuse is available in the **Compliance** section of this Provider Manual.

Claims for MLTSS services

Providers are required to bill Molina for all MLTSS waiver services through mail, electronically, using EDI submission or through the [Availity Essentials portal](#). After registering on the [Availity Essentials portal](#) a Provider will be able to check eligibility, Claim status and create/submit Claims to Molina. To register please visit [Provider Self Services Portal](#).

For information on how to submit a Claim via the [Availity Essentials portal](#) contact health plan Provider Services representative at (844) 239-4914.

Billing Molina

For reference, the Home and Community Based Services (HCBS) Codes for Idaho are available in Appendix 1 of this Provider Manual.

For reference, the Nursing Facility Billing Guidance for Idaho is available in Appendix 2 of this Provider Manual.

Atypical providers

Atypical providers are service Providers that do not meet the definition of health care Provider. Examples include taxi services, home and vehicle modifications, insect control, habilitation and respite services, etc. Although they are not required to register for an NPI, these Providers perform services that are reimbursed by Molina.

Atypical Providers are required to use their unique 8-digit Idaho Medicaid Provider Number given to them by the state of Idaho to take the place of the NPI.

Claim submission: Availity Essentials portal

We encourage our MLTSS Providers to utilize the [Availity Essentials portal](#) to submit Claims. For additional information please refer to the **Claims and Compensation** section of this Provider Manual or the Availity Essentials portal quick reference guide once logged in to your Availity Essentials Portal account for further details. For additional information please contact the Molina Provider Contact Center at (844) 239-4914.

Timely Claims processing

For an Idaho Medicaid Claim to be considered as filed on a timely basis, the complete Claim must be submitted within 6 months (180 days) of the start date of service or in the case of a date range from the start date of service.

Molina shall pay or deny 90% of clean Claims within 30 calendar days of receipt of the Claim.

If the Claim is a paper Claim, Molina shall pay or deny 90% of clean Claims within 45 calendar days of receipt of the Claim.

Billing Molina Members

Molina shall require, as a condition of payment, that the Provider accept the amount paid by the Health Plan or appropriate denial made by the Health Plan or, if applicable, payment by the Health Plan that is supplementary to the Member's third party payer, plus any applicable amount of cost sharing or patient liability responsibilities due from the Member as payment in full for the service. Providers cannot bill Members for any other amount other than the applicable amount of cost sharing or patient liability responsibilities.

If Molina Healthcare of Idaho is made aware of members being balance billed outside of agreed upon non-covered services, or agreed upon heightened services, the provider will be outreached and notified to cease billing of monies inappropriately billed and require any payments received be immediately refunded. If the provider continues to bill the member, Molina Healthcare of Idaho will report the provider to IDHW for investigation of potential fraud.

Encounter data submission

Each Provider, capitated Provider or organization delegated for Claims processing is required to submit Encounter data to Molina for all adjudicated Claims. The data is used for many purposes, such as regulatory reporting, rate setting and risk adjustment, hospital rate setting, the Quality Improvement Program and HEDIS® reporting.

Please reference the Encounter Data portion of this manual.

Member responsibility (Share of Cost)

IDHW will provide Molina with the amount of the member's share of cost or patient liability responsibilities, if any, that it may assess to each Member. Molina shall ensure that if cost sharing is required for Medicaid services, it is only to the extent that cost sharing or patient liability responsibilities are required for those services by IDHW in accordance with applicable Federal and State statutes and regulations. LTSS Long-Term Care facility providers are responsible for collecting patient liability amounts from Members receiving services. Similarly, Home and Community Based providers are responsible for collecting applicable co-payments for covered services. Molina will apply the appropriate cost sharing or patient liability responsibilities amount to LTSS Claims received prior to reimbursement to Providers.

Appendix 1: home and community-based services (HCBS) codes

For reference, the HCBS codes for Idaho are available in Appendix 1 of this Provider Manual.

Appendix 2: nursing facility billing guidance

For reference, the Nursing Facility Billing Guidance for Idaho is available in Appendix 2 of this Provider Manual.

19. APPENDIX 2: NURSING FACILITY BILLING GUIDANCE

Revenue Code	Description
0100	Inpatient days (NF, ICF/ID or swing bed)
0101	All Inclusive R&B LTC (For Special Rate or participant Specific Pricing)
0183	LOA (NF therapeutic leave to home)
0189	ICF/ID LOA (Other Leave of Absence)

Bill Types	Description
0211	Skilled Nursing - Inpatient (Admit - Through - Discharge Claim)
0212	Skilled Nursing - Inpatient (Interim - First Claim)
0213	Skilled Nursing - Inpatient (Interim - Continuing Claim)
0214	Skilled Nursing - Inpatient (Interim - Last Claim)
0215	Skilled Nursing - Inpatient (Late Charge Only)
0217	Skilled Nursing - Inpatient (Adjustment/Replacement of Prior Claim)

20. FREQUENTLY ASKED QUESTIONS (FAQ)

1. Where is the manual located?

The Molina Healthcare of Idaho Provider Manuals can be located by visiting MolinaHealthcare.com and navigating to the applicable line of business under the Health Care Professionals section of the website.

2. How do I submit a claim?

Molina strongly encourages Providers to submit Claims electronically via a clearinghouse or [Availity](#) portal. If electronic submission is not an option, paper claims may be submitted via mail at the following address.

- [Availity](#) portal
- EDI Payer ID number 61799
- Paper Claims Mail to Address:
PO Box 22811
Long Beach, CA 90801

(See the **Claims and Compensation** section of this Provider Manual)

3. Where do I go if I have a claims question?

To verify the status of your claims, please use the Availity portal. For other claims questions contact Provider Services.

[Availity](#) portal
Phone: (844) 239-4914

(See the Contact Information or Claims and Compensation sections of this Provider manual).

4. What tools are available on the Availity portal?

The [Availity](#) portal is available to use 24 hours a day, 7 days a week. A Provider can accomplish a number of tasks, including:

- Check Member eligibility
- Submit and check the status of your claims
- Submit and check the status of your service or request authorizations
- View your HEDIS scores
- And more

5. Molina Health Plan the same as MMS?

No, they are different.

Molina Healthcare is the name of the company that contracts with state governments and offers a comprehensive health plan with quality benefits and programs, such as MMCP in the State of Idaho.

Molina Medicaid Solutions (MMS) Molina's Medicaid management information systems provide the technological foundation needed by state agencies to meet current and future Medicaid Information Technology Architecture (MITA) business process and regulatory health care requirements. Molina Medicaid Solutions' fiscal agent contracts with Idaho.

6. How do I submit a Prior Authorization (PA)?

Molina offers the following electronic Prior Authorizations/Service Requests submission options:

- Submit requests directly to Molina via the Provider Portal. See Molina's Provider Web Portal Quick Reference Guide or contact your Provider Services Representative for registration and submission guidance.
- Submit requests via 278 transactions. See the EDI transaction section of Molina's website for guidance.

[Availity](#) portal

Phone: (844) 239-4914

Fax: (844) 251-1450

The Prior Authorization Form and Codification Matrix can be found online at MolinaHealthcare.com or by clicking on the following [link](#).

(See the Contact Information or Healthcare Services (HCS) sections of this Provider Manual).

7. How do I become a contracted Molina Provider?

Idaho Providers must complete a Contract Application designed to provide Molina with information necessary to perform a comprehensive review of the Provider's credentials.

For additional information on how to join our network, please contact Provider Contracting at MHIDProviderContracting@MolinaHealthcare.com.

8. I have a new provider joining my practice, how do I add them to my contract?

Idaho Providers must complete the "Add" tab on the Provider Roster designed to provide Molina with information necessary to perform a comprehensive review of the Provider's credentials and add them to a group contract.

The Provider Roster can be found online by visiting MolinaHealthcare.com

9. What is the difference between the three Idaho Products?

- a. Molina Medicare Choice Care (HMO)
 - i. Medicare Advantage
- b. Molina Medicare Complete Care (HMO-SNP)
 - i. Dual Options- Both Medicare and Medicaid.
 - ii. Has additional Supplemental benefits (MLTSS).
 - iii. Medicare is not automatically enrolled; Member has to choose Molina as their Medicare plan when they are auto enrolled later this year.
 - iv. Member can change plans every 30 days.
- c. IM Plus
 - i. Available to dual members.
 - ii. Member can select any Medicare Advantage Plan to administer Medicare benefits.
 - iii. Molina IM Plus is only available for the Medicaid component of the dual benefits.
