

Provider Memorandum

When to Bill for Dementia Patients in Supportive Living Facilities

Molina Healthcare of Illinois (Molina) is clarifying eligibility for the Supportive Living Facility (SLF) member regarding dementia per diem billing situations by reminding providers of proper billing codes.

The taxonomy code on the claim determines whether or not the dementia care rate should be used. Only SLF providers approved to bill for dementia care are permitted to submit claims with the dementia care taxonomy. Visit the Department of Healthcare and Family Services (HFS) website for a complete list, or click here for the PDF: [illinois.gov/hfs/SiteCollectionDocuments/DementiaCareSettingsList.pdf](https://www.illinois.gov/hfs/SiteCollectionDocuments/DementiaCareSettingsList.pdf).

Providers should only submit the claim with the dementia care taxonomy code if the resident in one of the HFS-approved facilities is receiving dementia care. Fee-for Service claims do **not** require the provider to submit a dementia care diagnosis code to receive the dementia care rate.

Taxonomy Codes

311500000X - Dementia Special Care = Legacy COS 086

310400000X - Assisted Living Facility = Legacy COS 087

Providers should communicate with the member's Care Manager if the member is receiving dementia care services. The Care Manager can then contact the manager or nurse at the SLF community to verify.

Questions?

We're here to help. Contact your Provider Network Manager or email the Provider Network Management team at MHILProviderNetworkManagement@MolinaHealthcare.com. For help identifying your Provider Network Manager, visit [Molina's Service Area](#) page at [MolinaHealthcare.com](https://www.MolinaHealthcare.com).
