

Provider Memorandum

Molina’s Prior Authorization Requirements—April 1, 2023, NCH Medicaid and Medicare

The codes listed will **require** Prior Authorization (PA) either from New Century Health (NCH) or Molina Healthcare of Illinois (Molina) as specified. These changes will be reflected on the Molina Prior Authorization Codification List found on the [Molina provider website](#) on the [Frequently Used Forms](#) page, under Authorization Requests for April 1, 2023 and after.

Health care administered drug codes are included in the oncology space identified on the Prior Authorization codification list that **do not** require PA but **do** require that providers include a request for these codes to New Century Health when requested together with drugs that require Prior Authorization. These codes will be identified with the note “For Adults 18 and over with cancer diagnosis, direct request to NCH if this code is part of a regimen.” Otherwise, no PA is required.

Providers are always encouraged to confirm PA requirements using the [PA LookUp Tool](#).
