Provider Memorandum

Clarification on PAs Required for MMP Injectable J Code Drugs

Molina Healthcare of Illinois (Molina) made an important Prior Authorization (PA) update. Specifically, you are **required** to submit Prior Authorization requests for injectable drugs (HCPCS J codes) **that require PA** in the Medicare-Medicaid Plan (MMP); refer to the PA Codification List posted on MolinaHealthcare.com. **Plus**, the PA is **always required** for non-par J codes.

Make your requests via a new fax number or the CVS app in the Provider Portal:

- New fax number: **(800) 391-6437**—to be used **exclusively for MMP J codes** requests.
- The CVS Caremark application via the Provider Portal.

Prior Authorization (PA) forms for faxing can be found on the MolinaHealthcare.com website.

The CVS Caremark PA system (powered by NovoLogix) provides a streamlined process for your medicines through these PA management services:

- Efficient intake process with a web-based authorization system.
- Real-time status updates.

Thank you for your continued commitment to Molina MMP Members.

Questions about NovoLogix? Email the NovoLogix Help Desk or call **(866) 378-3791** from 7 a.m. to 6 p.m. Central Time, Monday through Friday.

Questions for the Molina Pharmacy team? Call **(800) 665-3086** from 5 a.m. to 8 p.m. Central Time, Monday through Friday.
