Skin Substitutes Prior Authorization Update

Senior Whole Health (“SWH”) is reaching out to the network to inform you of an upcoming change to prior authorization (PA) requirements for skin substitute products.

Effective **November 1, 2025**, prior authorization will be required for **all skin substitute codes/products**.

This change is being implemented to ensure appropriate utilization and alignment with evidence-based clinical guidelines. The prior authorization process will help us evaluate medical necessity and support optimal patient outcomes.

Please be advised codes should be reviewed using the PA Lookup Tool on the SWH Provider Website by each line of business. As a reminder, the preferred method to submit PA requests is through our secure Availity Essentials Portal- register and login at availability.com/molinahealthcare. For any questions, reach out to your Provider Relations Manager, SWHProviderRelations@MolinaHealthcare.com or contact us at (855) 838-7999.

If you have any questions or need additional support, please contact your provider relations representative.

Thank you for your continued partnership and commitment to quality care.
