CHAPTER 1: INTRODUCTION

Molina Healthcare of Nebraska, Inc. (Molina) is a wholly owned subsidiary of Molina Healthcare, Inc. (Molina Healthcare), an experienced leader in providing quality health care for government-sponsored programs. Molina Healthcare's subsidiary Medicaid health plans are member-centered, community-focused, and cost-effective and have consistently shown meaningful gains in Member access to care and health outcomes for almost 30 years. Molina was selected by the Department of Health and Human Services (DHHS), Division of Medicaid & Long-Term Care (MLTC) to serve enrollees in Nebraska's Heritage Health program, which is a health care delivery system that combines Nebraska's physical health, behavioral health, pharmacy, and dental programs into a single comprehensive and coordinated system for Nebraska's Medicaid and CHIP clients.

This Provider Manual contains comprehensive information about Molina Heritage Health (Medicaid) operations, benefits, billing, policies, procedures, and how we partner with our network of Providers. The most current version is always available on our website at MolinaHealthcare.com. You will be notified of updates through the "significant changes" document posted on the website with new versions of the manual as well as BlastFax, Provider Bulletins, Provider Network Email, and Quarterly Provider Newsletter. Minor updates will be made available as an addendum at the front of the manual and notifications will be provided when updates are made. Note: For information related to other lines of business (e.g., Medicare, etc.) please access the business-specific line of business in the Molina Healthcare of Nebraska Provider Manual.

CHAPTER 2: CONTACT INFORMATION

This section includes important telephone and fax numbers available to your office. When calling Molina, please have the following information available:

- National Provider Identifier (NPI) number
- Tax ID (TIN) number
- Member’s ID number (i.e., the Medicaid ID number)

Physical Address

Molina Healthcare of Nebraska, Inc.
14748 W Center Rd, Suite 104
Omaha, NE 68144

Provider Services Department

The Provider Services department accepts telephone inquiries from Providers, addressing questions including, but not limited to policy and procedures, claims issues, and credentialing or contracting status.

The Provider Services department is available to Providers Monday – Friday, 7 a.m. – 6 p.m., Central Time, except for state holidays.

Phone: (844) 782-2678

Fax: (833) 929-3006

Provider Relations Department

Molina has assigned Provider Relations representatives by county to enable Providers to receive prompt resolution of any problems or inquiries and to receive education about Molina's Healthcare program. Provider Relations Representatives conduct training courses on a monthly and quarterly basis. The Provider Relations Representative map and contact information is available on our Provider website at MolinaHealthcare.com/NEProviders under the “Provider Resources” tab. The Provider Relations Department can be reached at NEProviderRelations@MolinaHealthcare.com.

Our Provider website is located at [Home | Medicaid Providers](#) and features our Provider Online Directory, Preventative & Clinical Care Guidelines, Provider Manual, Web Portal, Prior Authorization Look-up Tool, Advanced Directives, Behavioral Health Toolkit, Claims Information, Pharmacy Information, HIPAA, Fraud Waste & Abuse Information, Frequently Used Forms, Communications and Newsletters as well as Contact Information.

Member services

The Molina Member Contact Center handles all telephone inquiries regarding benefits, eligibility/identification, pharmacy inquiries, selecting or changing primary care providers (PCP) and Member complaints, offers to assist Members with obtaining Medicaid-covered services, resolving grievances, including requesting authorization of Medicaid services and navigating Medicaid appeals and grievances regardless of whether such coverage is in Medicaid fee-for-service or a Medicaid managed care plan. Molina Member Contact Center representatives are available excluding state and federal holidays.

Phone: (844) 782-2018
Monday – Friday, 8 a.m. – 6 p.m., Central Time
Hearing Impaired (TTY/TDD): 711

Compliance and fraud alertline

Suspected cases of fraud, waste or abuse must be reported to Molina. You may do so by contacting the Molina Alertline or by submitting an electronic complaint using the website listed below. For additional information on fraud, waste and abuse please refer to the **Compliance** section of this Provider Manual.

Confidential
Compliance Official
Molina Healthcare, Inc.
200 Oceangate
Suite 100
Long Beach, CA 90802

Phone: (866) 606-3889
24 Hours a day, 7 days a week
Online: MolinaHealthcare.Alertline.com

Contracting Department

The Contracting department is responsible for negotiating the Agreement between the Provider and Molina Healthcare. If you are interested in being In Network with Molina Healthcare of Nebraska, please complete the request form found online under “Join Our Network” and send to NEContracting@MolinaHealthcare.com.

Credentialing Department

The Credentialing department verifies all information on the Provider Application prior to contracting and re-verifies this information at least once every three (3) years, or sooner. The information is then presented to the Professional Review Committee to evaluate a Provider’s qualifications to participate in the Molina network. For additional information on Molina’s Credentialing program, including Policies and Procedures, and the relationship with Verisys, please refer to the Credentialing and Recredentialing section of this Provider Manual. For

credentialing questions please send your inquiries to NEContracting@MolinaHealthcare.com or call Molina Provider Services at (844) 782-2678, Monday – Friday, 7 a.m. – 6 p.m., Central Time, except for state holidays.

Health Care Services (HCS) Department

The Health Care Services department ensures members receive the services and support they need. The Utilization Management team employs licensed medical and behavioral professionals who conduct concurrent reviews on inpatient cases and process prior authorization service requests. The Care and Case Management team assists Members who have complex conditions and needs including Social Determinants of Health (SDOH). Care and Case Managers are licensed medical and behavioral health professionals who will assist Members with accessing care and support services. To contact Care and Case Management or to make a referral please send an email to NE_CM@MolinaHealthCare.Com. To contact HCS for services such as Prior Authorization and Case Management, please call Molina Provider Services at (844) 782-2678 or Health Care Service Operations are available Monday-Friday, 8 a.m. – 5 p.m., Central Time.

Availity Essentials

Providers and third-party billers can use the no-cost [Availity Essentials portal](#) to perform many functions online without the need to call or fax Molina, including transactions related to claims and prior authorization. Availity Client Services operating hours are Monday – Friday, 7 a.m. – 7 p.m., Central Time. To contact Availity, please call 1-800-282-4548.

ECHO Health

Molina has partnered with ECHO Health, Inc. (ECHO), for payment delivery and 835 processing. ECHO Customer Service operating hours are 7 a.m. – 5 p.m., Central Time. To contact ECHO, please call (888) 834-3511 or email edi@echohealthinc.com. For more information, please refer to the Claims and Compensation section of this Provider Manual.

CHAPTER 3: RIGHTS AND RESPONSIBILITIES

Provider Rights

Providers have the right to:

- Be treated by their patients and other health care workers with dignity and respect.
- Receive accurate and complete information and medical histories for Members' care.
- Have their patients act in a way that supports the care given to other patients and that helps keep the doctor's office, hospital, or other offices running smoothly.
- Expect other network Providers to act as partners in Members' treatment plans.
- Expect Members to follow their directions.
- File a complaint/grievance or file a Claim appeal against Molina.
- File a grievance with Molina on behalf of a Member, with the Member's consent.
- File an appeal with Molina on behalf of the Member, with the Member's consent.
- Have access to information about Molina quality improvement programs, including program goals, processes, and outcomes that relate to Member care and services.
- Contact the Molina Provider Services department with any questions, comments, or problems.
- Collaborate with other health care professionals who are involved in the care of Members.

Provider Responsibilities

Mainstreaming

Molina considers mainstreaming of its Members as an important component of the delivery of care. Molina expects its participating Providers to treat Members without regard to pay source, race, color, creed, sex, religion, age, national origin (including those with limited English proficiency), ancestry, marital status, sexual preference, gender identity, health status, genetic information, income status, program membership or physical or behavioral disabilities except where medically indicated. Examples of prohibited practices include:

- Denying a Member a covered service or availability of a facility.
- Providing a Molina Member a covered service that is different or in a different manner, or at a different time or at a different location than to other "public" or private pay Members (examples: different waiting rooms or appointment times or days), except where medically necessary.
- Subjecting a Member to segregation or separate treatment in any manner related to the receipt of any covered service; or restricting a Member in any way in their enjoyment of any advantage or privilege enjoyed by others receiving any covered service.
- Assigning times or places for provision of services based on the race, color, creed, religion, age, gender, national origin, ancestry, marital status, sexual orientation, gender identity, income status, Medicaid membership, or physical or mental illnesses of the participants served.

Open Communication about Treatment

Molina prohibits contracted Providers from limiting Provider or Member communication regarding a Member's health care. Providers may freely communicate with, and act as an advocate for their patients. Molina requires provisions within Provider contracts that prohibit the solicitation of Members for alternative coverage arrangements for the primary purpose of securing financial gain. No communication regarding treatment options may be represented or construed to expand or revise the scope of benefits under a health plan or insurance contract.

Molina and its contracted Providers may not enter into contracts that interfere with any ethical responsibility or legal right of Providers to discuss information with a Member about the Member's health care. This includes, but is not limited to, treatment options, alternative plans or other coverage arrangements.

Nondiscrimination in Health Care Service Delivery

Providers must comply with the nondiscrimination in health care service delivery requirements as outlined in the Cultural Competency and Linguistic Services section of this Provider Manual.

Additionally, Molina requires Providers to deliver services to Molina Members without regard to source of payment. Specifically, Providers may not refuse to serve Molina Members because they receive assistance with cost sharing from a government-funded program. Providers serving Medicaid Members are required to maintain the same hours of operation as those offered to commercial benefit Members.

Section 1557 Investigations

All Molina Providers shall disclose all complaints of discrimination in violation of Section 1557 of the Patient Protection and Affordable Care Act to Molina's Civil Rights Coordinator, as well as the US Department of Health and Human Services

Molina Healthcare, Inc.
Civil Rights Coordinator

Complaint Forms available at www.hhs.gov/ocr/office/file/index.html

For additional information, please refer to the Department of Health and Human Services (DHHS) website at federalregister.gov/documents/2020/06/19/2020-11758/nondiscrimination-in-health-and-health-education-programs-or-activities-delegation-of-authority.

Facilities, Equipment, Personnel and Administrative Services

The Provider's facilities, equipment, personnel and administrative services must be at a level and quality necessary to perform duties and responsibilities to meet all applicable legal requirements including the accessibility requirements of the Americans with Disabilities Act (ADA).

Provider Data Accuracy and Validation

It is important for Providers to ensure Molina has accurate practice and business information. Accurate information allows us to better support and serve our Members and Provider Network.

Maintaining an accurate and current Provider Directory is a State and Federal regulatory requirement, as well as a National Committee for Quality Assurance (NCQA) required element. Invalid information can negatively impact Member access to care, Member/PCP assignments and referrals. Additionally, current information is critical for timely and accurate Claim processing.

Providers must validate their Provider information on file with Molina at least once every 90 days for correctness and completeness.

Additionally, in accordance with the terms specified in the Provider Agreement with Molina, Providers must notify Molina of any changes as soon as possible, but at a minimum 30 calendar days in advance of any changes in any Provider information on file with Molina. Changes include, but are not limited to:

- Change in office location(s)/address, office hours, phone, fax, or email.
- Addition or closure of office location(s).
- Addition of a Provider (within an existing clinic/practice).
- Change in Provider or practice name, Tax ID and/or NPI.
- Opening or closing your practice to new patients (PCPs only).
- Change in specialty.
- Any other information that may impact Member access to care.

For Provider terminations (within an existing clinic/practice), Providers must notify Molina in writing in accordance with the terms specified in the Provider Agreement with Molina.

Please visit our Provider Online Directory at MolinaProviderDirectory.com/NE to validate your information. Providers can make updates through the [CAQH portal](#), or you may submit a full roster to NEProviderRosters@MolinaHealthcare.com. The roster should include the required information above for each health care Provider and/or health care facility in your practice. Providers unable to make updates through the [CAQH portal](#), or roster process, should contact their Provider Relations representative for assistance.

Note: Some changes may impact credentialing. Providers are required to notify Molina of changes to credentialing information in accordance with the requirements outlined in the Credentialing and Recredentialing section of this Provider Manual.

Molina is required to audit and validate our Provider Network data and Provider Directories on a routine basis. As part of our validation efforts, we may reach out to our Network of Providers through various methods, such as letters, phone campaigns, face-to-face contact, fax and fax-back verification, etc. Molina also may use a vendor to conduct routine outreach to validate data that impacts the Provider Directory or otherwise impacts its membership or ability to coordinate Member care. Providers are required to supply timely responses to such communications.

All Molina Providers participating in a Medicaid network must be enrolled in the state Medicaid program to be eligible for reimbursement. If a Provider has not had a Medicaid number assigned, the Provider must apply for enrollment with the Nebraska Department of Health and Human Services (DHHS) and meet the Medicaid Provider enrollment requirements set forth in the Screening and Enrollment Requirements for fee-for-service Providers of the appropriate provider type. Details are available on the DHHS website at <https://dhhs.ne.gov/Pages/Medicaid-Provider-Screening-and-Enrollment-Forms.aspx>.

National Plan and Provider Enumeration System (NPPES) Data Verification

In addition to the above verification requirements, the Centers for Medicare & Medicaid Services (CMS) recommends that Providers routinely verify and attest to the accuracy of their NPPES data.

NPPES allows Providers to attest to the accuracy of their data. If the data is correct, the Provider can attest and NPPES will reflect the attestation date. If the information is not correct, the Provider is able to request a change to the record and attest to the changed data, resulting in an updated certification date.

Molina supports the CMS recommendations around NPPES data verification and encourages our Provider network to verify Provider data via nppes.cms.hhs.gov. Additional information regarding the use of NPPES is available in the Frequently Asked Questions (FAQ) document published at the following link: cms.gov/Medicare/Health-Plans/ManagedCareMarketing/index.

Balance Billing

The Provider is responsible for verifying eligibility and obtaining approval for those services that require prior authorization.

Providers agree that under no circumstance shall a Member be liable to the Provider for any sums that are the legal obligation of Molina to the Provider. As described in your Provider Agreement with Molina, balance billing a Member for Covered Services is prohibited, except for the Member's applicable copayment, coinsurance, and deductible amounts.

Marketing Rules and Guidelines

- When conducting any form of marketing in a provider's office, Molina will obtain and keep on file the written consent of the Provider.
- Molina does not require its Provider to distribute Molina-prepared marketing communications to the Member.
- Molina does not provide incentives or giveaways to Providers to distribute marketing materials to Molina Members or potential Molina Members.
- Molina prohibits Providers from soliciting enrollment or disenrollment in a particular Managed Care Organization (MCO) or to distribute MCO-specific materials.
- Molina is prohibited from providing printed materials to Providers with instructions on how to change a Member to another MCO.
- Participating Providers who wish to let their patients/Members know of their affiliations with one or more Managed Care Organization (MCO) must list each MCO with whom they contract.
- Participating Providers may display and distribute health education materials for all contracted MCOs or they may choose not to display and distribute for any contracted MCOs. Health education materials must adhere to the following guidance:
 - a.) Health education posters cannot be larger than 16 x 24 inches.
 - b.) Children's books, donated by MCOs, must be in common areas; and
 - c.) Materials may include the MCO's name, logo, telephone number and website address.
- Providers are not required to distribute and/or display all health education materials provided by each MCO with whom they contract. Providers can choose which items to display as long as they distribute items from each contracted MCO and that the distribution and quantity of items displayed are equitable.
- Providers may display marketing materials for MCOs provided that appropriate notice is conspicuously and equitably posted, in both size of material and type set, for all MCOs with whom/which the Provider has a contract.
- Providers may display MCO participation stickers but must display stickers for all contracted MCOs or choose not to display stickers for any contracted MCOs.
- MCO stickers indicating that the Provider participates with a particular MCO cannot be larger than 5 x 7 inches and cannot indicate anything more than "The MCO is accepted or welcomed here."
- Providers may inform their patients of the benefits, services, and specialty care services

offered through the MCOs in which they participate. However, Providers may not recommend one MCO over another, offer patients incentives for selecting one MCO over another, or assist the patient in deciding to select a specific MCO in any way, including, but not limited to, using a phone, computer, or fax machine in the office.

- On actual termination of a contract with the MCO, a Provider who/that has contracts with other MCOs may notify their patients of the change and the impact of the change on the patient, including the date of the contract termination. Providers must continue to see current patients enrolled in the MCO through the termination date, according to all terms and conditions specified in the contract between the Provider and the MCO.

Please contact your Provider Relations representative with questions or for information and review of proposed materials.

Member Cost

Providers should verify the Molina Member's cost share status prior to requiring the Member to pay copay, coinsurance, deductible or other cost share that may be applicable to the Member's specific benefit plan. Some plans have a total maximum cost share that frees the Member from any further out-of-pocket charges once reached (during that calendar year).

Health Care Services (Utilization Management and Care/Case Management)

Providers are required to participate in and comply with Molina's Utilization Management and Care/Case Management programs, including all policies and procedures regarding Molina's facility admission, prior authorization, Medical Necessity review determination, and Interdisciplinary Care Team (ICT) procedures. Providers will also cooperate with Molina in audits to identify, confirm, and/or assess utilization levels of Covered Services. Molina has Case Managers available to assist Molina Members with chronic disease, SDOH, complex medical conditions, special health care needs, or those Members you feel may need helping hand managing their care. Providers, including Dentists, are encouraged to make Member referrals to Molina's Care/Case Management staff. Referrals can be made through the [Availity Essentials portal](#). For additional information please refer to the Health Care Services section of this Provider Manual.

Referrals

A referral may become necessary when a Provider determines Medically Necessary services are beyond the scope of the PCP's practice or it is necessary to consult or obtain services from other in-network specialty health professionals unless the situation is one involving the delivery of Emergency Services. Information is to be exchanged between the PCP and specialist to coordinate care of the patient to ensure continuity of care. Providers need to document referrals that are made in the patient's medical record. Documentation needs to include the specialty, services requested, and diagnosis for which the referral is being made.

Providers should direct Molina Members to health professionals, hospitals, laboratories, and

other facilities and Providers which are contracted and credentialed (if applicable) with Molina. In the case of urgent and Emergency Services, Providers may direct Members to an appropriate service including, but not limited to, primary care, urgent care and hospital emergency room.

There may be circumstances in which referrals may require an out-of-network Provider. Prior authorization will be required from Molina except in the case of Emergency Services.

PCPs are able to refer a Member to an in-network specialist for consultation and treatment without a referral request to Molina.

For additional information please refer to the Health Care Services section of this Provider Manual.

Treatment Alternatives and Communication with Members

Molina endorses open Provider-Member communication regarding appropriate treatment alternatives and any follow up care. Molina promotes open discussion between Provider and Members regarding Medically Necessary or appropriate patient care, regardless of covered benefits limitations. Providers are free to communicate all treatment options to Members regardless of benefit coverage limitations. Providers are also encouraged to promote and facilitate training in self-care and other measures Members may take to promote their own health.

Pharmacy Program

Providers are required to adhere to Molina's drug formularies and prescription policies. For additional information please refer to the Pharmacy section of this Provider Manual.

Participation in Quality Programs

Providers are expected to participate in Molina's Quality Programs and collaborate with Molina in conducting peer reviews and audits of care rendered by Providers. Such participation includes, but is not limited to:

- Access to Care Standards
- Site and Medical Record-Keeping Practice Reviews as applicable
- Delivery of Patient Care Information

For additional information please refer to the Quality section of this Provider Manual.

Compliance

Providers must comply with all State and Federal Laws and regulations related to the care and management of Molina Members.

Confidentiality of Member Health Information and HIPAA Transactions

Molina requires that Providers respect the privacy of Molina Members (including Molina Members who are not patients of the Provider) and comply with all applicable Laws and regulations regarding the privacy of patient and Member protected health information.

For additional information please refer to the Compliance section of this Provider Manual.

Participation in Grievance and Appeals Programs

Providers are required to participate in Molina's Grievance Program and cooperate with Molina in identifying, processing, and promptly resolving all Member complaints, grievances, or appeals. If a Member has a grievance regarding a Provider, the Provider will participate in the investigation of the grievance. If a Member submits an appeal, the Provider will participate by providing medical records or statements if needed.

For additional information please refer to the Complaints, Grievance and Appeals Process section of this Provider Manual.

Record Retention

Providers are required to maintain and retain Member records for a period of not less than 10 years and retain further if the records are under review or investigation until such time that the review or investigation is complete.

For additional information please refer to the Medical Record Keeping Practices section of this Provider Manual.

Participation in Credentialing

Providers are required to participate in Molina's credentialing and re-credentialing process and will satisfy, throughout the term of their contract, all credentialing and re-credentialing criteria established by Molina and applicable accreditation, State and Federal requirements. This includes providing prompt responses to Molina's requests for information related to the credentialing or re-credentialing process.

Providers must notify Molina no less than 30 days in advance when they relocate or open an additional office.

More information about Molina's Credentialing program is available in the Credentialing and Recredentialing section of this Provider Manual.

Delegation

Delegated entities must comply with the terms and conditions outlined in Molina's Delegated Services Addendum. For additional information on Molina's delegation requirements and delegation oversight please refer to the Delegation section of this Provider Manual.

Primary Care Provider Responsibilities

PCPs are responsible to:

- Serve as the ongoing source of primary and preventive care for Members
- Assist with coordination of care as appropriate for the Member's health care needs
- Recommend referrals to specialists Participating with Molina
- Triage appropriately
- Notify Molina of Members who may benefit from Case Management
- Participate in the development of Case Management treatment plans

Member Rights and Responsibilities

Providers must comply with the rights and responsibilities of Molina Members as outlined below.

Members have the right to:

- Be treated with courtesy and respect, with appreciation of their individual dignity, and with protection of their need for privacy.
- Have access to their health plan and primary care provider.
- Receive Information on the medical services, provided by their health plan.
- Receive medical care in a timely manner.
- Choose their health plan and primary care physician provider.
- Talk with their doctor and health plan and know their medical information will be kept confidential
- Change their primary care provider at any time
- Request an appeal if services are denied, terminated, or reduced
- Make advance directives, if desired, and receive assistance if needed
- Receive proper medical care twenty-four (24) hours a day, seven (7) days a week
- Have interpreters at no cost, if necessary, during medical appointments and in all discussions with their primary care provider or health plan.
- Receive information in a manner and format that may be easily understood.
- Be given information about their illness, or medical condition; understand the treatment options, risks and benefits; and make an informed decision about whether they will receive treatment.
- Be able to take part in decisions about their health care. Participate in decisions about their healthcare including the right to refuse treatment.
- Be free from any form of restraint or seclusion used as means of coercion, discipline, convenience, or retaliation, as specified in other Federal regulations on the use of restraints and seclusion.
- Request and receive a copy of their medical records, and request that they be amended or corrected.
- Change their health plan within 90 days of initial enrollment or every 12 months without cause thereafter.

- Be furnished health care services in accordance with Federal and State regulations.
- Participate in decisions about their healthcare including the right to refuse treatment.
- The following rights and responsibilities apply to a member participating in Heritage Health. The health plans have the requirement to inform the member, in writing and verbally, regarding their rights and responsibilities. No person may be subjected to discrimination in any Departmental program or activity based on their race, color, sex, age, national origin, religious creed, political beliefs, or disability. Have Heritage Health and health plan materials explained or interpreted. Make a complaint about the provider or health plan and receive a timely response.

Members are responsible for:

- Choose a primary care provider within the health plan's network.
- Take their Medicaid ID card and health plan ID Card to all medical appointments and to the pharmacy for prescriptions.
- Assist with the transfer of their medical records.
- Receive services from their primary care provider unless referred elsewhere by their primary care provider.
- Cooperate with all Heritage Health inquiries and surveys.
- Providing to the health care Provider, to the best of their knowledge, accurate and complete information about present complaints, past illnesses, hospitalizations, medications, and other matters relating to their health.
- Costs of healthcare services are not a covered benefit under the Heritage Health program. Members may only be billed by the provider for a non-covered service, if the provider obtains member signature on an ABN (Advanced Beneficiary Notice) Form prior to the date of service. The form must specify the non-covered service and the cost.
- Reporting to the health care Provider whether they comprehend a contemplated course of action and what is expected of them.
- Follow the care plan that they have agreed on with their Provider.
- Keeping appointments and, when they are unable to do so for any reason, to notify the health care Provider or health care facility. Members must call their doctor's office at least 24 hours in advance if their appointment must be rescheduled.
- Understand to the best of his or her ability, how Heritage Health is used to receive health care.

State and Federal Law requires that health care Providers and health care facilities recognize Member rights while the Members are receiving medical care, and that Members respect the health care Provider's or health care facility's right to expect certain behavior on the part of the Members.

For additional information, please contact Molina Provider Services at (844) 782-2678, Monday – Friday, 7 a.m. – 6 p.m., Central Time, excluding state holidays. TTY/TDD users, please call 711.

Second Opinions

If Members do not agree with their Provider's plan of care, they have the right to get a second opinion from another Provider. Members should call Molina Member Services to find out how to get a second opinion. Molina will coordinate the second opinion with an in-network Provider. If a qualified specialty care Provider is not available within the network, Molina will coordinate and authorize the second opinion with an out-of-network Provider.

CHAPTER 4: CULTURAL COMPETENCY AND LINGUISTIC SERVICES

Background

Molina works to ensure all Members receive culturally competent care across the service continuum to reduce health disparities and improve health outcomes. The Culturally and Linguistically Appropriate Services in Health Care (CLAS) standards published by the U.S. Department of Health and Human Services (HHS), Office of Minority Health (OMH) guide the activities to deliver culturally competent services. Molina complies with Section 1557 of the Patient Protection and Affordable Care Act, prohibiting discrimination in health programs and activities receiving federal financial assistance on the basis of race, color, national origin, sex, age, and disability per Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1975 (29 U.S.C. § 794). Molina complies with applicable portions of the Americans with Disabilities Act of 1990. Molina also complies with all implementing regulations for the foregoing. Compliance ensures the provision of linguistic access and disability-related access to all Members, including those with Limited English Proficiency (LEP) and Members who are deaf, hard of hearing, non-verbal, have a speech impairment, or have an intellectual disability.

Policies and procedures address how individuals and systems within the organization will effectively provide services to people of all cultures, races, ethnic backgrounds, genders, gender identities, sexual orientations, ages, and religions as well as those with disabilities in a manner that recognizes values, affirms and respects the worth of the individuals and protects and preserves the dignity of each.

Additional information on cultural competency and linguistic services is available at [MolinaHealthcare.com](https://www.molinahealthcare.com).

Nondiscrimination in Health Care Service Delivery

Molina complies with Section 1557 of the ACA. As a Provider Participating in Molina's Provider Network, you and your staff must also comply with the nondiscrimination provisions and guidance set forth by the Department of Health and Human Services, Office for Civil Rights (HHS-OCR); State Law; and Federal program rules, including Section 1557 of the ACA.

You are required to do, at a minimum, the following:

1. You **MAY NOT** limit your practice because of a Member's medical (physical or mental) condition or the expectation for the need of frequent or high-cost care.
2. You **MUST** post in a conspicuous location in your office, a Nondiscrimination Notice. A sample of the Nondiscrimination Notice that you will post is available on our Provider website at [MolinaHealthcare.com/providers/ne/medicaid/resources/forms](https://www.molinahealthcare.com/providers/ne/medicaid/resources/forms).
3. You **MUST** post in a conspicuous location in your office, a Tagline Document, which explains how to access non-English language services. A sample of the Tagline Document that you will post is available on our Member website at

www.MolinaHealthcare.com/members/ne/en-us/mem/language.aspx.

4. If a Molina Member needs language assistance services while at your office, and you are a recipient of Federal Financial Assistance, you **MUST** take reasonable steps to make your services accessible to persons with limited English proficiency (LEP). You can find resources on meeting your LEP obligations at hhs.gov/civil-rights/for-individuals/special-topics/limited-english-proficiency/index..
5. If a Molina Member complains of discrimination, you **MUST** provide them with the following information so that they may file a complaint with Molina’s Civil Rights Coordinator or the HHS-OCR:

<p>Civil Rights Coordinator Molina Healthcare, Inc. 200 Oceangate, Suite 100 Long Beach, CA 90802</p> <p>Phone (866) 606-3889 TTY/TDD: 711 Civil.Rights@MolinaHealthcare.com</p>	<p>Office of Civil Rights U.S. Department of Health and Human Services 200 Independence Avenue, SW Room 509F, HHH Building Washington, D.C. 20201</p> <p>Website: ocrportal.hhs.gov/ocr/portal/lobby</p> <p>Complaint Form: hhs.gov/ocr/complaints/index</p>
---	---

If you or a Molina Member needs additional help or more information, call the Office of Civil Rights at (800) 368-1019, or TTY/TDD (800) 537-7697 for persons with hearing impairments, Monday – Friday, 7 a.m. – 5 p.m., Central Time.

Cultural Competency

Molina is committed to reducing health care disparities. Training employees, Providers and their staff, and quality monitoring are the cornerstones of successful culturally competent service delivery. Molina integrates cultural competency training into the overall Provider training and quality-monitoring programs. An integrated quality approach enhances the way people think about our Members, service delivery and program development so that cultural competency becomes a part of everyday thinking.

Provider and Community Training

Molina offers educational opportunities in cultural competency concepts for Providers, their staff, and Community-Based Organizations. Molina conducts Provider training during Provider orientation with annual reinforcement training offered through Provider Services and/or online/web-based training modules. Web-based training modules can be found on Molina’s website at MolinaHealthcare.com/providers/ne/medicaid/health/cme.

Training modules, delivered through a variety of methods, include:

1. Provider written communications and resource materials.

2. On-site cultural competency training.
3. Online cultural competency provider training modules.
4. Integration of cultural competency concepts and nondiscrimination of service delivery into Provider communications.

Integrated Quality Improvement

Molina ensures Member access to language services such as oral interpretation, American Sign Language (ASL), written materials in alternate formats and written translation. Molina must also ensure access to programs, aids, and services that are congruent with cultural norms. Molina supports Members with disabilities and assists Members with LEP.

Molina develops Member materials according to Plain Language Guidelines. Members or Providers may also request written Member materials in alternate languages and formats (i.e., Braille, audio, large print), leading to better communication, understanding, and Member satisfaction. Online materials found on [MolinaHealthcare.com](https://www.molinahealthcare.com) and information delivered in digital form meet Section 508 accessibility requirements to support Members with visual impairments.

Key Member information, including appeal and Grievance forms, are also available in threshold languages on the Molina Member website.

Access to Interpreter Services

Molina Healthcare of Nebraska will only offer interpreters to members who need to speak with Molina staff. Now that Nebraska Medicaid offers coverage for Sign Language, Oral Interpretive, and Interpretation services, providers must offer their own interpreters to members and bill for these services through normal claims filing processes. Providers should refer to Nebraska Medicaid for coverage criteria details. Providers must support Member access to telephonic interpreter services by offering a telephone with speaker capability or a telephone with a dual headset.

Documentation

As a contracted Molina Provider, your responsibilities for documenting Member language services/needs in the Member's medical record are as follows:

- Record the Member's language preference in a prominent location in the medical record. This information is provided to you on the electronic Member lists that are sent to you each month by Molina.
- Document all Member requests for interpreter services.
- Document who provided the interpreter service. This includes the name of Molina's internal staff or someone from a commercial interpreter service vendor. Information should include the interpreter's name, operator code and vendor.
- Document all counseling and treatment done using interpreter services.

- Document if a Member insists on using a family member, friend or minor as an interpreter, or refuses the use of interpreter services after notification of their right to have a qualified interpreter at no cost.

Members Who Are Deaf or Hard of Hearing

Molina provides a TTY/TDD connection accessible by dialing 711. This connection provides access to Member Services, Quality, Health Care Services and all other health plan functions.

Molina strongly recommends that Provider offices make assistive listening devices available for Members who are deaf and hard of hearing. Assistive listening devices enhance the sound of the Provider's voice to facilitate better interaction with the Member.

Molina will provide face-to-face service delivery for ASL to support our Members who are deaf or hard of hearing. Requests should be made at least three (3) business days in advance of an appointment to ensure availability of the service. In most cases, Members will have made this request via Molina Member Services.

Program and Policy Review Guidelines

Molina conducts assessments at regular intervals of the following information to ensure its programs are most effectively meeting the needs of its Members and Providers:

- Annual collection and analysis of race, ethnicity and language data from:
 - Eligible individuals to identify significant culturally and linguistically diverse populations within a plan's membership.
 - Contracted Providers to assess gaps in network demographics.
- Revalidate data at least annually.
- Local geographic population demographics and trends derived from publicly available sources (Community Health Measures and State Rankings Report).
- Applicable national demographics and trends derived from publicly available sources.
- Assessment of Provider Network.
- Collection of data and reporting for the Diversity of Membership Healthcare Effectiveness Data and Information Set) (HEDIS®) measure.
- Annual determination of threshold languages and processes in place to provide Members with vital information in threshold languages.
- Identification of specific cultural and linguistic disparities found within the plan's diverse populations.
- Analysis of HEDIS® and Consumer Assessment of Healthcare Providers and Systems (CAHPS®) results for potential cultural and linguistic disparities that prevent Members from obtaining the recommended key chronic and preventive services.

CAHPS® is a registered trademark of the Agency for Healthcare Research and Quality (AHRQ).

CHAPTER 5: ENROLLMENT AND ELIGIBILITY

Enrollment

Enrollment in Medicaid Programs

The Nebraska Department of Health and Human Services (DHHS) administers and manages eligibility for Medicaid programs. Details on how individuals can apply for benefits are available at <https://iserve.nebraska.gov/>. Medicaid and CHIP eligibility renewals are conducted annually.

No eligible Member shall be refused enrollment or re-enrollment, have their enrollment terminated, or be discriminated against in any way because of their health status, or pre-existing physical or mental condition, including pregnancy, hospitalization, or the need for frequent or high-cost care.

Effective Date of Enrollment

The effective date of enrollment with Molina is typically the first day of the month of the Member's eligibility for Medicaid. In some cases, an individual may be retroactively eligible for Medicaid, in such cases the first day of eligibility is the date of the Member's eligibility effective date with DHHS.

Newborn Enrollment

Providers must report births of Members to Molina within 24 hours of the birth. The Birth Notification Form can be found on Molina's website here [Provider Forms | Medicaid](#). Once the Medicaid eligibility is updated with a record of the live birth, the newborn will be immediately enrolled in either the mother's or an eligible sibling's MCO.

Inpatient at time of Enrollment

Molina is responsible for covered benefits and services in the core benefit package from and including the effective date of a Member's Medicaid eligibility for any month the Member is enrolled with Molina. If the Member's length of stay for an inpatient admission includes any dates in which the Member is enrolled with Molina, Molina is responsible for the inpatient stay.

Eligibility Verification

Medicaid Programs

Nebraska DHHS determines eligibility for the Medicaid Programs. Payment for services rendered is based on eligibility and benefit entitlement. The Contractual Agreement between Providers and Molina places the responsibility for eligibility verification on the Provider of services.

Eligibility Listing for Medicaid Programs

Providers who contract with Molina may verify a Member's eligibility and/or confirm PCP assignment by checking the following:

- Molina Provider Services automated IVR system at (844) 782-2678, Monday – Friday, 7 a.m. – 6 p.m., Central Time
- Availity Essentials portal at [availity.com/providers](https://www.availity.com/providers)
- Nebraska Medicaid Eligibility System (NMES) at (402) 471-9580 or (800) 642-6092

If the above options do not sufficiently verify Member eligibility, Providers may speak to a representative at the Provider Services helpline at (844) 782-2678, 7 a.m. – 6 p.m., Central Time.

Possession of a Molina Member ID Card does not mean a recipient is eligible for Medicaid services. A Provider should verify a recipient's eligibility each time the recipient receives services. The verification sources can be used to verify a recipient's enrollment in a managed care plan. The name and telephone number of the managed care plan are given along with other eligibility information.

Identification Cards

Molina Sample Member ID Card

<p>Member support</p> <p>Member Services: (844) 782-2018 (TTY: 711)</p> <p>Mon-Fri 8 a.m.-6 p.m. CT</p> <ul style="list-style-type: none"> • Member Services • Transportation • Vision • Dental (SkyGen) • Filing grievances <p>Enrollment broker: (888) 255-2605 Mon-Fri 7 a.m.-7 p.m. CT</p> <p>National Suicide & Crisis Lifeline: 988</p> <p>Report suspected waste, fraud, and abuse: (866) 606-3889</p> <p>Nebraska 211 (resource hotline): 211</p> <p>MyMolina.com: This card is for identification purposes only and does not prove eligibility for service.</p>	<p>Provider support</p> <p>Provider Services: (844) 782-2778</p> <p>Pharmacy: (855) 619-9369</p> <p>Dental: (855) 806-5192</p> <p>Vision: (844) 636-2724</p> <p>Medical claims: Molina Healthcare of Nebraska, Inc. PO Box 93218 Long Beach, CA 90809-9994</p> <p>Payer ID: MLNNE MolinaHealthcare.com/NE</p>
---	---

Members are reminded in their Member Handbooks to present ID cards when requesting medical or pharmacy services. The Molina Member ID card can be a physical or digital ID card. It is the Provider’s responsibility to ensure Molina Members are eligible for benefits and to verify PCP assignment prior to rendering services. Unless an Emergency Medical Condition exists, Providers may refuse service if the Member cannot produce the proper identification and eligibility cards.

PCP Assignment

Molina Members are allowed to select an in-network PCP at the time of enrollment. If no PCP is selected, one will be assigned.

PCP Changes

Members may change their PCP at any time. Members who wish to change their PCP may call Molina Member Services at (844) 782-2018, Monday – Friday, 8 a.m. – 6 p.m., Central Time. Members may also manage their health care at any time via the Member Portal available at MyMolina.com. Members may use the Member Portal to change their PCP, update their contact information, request a new ID card and view service history.

CHAPTER 6: BENEFITS AND COVERED SERVICES

This section provides an overview of the medical benefits and Covered Services for Molina Heritage Health Members. Some benefits may have limitations, which may not all be outlined in the summary table below. If there are questions as to whether a service is covered or requires prior authorization, please reference the prior authorization tools on the Molina website and the [Availability Essentials portal](#). You may also contact Molina Provider Services at (844) 782-2678, Monday – Friday, 7 a.m. – 6 p.m., Central Time, excluding state holidays.

Services Covered by Molina

Molina covers, at a minimum, core benefits and services specified in our Agreement with Nebraska DHHS and defined in the Nebraska Medicaid administrative rules, and Department policies and procedure handbook. Please refer to the Nebraska Medicaid website for additional information: dhhs.ne.gov/Pages/medicaid-and-long-term-care.aspx.

Members under the 599 CHIP program have access to a limited set of Covered Services. These services include prenatal care and pregnancy-related services solely for the health of the unborn child. It does not cover postpartum care and medical issues separate from the pregnant woman's health and unrelated to the pregnancy. Claims filing for services provided to 599 Chip Members must be billed with the pregnancy diagnosis in the first or secondary position.

If there are questions as to whether a service is covered or requires prior authorization, please reference the prior authorization tools on the Molina website and the [Availability Essentials portal](#). You may also contact Molina Provider Services at (844) 782-2678, 7 a.m. – 6 p.m. Monday – Friday, Central Time, excluding state holidays.

Link(s) to Summary of Benefits

The following web link provides access to basic benefit information for the Heritage Health program offered by Molina in Nebraska:

MolinaHealthcare.com/members/ne/en-us/mem/Medicaid/benefits.aspx

All value-added benefits and rewards may have exclusions or limits. Members may have Molina Healthcare of Nebraska Medicaid as either their primary, secondary, or tertiary insurance at the time of service to qualify for value-added benefits and rewards.

Services Not Covered by Molina

Excluded Services

Excluded services are those services for which Molina is not financially responsible, but the Member may obtain under the Nebraska Medicaid State Plan. These services will be paid for by the Division of Medicaid and Long-Term Care (MLTC) on a fee-for-service basis. Excluded

services include:

- Intermediate care facility services for individuals with developmental disabilities.
- Institutional long-term care/nursing facility services at a custodial level of care.
- School-based services.
- Home and Community-Based Services (HCBS) waiver services.
- Nebraska Medicaid Personal Assistance Services.

Prohibited Services

Prohibited services are those required to treat complications or conditions resulting from non-Covered Services, services not reasonable and necessary, and services that are experimental and investigational unless approved by the MLTC Director.

All services described in Section 1903(i) of the Social Security Act are prohibited services.

Obtaining Access to Certain Covered Services

Out-of-Area Emergencies

Members having a health emergency who cannot get to a Molina approved Provider are directed to do the following:

- Go to the nearest emergency room.
- Call the number on the Molina Member ID card for guidance.
- Call Member's PCP and follow-up within 24 to 48 hours.

For out-of-area Emergency Services, out-of-network Providers are directed to call the Molina contact number on the back of the Molina Member ID card for additional benefit information and may be asked to transfer Members to an in-network facility when the Member is stable.

Emergency Transportation

When a Member's condition is life-threatening and requires the use of special equipment, life support systems, and close monitoring by trained attendants while in route to the nearest appropriate facility, emergency transportation is thus required. Emergency transportation includes but is not limited to ambulance, air or boat transports.

Non-Emergency Medical Transportation

Molina Heritage Health Members have non-emergency medical transportation as a Covered Service. Medicaid covers the most appropriate non-emergency transportation (NET) services necessary to obtain Nebraska Medicaid reimbursed services when one of the following criteria is met:

- Member does not own or does not have access to a working licensed vehicle.
- Member does not have a current valid driver's license.

- Member is unable to drive due to a documented physical, cognitive, or developmental limitation.
- Member is unable to travel or wait by themselves due to a documented physical, cognitive, or developmental limitation.
- Member is unable to secure free transportation.

Examples of non-emergency medical transportation include but are not limited to litter vans and wheelchair-accessible vans.

Molina partners with our vendor, Medical Transportation Management (MTM), to provide non-emergency medical transportation (NEMT). Prior authorization is not required for non-emergency medical transportation (i.e., vans, taxis, etc.); however, prior authorization from Molina for ground and air ambulance services is required before the services are rendered. Additional information regarding the availability of this benefit is available by contacting Provider Services at (844) 782-2678, Monday – Friday, 7 a.m. – 6 p.m., Central Time.

Preventive Care

Preventive Care Guidelines are located on the Molina website at MolinaHealthcare.com/providers/ne/medicaid/health/guide_preventive.aspx.

Providers can help by conducting these regular exams to meet the targeted State and Federal standards. If you have questions or suggestions related to well-child care, please call our Health Education line at (866) 891-2320, Monday – Friday, 8 a.m. – 8 p.m., Central Time.

Immunizations

Molina Members may receive immunizations as recommended by the Centers for Disease Control and Prevention’s (CDC) Advisory Committee on Immunization Practices and prescribed by the Member’s PCP.

Immunization schedule recommendations from the American Academy of Pediatrics and/or the CDC are available on the following website: cdc.gov/vaccines/schedules/hcp/index.html.

Molina covers immunizations not covered through Vaccines for Children (VFC). However, for vaccines available through the VFC program, Providers are reimbursed for the administration of the vaccine only in accordance with VFC program requirements.

Providers are required to report all administered vaccination data to the Nebraska State Immunization Information System (NESIIS) administered through the DHHS/Division of Public Health.

Well Child Visits and EPSDT Guidelines

Federal Early Periodic Screening Diagnosis and Treatment (EPSDT) is a comprehensive and

preventive child health program for Members under the age of 21 years. The EPSDT statute and Federal Medicaid regulations require that states cover all services within the scope of the Federal Medicaid program, including services not included in the state’s Medicaid State Plan, if necessary, to correct or improve a known medical condition (42 USC § 1396d(r)(5) and the CMS Medicaid State Manual).

The EPSDT program consists of two (2) mutually supportive operational components:

- Ensuring the availability and accessibility of required health care services
- Helping Medicaid Members and their parents or guardians effectively use these services

The intent of the EPSDT program is to direct attention to the importance of preventive health services and the detection and treatment of identified problems.

The EPSDT benefit requires the provision of early and periodic screening services and well-care examinations to individuals from birth until 21 years of age, with diagnosis and treatment of any health or mental health problems identified during these exams. The standards and periodicity schedule generally follow the recommendations from the AAP and Bright Futures.

The screening services include:

- Comprehensive health and developmental history (including assessment of both physical and mental health development).
- Immunizations in accordance with the most current recommended Centers for Disease Control and Prevention (CDC) Advisory Committee on Immunization Practices (ACIP) for Childhood Immunization Schedule, as appropriate.
- Comprehensive unclothed physical exam.
- Laboratory tests as specified by the AAP, including screening for lead poisoning.
- Health education.
- Vision services.
- Hearing services.
- Dental services.

When a screening examination indicates the need for further evaluation, Providers must provide diagnostic services or refer Members when appropriate without delay. Providers must provide treatment or other measures (or refer when appropriate) to correct or ameliorate defects and physical and mental illness or conditions discovered by the screening services.

Providers can help by conducting these regular exams to meet the MLTC targeted State standard. Providers must use correct coding guidelines to ensure accurate reporting for EPSDT services. If you have questions or suggestions related to EPSDT or well-child care, please call our Health Education line at (866) 891-2320, Monday – Friday, 8 a.m. – 8 p.m., Central Time.

Prenatal Care

Stage of Pregnancy	How often to see the doctor
--------------------	-----------------------------

1 month – 6 months	1 visit a month
7 months – 8 months	2 visits a month
9 months	1 visit a week

Emergency Services

Emergency Services means covered inpatient and outpatient services that are as follows:

- Furnished by a Provider that is qualified to furnish these services under Title 42 CFR 438.114.
- Needed to evaluate or stabilize an Emergency Medical Condition.

Emergency medical condition: A medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in the following: (1) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; (2) serious impairment to bodily functions; or (3) serious dysfunction of any bodily organ or part.

Emergent Services are covered by Molina without prior authorization. This includes non-contracted Providers inside or outside of Molina’s service area. Molina will reimburse non-contracted Providers for emergency medical services at no less than the Nebraska Medicaid FFS (Fee For Service) rate in effect on the Date of Service. Molina will not deny payment for treatment obtained when a Member has an Emergency Medical Condition as defined in 42 CFR § 438.114(a) and/or 42 CFR § 438.114(c)(1)(ii)(A), or when a representative of Molina instructs the Member to seek Emergency Services. Molina will not limit what constitutes an Emergency Medical Condition based on diagnoses or symptoms. A Member who has an Emergency Medical Condition may not be held liable for payment of subsequent screening and treatment needed to stabilize and diagnose the specific condition.

Molina will not refuse to cover Emergency Services based on the emergency department Provider, hospital, or fiscal agent failing to notify the Member's primary care Provider, Molina, or applicable state entity of the Member’s screening and treatment within 10 calendar days of presentation for Emergency Services. Emergency medical services and post-stabilization services are reimbursed at 100% of the current Medicaid FFS rate on the date of service.

A Member who has an Emergency Medical Condition may not be held liable for payment of subsequent screening and treatment needed to stabilize and diagnose the specific condition.

Post-Stabilization

Molina will provide coverage for post-stabilization care services as specified in 42 CFR § 438.114(e) and 42 CFR § 422.113(c)(2)(i), (ii) and (iii), regardless of whether the Provider who furnishes the services is contracted or non-contracted Providers inside or outside of Molina’s service area.

Molina covers post-stabilization care services if they are:

- Pre-approved by a network Provider or other Molina representative; or
- Not pre-approved by a network Provider or other Molina representative, but:
 - Administered to maintain the Member's stabilized condition within one (1) hour of a request to Molina for prior authorization of further post-stabilization care services, or
 - Administered to maintain, improve, or resolve the Member's stabilized condition, and:
 - Molina did not respond to a request for prior authorization within one (1) hour.
 - Molina cannot be reached.
 - Molina representative and the treating physician cannot reach an agreement regarding the Member's care and a network physician is not available for consultation. In this situation, Molina will give the treating physician the opportunity to consult with a network physician and the treating physician may continue with care of the patient until a network physician is reached or one of the criteria of 42 CFR § 422.133(c)(3) is met.
- Molina's financial responsibility for post-stabilization care services that have not been pre-approved ends when:
 - A contracted Provider with privileges at the treating hospital assumes responsibility for the Member's care.
 - A contracted Provider assumes responsibility for the Member's care through transfer to another place of service.
 - A Molina representative and the treating physician reach an agreement concerning the Member's care.
 - The Member is discharged.

Emergency Ancillary Services Provided at a Hospital

Emergency ancillary services that are provided in a hospital include, but are not limited to, radiology, laboratory, emergency medicine, and anesthesiology. Molina will reimburse emergency ancillary services rendered by non-contracted Providers in a hospital setting at the published Nebraska Medicaid fee schedule in effect on the Date of Service.

Hospice Services

Hospice services are covered when they are ordered by a physician and care is performed by a Medicare-certified hospice provider enrolled as a Medicaid provider. Hospice services require prior authorization after the initial 60-day period. Hospice services focus on supportive care, comfort, and quality of life for those Members in the final phase of a terminal illness. Molina's Care Management team will review a Member's Individualized Care Plan (ICP), which includes a Member's desire for hospice services, palliative care and support to determine authorization.

Home Health

Home Health services are covered when they are ordered by a physician or practitioner and performed by a Medicare certified Home Health agency, that is enrolled as a Medicaid provider

on a full-time, part-time or intermittent basis to a Member in a place of temporary or permanent residence as in the Member's home. Home health services require prior authorization after six (6) initial visits, requiring a signed Plan of Care (POC) to be submitted to obtain prior authorization.

Telehealth and Telemedicine Services

Molina Members may obtain physical and behavioral health Covered Services by Participating Providers, using telehealth and telemedicine services. Not all Participating Providers offer these services. The following additional provisions apply to the use of telehealth and telemedicine services:

- Services must be obtained from a Participating Provider.
- Members have the option of receiving PCP services through telehealth. If they choose to use this option, the Member must use a Network Provider who offers telehealth. Reimbursement will be at the in-person clinic rate. Clinic-originating sites may be reimbursed a facility fee.
- Services are a method of accessing Covered Services, not a separate benefit.
- Services are not permitted when the Member and Participating Provider are in the same physical location.
- Services must be coded in accordance with applicable reimbursement policies and billing guidelines.
- Rendering Provider must comply with applicable Federal and State guidelines for telehealth service delivery.

For Telemedicine Services, the following documentation in the Provider's medical records must contain support for:

- Medical necessity for telemonitoring.
- All transmitted data.
- Health care Provider review of the transmitted data.
- Application of the transmitted data for continuous development and implementation of the Member's plan of care.
- The Member is cognitively capable of operating the equipment or has a willing and able person to assist in the transmission of the electronic data.
- The originating site has space for all program equipment and full transmission capability.

For additional information on telehealth and telemedicine claims and billing, please refer to the [Claims and Compensation Billing Guide](#).

CHAPTER 7: HEALTH CARE SERVICES

Introduction

Health Care Services is comprised of Utilization Management (UM) and Care Management (CM) departments that work together to achieve an integrated model based upon empirically validated best practices that have demonstrated positive results. Research and experience show that a higher-touch, Member-centric care environment for at-risk Members supports better health outcomes. Molina provides care management services to Members to address a broad spectrum of needs, including chronic conditions that require the coordination and provision of health care services. Elements of the Molina utilization management program include pre-service authorization review and inpatient authorization management that includes pre-admission, admission and concurrent review, Medical Necessity review, and restrictions on the use of out-of-network Providers.

Utilization Management (UM)

Molina ensures the service delivered is Medically Necessary and demonstrates an appropriate use of resources based on the level of care needed for a Member. This program promotes the provision of quality, cost-effective, and medically appropriate services that are offered across a continuum of care, as well as integrating a range of services appropriate to meet individual needs. Molina's UM program maintains flexibility to adapt to changes in the Member's condition and is designed to influence the Member's care by:

- Managing available benefits effectively and efficiently while ensuring quality care.
- Evaluating the Medical Necessity and efficiency of health care services across the continuum of care.
- Defining the review criteria, information sources, and processes that are used to review and approve the provision of items and services, including prescription drugs.
- Coordinating, directing, and monitoring the quality and cost effectiveness of health care resource utilization.
- Implementing comprehensive processes to monitor and control the utilization of health care resources.
- Ensuring services are available in a timely manner, in appropriate settings, and are planned, individualized, and measured for effectiveness.
- Reviewing processes to ensure care is safe and accessible.
- Ensuring qualified health care professionals perform all components of the UM processes.
- Ensuring that UM decision-making tools are appropriately applied in determining Medical Necessity decisions.

Key Functions of the UM Program

All prior authorizations are based on a specific standardized list of services. The key functions of the UM program are listed below.

- **Eligibility and Oversight**
 - Eligibility verification
 - Benefit administration and interpretation
 - Verification that authorized care correlates to Member’s Medical Necessity need(s) and benefit plan
 - Verifying of current Physician/hospital contract status
- **Resource Management**
 - Prior authorization and referral management
 - Pre-admission, admission, and inpatient concurrent review
 - Referrals for discharge planning and care transitions
 - Staff education on consistent application of UM functions
- **Quality Management**
 - Satisfaction survey analysis of the UM program using Member and Provider input
 - Utilization data analysis
 - Monitor for possible over- or under-utilization of clinical resources
 - Quality oversight
 - Monitor for adherence to CMS, NCQA, State and health plan UM standards

For more information about Molina’s UM program, or to obtain a copy of the HCS Program Description, clinical criteria used for decision making, and how to contact a UM reviewer, access the Molina website at MolinaHealthcare.com or contact the UM department by calling Molina Provider Services at (844) 782-2678 . UM’s Operating hours are Monday – Friday, 8 a.m. – 5 p.m., Central Time.

Medical Groups/Independent Physician Associations (IPAs) and delegated entities who assume responsibility for UM must adhere to Molina’s UM Policies. Their programs, policies and supporting documentation are reviewed by Molina at least annually.

24-Hour Nurse Advice Line

Molina provides nurse advice services for Members 24 hours per day, 7 days per week. The 24-Hour Nurse Advice Line provides access to 24-hour interpretive services. Members may call Molina’s 24-Hour Nurse Advice Line directly at (844) 782-2721 or TTY/TDD 711. The 24-Hour Nurse Advice Line telephone numbers are also printed on Molina Member ID cards.

UM Decisions

A decision is any determination made by Molina or the delegated Medical Group/IPA or other delegated entity with respect to the following:

- Determination to authorize, provide, or pay for services (favorable determination).
- Determination to delay, modify, or deny authorization or payment of request (adverse determination).
- Discontinuation of a payment or authorization for a service.

Molina follows a hierarchy of Medical Necessity decision-making, with Federal and State regulations taking precedence. Molina covers all services and items required by State and Federal regulations.

Board-certified licensed Providers from appropriate specialty areas are utilized to assist in making determinations of Medical Necessity, as appropriate. All utilization decisions are made in a timely manner to accommodate the clinical urgency of the situation, in accordance with Federal regulatory requirements and NCQA standards.

Requests for authorization not meeting criteria are reviewed by a designated Molina Medical Director or other appropriate clinical professional. Only a licensed physician, pharmacist, doctoral-level clinical psychologist, or certified addiction medicine specialist as appropriate may determine to delay, modify, or deny authorization of services to a Member. Molina's use and interpretation of the American Society of Addiction Medicine's ASAM Criteria for Addictive, Substance-Related, and Co-Occurring Conditions does not imply that the American Society of Addiction Medicine has either participated in or concurs with the disposition of a claim for benefits.

To obtain Molina's UM Criteria, Providers can contact Molina's Healthcare Services department by calling Molina Provider Services at (844) 782-2678. Healthcare Services operating hours are Monday – Friday, 8 a.m. – 5 p.m., Central Time.

Where applicable, Molina Clinical Policies can be found on the public website at [MolinaClinicalPolicy.com](https://www.molinahealthcare.com/clinical-policy). Please note that Molina follows state-specific criteria, if available, before applying Molina-specific criteria.

Medical Necessity

“Medically Necessary” or “Medical Necessity” means health care services and supplies that are medically appropriate and:

- Necessary to meet the basic health needs of the Member.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Covered Service.
- Consistent in type, frequency, and duration of treatment with scientifically based guidelines of national medical, research, or health care coverage organizations or governmental agencies.
- Consistent with the diagnosis of the condition.
- Required for means other than the convenience of the client or their physician.
- No more intrusive or restrictive than necessary to provide a proper balance of safety, effectiveness, and efficiency.
- Of demonstrated value.
- No more intensive level of service than can be safely provided, relative to the goal of patient health outcomes.

This is for the purpose of preventing, evaluating, diagnosing, or treating an illness, injury, disease, or its symptoms. Those services must be deemed by Molina to be:

1. In accordance with generally accepted standards of medical practice.
2. Clinically appropriate and clinically significant, in terms of type, frequency, extent, site and duration. They are considered effective for the patient’s illness, injury, or disease.
3. Not primarily for the convenience of the patient, physician, or other health care Provider. The services must not be more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient’s illness, injury, or disease.

For these purposes, “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature. This literature is generally recognized by the relevant medical community, physician specialty society recommendations, the views of physicians practicing in relevant clinical areas and any other relevant factors.

The fact that a Provider has prescribed, recommended, or approved medical or allied goods or services does not, in itself, make such care, goods or services Medically Necessary, a Medical Necessity or a Covered Service/benefit.

MCG Cite for Guideline Transparency and MCG Cite AutoAuth

Molina has partnered with MCG Health to implement Cite for Guideline Transparency. Providers can access this feature through the [Availity Essentials portal](#). With MCG Cite for Guideline Transparency, Molina can share clinical indications with Providers. The tool operates as a secure extension of Molina’s existing MCG investment and helps meet regulations around transparency for the delivery of care:

- Transparency—Delivers medical determination transparency.
- Access—Clinical evidence that payers use to support Member care decisions.
- Security—Ensures easy and flexible access via secure web access.

MCG Cite for Guideline Transparency does not affect the process for notifying Molina of admissions or for seeking prior authorization approval. To learn more about MCG or Cite for Guideline Transparency, visit [MCG's website](#) or call (888) 464-4746, Monday – Friday, 5 a.m. – 5 p.m., Pacific Time.

Molina has also partnered with MCG Health to extend our Cite AutoAuth self-service method for all lines of business to submit advanced imaging prior authorization requests.

Cite AutoAuth can be accessed via the [Availity Essentials portal](#) and is available 24 hours per day/7 days per week. This method of submission is the primary submission route for advanced imaging requests. Molina will also be rolling out additional services throughout the year. Clinical information submitted with the prior authorization will be reviewed by Molina. This system will provide quicker and more efficient processing of your authorization request, and the status of

the authorization will be available immediately upon completion of your submission.

What is Cite AutoAuth and how for does it work?

By attaching the relevant care guideline content to each prior authorization request and sending it directly to Molina, health care Providers receive an expedited, often immediate, response. Through a customized rules engine, Cite AutoAuth compares Molina's specific criteria to the clinical information and attached guideline content to the procedure to determine potential for auto authorization.

Self-services available in the Cite AutoAuth tool include, but are not limited to, MRIs, CTs and PET scans. To see the full list of imaging codes that require prior authorization, refer to the Prior Authorization Code LookUp Tool at [MolinaHealthcare.com](https://www.molinahealthcare.com).

Medical Necessity Review

Molina only reimburses for services that are Medically Necessary. Medical Necessity review may take place prospectively, as part of the inpatient admission notification/concurrent review, or retrospectively. To determine Medical Necessity, in conjunction with independent professional medical judgment, Molina uses nationally recognized evidence-based guidelines, third-party guidelines, CMS guidelines, state guidelines, guidelines from recognized professional societies, and advice from authoritative review articles and textbooks.

Levels of Administrative and Clinical Review

The Molina review process begins with an administrative review followed by a clinical review if appropriate. Administrative review includes verifying eligibility, appropriate vendor or Participating Provider, and benefit coverage. The Clinical review includes Medical Necessity and level of care.

All UM requests that may lead to a Medical Necessity adverse determination are reviewed by a health care professional at Molina (medical director, pharmacist, or appropriately licensed health care professional).

Molina's Provider training includes information on the UM processes and authorization requirements.

Clinical Information

Molina requires copies of clinical information to be submitted for documentation. Clinical information includes but is not limited to physician emergency department notes, inpatient history/physical exams, discharge summaries, physician progress notes, physician office notes, physician orders, nursing notes, results of laboratory or imaging studies, therapy evaluations and therapist notes. Molina does not accept clinical summaries, telephone summaries or inpatient case manager criteria reviews as meeting the clinical information requirements unless

State or Federal regulations allow such documentation to be acceptable.

Prior Authorization

Molina requires prior authorization for specified services if it complies with Federal or State regulations and the Provider Agreement with Molina. The list of services that require prior authorization is available in narrative form, along with a more detailed list by Current Procedural Terminology (CPT®) and Healthcare Common Procedure Coding System (HCPCS) codes. Molina prior authorization documents are customarily updated quarterly, but may be updated more frequently as appropriate, and are posted on the Molina website at [MolinaHealthcare.com](https://www.MolinaHealthcare.com).

Providers are encouraged to use the Molina prior authorization form provided on the Molina website. If using a different form, the prior authorization request must include the following information:

- Member demographic information (name, date of birth, Molina Member ID number).
- Provider demographic information (referring Provider and referred to Provider/facility, including address and NPI number).
- Member diagnosis and International Classification of Diseases 10th Revision (ICD-10) codes.
- Requested service/procedure, including all appropriate CPT and HCPCS codes.
- Location where service will be performed.
- Clinical information sufficient to document the Medical Necessity of the requested service is required including:
 - Pertinent medical history (including treatment, diagnostic tests, examination data).
 - Requested length of stay (for inpatient requests).
 - Rationale for expedited processing.

Services performed without authorization may not be eligible for payment. Services provided emergently (as defined by Federal and State Law) are excluded from the prior authorization requirements. Prior Authorization is not a guarantee of payment. Payment is contingent upon medical necessity and Member eligibility at the time of service. Molina retains the right to review benefit limitations and exclusions, beneficiary eligibility on the Date of Service, correct coding, billing practices and whether the service was provided in the most appropriate and cost-effective setting of care. Molina does not authorize routine services retroactively. However, Molina does perform retro authorization in extenuating circumstances such as retroactive eligibility, or if the provider did not know or could not have known that the patient was a Molina member when services were rendered. In these situations, retroactive authorization may be requested by the provider up to 180 days after the service is rendered. After 180 days, the claim denial may be appealed.

Molina follows all prior authorization requirements related to care for newborns and their mothers in alignment with the Newborns' and Mothers' Health Protection Act (NMHPA).

Molina makes UM decisions in a timely manner to accommodate the urgency of the situation as

determined by the Member’s clinical situation. The definition of expedited/urgent is when the standard time frame or decision-making process could seriously jeopardize the life or health of the Member, the health or safety of the Member or others, due to the Member’s psychological state, or in the opinion of the Provider with knowledge of the Member’s medical or behavioral health condition, would subject the Member to adverse health consequences without the care or treatment that is subject of the request or could jeopardize the Member’s ability to regain maximum function. Supporting documentation is required to justify the expedited request.

For expedited organization determinations/pre-service authorization requests, Molina will make a determination as promptly as the Member’s health requires and no later than contractual and regulatory requirements after we receive the initial request for service in the event a Provider indicates, or if we determine that a standard authorization decision timeframe could jeopardize a Member’s life or health. For a standard authorization request, Molina makes the determination and provides notification no later than contractual requirements.

Request Type	Notification Timeframe
Prior Authorization Standard	14 Calendar days
Prior Authorization Urgent	72 hours

Upon approval, the requestor will receive an authorization number. The number may be provided by telephone, or via the [Availity Essentials portal](#). If a request is denied, the requestor and the Member will receive a letter explaining the reason for the denial and additional information regarding the grievance and appeals process.

Peer-to-Peer Review

Upon receipt of an adverse determination, the Provider (peer) may request a peer-to-peer (P2P) discussion within five (5) business days of the denial notification.

A “peer” is considered a physician, physician assistant, or nurse practitioner who is directly providing care to a Molina Member and can request a peer-to-peer telephone communication with a Molina Medical Director.

When requesting a peer-to-peer discussion, please be prepared with the following information:

- Member name and Molina Member ID number.
- Authorization ID number.
- Requesting Provider name and contact number and best times to call.

Online Peer-to-Peer Scheduling Tool

You may schedule a peer-to-peer conversation with a Molina medical director on the Provider website located at [MolinaHealthcare.com](#). This tool is available to you for your Molina Medicaid patients for certain medical services. (The online P2P Scheduling Tool is currently only for Medicaid Medical P2P Review Requests, not Advanced Imaging, Behavioral Health or

Pharmacy.) On the Provider website, click the P2P Scheduling Tool button and populate the required information. Please provide two (2) to three (3) available times that the Provider is available for a peer-to-peer consultation. Our scheduler will call to confirm the peer-to-peer appointment. For advanced imaging, behavioral health or pharmacy peer-to-peer scheduling, please follow the instructions listed in your denial letter.

- You will receive a confirmation number at the time of submission.
- Molina will send you a confirmation email within 24 hours that includes the next steps.
- You may only submit one (1) request per Member.
- Please allow two (2) business days for Molina to respond.

Note: You may always request Reconsideration instead of a P2P.

Important: Peer-to-peer calls are not recorded. Molina Medical Directors reserve the right to decline requests to record the peer-to-peer call. Any calls for a P2P discussion must be completed on a non-recorded line.

Requesting Prior Authorization

Notwithstanding any provision in the Provider Agreement with Molina that requires the Provider to obtain a prior authorization directly from Molina, Molina may choose to contract with external vendors to help manage prior authorization requests.

For additional information regarding the prior authorization of specialized clinical services, please refer to the prior authorization tools located on the MolinaHealthcare.com website:

- Prior Authorization Code Look-up Tool
- Prior Authorization Code Matrix
- Prior Authorization Guide

The most current Prior Authorization Guidelines and the Prior Authorization Request Form can be found on the Molina website at MolinaHealthcare.com.

Availity Essentials portal: Molina is transitioning to a portal-only submission model, and phone or fax-based submissions may be phased out in certain markets. Participating Providers should use the [Availity Essentials portal](#) for prior authorization submissions. All prior authorization submissions must include supporting clinical documentation to ensure timely and accurate review. Instructions for how to submit a prior authorization request are available on the [Availity Essentials portal](#). The benefits of submitting your prior authorization request through the [Availity Essentials portal](#) are:

- Create and submit prior authorization requests
- Check status of prior authorization requests
- Receive notification of change in status of prior authorization requests
- Attach medical documentation required for timely medical review and decision-making
- Receive notification of authorization decisions

- Access prior authorization letters directly through the [Digital Correspondence Hub](#) functionality in the [Avality Essentials portal](#). Please note: Letters will only be available for PA requests submitted via the [Avality Essentials portal](#).

Digital Correspondence Hub

- The Digital Correspondence Hub lets your organization manage communication preferences in the Avality Essentials portal. Only your designated Administrator can change settings, including opting out of paper letters. For updates, please contact your Administrator.

Users can also choose to receive or decline weekly reminder notifications for unopened digital letters. These reminders are not realtime alerts. Opting out of reminders does not affect your organization's digital correspondence delivery preferences. **Phone:** Prior authorizations can be initiated by contacting Molina's Health Care Services Department via Molina Provider Services at (844) 782-2678. Healthcare Services operating hours are, Monday – Friday, 8 a.m. – 6 p.m., Central Time. It may be necessary to submit additional documentation before the authorization can be processed.

ProgenyHealth: NICU Admission and Concurrent Review

Molina collaborates with ProgenyHealth for neonatal care management services provided to premature and medically complex newborns in the Neonatal Intensive Care Unit (NICU).

All NICU utilization management functions including initial admissions, continued stay requests, discharge planning, and all readmissions up to 60 days post-discharge of the initial NICU discharge will be managed by ProgenyHealth. Providers must submit NICU authorization requests and clinical documentation supporting the NICU stay to ProgenyHealth directly.

- Phone:(888)832-2006 select option 2. Hours of operation: Monday – Friday 8:00am – 5:00pm CT
- Website: ProgenyHealth.com

For all infants born and/or admitted to the NICU, NICU Notification of Admission must be faxed directly to ProgenyHealth at (877) 847-1708. Progeny Hours of Operations Monday – Friday 8:00am – 5:00pm CT. The following information must be included:

- Mother's Name, Date of Birth, Member ID number
- Infant Name (if known) and Member ID number (if known)
- Attending Physician NPI number
- Facility NPI number

ProgenyHealth: Peer-to-peer review

- Peer-to-peer may be requested with a ProgenyHealth Medical Director by calling (888) 832-2006 and following the Physician Advisor's prompt and directions. Hours of operation: Monday – Friday 8:00am – 5:00pm CT

- If peer-to-peer is declined or if the denial determination is upheld, providers would follow Molina’s appeal process if not in agreement with the determination.

ProgenyHealth: Transfers and readmissions

- ProgenyHealth will manage infants transferred from the NICU to another acute care facility under the guidance of Molina’s current rules for higher, lateral, and lower-level care transfers.
- ProgenyHealth will manage emergent readmissions for all infants managed by ProgenyHealth for their initial NICU admission if readmitted within the first 60 days after the **initial** NICU discharge date.

ProgenyHealth: Utilization Management Cases

- All concurrent stay reviews and discharge summaries should be faxed directly to ProgenyHealth.

ProgenyHealth: Care Management Program Review

- Families will have a dedicated Case Manager who will provide support and education.
- Following notification of NICU admission, ProgenyHealth outreaches caregivers for early inpatient engagement to evaluate Social Determinants of Health and barriers to safe discharge home.
- ProgenyHealth Case Managers will continue to follow Molina Members for 60 days from the **initial** NICU discharge date.
- ProgenyHealth Case Managers, Social Workers, and Care Coordinators assist Molina Members with identifying support and utilizing national and local community resources.
 - Identifying PCP
 - Behavioral health support
 - Lactation services/obtaining a breast pump
 - Transportation resources

ProgenyHealth will collaborate with facility CM for infants with anticipated discharge needs, complex medical care, or considerable social situations.

Delegated Utilization Management Functions

Molina may delegate UM functions to qualifying Medical Groups/IPAs and delegated entities. They must have the ability to perform the delegated activities and maintain specific delegation criteria in compliance with all current Molina policies and regulatory and certification requirements. For additional information about delegated UM functions and the oversight of such delegation, please refer to the Delegation section of this Provider Manual.

Communication and Availability to Members and Providers

HCS staff is available for inbound and outbound calls through an automatic rotating call system triaged by designated staff by calling Molina Provider Services at (844) 782-2678. Healthcare Services operating hours are Monday through Friday (except for state and federal holidays) from 8 a.m. to 5 p.m., Central Time. All staff members identify themselves by providing their first name, job title, and organization.

TTY/TDD services are available for Members who are deaf, hard of hearing, or speech impaired. Language assistance is also always available for Members.

Providers should use the [Availity Essentials portal](#) for UM access.

Molina's 24-Hour Nurse Advice Line is available to Members 24 hours a day, 7 days a week at (844) 782-2721. Molina's 24-Hour Nurse Advice Line handles post-stabilization, urgent and emergent after-hours UM calls.

Emergency Services

Emergency Services means covered inpatient and outpatient services that are either furnished by a Provider that is qualified to furnish these services under Title 42 CFR, or the services needed to evaluate or stabilize an Emergency Medical Condition.

Emergency Medical Condition or Emergency means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in the following:

- Placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy.
- Serious impairment to bodily functions.
- Serious dysfunction of any bodily organ or part.
- See 42 CFR § 438.114(a).

A medical screening exam performed by licensed medical personnel in the emergency department and subsequent Emergency Services rendered to the Member does not require prior authorization from Molina.

Emergency Services are covered on a 24-hour basis without the need for prior authorization for all Members experiencing an Emergency Medical Condition and are reimbursed at 100% of the current Medicaid FFS rate on the date of service.

Post-Stabilization Care Services are Covered Services that are:

1. Related to an Emergency Medical Condition
2. Provided after the Member is stabilized

3. Provided to maintain the stabilized condition, or under certain circumstances to improve or resolve the Member's condition

Providers requesting an in-patient admission as a post-stabilization service must request this type of service by contacting the Healthcare Services Department by calling Molina Provider Services at (844) 782-2678. Healthcare Services operating hours are Monday – Friday, 8 a.m. – 5 p.m., Central Time.

Inpatient admission requests (not including post-stabilization requests) received via the [Availity Essentials portal](#) will be processed within standard inpatient regulatory and contractual time frames.

Molina also provides Members with a 24-hour Nurse Advice Line for medical advice. 911 information is given to all Members at the onset of any call to the plan.

For Members within our service area, Molina contracts with vendors that provide 24-hour Emergency Services for ambulances and hospitals. An out-of-network emergency hospital stay will be covered until the Member has stabilized sufficiently to transfer to a participating facility. Services provided after stabilization in a non-participating facility may not be covered, and the Member may be responsible for payment.

Molina Care Managers will contact Members over-utilizing the emergency department to provide assistance whenever possible and determine the reason for using Emergency Services.

Care Managers will also contact the PCP to ensure that Members are not accessing the emergency department because of an inability to be seen by the PCP.

Inpatient Management Elective Inpatient Admissions

Molina requires prior authorization for all elective procedures at any facility. Facilities are required to also notify Molina within 24 hours or by the following business day once admission has occurred for concurrent review. Elective inpatient admission services performed without prior authorization may not be eligible for payment.

Emergent Inpatient Admissions

Molina requires notification of all emergent inpatient admissions within 24 hours of admission or by the following business day. Notification of admission is required to verify eligibility, authorize care, including level of care (LOC), and initiate concurrent review and discharge planning. Molina requires that notification includes Member demographic information, facility information, date of admission and clinical information sufficient to document the Medical Necessity of the admission. Emergent inpatient admission services performed without meeting admission notification, Medical Necessity requirements or failure to include all of the needed clinical documentation to support the need for an inpatient admission will result in a denial of authorization for the inpatient stay. Providers may notify Molina of the emergent inpatient

admission via the [Availity Essentials portal](#), or they may contact Health Care Services via Molina Provider Services (844) 782-2678, Monday – Friday, 8 a.m. – 5 p.m., Central Time.

Inpatient at time of Termination of Coverage

If a Member’s coverage with Molina terminates during a hospital stay, all services received after their termination of eligibility are not Covered Services, unless Law or Government Program requirements mandate otherwise.

Inpatient/Concurrent Review

Molina performs concurrent inpatient reviews to ensure the Medical Necessity of ongoing inpatient services, adequate progress of treatment and development of appropriate discharge plans. Performing these functions requires timely clinical information updates from inpatient facilities. Molina will request updated clinical records from inpatient facilities at regular intervals during a Member’s inpatient stay. Molina requires that requested clinical information updates be received by Molina from the inpatient facility within 24 hours of the request.

Failure to provide timely clinical information updates may result in denial of authorization for the remainder of the inpatient admission, dependent on the Provider contract terms and agreements.

Molina will authorize hospital care as an inpatient when the clinical record supports the Medical Necessity for the need for continued hospital stay. It is the expectation that observation has been tried in those patients that require a period of treatment or assessment, pending a decision regarding the need for additional care, and the observation level of care has failed. Upon discharge, the Provider must provide Molina with a copy of the Member’s discharge summary including demographic information, date of discharge, discharge plan and instructions, and disposition.

Inpatient Status Determinations

Molina’s UM staff follow CMS guidelines to determine if the collected clinical information for requested services are “reasonable and necessary for the diagnosis or treatment of an illness or injury or to improve the functioning of malformed body member” by meeting all coverage, coding, and Medical Necessity requirements (refer to the Medical Necessity subsection of this Provider Manual).

Discharge Planning

The goal of discharge planning is to initiate cost-effective, quality-driven treatment interventions for post-hospital care at the earliest point in the admission.

UM staff work closely with the hospital discharge planners to determine the most appropriate discharge setting for our Members. The clinical staff reviews Medical Necessity and

appropriateness for home health, infusion therapy, durable medical equipment (DME), skilled nursing facility and rehabilitative services.

Readmissions

Readmission review is an important part of Molina's Quality Improvement (QI) Program to ensure that Molina Members are receiving hospital care that is compliant with nationally recognized guidelines as well as Federal and State regulations.

Molina will conduct readmission reviews when both admissions occur at the same acute inpatient facility within the state regulatory requirement dates.

When a subsequent admission to the same facility with the same or similar diagnosis occurs within 24-hours of discharge, the hospital will be informed that the readmission will be combined with the initial admission and will be processed as a continued stay.

When a subsequent admission to the same facility occurs within 2-30 days of discharge, and it is determined that the readmission is related to the first admission and determined to be preventable, then a single payment may be considered as payment in full for both the first and second hospital admissions.

- A readmission is considered potentially preventable if it is clinically related to the prior admission and includes the following circumstances:
 - Premature or inadequate discharge from the same hospital.
 - Issues with transition or coordination of care from the initial admission.
 - For an acute medical complication plausibly related to care that occurred during the initial admission.
- Readmissions that are excluded from consideration as preventable readmissions include:
 - Planned readmissions associated with major or metastatic malignancies, multiple traumas, and burns.
 - Neonatal and obstetrical readmissions.
 - Initial admissions with a discharge status of "left against medical advice" because the intended care was not completed.
 - Behavioral Health readmissions.
 - Transplant-related readmissions.

Post Service Review

Failure to obtain authorization when required will result in denial of payment for those services. The only possible exception for payment as a result of the post-service review is if information is received within 10 business days indicating the Provider did not know nor reasonably could have known that the patient was a Molina Member or there was a Molina error, a Medical Necessity review will be performed. Decisions, in this circumstance, will be based on medical need, appropriateness of care guidelines defined by UM policies and criteria, regulation, guidance and evidence-based criteria sets.

Specific Federal or State requirements or Provider contracts that prohibit administrative denials supersede this policy.

Affirmative Statement about Incentives

All medical decisions are coordinated and rendered by qualified physicians and licensed staff unhindered by fiscal or administrative concerns. Molina and its delegated contractors do not use incentive arrangements to reward the restriction of medical care to Members.

Molina requires that all utilization-related decisions regarding Member coverage and/or services are based solely on the appropriateness of care and service and the existence of coverage. Molina does not specifically reward Practitioners or other individuals for issuing denials of coverage or care. Molina does not receive financial incentives or other types of compensation to encourage decisions that result in underutilization.

Out-of-Network Providers and Services

Molina maintains a contracted network of qualified health care professionals who have undergone a comprehensive credentialing process to provide medical care to Molina Members. Molina requires Members to receive medical care within the participating, contracted network of Providers unless it is for Emergency Services, family planning or Indian Health protected services as required by Federal Law. If there is a need to go to a non-contracted Provider, all care provided by non-contracted, non-network Providers must be prior authorized by Molina. Non-network Providers may provide Emergency Services for a Member who is temporarily outside the service area, without prior authorization or as otherwise required by Federal or State Laws or regulations.

Emergency medical services, post stabilization services and emergency ancillary services are reimbursed at 100% of the current Medicaid FFS rate on the date of service. Emergency ancillary services are defined as those services provided in a hospital, including but not limited to, radiology, laboratory, emergency medicine, and anesthesiology due to an emergent episode.

All out of network services except in the case of emergency, family planning or Indian Health protected services require prior authorization. Reimbursement to out-of-network providers, except when required by law or policy, will be reimbursed at 90% of the current Medicaid FFS rate. Please see the Molina Nebraska Out-of-Network Policy available on our website.

Avoiding Conflict of Interest

The HCS department affirms its decision-making is based on the appropriateness of care and service and the existence of benefit coverage.

Molina does not reward Providers or other individuals for issuing denials of coverage or care. Furthermore, Molina never provides financial incentives to encourage authorization decision

makers to make determinations that result in underutilization. Molina also requires our delegated medical groups/IPAs to avoid this kind of conflict of interest.

Coordination of Care and Services

Molina HCS staff work with Providers to assist with coordinating referrals, services and benefits for Members who have been identified for Molina's Case Management (CM) program via assessment or referral such as self-referral, Provider referral, etc. In addition, the coordination of care process assists Molina Members, as necessary, in transitioning to other care when benefits end.

Molina staff provide an integrated approach to care needs by assisting Members with the identification of resources available to the Member, such as community programs, national support groups, appropriate specialists and facilities, and identifying best practices or new and innovative approaches to care. Care coordination by Molina staff is done in partnership with Providers, Members and/or their authorized representative(s) to ensure efforts are efficient and non-duplicative.

Continuity of Care and Transition of Members

Molina's policy is to provide Members with advance notice when a Provider they are seeing will no longer be in-network. Members and Providers are encouraged to use this time to transition care to an in-network Provider. The Provider leaving the network shall provide all appropriate information related to the course of treatment, medical treatment, etc., to the Provider(s) assuming care. Under certain circumstances, Members may be able to continue treatment with the out-of-network Provider for a given period of time and provide continued services to Members undergoing a course of treatment by a Provider that has terminated their contractual agreement if the following conditions exist at the time of termination.

- Acute condition or serious chronic condition – Following termination, the terminated Provider will continue to provide Covered Services to the Member for up to 90 days or longer, if necessary, for a safe transfer to another Provider as determined by Molina or its delegated Medical Group/IPA.
- High risk of second or third-trimester pregnancy – The terminated Provider will continue to provide services following termination until postpartum services related to delivery are completed or longer, if necessary, for a safe transfer.

For additional information regarding continuity of care and transition of Members, please contact Molina Provider Services at (844) 782-2678, Monday – Friday, 8 a.m. – 6 p.m., Central Time.

Continuity and Coordination of Provider Communication

Molina stresses the importance of timely communication between Providers involved in a Member's care. This is especially critical between specialists, including behavioral health

Providers, Dental Homes and the Member's PCP. Information should be shared in such a manner as to facilitate communication of urgent needs or significant findings.

Reporting of Suspected Abuse and/or Neglect

A vulnerable adult is a person who is receiving or may be in need of receiving community care services by reason of mental or other disability, age or illness and who is, or may be unable to take care of themselves, or unable to themselves against significant harm or exploitation. When working with children, one may encounter situations suggesting abuse, neglect and/or unsafe living environments.

Every person who knows or has reasonable suspicion that a child or adult is being abused or neglected must report the matter immediately. Specific professionals mentioned under the Law as mandated reporters are:

- Physicians, dentists, interns, residents, or nurses.
- Public or private school employees or child-caregivers.
- Psychologists, social workers, family protection workers or specialists.
- Attorneys, ministers, or law enforcement officers.

Suspected abuse and/or neglect should be reported as follows:

Child Abuse

Report suspected abuse or neglect to the Child Abuse and Neglect Hotline at (800) 652-1999, 24 hours a day, 7 days a week.

For additional information, reach out to DHHS at DHHS.ChildrenandFamilyServices@nebraska.gov.

Adult Abuse

Adult Protective Services (APS) meets the needs of vulnerable adults and helps protect them from abuse, neglect, and exploitation.

Report suspected abuse or neglect of a vulnerable adult to Adult Protective Services at (800) 652-1999, 24 hours a day, 7 days a week.

Molina's HCS teams will work with PCPs and Medical Groups/IPA and other delegated entities who are obligated to communicate with each other when there is a concern that a Member is being abused. Final actions are taken by the PCP/Medical Group/IPA, other delegated entities, or other clinical personnel. Under State and Federal Law, a person participating in good faith in making a report or testifying about alleged abuse, neglect, abandonment, financial exploitation, or self-neglect of a vulnerable adult in a judicial or administrative proceeding may be immune from liability resulting from the report or testimony.

Molina will follow up with Members who are reported to have been abused, exploited, or neglected to ensure appropriate measures were taken and follow up on safety issues. Molina will track, analyze, and report aggregate information regarding abuse reporting to the Health Care Services Committee and the proper State agency.

PCP Responsibilities in Case Management Referrals

The Member's PCP is the primary leader of the health team involved in the coordination and direction of services for the Member. The case manager provides the PCP with the Member's Individualized Care Plan (ICP), interdisciplinary care team (ICT) updates, and information regarding the Member's progress through the ICP when requested by the PCP. The PCP is responsible for the provision of preventive services and the primary medical care of Members.

Case Manager Responsibilities

The case manager collaborates with the Member and any additional participants as directed by the Member to develop an ICP that includes recommended interventions from the Member's ICT as applicable. ICP interventions include the appropriate information to address medical and psychosocial needs and/or barriers to accessing care, care coordination to address Member's health care goals, health education to support self-management goals, and a statement of expected outcomes. Jointly, the case manager and the Member/authorized representative(s) are responsible for implementing the plan of care. Additionally, the case manager:

- Assesses the Member to determine if the Member's needs warrant case management.
- Monitors and communicates the progress of the implemented ICP to the Member's ICT as the Member needs warrant.
- Serves as a coordinator and resource to the Members, their representative and ICT participants throughout the implementation of the ICP, and revises the plan as suggested and needed.
- Coordinates appropriate education and encourages the Member's role in self-management.
- Monitors progress toward the Member's achievement of ICP goals to determine an appropriate time for the Member's graduation from the CM program.

Disease Management

Molina's Disease Management provides programs to help Members and their family in better understanding their health conditions. Members may receive a call from a case manager (nurse and registered dietician) who can provide Members with education and support based on their health care needs. Health education materials can also be sent to Members based on goals set by Members and their case manager.

How do Members enroll?

To join a program, Members must meet certain requirements. Members who meet the requirements are enrolled automatically.

Molina uses the following information to identify Members for our Health Management programs:

- Claims
- Pharmacy
- Other health management programs
- Members can self-refer to a program, or Providers may refer Members. Members can request to be removed at any time.

The tools and services described here are educational support for Molina Members and may be changed at any time as necessary to meet the needs of Molina Members. Level 1 Members can be engaged in the program for up to 60 days, depending on Member preferences and the clinical judgement of the Health Management team.

Level 1 Low Risk – Disease Management

Molina offers care management to help our Members and their families manage various health conditions. The programs include telephonic outreach from our clinical staff and health educators that includes condition-specific triage assessment, care plan development and access to tailored educational materials. Members are identified via Health Risk assessments and Identification and Stratification. You can also directly refer Members who may benefit from these program offerings. Members can request to be enrolled or dis-enrolled in these programs at any time. Our Molina My Health programs include:

- Molina My Health – Asthma
- Molina My Health – Bipolar Disease
- Molina My Health – Coronary artery disease (CAD)
- Molina My Health – Congestive heart failure (CHF)
- Molina My Health – Chronic obstructive pulmonary disease (COPD)
- Molina My Health – Diabetes
- Molina My Health – HIV/AIDS
- Molina My Health – Hypertension
- Molina My Health – Major depressive disorder (MDD)
- Molina My Health – Schizophrenia
- Molina My Health – Substance use disorder (SUD)
- Molina My Health - Tobacco Cessation
- Molina My Health - Weight Management
- Molina My Health - Nutritional Counseling

For Member Health Education on the above programs, please contact (833) 269-7830, Monday – Friday, 8 a.m. – 8 p.m., Central Time.

Women’s Health Access

Molina allows Members the option to seek obstetric and gynecological care from an in-network obstetrician or gynecologist or directly from a participating PCP designated by Molina as providing obstetrical and gynecological services. Member access to obstetrical and gynecological services is monitored to ensure Members have direct access to participating Providers for obstetrical and gynecological services. Gynecological services must be provided when requested regardless of the gender status of the Member.

Molina follows all prior authorization requirements related to care for newborns and their mothers in alignment with the Newborns' and Mothers' Health Protection Act (NMHPA). Molina also ensures providers and/or OBGYNs counsel pregnant members about plans for their newborn child on selecting a PCP for newborn exams and subsequent pediatric care once the child is covered under Molina. Additional information on access to care is available from your local Molina Quality department.

Maternity Screening and High-Risk Obstetrics

Molina offers to all pregnant Members prenatal health education with resource information as appropriate and screening services to identify high-risk pregnancy conditions. Care managers with specialized OB training provide additional care coordination and health education for Members with identified high-risk pregnancies to ensure best outcomes for Members and their newborns during pregnancy, delivery and through their sixth-week post-delivery. Pregnant Member outreach, screening, education, and care management are initiated by Provider notification to Molina, Member self-referral and internal Molina notification processes.

Providers can notify Molina of pregnant/high-risk pregnant Members via faxed Pregnancy Notification Report Forms.

Pregnancy Notification Process

The PCP shall submit to Molina the Pregnancy Notification Report Form (available at [Provider Forms | Medicaid](#)) within one (1) working day of the first prenatal visit and/or positive pregnancy test. The form should be faxed to Molina at (833) 352-2359.

Member Newsletters

Member Newsletters are posted on the MolinaHealthcare.com website at least twice a year. The content is aimed to help Members stay healthy, by covering topics such as educational information on chronic illness and ways to self-manage care, behavioral health information, reminders of flu shots and other prevention measures, Medicare Part D issues, tobacco cessation information, Human Immunodeficiency virus and acquired immunodeficiency syndrome testing, and other information as required by MLTC.

Member Health Education Materials

Members can access our easy-to-read, evidenced-based educational materials about nutrition,

preventive services guidelines, stress management, exercise, cholesterol management, asthma, diabetes, depression, and other relevant health topics identified during our engagement with Members. Materials are available through the Member Portal, direct mail as requested, email, and the My Molina mobile App.

Program Eligibility Criteria and Referral Source

Health Management (HM) Programs are designed for Molina Members with a confirmed diagnosis. Identified Members will receive targeted outreach such as educational materials, telephonic outreach, or other materials to access information on their condition. Members can contact Molina Member Services at any time and request to be removed from the program.

Members may be identified for or referred to HM programs from multiple pathways, which may include the following:

- Pharmacy Claims data for all classifications of medications.
- Encounter Data or paid Claims with a relevant CMS-accepted diagnosis or procedure code.
- Member Services welcome calls made by staff to new Member households, and incoming Member calls have the potential to identify eligible program participants. Eligible Members are referred to the program registry.
- Member assessment calls made by staff for the initial health risk assessments (HRA) for newly enrolled Members.
- External referrals from Provider(s), caregivers or community-based organizations.
- Internal referrals from the 24-Hour Nurse Advice Line, Medication Management or Utilization Management.
- Member self-referral due to general plan promotion of programs through Member newsletter or other Member communications.

Provider Participation

Provider resources and services may include:

- Annual Provider feedback letters containing a list of patients identified with the relevant disease.
- Clinical resources such as patient assessment forms and diagnostic tools.
- Patient education resources.
- Provider newsletters promoting the Health Management programs, including how to enroll patients and outcomes of the programs.
- Clinical practice guidelines.
- Preventive health guidelines.
- Case Management collaboration with the Member's Provider.
- Faxing a Provider Collaboration Form to the Member's Provider when indicated.

Additional information on Health Management programs is available upon request by calling Molina Provider Services at (844) 782-2678, Monday – Friday, 7 a.m. – 6 p.m., Central Time,

except for state holidays.

Primary Care Providers

Molina provides a panel of PCPs to care for its Members. Providers in the specialties of Family Medicine, Internal Medicine and Obstetrics and Gynecology are eligible to serve as PCPs.

Members may choose a PCP or have one selected for them by Molina. Molina's Members are required to see a PCP who is part of the Molina Network. Molina's Members may select or change their PCP by contacting Molina's Member Services.

Specialty Providers

Molina maintains a network of specialty Providers to care for its Members. Some specialty care Providers may require a referral for a Member to receive specialty services; however, no prior authorization is required. Members are allowed to directly access women's health specialists for routine and preventive health without a referral for services.

Molina will help to arrange specialty care outside the network when Providers are unavailable, or the network is inadequate to meet a Member's medical needs. To obtain such assistance contact the Provider Services at (844) 782-2678, Monday – Friday, 8 a.m. – 6 p.m., Central Time. Referrals to specialty care outside the network require prior authorization from Molina.

Case Management (CM)

Level II Case Management and Level III Complex Case Management

Molina provides a comprehensive Integrated Case Management (ICM) program to all Members who meet the criteria for services. The ICM program focuses on coordinating the care, services, and resources needed by Members throughout the continuum of care. Molina adheres to Case Management Society of America Standards of Practice Guidelines in its execution of the program.

The Molina case managers may be licensed professionals and are educated, trained, and experienced in Molina's ICM program. The ICM program is based on a Member advocacy philosophy, designed and administered to assure the Member value-added coordination of health care and services, to increase continuity and efficiency, and to produce optimal outcomes. The ICM program is individualized to accommodate a Member's needs with collaboration and input from the Member's PCP. The Molina care manager will assess the Member upon engagement after identification for ICM enrollment and assist with the arrangement of individual services for Members whose needs include ongoing medical care, home health care, rehabilitation services, and preventive services. The Molina care manager is responsible for assessing the Member's appropriateness for the ICM program and for notifying the PCP of ICM program enrollment, as well as facilitating and assisting with the development of the Member's ICP.

Referral to Case Management

Members with high-risk medical conditions and/or other care needs may be referred by their PCP or specialty care Provider, themselves, caregiver, discharge planner or Molina Healthcare Services to the ICM program. The care manager works collaboratively with the Member and all participants of the ICT when warranted, including the PCP and specialty Providers, such as discharge planners, ancillary Providers, the local Health Department, or other community-based resources when identified. The referral source should be prepared to provide the care manager with demographic, health care, and social data about the Member being referred.

Members with the following conditions may qualify for Case Management and should be referred to the Molina ICM Program for evaluation:

- High-risk pregnancy for Members, including a history of a previous preterm delivery prior to 37 weeks or an adverse pregnancy outcome.
- Catastrophic or end-stage medical conditions (e.g., neoplasm, organ/tissue transplants, End-Stage Renal Disease).
- Comorbid chronic illnesses (e.g., asthma, diabetes, COPD, CHF, etc.).
- Preterm births.
- High-technology home care requiring more than two (2) weeks of treatment.
- Member accessing emergency department services inappropriately.
- Children with Special Health Care Needs
- A disabling mental disorder
- A chronic substance abuse disorder.
- A physical, intellectual, or developmental disability with functional impairment that significantly impairs the individual from performing one or more activities of daily living each time the activity occurs; see 471 NAC § 12 for the definition of activities of daily living for adults.
- A disability determination based on Social Security criteria.
- A serious and complex medical condition.
- Chronically homeless.
- Foster care children and adolescents aging out of the foster care system.
- Dual eligible.
- Transitioning from a state facility to the community.
- Special needs adolescents aging out who will no longer be eligible for EPSDT services.

Referrals to the ICM program may be made by contacting Molina Case Management via the Provider Services Department at:

Phone: (844) 782-2678, Monday – Friday, 8 a.m. – 5 p.m., Central Time

Fax: (833) 352-2359

Email: NE_CM@MolinaHealthcare.com

CHAPTER 8: BEHAVIORAL HEALTH

Overview

Molina provides a Behavioral Health benefit for Members. Molina takes an integrated, collaborative approach to behavioral health care, encouraging participation from PCPs, behavioral health, and other specialty Providers to ensure whole person care. Molina complies with the most current Mental Health Parity and Addiction Equity Act requirements. All provisions within the Provider Manual are applicable to medical and behavioral health Providers unless otherwise noted in this section.

Access to Behavioral Health Services

Behavioral Health services are a direct access benefit and are available with no referral required. Health care professionals may assist Members in finding a behavioral health Provider, or Members may contact Molina's Member Services at (844) 782-2018, Monday – Friday, 8 a.m. – 6 p.m., Central Time.

Additional details regarding Covered Services and any limitations can be obtained in the benefit information provided above or by contacting Molina. If inpatient services are needed, prior authorization must be obtained, unless the admission is due to an emergency, and inpatient Member cost share will apply.

Utilization Management and Prior Authorization

Some Behavioral Health services may require prior authorization.

Emergency psychiatric services do not require prior authorization. All requests for Behavioral Health services should include the most current version of the Diagnostic and Statistical Manual of Mental Disorders (DSM) classification. Molina utilizes standard, generally accepted Medical Necessity criteria for prior authorization reviews.

Providers requesting authorization for inpatient Behavioral Health services should utilize the [Availity Essentials portal](#), or contact Molina Provider Services and select the prompt for authorization team at (844) 782-2678, Monday – Friday, 8 a.m. – 5 p.m., Central Time.

For additional information regarding the prior authorization of specialized clinical services, please refer to the prior authorization tools located on the [MolinaHealthcare.com](#) website:

- Prior Authorization Code Look-up Tool
- Prior Authorization Code Matrix
- Prior Authorization Guide

The most current Prior Authorization Guidelines and the Prior Authorization Request Form can be found on the Molina website at [MolinaHealthcare.com](#).

For additional information, please refer to the Prior Authorization subsection found in the Health Care Services section of this Provider Manual.

Access to Behavioral Health Providers and PCPs

Members may be referred to an in-network Behavioral Health Provider via referral from a PCP, medical specialist, or by Member self-referral. PCPs are able to screen and assess Members for the detection and treatment of, or referral for, any known or suspected behavioral health problems and disorders. PCPs may provide any clinically appropriate behavioral health service within the scope of their practice. A formal referral form or prior authorization is not needed for a Member to self-refer or be referred to a PCP, specialist, or behavioral health Provider. However, individual services provided by non-network behavioral health Providers will require prior authorization.

Behavioral health Providers may refer a Member to an in-network PCP, or a Member may self-refer. Members may be referred to a PCP and specialty care Provider to manage their health care needs. Behavioral Health Providers may refer the member to a PCP if they identify other health concerns, including physical health concerns, which should be addressed.

Care Coordination and Continuity of Care

Discharge Planning

Discharge planning begins upon admission to an inpatient or residential behavioral health facility. Members who were admitted to an inpatient or residential behavioral health setting must have an adequate outpatient follow-up appointment scheduled with a behavioral health Provider prior to discharge and to occur within seven (7) days of the discharge date.

Interdisciplinary Care Coordination

In order to provide care for the whole person, Molina emphasizes the importance of collaboration amongst all Providers on the Member's treatment team. Behavioral Health, Primary Care, and other specialty Providers shall collaborate and coordinate care amongst each other for the benefit of the Member. Collaboration of the treatment team will increase the communication of valuable clinical information, enhance the Member's experience with service delivery, and create opportunity for optimal health outcomes. Molina's Care Management program may assist in coordinating care and communication amongst all Providers of a Member's treatment team.

Case Management

Molina's Case Management team includes licensed nurses and clinicians with behavioral health experience to support Members with mental health and/or substance use disorder (SUD) needs. Members with high-risk psychiatric, medical, or psychosocial needs may be referred by a behavioral health professional or Primary Care Provider to the care management program. Referrals to the care

management program may be made by contacting Molina at:
Phone: (844) 782-2678, Monday – Friday, 8 a.m. – 5 p.m., Central Time
Fax: (833) 352-2359
Email: NE_CM@MolinaHealthcare.com

Additional information on the ICM program can be found in the Case Management subsection found in the Health Care Services section of this Provider Manual.

Access to Records and Information to Support Member Care Coordination and Care Management Activities

Molina is committed to working with its Providers to address the care coordination and care management needs of its members. To facilitate such activities, all Providers (including substance use disorder providers and behavioral health providers) are required to cooperate with and provide to Molina any and all relevant patient/member records and information requested by Molina to support such activities. To the extent a consent and/or authorization from the patient/member is required by law to disclose the requested records/information to Molina, the Provider shall make best efforts to obtain the necessary consent(s) and/or authorization(s) from the patient/member.

Both Molina and the Provider agree to comply with HIPAA and other applicable federal and state privacy laws and regulations including, but not limited to, the HIPAA privacy regulations set forth in 45 C.F.R. Part 164 Subpart E, the HIPAA security regulations set forth in 45 C.F.R. Part 164 Subpart C, 42 C.F.R. Part 2 Regulations governing the Confidentiality of Substance Use Disorder Patient Records and state-specific medical privacy laws.

Responsibilities of Behavioral Health Providers

Molina promotes collaboration with Providers and integration of both physical and behavioral health services in an effort to provide quality care coordination to Members. Behavioral health Providers are expected to provide in-scope, evidence-based mental health and substance use disorder services to Molina Members. Behavioral health Providers may only provide physical health care services if they are licensed to do so.

Providers shall follow quality standards related to access. Molina provides oversight of Providers to ensure Members can obtain needed health services within acceptable appointment timeframes. Please refer to the Quality section of this Provider Manual for specific access to appointment details.

All Members receiving inpatient psychiatric services must be scheduled for a psychiatric outpatient appointment prior to discharge. The aftercare outpatient appointment must include the specific time, date, location, and name of the Provider. This appointment must occur within seven (7) days of the discharge date. If a Member misses a behavioral health appointment, the Behavioral Health Provider shall contact the Member within 24 hours of a missed appointment to reschedule.

Behavioral Health Crisis Line

Molina has a Behavioral Health Crisis Line that may be accessed by Members 24 hours a day, 7 days a week, 365 days a year. The Molina Behavioral Health Crisis Line is staffed by behavioral health clinicians to provide urgent crisis intervention, emergent referrals and/or triage to appropriate supports, resources, and emergency response teams. Members experiencing psychological distress may access the Behavioral Health Crisis Line at 844-782-2721 (TT7 711), Monday – Friday, 8 a.m. – 6 p.m., Central Time or they may call the Member Services telephone number on the back of their Molina Member ID Card: (844) 782-2018, Monday – Friday, 8 a.m. – 6 p.m., Central Time.

Emergency Mental Health or Substance Use Disorder Services

Members are directed to call 988, 911 or go to the nearest emergency room if they need Emergency mental health or substance use services. Examples of emergency mental health or substance use problems are:

- Danger to self or others.
- Not being able to carry out daily activities.
- Things that will likely cause death or serious bodily harm.

National Suicide Lifeline

988 is the National Suicide Lifeline. Anyone in need of suicide or mental health crisis support or anyone with concerns about someone else can receive free and confidential support 24 hours a day, 7 days a week, 365 days per year, by dialing 988 from any phone.

Behavioral Health Tool Kit for Providers

Molina has developed an online Behavioral Health Tool Kit to provide support with screening, assessment, and diagnosis of common behavioral health conditions, plus access to Behavioral Health HEDIS® Tip Sheets and other evidence-based guidance, training opportunities for providers, and recommendations for coordinating care. The material within this tool kit is applicable to Providers in both medical and behavioral health settings. The Behavioral Health Tool Kit for Providers can be found under the “Health Resources” tab on the [MolinaHealthcare.com](https://www.molinahealthcare.com) Provider website.

CHAPTER 9: QUALITY

Maintaining Quality Improvement Processes and Programs

Molina works with Members and Providers to maintain a comprehensive Quality Improvement (QI) Program. You can contact the Molina Provider Services department at (844) 782-2678, Monday – Friday, 7 a.m. – 6 p.m., Central Time, except for state holidays.

The address for mail requests is:

Molina Healthcare of Nebraska, Inc.
Attn: Quality Department
14748 W. Center Rd. Suite 140
Omaha, NE 68144

This Provider Manual contains excerpts from the Molina QI program. For a complete copy of Molina’s QI program description, you can contact your Provider Relations representative or call the telephone number above to receive a written copy.

Molina has established a QI program that complies with regulatory requirements and accreditation standards. The QI program provides structure and outlines specific activities designed to improve the care, service and health of our Members. Molina’s QI program description describes the program governance, scope, goals, measurable objectives, structure, and responsibilities.

Molina does not delegate quality improvement activities to Medical Groups/IPAs. However, Molina requires contracted Medical Groups/IPAs to comply with the following core elements and standards of care. Molina Medical Groups/IPAs must:

- Have a quality improvement program in place.
- Comply with and participate in Molina’s QI program, including reporting of Access and Availability survey and activity results and provision of medical records as part of the HEDIS® review process and during potential Quality of Care and/or Critical Incident investigations.
- Cooperate with Molina’s quality improvement activities that are designed to improve the quality of care and services and Member experience.
- Allow Molina to collect, use, and evaluate data related to Provider performance for quality improvement activities, including but not limited to focus areas, such as clinical care, care coordination and management, service, and access and availability.
- Allow access to Molina Quality personnel for site and medical record review processes.
- NOTE: Molina does not pay for medical record copies for investigation of quality-of-care concerns or for other quality or utilization review processes.

Critical Incidents

Credentialed providers must have a Critical Incident Administrative Policy and Procedure, and any critical incident must be reported to Molina. A *critical incident* is an actual event or situation that causes serious harm to the health or welfare of a person or negatively impacts the physical and/or mental health of a person or creates a situation of significant risk for serious harm.

Abuse, assault, neglect/mistreatment, and exploitation are crimes and must be reported to law enforcement immediately for investigation. Criminal activity must be reported to law enforcement for investigation and intervention.

Critical Incidents to be reported to Molina include:

- Substantiated findings of abuse, assault, neglect/mistreatment, or exploitation by staff.
- Substantiated criminal activity by staff or patients
- Patient is missing from the care facility for 24 hours or longer
- Unanticipated death of patient that is not related to an illness or underlying condition being treated
- Death resulting from abuse or neglect
- Use of prohibited practices, such as: mechanical restraint, physical restraint (other than emergency safety intervention), chemical restraint, denial of basic needs, seclusion as punishment, corporal punishment
- Medication error resulting in the need for immediate medical care from emergency department or hospital.
- Injury or preventable medical emergency resulting in the need for immediate medical care from emergency department or hospital
- Clinical quality of care concern where the patient experienced substantiated harm
- Inappropriate or unprofessional conduct by staff or contracted providers
- Operational breakdown of facility/provider due to natural disaster, loss of license, or emergency
- Any other event that is highly concerning, poses potential liability, or is of emerging public interest

Patient Safety Program

Molina's Patient Safety Program identifies appropriate safety projects and error avoidance for Molina Members in collaboration with their PCPs. Molina continues to support safe personal health practices for our Members through our safety program, pharmaceutical management, care management/disease management programs and education.

Molina monitors nationally recognized quality index ratings for facilities, including adverse events and hospital-acquired conditions. This is part of a national strategy to improve health care quality mandated by the Patient Protection and Affordable Care Act (ACA) and the

Department of Health and Human Services (HHS). This aids in identifying areas that have the potential for improving health care quality to reduce the incidence of events.

Quality of Care

Molina has established a systematic process to identify, investigate, review, and report any Quality of Care, Adverse Event/Never Event, Critical Incident (as applicable), and/or service issues affecting Member care. Molina will research, resolve, track, and trend issues. Confirmed Adverse Events/Never Events are reportable when related to an error in medical care that is clearly identifiable, preventable and/or found to have caused serious injury or death to a patient. Some examples of never events include:

- Surgery on the wrong body part.
- Surgery on the wrong patient.
- Wrong surgery on a patient.

Molina is not required to pay for inpatient care related to “never events.”

Medical Records

Molina requires that medical records are maintained in a manner that is current, detailed, and organized to ensure that care rendered to Members is consistently documented (hard copy or electronic) and that necessary information is readily available in the medical record in accordance with Molina Healthcare of Nebraska’s policies and procedures. All entries will be indelibly added to the Member’s medical record. A Member’s medical record is the property of the Provider who generates the record. PCPs should maintain the following medical record components that include but are not limited to:

- Medical record confidentiality and release of medical records within medical and behavioral health care records.
 - Each Member is entitled to a copy of their medical record at no cost.
 - Upon notification of a Member transferring providers, Molina will ensure their medical records or copies of medical records are forwarded to the new PCP within 10 business days from receipt of the request for transfer of the medical records.
 - Molina is not required to obtain written approval from a member before requesting the Member’s medical record from the PCP or any other organization or agency.
 - Molina must afford MLTC access to all Member medical records, whether electronic or paper, within 20 business days of receipt of the request or more quickly if necessary, in MLTC’s sole determination.
- Medical record content and documentation standards include legibility, accuracy, and plan of care that comply with applicable law and Molina written standards.
- Storage maintenance and disposal processes.
- Process for archiving medical records and implementing improvement activities.
- If care has not been established, information may be kept temporarily in an appropriately labeled file in lieu of a permanent medical record. The temporary file must be associated

with the Member's medical record as soon as one is established.

- Information related to fraud and abuse may be released. However, HIV-related information may not be disclosed except as provided in state statute, and substance use disorder information shall only be disclosed consistent with federal and state law, including, but not limited to 42 CFR § 2.1, et seq.

Medical Record Keeping Practices

Below is a list of the minimum items that are necessary in the maintenance of the Member's medical records:

- Each patient has a separate medical record.
- Medical records are stored away from patient areas and preferably locked.
- Medical records are available at each visit, and archived records are available within 24 hours.
- If hard copy, pages are securely attached in the medical record and records are organized by dividers or color-coded when the thickness of the record dictates.
- If electronic, all those with access have individual passwords.
- Record keeping is monitored for quality and HIPAA compliance.
- Storage maintenance for the determined timeline and disposal per record management processes.
- Process for archiving medical records and implementing improvement activities.
- Medical records are kept confidential, and there is a process for release of medical records, including behavioral health care records.

Content

Providers must remain consistent in their practices with Molina's medical record documentation guidelines. Medical records are maintained and should include the following information:

- Each page in the record contains the patient's name or ID number.
- Member name, date of birth, gender, legal guardianship (if applicable), marital status, address, employer, home and work telephone numbers, and emergency contact.
- Primary language spoken by the Member and any translation needs.
- Legible signatures and credentials of the Provider and other staff members within a paper chart.
- All Providers who participate in the Member's care.
- Information about services delivered by these Providers.
 - Documentation of each visit must include the date, begin and end times of service, location of service, chief complaint or purpose of visit, diagnoses or medical impression, objective findings, patient assessment findings, studies ordered and results of those studies (e.g., laboratory, x-ray, EKG, etc.) medications prescribed, health education provided.
- Notations regarding follow-up care, calls, or visits. The specific time of return is noted in

weeks, months or as needed, included in the next preventative care visit when appropriate.

- Notes from consultants if applicable.
- Treatment plans that are consistent with the diagnosis.
- Signed and dated consent forms (as applicable)
- A problem list that describes the Member's medical and behavioral health conditions.
- Presenting complaints, diagnoses, and treatment plans, including follow-up visits and referrals/outcomes of referrals to other Providers.
- Prescribed medications, including dosages and dates of initial or refill prescriptions.
- Medication reconciliation within 30 days of an inpatient discharge should include evidence of current and discharge medication reconciliation and the date performed.
- Allergies and adverse reactions (or notation that none are known).
- Documentation that Advanced Directives, Power of Attorney and Living Will have been discussed with Member, and a copy of advance directives when in place.
- Past medical and surgical history, including physical examinations, treatments, preventive services, and risk factors.
- Clear and thorough progress notes that state the intent for all ordered services and treatments.
- Up-to-date immunization records and documentation of appropriate history.
- All staff and Provider notes are signed physically or electronically with either name or initials and credentials.
- All abnormal lab/imaging results show explicit follow-up plan(s).
- All ancillary services reports.
- Documentation of all emergency care or after-hours encounters and follow-up provided in any setting.
- Documentation of all hospital admissions, inpatient and outpatient, including the hospital discharge summaries, hospital history and physicals and operative report.
- Labor and Delivery Record for any child seen since birth.
- A signed document stating with whom protected health information may be shared.
- Documentation of EPSDT requirements including but not limited to comprehensive health history, developmental history, unclothed physical exam, vision, hearing, and dental screening, immunizations, lab testing including mandatory lead screening, and health education and anticipatory guidance.

Organization

- The medical record is legible to someone other than the writer.
- Each patient has an individual record.
- Chart pages are bound, clipped, or attached to the file.
- Chart sections are easily recognized for retrieval of information.
- A release document for each Member authorizing Molina to release medical information for the facilitation of medical care.

Retrieval

- The medical record is available to the Provider at each encounter.
- The medical record is available to Molina for purposes of quality improvement.
- The medical record is available to the applicable State and/or Federal agency and the External Quality Review Organization upon request.
- The medical record is available to the Member upon their request at no cost.
- A storage system for inactive Member medical records that allows retrieval within 24 hours, is consistent with State and Federal requirements, and the record is maintained for not less than 10 years from the last date of treatment or for a minor, one (1) year past their 20th birthday but, never less than 10 years.
- An established and functional data recovery procedure in the event of data loss.

Confidentiality

Molina Providers shall develop and implement confidentiality procedures to guard Member protected health information, in accordance with HIPAA privacy standards and all other applicable Federal and State regulations. This should include, and is not limited to, the following:

- Ensure that medical information is released only in accordance with applicable Federal or State Law in pursuant to court orders or subpoenas.
- Maintain records and information in an accurate and timely manner.
- Ensure timely access by Members to the records and information that pertain to them.
- Abide by all Federal and State Laws regarding confidentiality and disclosure of medical records or other health and enrollment information.
- Medical records are protected from unauthorized access.
- Access to computerized confidential information is restricted.
- Precautions are taken to prevent inadvertent or unnecessary disclosure of protected health information.
- Education and training for all staff on handling and maintaining protected health care information.

Additional information on medical records is available from your local Molina Quality department. For additional information regarding HIPAA, please refer to the Compliance section of this Provider Manual.

Advance Directives (Patient Self-Determination Act)

Molina complies with the advance directive requirements of the States in which the organization provides services. Responsibilities include ensuring Members receive information regarding advance directives and that contracted Providers and facilities uphold executed documents.

Advance directives are a written choice for health care. There are two (2) types of advance directives:

- **Durable Power of Attorney for Health Care** allows an agent to be appointed to carry out health care decisions.
- **Living Will** allows choices about withholding or withdrawing life support and accepting or refusing nutrition and/or hydration.

When There Is No Advance Directive, the Member's family and Provider will work together to decide on the best care for the Member based on information they may know about the Member's end-of-life plans.

Providers must inform adult Molina Members, 18 years old and up, of their right to make health care decisions and execute advance directives. It is important that Members are informed about advance directives.

Members who would like more information are instructed to contact Member Services or are directed to the CaringInfo website at [caringinfo.org/planning/advance-directives](https://www.caringinfo.org/planning/advance-directives) for forms available to download. Additionally, the Molina website offers information to both Providers and Members regarding advance directives, with a link to forms that can be downloaded and printed.

PCPs must discuss advance directives with a Member and provide appropriate medical advice if the Member desires guidance or assistance.

Molina network Providers and facilities are expected to communicate any objections they may have to a Member's directive prior to service when possible. Members may select a new PCP if the assigned Provider has an objection to the Member's desired decision. Molina will facilitate finding a new PCP or specialist as needed.

In no event may any Provider refuse to treat a Member or otherwise discriminate against a Member because the Member has completed an advance directive. CMS regulations give Members the right to file a complaint with Molina or the State survey and certification agency if the Member is dissatisfied with Molina's handling of advance directives and/or if a Provider fails to comply with advance directives instructions.

Molina will notify the Provider via fax of an individual Member's advance directives identified via Healthcare Services programs. Providers are instructed to document the presence of an advance directive in a prominent location of the medical record. Auditors will also look for copies of the advance directive form. Advance Directives forms are State-specific to meet State regulations.

Molina will look for documented evidence of the discussion between the Provider and the Member during routine medical record reviews.

Access to Care

Molina maintains access to care standards and processes for ongoing monitoring of access to

health care provided by contracted PCPs and participating specialists. Providers surveyed include PCPs (family/general practice, internal medicine, and pediatrics), OB/GYN (high-volume specialists), Oncologist (high-impact specialists), and behavioral health Providers. Providers are required to conform to the Access to Care appointment standards listed below to ensure that health care services are provided in a timely manner. The PCP or their designee must be available to Members 24 hours a day, 7 days a week.

Appointment Access

All Providers who oversee the Member’s health care are responsible for providing the following appointments to Molina Members in the timeframes noted.

Medical Appointment

Appointment Type	Standard
Non-urgent preventive	Within 4 weeks
Non-urgent, sick	Within 48 hours, or sooner if condition becomes urgent
Urgent Care	Same day, provided by PCP or as arranged by Molina
Maternity Care	<ul style="list-style-type: none"> • First Trimester: Within 14 calendar days • Second Trimester: within 7 calendar days • Third Trimester and High-Risk: Within 3 calendar days • Emergency: Immediately
Family Planning	Within 7 calendar days
Laboratory and X-Ray	Within 3 weeks for routine and 24 hours for urgent or as clinically indicated.
After Hours Care	24 hours/day; 7 day/week availability
Specialty Care (High Volume)	Within 30 calendar days
Specialty Care (High Impact)	Consultation within 1 month of referral or as clinically indicated
Urgent Specialty Care	Within 24 hours
Emergency Services	Immediately upon presentation, 24 hours a day, 7 days per week.

Behavioral Health Appointment

Appointment Type	Standard
Life Threatening Emergency	Immediately
Urgent Care	Within 48 hours
Initial Routine Care Visit	Within 10 business days
Follow-up Routine Care Visit	Within 30 calendar days
BH Emergency Services	Referral within 1 hour (2 hours in designated rural areas)

Dental Appointment

Appointment Type	Standard
Urgent Care	Within 24 hours
Routine or Preventive Care Visit	Within 6 weeks

Additional information on appointment access standards is available from your local Molina Quality department.

Office Wait Time

For scheduled appointments, the wait time in offices should not exceed 45 minutes. All PCPs and are required to monitor waiting times and adhere to this standard.

After Hours

All Providers must have backup (on-call) coverage after hours or during the Provider’s absence or unavailability. Molina requires Providers to maintain a 24-hour telephone service, 7 days a week. This access may be through an answering service or a recorded message after office hours. The service or recorded message should instruct Members with an Emergency to hang up and call 911 or go immediately to the nearest emergency room. Voicemail alone after hours is not acceptable.

Geographic Access Standards

Geographic Access Type	Standard
Contracted PCPs	<ul style="list-style-type: none"> Urban: 2 PCPs within 30 miles of Members Rural: 1 PCP within 45 miles of Members Frontier: 1 PCP within 60 miles of Members
High-volume specialists (cardiology, neurology, hematology/oncology, OB/GYN, and orthopedics)	1 high-volume specialty within 90 miles of Members
Pharmacy	<ul style="list-style-type: none"> Urban: retail pharmacy within 5 miles of 90% of Members Rural: retail pharmacy within 15 miles of 70% of Members Frontier: retail pharmacy within 60 miles of 70% of Members
BH and Residential Service Providers	For rural and frontier Members able to travel and return home within 1 day (480 miles round trip)
BH Outpatient and Assessment Providers	<ul style="list-style-type: none"> Urban: 2 Providers within 30 miles of Members Rural: 2 Providers within 45 miles of

Geographic Access Type	Standard
	Members <ul style="list-style-type: none"> • Frontier: 2 Providers within 60 miles of Members
BH Emergency Services	Referral within 1 hour (2 hours in designated rural areas)
Hospitals	Transport time within 30 minutes in Urban areas and within community standards for Rural and Frontier areas
Dental—General Dentist	<ul style="list-style-type: none"> • Urban: 2 general dentists within 45 miles of Members • Rural: 1 general dentist within 60 miles of Members • Frontier: 1 general dentist within 100 miles of Members
Dental—Dental Specialists (oral surgeon, orthodontist, periodontist, endodontist)	<ul style="list-style-type: none"> • Urban: 1 of each specialty within 45 miles of 85% of Members • Rural: 1 of each specialty within 60 miles of 75% of Members • Frontier: 1 of each specialty within 100 miles of 75% of Members

Monitoring Access for Compliance with Standards

Access to care standards are reviewed, revised as necessary, and approved by the Quality Improvement Committee on an annual basis.

Provider Network adherence to access standards is monitored via one or more of the following mechanisms:

1. Provider access studies – Provider office assessment of appointment availability, after-hours access, Provider ratios, and geographic access.
2. Member complaint data – assessment of Member complaints related to access and availability of care.
3. Member satisfaction survey – evaluation of Members' self-reported satisfaction with appointment and after-hours access.

Analysis of access data includes assessment of performance against established standards, review of trends over time, and identification of barriers. Results of the analysis are reported to the Quality Improvement Committee at least annually for review and determination of opportunities for improvement. Corrective actions are initiated when performance goals are not met and for identified Provider-specific and/or organizational trends. Performance goals are reviewed and approved annually by the Quality Improvement Committee.

Quality of Provider Office Sites

Molina Providers are to maintain office-site and medical record-keeping practices standards. Molina continually monitors Member appeals and complaints/grievances for all office sites to determine the need for an office site visit and will conduct office site visits as needed. Molina assesses the quality, safety, and accessibility of office sites where care is delivered against standards and thresholds. A standard survey form is completed at the time of each visit. This includes an assessment of:

- Physical Accessibility.
- Physical Appearance.
- Adequacy of Waiting and Examining Room Space.

Physical Accessibility

Molina evaluates office sites as applicable to ensure that Members have safe and appropriate access to the office site. This includes, but is not limited to, ease of entry into the building, accessibility of space within the office site, and ease of access for patients with physical disabilities.

Physical Appearance

The site visits include but are not limited to an evaluation of office site cleanliness, appropriateness of lighting, and patient safety as needed.

Adequacy of Waiting and Examining Room Space

During the site visit as required, Molina assesses waiting and examining room spaces to ensure that the office offers appropriate accommodations to Members. The evaluation includes, but is not limited to, appropriate seating in the waiting room areas and availability of exam tables in exam rooms.

Administration & Confidentiality of Facilities

Facilities contracted with Molina must demonstrate overall compliance with the guidelines listed below:

- Office appearance demonstrates that housekeeping and maintenance are performed appropriately on a regular basis, the waiting room is well-lit, office hours are posted, and the parking area and walkways demonstrate appropriate maintenance.
- Accessible parking is available, the building and exam rooms are accessible with an incline ramp or flat entryway, and the restroom is accessible with a bathroom grab bar.
- Adequate seating includes space for an average number of patients in an hour, and there is a minimum of two (2) office exam rooms per Provider.
- Basic emergency equipment is located in an easily accessible area. This includes a pocket mask and Epinephrine, plus any other medications appropriate to the practice.

- At least one (1) CPR-certified employee is available.
- Yearly Occupational Safety and Health Administration (OSHA) training (Fire, Safety, Blood-borne Pathogens, etc.) is documented for offices with 10 or more employees.
- A container for sharps is located in each room where injections are given.
- Labeled containers, policies, contracts, and evidence of a hazardous waste management system in place.
- Patient check-in systems are confidential. Signatures on fee slips, separate forms, stickers, or labels are possible alternative methods.
- Confidential information is discussed away from patients. When reception areas are unprotected by sound barriers, scheduling and triage phones are best placed at another location.
- Medical records are stored away from patient areas. Record rooms and/or file cabinets are preferably locked.
- A Clinical Laboratory Improvement Amendment (CLIA) waiver is displayed when the appropriate lab work is run in the office.
- Prescription pads are not kept in exam rooms.
- Narcotics are locked, preferably double-locked. Medication and sample access is restricted.
- A system is in place to ensure expired sample medications are not dispensed and injectables and emergency medication are checked monthly for outdates.
- Drug refrigerator temperatures are documented daily.

EPSDT Services to Enrollees Under 21 Years of Age

Molina maintains systematic and robust monitoring mechanisms to ensure all required Early and Periodic Screening Diagnostic and Treatment (EPSDT) Services to Enrollees under 21 years of age are timely according to required preventive guidelines. All Enrollees under 21 years of age should receive preventive, diagnostic and treatment services at intervals as set forth in Section 1905 (R) of the Social Security Act. Molina's Quality or the Provider Relations department is also available to perform Provider training to ensure that best practice guidelines are followed in relation to well-child services and care for acute and chronic health care needs.

Well Child/Adolescent Visits

Visits consist of age-appropriate components that include but are not limited to:

- Comprehensive health and developmental history
- Nutritional assessment
- Height and weight and growth charting
- Comprehensive, unclothed physical examination
- Appropriate immunizations according to the Advisory Committee on Immunization Practices
- Laboratory procedures, including lead blood level assessment appropriate for age and risk factors
- Periodic developmental and behavioral screening using a recognized standardized developmental screening tool

- Vision and hearing tests
- Dental assessment and services
- Health education, including anticipatory guidance such as child development, healthy lifestyles, accident, and disease prevention

Diagnostic services, treatment, or services Medically Necessary to correct or ameliorate defects, physical or mental illnesses, and conditions discovered during a screening or testing must be provided or arranged for either directly or through referrals. Any condition discovered during the screening examination or screening test requiring further diagnostic study or treatment must be provided if within the Member's Covered Benefit Services. Members should be referred to an appropriate source of care for any required services that are not Covered Services.

Molina shall have no obligation to pay for services that are not Covered Services.

Monitoring for Compliance with Standards

Molina monitors compliance with the established performance standards as outlined above at least annually. Performance below Molina's standards may result in a Corrective Action Plan (CAP) with a request that the Provider submits a written corrective action plan to Molina within 30 calendar days. Molina will follow up to ensure resolution is conducted at regular intervals until compliance is achieved. The information and any response made by the Provider are included in the Provider's permanent credentials file. If compliance is not attained at follow-up, an updated CAP will be required. Providers who do not submit a CAP may be terminated from network participation or closed to new Members.

Quality Improvement Activities and Programs

Molina maintains an active QI program. The QI program provides structure and key processes to carry out our ongoing commitment to the improvement of care and service. Molina focuses on reducing health care disparities through the QI program. The goals identified are based on an evaluation of programs and services, regulatory, contractual and accreditation requirements, and strategic planning initiatives.

Clinical Practice Guidelines

Molina adopts and disseminates Clinical Practice Guidelines (CPG) to reduce inter-Provider variation in diagnosis and treatment. CPG adherence is measured at least annually. All guidelines are based on scientific evidence, review of medical literature and/or appropriately established authority. .

Molina CPGs include the following:

- Acute Stress and Post-Traumatic Stress Disorder (PTSD)
- Anxiety/Panic Disorder

- Asthma
- Attention Deficit Hyperactivity Disorder (ADHD)
- Autism
- Bipolar Disorder
- Children with Special Health Care Needs
- Chronic Kidney Disease
- Chronic Obstructive Pulmonary Disease (COPD)
- Depression
- Diabetes
- Heart Failure in Adults
- Homelessness-Special Health Care Needs
- Hypertension
- Obesity
- Opioid Management
- Perinatal Care
- Pregnancy Management
- Schizophrenia
- Sickle Cell Disease
- Substance Abuse Treatment
- Suicide Risk
- Trauma-Informed Primary Care

All CPGs are updated at least annually and more frequently as needed when clinical evidence changes, and approved by the Quality Improvement and Health Equity Transformation Committee. A review is conducted at least monthly to identify new additions or modifications. On an annual basis, or when changes are made during the year, the adopted CPGs are distributed to the appropriate Providers, Provider groups, staff model facilities, delegates and Members by the Quality, Provider Services, Health Education and Member Services departments and the Provider Manual. The guidelines are disseminated through Provider newsletters, electronic Provider Bulletins and other media and are available on the Molina website. Notification of the availability of the CPGs is published in the Molina Provider Newsletter.

Individual Providers or Members may request copies from your local Molina Quality department.

Preventive Health Guidelines

Molina provides coverage of diagnostic preventive procedures based on recommendations published by the U.S. Preventive Services Task Force (USPSTF), Bright Futures/American Academy of Pediatrics and the Centers for Disease Control and Prevention (CDC), in accordance with CMS guidelines. Diagnostic preventive procedures include but are not limited to:

- Adult Preventive Services Recommendations (U.S. Preventive Services Task Force). Links to

current recommendations are included on Molina’s website.

- Recommendations for Preventive Pediatric Health Care (Bright Futures/American Academy of Pediatrics). Links to current recommendations are included on Molina’s website.
- Recommended Adult Immunization Schedule for ages 19 Years or Older (United States). These recommendations are revised every year by the CDC. Links to current recommendations are included on Molina’s website.
- Recommended Child and Adolescent Immunization Schedule for ages 18 years or younger (United States). These recommendations are revised every year by the CDC. Links to current recommendations are included on Molina’s website.

All preventive health guidelines are updated at least annually and more frequently as needed when clinical evidence changes and are approved by the Quality Improvement and Health Equity Transformation Committee. A review is conducted at least monthly to identify new additions or modifications. On an annual basis, or when changes are made during the year, preventive health guidelines are distributed to Providers at [MolinaHealthcare.com](https://www.molinahealthcare.com) and the Provider Manual. Notification of the availability of the preventive health guidelines is published in the Molina Provider Newsletter.

Measurement of Clinical and Service Quality

Molina monitors and evaluates the quality of care and services provided to Members through the following mechanisms:

- Healthcare Effectiveness Data and Information Set (HEDIS®)
- Consumer Assessment of Healthcare Providers and Systems (CAHPS®)
- Behavioral Health Satisfaction Assessment
- Provider Satisfaction Survey
- Effectiveness of Quality Improvement Initiatives

Molina evaluates continuous performance according to, or in comparison with objectives, measurable performance standards and benchmarks at the national, regional and/or at the local/health plan level.

Contracted Providers and facilities must allow Molina to use its performance data collected in accordance with the Provider Agreement with Molina. The use of performance data may include, but is not limited to, the following:

- Development of quality improvement activities
- Public reporting to consumers
- Preferred status designation in the network
- Reduced Member cost sharing

Molina’s most recent results can be obtained from your local Molina Quality department or by visiting our website at [MolinaHealthcare.com](https://www.molinahealthcare.com).

Healthcare Effectiveness Data and Information Set (HEDIS®)

Molina utilizes NCQA HEDIS® as a measurement tool to provide a fair and accurate assessment of specific aspects of managed care organization performance. HEDIS® is an annual activity conducted in the spring. The data comes from on-site medical record review and available administrative data. All reported measures must follow rigorous specifications and are externally audited to assure continuity and comparability of results. The HEDIS® measurement set currently includes a variety of health care aspects, including immunizations, women's health screening, diabetes care, well check-ups, medication use, dental services, and cardiovascular disease.

HEDIS® results are used in a variety of ways. The results are the measurement standard for many of Molina's clinical quality activities and health improvement programs. The standards are based on established clinical guidelines and protocols, providing a firm foundation to measure the success of these programs.

Selected HEDIS® results are provided to regulatory and accreditation agencies as part of our contracts with these agencies. The data are also used to compare to established health plan performance benchmarks.

Consumer Assessment of Healthcare Providers and Systems (CAHPS®)

CAHPS® is the tool used by Molina to summarize Member satisfaction with the Providers, health care and service they receive. CAHPS® examines specific measures, including Getting Needed Care, Getting Care Quickly, How Well Doctors Communicate, Coordination of Care, Customer Service, Rating of Health Care, and Getting Needed Prescription Drugs. The CAHPS® survey is administered annually in the spring to randomly selected Members by an NCQA-certified vendor.

CAHPS® results are used in much the same way as HEDIS® results, only the focus is on the service aspect of care rather than clinical activities. They form the basis for several of Molina's quality improvement activities and are used by external agencies to help ascertain the quality of services being delivered.

Behavioral Health Satisfaction Assessment

Molina obtains feedback from Members about their experience, needs, and perceptions of accessing behavioral health care services. This feedback is collected at least annually to understand how our Members rate their experiences in getting treatment, communicating with their clinicians, receiving treatment and information from the plan, and perceived improvement in their conditions, among other areas.

Provider Satisfaction Survey

Recognizing that HEDIS® and CAHPS® both focus on Member experience with health care Providers and health plans, Molina conducts a Provider Satisfaction Survey annually. The results from this survey are very important to Molina, as this is one of the primary methods used to

identify improvement areas pertaining to the Molina Provider Network. The survey results have helped establish improvement activities relating to Molina's specialty network, inter-Provider communications, and pharmacy authorizations. This survey is fielded to a random sample of Providers each year. If your office is selected to participate, please take a few minutes to complete and return the survey.

Effectiveness of Quality Improvement Initiatives

Molina monitors the effectiveness of clinical and service activities through metrics selected to demonstrate clinical outcomes and service levels. The plan's performance is compared to that of available national benchmarks indicating "best practices." The evaluation includes an assessment of clinical and service improvements on an ongoing basis. The results of these measurements guide activities for successive periods.

In addition to the methods described above, Molina also compiles complaint and appeals data as well as requests for out-of-network services to determine opportunities for service improvements.

What Can Providers Do?

- Ensure patients are up to date with their annual physical exam and preventive health screenings, including related lab orders and referrals to specialists, such as ophthalmology.
- Review the HEDIS® preventive care listing of measures for each patient to determine if anything applicable to your patients' age and/or condition has been missed.
- Check that staff is properly coding all services provided.
- Be sure patients understand what *they* need to do.

Molina has additional resources to assist Providers and their patients. For access to tools that can assist, please visit the [Availity Essentials portal](#). There are a variety of resources, including HEDIS® CPT/CMS-approved diagnostic and procedural code sheets. To obtain a current list of HEDIS® and CAHPS® Star Ratings measures, contact your local Molina Quality department.

CHAPTER 10: RISK ADJUSTMENT PROGRAM

What is Risk Adjustment?

CMS adjusts Health Plan payment amounts based on the overall health status and expected cost of enrolled beneficiaries. Risk Adjustment methodologies provide CMS the ability to accurately measure the health status of a plan's membership based on medical conditions and demographic information.

This process helps ensure health plans receive appropriate payment for members based on the severity of their health conditions. Risk Adjustment reduces any incentives for health plans to target healthier-than-average enrollment beneficiaries.

Why is Risk Adjustment Important?

Our Risk Adjustment program seeks to ensure encounter data is complete and accurate to appropriately represent our Members' health acuity. Molina relies on our Provider Network to care for our Members based on their health care needs. Documentation of clinical diagnoses allows us to:

- Focus on quality, gaps in care, and efficiency.
- Recognize and address current and potential health conditions.
- Identify Members for Case Management referral.
- Ensure adequate resources for the acuity levels of Molina Members.
- Have the resources to deliver the highest quality of care to Molina Members.

Interoperability

The Provider agrees to deliver relevant clinical documents (Clinical Document Architecture (CDA) or Continuity of Care Document (CCD) format) at encounter close for Molina Members by using one of the automated methods available and supported by the Provider's electronic medical records (EMR), including, but not limited to, Epic Payer Platform, Direct Protocol, Secure File Transfer Protocol (sFTP), query or web service interfaces such as Simple Object Access Protocol (External Data Representation) or Representational State Transfer (Fast Healthcare Interoperability Resource).

The CDA or CCD document should include signed clinical notes or conform with the United States Core Data for Interoperability (USCDI) common data set and Health Level 7 (HL7) Consolidated Clinical Data Architecture (CCDA) standard.

The Provider will also enable HL7 v2 Admission/Discharge/Transfer (ADT) feed for all patient events for Molina Members to the interoperability vendor designated by Molina.

The Provider will participate in Molina's program to communicate Clinical Information using the Direct Protocol. Direct Protocol is the HIPAA-compliant mechanism for exchanging health care

information that is approved by the Office of the National Coordinator for Health Information Technology (ONC).

- If the Provider does not have a Direct Address, the Provider will work with its EMR vendor to set up a Direct Messaging Account, which also supports the CMS requirement of having the Provider's Digital Contact Information added in NPES.
- If the Provider's EMR does not support the Direct Protocol, the Provider will work with Molina's established interoperability partner to get an account established.

Your Role as a Provider

As a Provider, complete and accurate documentation in a medical record is critical to a Member's quality of care. We encourage Providers to record all diagnoses to the appropriate highest specificity. This will ensure Molina receives adequate resources to provide quality programs to you and our Members.

For a complete and accurate medical record, all Provider documentation must:

- Address clinical data elements (e.g., diabetic patient needs an eye exam or multiple comorbid conditions) provided by Molina and reviewed with the Member.
- Be compliant with the CMS National Correct Coding Initiative (NCCI).
- Use the correct ICD-10 code by documenting the condition to the highest level of specificity.
- Only use diagnosis codes confirmed during a Provider visit with the Member. The visit may be face-to-face or telehealth, depending on State or CMS requirements.
- Contain a treatment plan and progress notes.
- Contain the Member's name and Date of Service.
- Have the Provider's signature and credentials.

Contact Information

For questions about Molina's Risk Adjustment programs, please contact your Molina Provider Relations representative.

CHAPTER 11: COMPLIANCE

Fraud, Waste, and Abuse

Introduction

Molina is dedicated to the detection, prevention, investigation, and reporting of potential health care fraud, waste, and abuse. As such, Molina's Compliance department maintains a comprehensive plan, which addresses how Molina will uphold and follow State and Federal statutes and regulations pertaining to fraud, waste, and abuse. The plan also addresses fraud, waste and abuse prevention, detection, and correction, along with the education of appropriate employees, vendors, Providers, and associates doing business with Molina.

Molina's Special Investigation Unit (SIU) supports Compliance in its efforts to prevent, detect, and correct fraud, waste, and abuse by conducting investigations aimed at identifying suspect activity and reporting these findings to the appropriate regulatory and/or Law enforcement agency.

Mission Statement

Our mission is to pay Claims correctly the first time, and that mission begins with the understanding that we need to proactively detect fraud, waste, and abuse, correct it, and prevent it from reoccurring. Since not all fraud, waste, or abuse can be prevented, Molina employs processes that retrospectively address fraud, waste, or abuse that may have already occurred. Molina strives to detect, prevent, investigate, and report suspected health care fraud, waste, and abuse in order to reduce health care costs and to promote quality health care.

Regulatory Requirements

Federal False Claims Act

The False Claims Act is a Federal statute that covers fraud involving any Federally funded contract or program. The act establishes liability for any person who knowingly presents or causes to be presented a false or fraudulent Claim to the U.S. government for payment.

The term "knowing" is defined to mean that a person with respect to information:

- Has actual knowledge of the falsity of information in the Claim.
- Acts in deliberate ignorance of the truth or falsity of the information in a Claim.
- Acts in reckless disregard of the truth or falsity of the information in a Claim.

The Act does not require proof of a specific intent to defraud the U.S. government. Instead, health care Providers can be prosecuted for a wide variety of conduct that leads to the submission of fraudulent Claims to the government, such as knowingly making false

statements, falsifying records, double billing for items or services, submitting bills for services never performed or items never furnished or otherwise causing a false Claim to be submitted.

Deficit Reduction Act

The Deficit Reduction Act (DRA) aims to cut fraud, waste and abuse from the Medicare and Medicaid programs.

As a contractor doing business with Molina, Providers and their staff have the same obligation to report any actual or suspected violation or fraud, waste, or abuse. Entities must have written policies that inform employees, contractors, and agents of the following:

- The Federal False Claims Act and State Laws pertaining to submitting false Claims.
- How Providers will detect and prevent fraud, waste, and abuse.
- Employee protection rights as whistleblowers.
- Administrative remedies for false Claims and statements

These provisions encourage employees (current or former) and others to report instances of fraud, waste, or abuse to the government. The government may then proceed to file a lawsuit against the organization/individual accused of violating the False Claims Act. The whistleblower may also file a lawsuit independently. Cases found in favor of the government will result in the whistleblower receiving a portion of the amount awarded to the government.

Whistleblower protections state that employees who have been discharged, demoted, suspended, threatened, harassed, or otherwise discriminated against due to their role in disclosing or reporting a false Claim are entitled to all relief necessary to make the employee whole, including:

- Employment reinstatement at the same level of seniority.
- Two (2) times the amount of back pay plus interest.
- Compensation for special damages incurred by the employee as a result of the employer's inappropriate actions.

Affected entities who fail to comply with the Law will be at risk of forfeiting all payments until compliance is met. Molina will take steps to monitor Molina contracted Providers to ensure compliance with the Law. Health care entities (e.g., Providers, facilities, delegates and/or vendors) to which Molina has paid \$5 million or more in Medicaid funds during the previous federal fiscal year (October 1-September 30) will be required to submit a signed "Attestation of Compliance with the Deficit Reduction Act of 2005, Section 6032" to Molina.

Anti-kickback Statute (42 U.S.C. § 1320a-7b(b))

Anti-kickback Statute (AKS) is a criminal Law that prohibits the knowing and willful payment of "remuneration" to induce or reward patient referrals or the generation of business involving any item or service payable by the Federal health care programs (e.g., drugs, supplies, or health care services for Medicare or Medicaid patients). In some industries, it is acceptable to reward

those who refer business to you. However, in the Federal health care programs, paying for referrals is a crime. The statute covers the payers of kickbacks — those who offer or pay remuneration — as well as the recipients of kickbacks — those who solicit or receive remuneration.

Molina conducts all business in compliance with Federal and State AKS statutes and regulations and Federal and State marketing regulations. Providers are prohibited from engaging in any activities covered under this statute.

AKS statutes and regulations prohibit paying or receiving anything of value to induce or reward patient referrals or the generation of business involving any item or service payable by Federal and State health care programs. The phrase “anything of value” can mean cash, discounts, gifts, excessive compensation, contracts not at fair market value, etc. Examples of prohibited AKS actions include a health care Provider who is compensated based on patient volume, or a Provider who offers remuneration to patients to influence them to use their services.

Under Molina’s policies, Providers may not offer, solicit an offer, provide, or receive items of value of any kind that are intended to induce referrals of Federal health care program business. Providers must not, directly or indirectly, make or offer items of value to any third party for the purpose of obtaining, retaining, or directing our business. This includes giving favors, preferential hiring, or anything of value to any government official.

Marketing Guidelines and Requirements

Providers must conduct all marketing activities in accordance with the relevant contractual requirements and marketing statutes and regulations – both State and Federal.

Under Molina’s policies, marketing means any communication to a beneficiary who is not enrolled with Molina, which can reasonably be interpreted as intended to influence the beneficiary to enroll with Molina’s Medicaid, Marketplace, or Medicare products. This also includes communications that can be interpreted to influence a beneficiary to not enroll in or to disenroll from another Health Plan’s products.

Restricted marketing activities vary from state to state but generally relate to the types and forms of communications that health plans, Providers and others can have with Members and prospective Members. Examples of such communications include those related to enrolling Members, Member outreach, and other types of communications.

Stark Statute

The Physicians Self-Referral Law (Stark Law) prohibits physicians from referring patients to receive “designated health services” payable by Medicare or Medicaid from entities with which the physician or an immediate family member has a financial relationship, unless an exception applies. Financial relationships include both ownership/investment interests and compensation arrangements. The Stark Law prohibits the submission, or causing the submission, of Claims in

violation of the Law's restrictions on referrals. "Designated health services" are identified in the Physician Self-Referral Law (42 U.S.C. § 1395nn).

Sarbanes-Oxley Act of 2002

The Sarbanes-Oxley Act requires certification of financial statements by both the Chief Executive Officer and the Chief Financial Officer. The Act states that a corporation must assess the effectiveness of its internal controls and report this assessment annually to the Securities and Exchange Commission.

Definitions

Fraud means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to themselves or some other person. It includes any act that constitutes fraud under applicable Federal or State Law (42 CFR § 455.2).

Waste means health care spending that can be eliminated without reducing the quality of care. Quality waste includes overuse, underuse, and ineffective use. Inefficiency waste includes redundancy, delays, and unnecessary process complexity. An example would be the attempt to obtain reimbursement for items or services where there was no intent to deceive or misrepresent; however, the outcome resulted in poor or inefficient billing methods (e.g., coding), causing unnecessary costs to State and Federal health care programs.

Abuse means Provider practices that are inconsistent with sound fiscal, business, or medical practices, and result in unnecessary costs to State and Federal health care programs, or in reimbursement for services that are not Medically Necessary or that fail to meet professionally recognized standards for health care. It also includes recipient practices that result in unnecessary costs to State and Federal health care programs (42 CFR § 455.2).

Examples of Fraud, Waste, and Abuse by a Provider

The types of questionable Provider schemes investigated by Molina include, but are not limited to, the following:

- A Provider knowingly and willfully referring a Member to health care facilities in which or with which the Provider has a financial relationship. (Stark Law)
- Altering Claims and/or medical record documentation in order to get a higher level of reimbursement.
- Balance billing a Molina Member for Covered Services. This includes asking the Member to pay the difference between the discounted and negotiated fees, and the Provider's usual and customary fees.
- Billing and providing for services to Members that are not Medically Necessary.
- Billing for services, procedures and/or supplies that have not been rendered.
- Billing under an invalid place of service in order to receive or maximize reimbursement.

- Completing certificates of Medical Necessity for Members not personally and professionally known by the Provider.
- Concealing a Member's misuse of a Molina Member ID card.
- Failing to report a Member's forgery or alteration of a prescription or other medical document.
- False coding in order to receive or maximize reimbursement.
- Inappropriate billing of modifiers in order to receive or maximize reimbursement.
- Inappropriately billing of a procedure that does not match the diagnosis in order to receive or maximize reimbursement.
- Knowingly and willfully soliciting or receiving payment of kickbacks or bribes in exchange for referring patients.
- Not following incident to billing guidelines in order to receive or maximize reimbursement.
- Overutilization.
- Participating in schemes that involve collusion between a Provider and a Member that result in higher costs or charges.
- Questionable prescribing practices.
- Unbundling services in order to get more reimbursement, which involves separating a procedure into parts and charging for each part rather than using a single global code.
- Underutilization, which means failing to provide services that are Medically Necessary.
- Upcoding, which is when a Provider does not bill the correct code for the service rendered, and instead uses a code for a like service that costs more.
- Using the adjustment payment process to generate fraudulent payments.

Examples of Fraud, Waste, and Abuse by a Member

The types of questionable Member schemes investigated by Molina include, but are not limited to, the following:

- Benefit sharing with persons not entitled to the Member's benefits.
- Conspiracy to defraud State and Federal health care programs.
- Doctor shopping, which occurs when a Member consults a number of Providers for the purpose of inappropriately obtaining services.
- Falsifying documentation in order to get services approved.
- Forgery related to health care.
- Prescription diversion, which occurs when a Member obtains a prescription from a Provider for a condition that they do not suffer from and the Member sells the medication to someone else.

Review of Provider Claims and Claims System

Molina Claims Examiners are trained to recognize unusual billing practices, which are key in trying to identify fraud, waste, and abuse. If the Claims Examiner suspects fraudulent, abusive, or wasteful billing practices, the billing practice is documented and reported to the SIU through our Compliance Alertline/reporting repository.

The Claim payment system utilizes system edits and flags to validate those elements of Claims are billed in accordance with standardized billing practices, ensure that Claims are processed accurately and ensure that payments reflect the service performed as authorized.

Molina performs auditing to ensure the accuracy of data input into the Claims system. The Claims department conducts regular audits to identify system issues or errors. If errors are identified, they are corrected, and a thorough review of system edits is conducted to detect and locate the source of the errors.

Prepayment of Fraud, Waste, and Abuse Detection Activities

Through the implementation of Claim edits, Molina's Claim payment system is designed to audit Claims concurrently in order to detect and prevent paying Claims that are inappropriate.

Molina has a pre-payment Claim auditing process that identifies frequent correct coding billing errors, ensuring that Claims are coded appropriately according to State and Federal coding guidelines. Code edit relationships and edits are based on guidelines from specific State Medicaid Guidelines, Federal CMS guidelines, American Medical Association (AMA) and published specialty-specific coding rules. Code Edit Rules are based on information received from the National Physician Fee Schedule Relative File (NPFS), the Medically Unlikely Edit (MUE) table, National Correct Coding Initiative (NCCI) files, Local Coverage Determination/National Coverage Determination (LCD/NCD), and State-specific policy manuals and guidelines as specified by a defined set of indicators in the Medicare Physician Fee Schedule Data Base (MPFSDB).

Additionally, Molina may, at the request of a State program or at its own discretion, subject a Provider to prepayment reviews, whereupon the Provider is required to submit supporting source documents that justify an amount charged. When no supporting documents are provided, or insufficient information is provided to substantiate a charge, the Claim will be denied until such time that the Provider can provide sufficient accurate support.

Post-payment Recovery Activities

The terms expressed in this section of this Provider Manual are incorporated into the Provider Agreement with Molina and are intended to supplement, rather than diminish, any and all other rights and remedies that may be available to Molina under the Provider Agreement with Molina or at Law or equity.

In the event of any inconsistency between the terms expressed here and any terms expressed in the Provider Agreement with Molina, the parties agree that Molina shall, in its sole discretion, exercise the terms that are expressed in the Provider Agreement with Molina, the terms that are expressed here, its rights under Law and equity, or some combination thereof.

The Provider will provide Molina, governmental agencies and their representatives or agents access to examine, audit, and copy any and all records deemed by Molina, at Molina's sole

discretion, necessary to determine compliance with the terms of the Provider Agreement with Molina, including for the purpose of investigating potential fraud, waste, and abuse. Documents and records must be readily accessible at the location where the Provider provides services to any Molina Members. Auditable documents and records include but are not limited to medical charts, patient charts, billing records, and coordination of benefits information. Production of auditable documents and records must be provided in a timely manner as requested by Molina and without charge to Molina. In the event Molina identifies fraud, waste or abuse, the Provider agrees to repay funds, or Molina may seek recoupment.

If a Molina auditor is denied access to the Provider's records, all of the Claims for which the Provider received payment from Molina are immediately due and owing. If the Provider fails to provide all requested documentation for any Claim, the entire amount of the paid Claim is immediately due and owing. Molina may offset such amounts against any amounts owed by Molina to the Provider. The Provider must comply with all requests for documentation and records timely (as reasonably requested by Molina) and without charge to Molina. Claims for which the Provider fails to furnish supporting documentation during the audit process are not reimbursable and are subject to chargeback.

The Provider acknowledges that HIPAA specifically permits a covered entity, such as the Provider, to disclose protected health information for its own payment purposes (see 45 CFR 164.502 and 45 CFR 164.501). The Provider further acknowledges that in order to receive payment from Molina, the Provider is required to allow Molina to conduct audits of its pertinent records to verify the services performed and the payment claimed, and that such audits are permitted as a payment activity of the Provider under HIPAA and other applicable privacy Laws.

Claim Auditing

Molina shall use established industry Claim adjudication and/or clinical practices, State, and Federal guidelines, and/or Molina's policies and data to determine the appropriateness of the billing, coding, and payment.

The Provider acknowledges Molina's right to conduct pre- and post-payment billing audits. The Provider shall cooperate with Molina's Special Investigations Unit and audits of Claims and payments by providing access at reasonable times to requested Claims information, the Provider's charging policies, and other related data as deemed relevant to support the transactions billed. Additionally, Providers are required, by contract and in accordance with the Provider Manual, to submit all supporting medical records/documentation as requested. Failure to do so in a timely manner may result in an audit failure and/or denial resulting in an overpayment.

In reviewing medical records for a procedure, Molina reserves the right and where unprohibited by regulation, to select a statistically valid random sample or smaller subset of the statistically valid random sample. This gives an estimate of the proportion of Claims that Molina

paid in error. The estimated proportion, or error rate, may be extrapolated across all Claims to determine the amount of Overpayment.

Provider audits may be telephonic, an on-site visit, internal Claims review, client-directed/regulatory investigation and/or compliance reviews and may be vendor-assisted. Molina asks that Providers provide Molina, or Molina's designee, during normal business hours, access to examine, audit, scan and copy any and all records necessary to determine compliance and accuracy of billing.

If Molina's Special Investigations Unit suspects that there is fraudulent or abusive activity, Molina may conduct an on-site audit without notice. Should you refuse to allow access to your facilities, Molina reserves the right to recover the full amount paid or due to you.

Provider Education

When Molina identifies through an audit or other means a situation with a Provider (e.g., coding, billing) that is either inappropriate or deficient, Molina may determine that a Provider education visit is appropriate.

Molina will notify the Provider of the deficiency and will take steps to educate the Provider, which may include the Provider submitting a corrective action plan (CAP) to Molina addressing the issues identified and how it will cure these issues moving forward.

Reporting Fraud, Waste, and Abuse

Suspected cases of fraud, waste, or abuse must reported to Molina by contacting the Molina AlertLine. The Molina AlertLine is an external telephone and web-based reporting system hosted by NAVEX Global, a leading provider of compliance and ethics hotline services. The Molina AlertLine telephone and web-based reporting is available 24 hours a day, 7 days a week, 365 days a year. When a report is made, callers can choose to remain confidential or anonymous. When calling the Molina AlertLine, a trained professional at NAVEX Global will note the caller's concerns and provide them to the Molina Compliance department for follow-up. When electing to use the web-based reporting process, a series of questions will be asked concluding with the submission of the report. Reports to the Molina AlertLine can be made from anywhere within the United States with telephone or internet access.

The Molina AlertLine can be reached at (866) 606-3889, 24 hours a day, 7 days a week, or use the service's website to make a report at any time at MolinaHealthcare.alertline.com.

Fraud, waste, or abuse cases may also be reported to Molina's Compliance department anonymously without fear of retaliation.

Molina Healthcare of Nebraska, Inc.

Attn: Compliance

200 Oceangate, Suite 100

Long Beach, CA 90802

Remember to include the following information when reporting:

- Nature of complaint.
- The names of individuals and/or entities involved in suspected fraud and/or abuse, including address, phone number, Molina Member ID number and any other identifying information.

Suspected fraud and abuse may also be reported directly to the State

Suspected Fraud by Medicaid Recipients:

Nebraska Department of Health and Human Services

DHHS.InvestigationsSIU@nebraska.gov

By Phone: (402) 595-3789

Suspected fraud or abuse by a Provider:

ago.medicaid.fraud@nebraska.gov

Toll-free: (800) 727-6432, Monday – Friday, 8 a.m. – 5 p.m., Central Time

HIPAA Requirements and Information

Molina’s Commitment to Patient Privacy

Protecting the privacy of Members’ personal health information is a core responsibility that Molina takes very seriously. Molina is committed to complying with all Federal and State Laws regarding the privacy and security of Members’ protected health information (PHI).

Provider Responsibilities

Molina expects that its contracted Providers will respect the privacy of Molina Members (including Molina Members who are not patients of the Provider) and comply with all applicable Laws and regulations regarding the privacy of patient and Member PHI. Molina provides its Members with a privacy notice upon their enrollment in our health plan. The privacy notice explains how Molina uses and discloses their PHI and includes a summary of how Molina safeguards their PHI.

Telehealth/telemedicine Providers: Telehealth transmissions are subject to HIPAA-related requirements outlined under State and Federal Law, including:

- 42 C.F.R. Part 2 Regulations
- Health Information Technology for Economic and Clinical Health Act (HITECH Act)

Applicable Laws

Providers must understand all State and Federal health care privacy Laws applicable to their practice and organization. Currently, there is no comprehensive regulatory framework that protects all health information in the United States; instead, there is a patchwork of Laws that Providers must comply with. In general, most health care Providers are subject to various Laws and regulations pertaining to the privacy of health information, including, without limitation, the following:

1. Federal Laws and Regulations

- HIPAA
- The Health Information Technology for Economic and Clinical Health Act (HITECH)
- 42 C.F.R. Part 2
- Medicare and Medicaid Laws
- The Affordable Care Act

2. State Medical Privacy Laws and Regulations

Providers should be aware that HIPAA provides a floor for patient privacy but that State Laws should be followed in certain situations, especially if the State Law is more stringent than HIPAA. Providers should consult with their own legal counsel to address their specific situation.

Artificial intelligence

Provider shall comply with all applicable state and federal laws and regulations related to artificial intelligence and the use of artificial intelligence tools (AI). Artificial Intelligence or AI means a machine-based system that can, with respect to a given set of human-defined objectives, input or prompt, as applicable, make predictions, recommendations, data sets, work product (whether or not eligible for copyright protection), or decisions influencing physical or virtual environments. The Provider is prohibited from using AI for any functions that result in a denial, delay, reduction, or modification of covered services to Molina Members including, but not limited to utilization management, prior authorizations, complaints, appeals and grievances, and quality of care services, without review of the denial, delay, reduction or modification by a qualified clinician.

Notwithstanding the foregoing, the Provider shall give advance written notice to your Molina Contract Manager (for any AI used by the Provider that may impact the provision of Covered Services to Molina Members) that describes (i) Providers' use of the AI tool(s) and (ii) how the Provider oversees, monitors and evaluates the performance and legal compliance of such AI tool(s). If the use of AI is approved by Molina, the Provider further agrees to (i) allow Molina to audit Providers' AI use, as requested by Molina from time to time, and (ii) to cooperate with Molina with regard to any regulatory inquiries and investigations related to Providers' AI use related to the provision of covered services to Molina Members.

If you have additional questions, please contact your Molina Contract Manager.

Uses and Disclosures of PHI

Member and patient PHI should only be used or disclosed as permitted or required by applicable Law. Under HIPAA, a Provider may use and disclose PHI for their own treatment, payment, and health care operations activities (TPO) without the consent or authorization of the patient who is the subject of the PHI. Uses and disclosures for TPO apply not only to the Provider's own TPO activities but also for the TPO of another covered entity¹. Disclosure of PHI by one covered entity to another covered entity or health care Provider for the recipient's TPO is specifically permitted under HIPAA in the following situations:

1. A covered entity may disclose PHI to another covered entity or a health care Provider for the payment activities of the recipient. Please note that "payment" is a defined term under the HIPAA Privacy Rule that includes, without limitation, utilization review activities, such as preauthorization of services, concurrent review, and retrospective review of services².
2. A covered entity may disclose PHI to another covered entity for the health care operations activities of the covered entity that receives the PHI if each covered entity either has or had a relationship with the individual who is the subject of the PHI being requested, the PHI pertains to such relationship, and the disclosure is for the following health care operations activities:
 - Quality Improvement
 - Disease Management
 - Case Management and Care Coordination
 - Training Programs
 - Accreditation, Licensing, and Credentialing

Importantly, this allows Providers to share PHI with Molina for our health care operations activities, such as HEDIS[®] and Quality Improvement.

Confidentiality of Substance Use Disorder Patient Records

Federal Confidentiality of Substance Use Disorder Patient Records regulations apply to any entity or individual providing federally assisted alcohol or drug abuse prevention treatment. Records of the identity, diagnosis, prognosis, or treatment of any patient which are maintained in connection with substance use disorder treatment or programs are confidential and may be disclosed only as permitted by 42 CFR Part 2. Although HIPAA protects substance use disorder information, the Federal Confidentiality of Substance Use Disorder Patient Records regulations are more restrictive than HIPAA, and they do not allow disclosure without the Member's written consent except as set forth in 42 CFR Part 2.

¹ See Sections 164.506(c) (2) & (3) of the HIPAA Privacy Rule.

² See the definition of Payment, Section 164.501 of the HIPAA Privacy Rule

Inadvertent Disclosures of PHI

Molina may, on occasion, inadvertently misdirect or disclose PHI pertaining to Molina Member(s) who are not the patients of the Provider. In such cases, the Provider shall return or securely destroy the PHI of the affected Molina Members in order to protect their privacy. The Provider agrees to not further use or disclose such PHI and further agrees to provide an attestation of return, destruction, and non-disclosure of any such misdirected PHI upon the reasonable request of Molina.

Written Authorizations

Uses and disclosures of PHI that are not permitted or required under applicable Law require the valid written authorization of the patient. Authorizations should meet the requirements of HIPAA and applicable State Law.

Patient Rights

Patients are afforded various rights under HIPAA. Molina Providers must allow patients to exercise any of the below-listed rights that apply to the Provider's practice:

1. Notice of Privacy Practices

Providers that are covered under HIPAA and that have a direct treatment relationship with the patient should provide patients with a notice of privacy practices that explains the patient's privacy rights and the process the patient should follow to exercise those rights.

The Provider should obtain a written acknowledgment that the patient received the notice of privacy practices.

2. Requests for Restrictions on Uses and Disclosures of PHI

Patients may request that a health care Provider restrict its uses and disclosures of PHI. The Provider is not required to agree to any such request for restrictions.

3. Requests for Confidential Communications

Patients may request that a health care Provider communicate PHI by alternative means or at alternative locations. Providers must accommodate reasonable requests by the patient.

4. Requests for Patient Access to PHI

Patients have a right to access their own PHI within a Provider's designated record set. Personal representatives of patients have the right to access the PHI of the subject patient. The designated record set of a Provider includes the patient's medical record, as well as billing and other records used to make decisions about the Member's care or payment for care.

5. Request to Amend PHI

Patients have a right to request that the Provider amend information in their designated record set.

6. Request Accounting of PHI Disclosures

Patients may request an accounting of disclosures of PHI made by the Provider during the preceding six-(6) year period. The list of disclosures does not need to include disclosures made for treatment, payment, or health care operations.

HIPAA Security

Providers must implement and maintain reasonable and appropriate safeguards to protect the confidentiality, availability, and integrity of Molina Member and patient PHI. As more Providers implement electronic health records, Providers need to ensure that they have implemented and maintain appropriate cybersecurity measures. Providers should recognize that identity theft – both financial and medical – is a rapidly growing problem and that their patients trust their health care Providers to keep their most sensitive information private and confidential.

Medical identity theft is an emerging threat in the health care industry. Medical identity theft occurs when someone uses a person's name and sometimes other parts of their identity – such as health insurance information – without the person's knowledge or consent to obtain health care services or goods. Medical identity theft frequently results in erroneous entries being put into existing medical records. Providers should be aware of this growing problem and report any suspected fraud to Molina.

HIPAA Transactions and Code Sets

Molina strongly supports the use of electronic transactions to streamline health care administrative activities. Molina Providers are encouraged to submit Claims and other transactions to Molina using electronic formats. Certain electronic transactions in health care are subject to HIPAA's Transactions and Code Sets Rule, including, but not limited to, the following:

- Claims and Encounters.
- Member eligibility status inquiries and responses.
- Claims status inquiries and responses.
- Authorization requests and responses.
- Remittance advices.

Molina is committed to complying with all HIPAA Transaction and Code Sets standard requirements. Providers should refer to Molina's website at [MolinaHealthcare.com](https://www.molinahealthcare.com) for additional information regarding HIPAA standard transactions.

1. Click on the area titled "Healthcare Professionals"
2. Click on the area titled "Provider Resources"
3. Click on the tab titled "HIPAA"
4. Click on the tab titled "HIPAA Transactions" or "HIPAA Code Sets"

Code Sets

HIPAA regulations require that only approved code sets may be used in standard electronic transactions.

National Provider Identifier (NPI)

Providers must comply with the NPI Rule promulgated under HIPAA. The Provider must obtain an NPI from NPPES for itself or for any subparts of the Provider. The Provider must report its NPI and any subparts to Molina and to any other entity that requires it. Any changes in its NPI or subparts information must be reported to NPPES within 30 days and should also be reported to Molina within 30 days of the change. Providers must use their NPI to identify it on all electronic transactions required under HIPAA and on all Claims and Encounters submitted to Molina.

Additional Requirements for Delegated Providers

Providers that are delegated for Claims and Utilization Management activities are the “business associates” of Molina. Under HIPAA, Molina must obtain contractual assurances from all business associates that they will safeguard Member PHI. Delegated Providers must agree to various contractual provisions required under HIPAA’s Privacy and Security Rules.

Reimbursement for Copies of PHI

Molina does not reimburse Providers for copies of PHI related to our Members. These requests may include, although are not limited to, the following purposes:

- Utilization Management
- Care Coordination and/or Complex Medical Care Management Services
- Claims Review
- Resolution of an Appeal and/Grievance
- Anti-Fraud Program Review
- Quality of Care Issues
- Regulatory Audits
- Risk Adjustment
- Treatment, Payment and/or Operation Purposes
- Collection of HEDIS® medical records

Information security and cybersecurity

NOTE: This section (Information Security and Cybersecurity) is only applicable to Providers who have been delegated by Molina to perform a health plan function(s) and in connection with such delegated functions.

1. Definitions:

- (a) “Molina Information” means any information: (i) provided by Molina to Provider; (ii) accessed by Provider or available to Provider on Molina’s Information Systems; or (iii) any information with respect to Molina or any of its consumers developed by Provider or other third parties in Provider’s possession, including without limitation any Molina Nonpublic Information.
- (b) “Cybersecurity Event” means any actual or reasonably suspected contamination, penetration, unauthorized access or acquisition, or other breach of confidentiality, data integrity or security compromise of a network or server resulting in the known or reasonably suspected accidental, unauthorized, or unlawful destruction, loss, alteration, use, disclosure of, or access to Molina Information. For clarity, a Breach or Security Incident as these terms are defined under HIPAA constitute a Cybersecurity Event for the purpose of this section. Unsuccessful security incidents, which are activities such as pings and other broadcast attacks on Provider’s firewall, port scans, unsuccessful log-on attempts, denials of service and any combination of the above, do not constitute a Cybersecurity Event under this definition so long as no such incident results in or is reasonably suspected to have resulted in unauthorized access, use, acquisition, or disclosure of Molina Information, or sustained interruption of service obligations to Molina.
- (c) “HIPAA” means the Health Insurance Portability and Accountability Act, as may be amended from time to time.
- (d) “HITECH” means the Health Information Technology for Economic and Clinical Health Act, as may be amended from time to time.
- (e) “Industry Standards” mean as applicable, codes, guidance (from regulatory and advisory bodies, whether mandatory or not), international and national standards, relating to security of network and information systems and security breach and incident reporting requirements, all as amended or updated from time to time and including but not limited to the current standards and benchmarks set forth and maintained by the following, in accordance with the latest revisions and/or amendments:
- i. HIPAA and HITECH
 - ii. HITRUST Common Security Framework
 - iii. Center for Internet Security
 - iv. National Institute for Standards and Technology (“NIST”) Special Publications 800.53 Rev.5 and 800.171 Rev. 1, or as currently revised
 - v. Federal Information Security Management Act (“FISMA”)
 - vi. ISO/ IEC 27001
 - vii. Federal Risk and Authorization Management Program (“FedRamp”)
 - viii. NIST Special Publication 800-34 Revision 1 – “Contingency Planning Guide for Federal Information Systems.”
 - ix. International Organization for Standardization (ISO) 22301 – “Societal security – Business continuity management systems – Requirements.”

- (f) “Information Systems” means all computer hardware, databases and data storage systems, computer, data, database and communications networks (other than the Internet), cloud platform, architecture interfaces and firewalls (whether for data, voice, video or other media access, transmission or reception) and other apparatus used to create, store, transmit, exchange or receive information in any form.
- (g) “Multi-Factor Authentication” means authentication through verification of at least two (2) of the following types of authentication factors: (1) knowledge factors, such as a password; (2) possession factors, such as a token or text message on a mobile phone; (3) inherence factors, such as a biometric characteristic; or (4) any other industry standard and commercially accepted authentication factors.
- (h) “Nonpublic Information” includes:
 - i. Molina’s proprietary and/or confidential information;
 - ii. Personally Identifiable Information as defined under applicable state data security laws, including, without, limitation, “nonpublic personal information,” “personal data,” “personally identifiable information,” “personal information” or any other similar term as defined pursuant to any applicable law; and
 - iii. Protected Health Information as defined under HIPAA and HITECH.

2. Information Security and Cybersecurity Measures. Provider shall implement and at all times maintain, appropriate administrative, technical and physical measures to protect and secure the Information Systems, as well as Nonpublic Information stored thereon and Molina Information that are accessible to, or held by, Provider. Such measures shall conform to generally recognized industry standards and best practices and shall comply with applicable privacy and data security laws, including implementing and maintaining administrative, technical and physical safeguards pursuant to HIPAA, HITECH and other applicable U.S. federal, state and local laws.

- (a) Policies, Procedures and Practices. Provider must have policies, procedures and practices that address its information security and cybersecurity measures, safeguards and standards, including as applicable, a written information security program, which Molina shall be permitted to audit via written request and which shall include at least the following:
 - i. Access Controls. Access controls, including Multi-Factor Authentication, to limit access to the Information Systems and Molina Information accessible to or held by Provider.
 - ii. Encryption. Use of encryption to protect Molina Information, in transit and at rest, accessible to or held by Provider.
 - iii. Security. Safeguarding the security of the Information Systems and Molina Information accessible to or held by Provider, which shall include hardware and software protections such as network firewall provisioning, intrusion and threat detection controls designed to protect against

- malicious code and/or activity, regular (three or more annually) third party vulnerability assessments, physical security controls and personnel training programs that include phishing recognition and proper data management hygiene.
- iv. Software Maintenance. Software maintenance, support, updates, upgrades, third party software components and bug fixes such that the software is and remains, secure from vulnerabilities in accordance with the applicable Industry Standards.
- (b) Technical Standards. Provider shall comply with the following requirements and technical standards related to network and data security:
- i. Network Security. Network security shall conform to generally recognized industry standards and best practices. Generally recognized industry standards include, but are not limited to, the applicable Industry Standards.
- ii. Cloud Services Security: If Provider employs cloud technologies, including infrastructure as a service (IaaS), software as a service (SaaS) or platform as a service (PaaS), for any services, Provider shall adopt a “zero-trust architecture” satisfying the requirements described in NIST 800-207 (or any successor cybersecurity framework thereof).
- iii. Data Storage. Provider agrees that any and all Molina Information will be stored, processed and maintained solely on designated target servers or cloud resources. No Molina Information at any time will be processed on or transferred to any portable or laptop computing device or any portable storage medium, unless that device or storage medium is in use as part of the Provider’s designated backup and recovery processes and is encrypted in accordance with the requirements set forth herein.
- iv. Data Encryption. Provider agrees to store all Molina Information as part of its designated backup and recovery processes in encrypted form, using a commercially supported encryption solution. Provider further agrees that any and all Molina Information, stored on any portable or laptop computing device or any portable storage medium be likewise encrypted. Encryption solutions will be deployed with no less than a 128-bit key for symmetric encryption, a 1024 (or larger) bit key length for asymmetric encryption and the Federal Information Processing Standard Publication 140-2 (“FIPS PUB 140-2”).
- v. Data Transmission. Provider agrees that any and all electronic transmission or exchange of system and application data with Molina and/or any other parties expressly designated by Molina shall take place via secure means (using HTTPS or SFTP or equivalent) and solely in accordance with FIPS PUB 140-2 and the Data Re-Use requirements set forth herein.
- vi. Data Re-Use. Provider agrees that any and all Molina Information exchanged shall be used expressly and solely for the purposes

enumerated in the Provider Agreement and this section. Data shall not be distributed, repurposed, or shared across other applications, environments, or business units of Provider. Provider further agrees that no Molina Information or data of any kind shall be transmitted, exchanged, or otherwise passed to other affiliates, contractors or interested parties, except on a case-by-case basis as specifically agreed to in advance and in writing by Molina.

3. Business Continuity (“BC”) and Disaster Recovery (“DR”). Provider shall have documented procedures in place to ensure continuity of Provider’s business operations, including disaster recovery, in the event of an incident that has the potential to impact, degrade, or disrupt Provider’s delivery of services to Molina.
 - (a) Resilience Questionnaire. Provider shall complete a questionnaire provided by Molina to establish Provider’s resilience capabilities.
 - (b) BC/DR Plan.
 - i. Provider’s procedures addressing continuity of business operations, including disaster recovery, shall be collected and/or summarized in a documented BC and DR plan or plans in written format (“BC/DR Plan”). The BC/DR Plan shall identify the service level agreement(s) established between Provider and Molina. The BC/DR Plan shall include the following:
 - a) Notification, escalation and declaration procedures.
 - b) Roles, responsibilities and contact lists.
 - c) All Information Systems that support services provided to Molina.
 - d) Detailed recovery procedures in the event of the loss of people, processes, technology and/or third-parties or any combination thereof providing services to Molina.
 - e) Recovery procedures in connection with a Cybersecurity Event, including ransomware.
 - f) Detailed list of resources to recover services to Molina including but not limited to applications, systems, vital records, locations, personnel, vendors and other dependencies.
 - g) Detailed procedures to restore services from a Cybersecurity Event including ransomware.
 - h) Documented risk assessment which shall address and evaluate the probability and impact of risks to the organization and services provided to Molina. Such risk assessment shall evaluate natural, man-made, political and cybersecurity incidents.
 - ii. To the extent that Molina Information is held by the Provider, the Provider shall maintain backups of such Molina Information that are adequately protected from unauthorized alterations or destruction consistent with applicable Industry Standards.

- iii. The Provider shall develop information technology disaster recovery or systems contingency plans consistent with applicable Industry Standards and in accordance with all applicable laws.
- (c) Notification. The Provider shall notify Molina’s Chief Information Security Officer by telephone and email (provided herein) as promptly as possible, but not to exceed 24 hours, of either of the following:
 - i. The Provider’s discovery of any potentially disruptive incident that may impact or interfere with the delivery of services to Molina or that detrimentally affects Provider’s Information Systems or Molina’s Information.
 - ii. Provider’s activation of business continuity plans. Provider shall provide Molina with regular updates by telephone or email (provided herein) on the situation and actions taken to resolve the issue, until normal services have been resumed.
- (d) BC and DR Testing. For services provided to Molina, Provider shall exercise its BC/DR Plan at least once each calendar year. Provider shall exercise its cybersecurity recovery procedures at least once each calendar year. At the conclusion of the exercise, Provider shall provide Molina a written report in electronic format upon request. At a minimum, the written report shall include the date of the test(s), objectives, participants, a description of activities performed, results of the activities, corrective actions identified and modifications to plans based on results of the exercise(s).

4. Cybersecurity Events.

- (a) Provider agrees to comply with all applicable data protection and privacy laws and regulations. Provider will implement best practices for incident management to identify, contain, respond to and resolve Cybersecurity Events.
- (b) In the event of a Cybersecurity Event that threatens or affects Molina’s Information Systems (in connection with Provider having access to such Information Systems); Provider’s Information Systems; or Molina Information accessible to or held by Provider, Provider shall notify Molina’s Chief Information Security Officer of such event by telephone and email as provided below (with follow-up notice by mail) as promptly as possible, but in no event later than 24 hours from Provider’s discovery of the Cybersecurity Event.
 - i. In the event that Provider makes a ransom or extortion payment in connection with a Cybersecurity Event that involves or may involve Molina Information, Provider shall notify Molina’s Chief Information Security Officer (by telephone and email, with follow-up notice by mail) within 24 hours following such payment.
 - ii. Within 15 days of such a ransom payment that involves or may involve Molina Information, Provider shall provide a written description of the reasons for which the payment was made, a description of alternatives to

payment considered, a description of due diligence undertaken to find alternatives to payment and evidence of all due diligence and sanctions checks performed in compliance with applicable rules and regulations, including those of the Office of Foreign Assets Control.

- (c) Notification to Molina’s Chief Information Security Officer shall be provided to:
- Molina Chief Information Security Officer
Telephone: (844) 821-1942
Email: CyberIncidentReporting@Molinahealthcare.com
- Molina Chief Information Security Officer**
Molina Healthcare, Inc.
200 Oceangate, Suite 100
Long Beach, CA 90802
- (d) In the event of a Cybersecurity Event, Provider will, at Molina’s request, (i) fully cooperate with any investigation concerning the Cybersecurity Event by Molina, (ii) fully cooperate with Molina to comply with applicable law concerning the Cybersecurity Event, including any notification to consumers and (iii) be liable for any expenses associated with the Cybersecurity Event including without limitation: (a) the cost of any required legal compliance (e.g., notices required by applicable law) and (b) the cost of providing two (2) years of credit monitoring services or other assistance to affected consumers. In no event will Provider serve any notice of or otherwise publicize a Cybersecurity Event involving Molina Information without the prior written consent of Molina
- (e) Following notification of a Cybersecurity Event, Provider must promptly provide Molina any documentation requested by Molina to complete an investigation, or, upon request by Molina, complete an investigation pursuant to the following requirements:
- i. make a determination as to whether a Cybersecurity Event occurred;
 - ii. assess the nature and scope of the Cybersecurity Event;
 - iii. identify Molina’s Information that may have been involved in the Cybersecurity Event; and
 - iv. perform or oversee reasonable measures to restore the security of the Information Systems compromised in the Cybersecurity Event to prevent further unauthorized acquisition, release, or use of Molina Information.
- (f) Provider must provide Molina the following required information regarding a Cybersecurity Event in electronic form. Provider shall have a continuing obligation to update and supplement the initial and subsequent notifications to Molina concerning the Cybersecurity Event. The information provided to Molina must include at least the following, to the extent known:
- i. the date of the Cybersecurity Event;
 - ii. a description of how the information was exposed, lost, stolen or breached;
 - iii. how the Cybersecurity Event was discovered;

- iv. whether any lost, stolen or breached information has been recovered and if so, how this was done;
 - v. the identity of the source of the Cybersecurity Event;
 - vi. whether Provider has filed a police report or has notified any regulatory, governmental or law enforcement agencies and if so, when such notification was provided;
 - vii. a description of the specific types of information accessed or acquired without authorization, which means particular data elements including, for example, types of medical information, types of financial information or types of information allowing identification of the consumer;
 - viii. the period during which the Information System was compromised by the Cybersecurity Event;
 - ix. the number of total consumers in each state affected by the Cybersecurity Event;
 - x. the results of any internal review identifying a lapse in either automated controls or internal procedures or confirming that all automated controls or internal procedures were followed;
 - xi. a description of efforts being undertaken to remediate the situation which permitted the Cybersecurity Event to occur;
 - xii. a copy of Provider's privacy policy and a statement outlining the steps Provider will take to investigate and if requested by Molina, the steps that Provider will take to notify consumers affected by the Cybersecurity Event; and
 - xiii. the name of a contact person who is familiar with the Cybersecurity Event and authorized to act on behalf of Provider.
- (g) Provider shall maintain records concerning all Cybersecurity Events for a period of at least five (5) years from the date of the Cybersecurity Event or such longer period as required by applicable laws and produce those records upon Molina's request.

5. Right to Conduct Assessments; Provider Warranty. Provider agrees to fully cooperate with any security risk assessments performed by Molina and/or any designated representative or vendor of Molina. Provider agrees to promptly provide accurate and complete information with respect to such security risk assessments. If Molina performs a due diligence/security risk assessment of Provider, Provider (i) warrants that the services provided pursuant to the Provider Agreement will be in compliance with generally recognized industry standards and as provided in Provider's response to Molina's due diligence/security risk assessment questionnaire; (ii) agrees to inform Molina promptly of any material variation in operations from what was provided in Provider's response to Molina's due diligence/security risk assessment; and (iii) agrees that any material deficiency in operations from those as described in the Provider's response to Molina's due diligence/security risk assessment questionnaire may be deemed a material breach of the Provider Agreement.

6. Other Provisions. The Provider acknowledges that there may be other information security and data protection requirements applicable to the Provider in the performance of services which may be addressed in an agreement between Molina and the Provider but are not contained in this section.
7. Conflicting Provisions. In the event of any conflict between the provisions of this section and any other agreement between Molina and the Provider, the stricter of the conflicting provisions will control.

CHAPTER 12: CLAIMS AND COMPENSATION

Payor ID	MLNNE
Availity Essentials Portal	Provider.MolinaHealthcare.com
Clean Claim Timely filling	180 calendar days from the discharge for inpatient services or the Date of Service for outpatient services

Electronic Payments

Participating Providers are encouraged to enroll in Electronic Funds Transfer (EFT) and Electronic Remittance Advice (ERA). Providers enrolled in EFT payments will automatically receive ERAs as well. EFT/ERA services give Providers the ability to reduce paperwork, utilize searchable ERAs, and receive payment and ERA access faster than the paper check and remittance advice (RA) processes. There is no cost to the Provider for EFT enrollment, and HIPAA-compliant EFT payment and ERA delivery processes.

Molina has partnered with ECHO Health, Inc. (ECHO), for payment delivery and 835 processing. On this platform, you may receive your payment via EFT/Automated Clearing House (ACH), a physical check, or a virtual card.

By default, if you have no payment preferences specified on the ECHO platform, your payments will be issued via a virtual card. This method may include a fee that is established between you and your merchant agreement and is not charged by Molina or ECHO. You may opt out of this payment preference and request payment be reissued at any time by following the instructions on your Explanation of Payment (EOP) and contacting ECHO Customer Service. Once your payment preference has been updated, all payments will go out in the method requested.

If you would like to opt-out of receiving a virtual card prior to your first payment, you may contact ECHO Customer Service and request that your Tax ID for payer Molina Healthcare of Nebraska be opted out of virtual cards.

Once you have enrolled for electronic payments you will receive the associated ERAs from ECHO with the Molina Payer ID. Please ensure that your Practice Management System is updated to accept the Payer ID referenced below. All generated ERAs will be accessible to download from the ECHO provider portal at providerpayments.com.

If you have any difficulty with the website or have additional questions, ECHO has a Customer Service team available to assist with this transition. Additionally, changes to the ERA enrollment or ERA distribution can be made by contacting ECHO Customer Service.

As a reminder, Molina's Payer ID is MLNNE.

Once your account is activated, you will begin receiving all payments through EFT, and you will no longer receive a paper EOP (i.e., Remittance) through the mail. You will receive 835s (by your selection of routing or via manual download) and can view, print, download, and save historical

and new ERAs with a two (2)-year lookback.

ECHO Customer Service Phone: (888) 834-3511

ECHO Customer Service Hours of Operation: 7:00 a.m. – 5:00 p.m., Central Time

ECHO Customer Service Email: edi@echohealthinc.com

Additional instructions on how to register are available under the “EDI/ERA/EFT” tab on Molina’s website at MolinaHealthcare.com.

Claim Submission Requirements

Participating Providers are required to submit Claims to Molina with appropriate documentation. Providers must follow the appropriate State and CMS Provider billing guidelines as well as any criteria explicitly required in the Molina [Provider Claims and Billing Guide](#). Providers must utilize electronic billing through a clearinghouse or the [Availity Essentials portal](#) whenever possible and use current HIPAA-compliant American National Standards Institute (ANSI) X 12N format (e.g., 837I for institutional Claims, 837P for professional Claims, and 837D for dental Claims). For Members assigned to a delegated medical group/IPA that processes its own Claims, please verify the Claim Submission instructions on the Molina Member ID card.

Providers must bill Molina for services with the most current CMS-approved diagnostic and procedural coding available as of the date the service was provided, or for inpatient facility Claims, the date of discharge

Paper Claim Submission

Participating Providers should submit Claims electronically. If electronic Claim submission is not possible, please submit paper Claims to the following address:

Molina Healthcare of Nebraska, Inc.
PO Box 93218
Long Beach, CA 90809-9994

When submitting paper Claims:

- Paper Claim submissions are not considered to be “accepted” until received at the appropriate Claims PO Box. Claims received outside of the designated PO Box will be returned for appropriate submission.
- Paper Claims are required to be submitted on original red and white CMS-1500 and CMS-1450 (UB-04) Claim forms.
- Paper Claims not submitted on the required forms will be rejected and returned. This includes black and white forms, copied forms, and any altering to include Claims with handwriting.
- Claims must be typed with either 10 or 12-point Times New Roman font, using black ink.
- Link to paper Claims submission guidance from CMS:

Electronic Claim Submission

Molina strongly encourages Participating Providers to submit Claims electronically, including secondary Claims. Electronic Claims submission provides significant benefits to the Provider, including:

- Helps to reduce operation costs associated with paper Claims (printing, postage, etc.).
- Increases accuracy of data and efficient information delivery.
- Reduces Claim delays since errors can be corrected and resubmitted electronically.
- Eliminates mailing time and Claims reach Molina faster.

Molina offers the following electronic Claim submission options:

- Submit Claims directly to Molina via the [Availity Essentials portal](#).
- Submit Claims to Molina via your regular EDI clearinghouse using **Payer ID MLNNE**.
NOTE: Providers who are experiencing EDI submission issues should work with their clearinghouse to resolve this issue. If the Provider's clearinghouse is unable to resolve, the Provider should contact their Provider Relations representative for additional support.

Availity Essentials Portal

The [Availity Essentials portal](#) is a no-cost online platform that offers a number of Claim processing features:

- Submit Professional (CMS-1500) and Institutional (CMS-1450 [UB04]) Claims with attached files.
- Correct/Void Claims.
- Add attachments to previously submitted Claims.
- Check Claim status.
- View ERA and EOP.
- Create and manage Claim Templates.
- Create and submit a Provider Claim Appeal with attached files.

Not registered with Availity Essentials?

- If your organization is not yet registered for Availity Essentials and you're responsible for the registration, please visit [Availity Essentials portal](#) and click the Register button.
- For registration or other issues, call Availity Client Services at (800) AVAILITY (282-4548). Assistance is available Monday – Friday, 7 a.m. – 7 p.m., Central Time.

Dive Deeper into Essentials

- Once you have your Availity Essentials account, you can learn more about the features and functionality offered for Molina Providers. Simply log in > go to Help & Training > Get Trained to register for a webinar.

Timely Claim Filing

Providers shall promptly submit to Molina Claims for Covered Services rendered to Members. All Claims shall be submitted in a form acceptable to and approved by Molina and shall include all medical records pertaining to the Claim if requested by Molina or otherwise required by Molina's policies and procedures. Claims must be submitted by the Provider to Molina within 180 calendar days after the discharge for inpatient services or the Date of Service for outpatient services. If Molina is not the primary payer under the coordination of benefits or third-party liability, the Provider must submit Claims to Molina within 180 calendar days after final determination by the primary payer. Except as otherwise provided by Law or provided by Government Program requirements, any Claims that are not submitted to Molina within these timelines shall not be eligible for payment, and the Provider hereby waives any right to payment.

- i. Molina will not deny Provider Claims on the basis of untimely filing for Claims that involve coordination of services or subrogation (when the Provider is pursuing payment from a third party). In situations of third-party benefits, the timeframes for filing a Claim must begin on the date that the third party completes the resolution of the Claim.
- ii. Molina will not deny Claims solely for failure to meet timely filing guidelines due to an error by Molina or its subcontractors. If a Provider files erroneously with another MCO but produces documentation verifying that the initial filing of the Claim occurred timely, Molina will process the Provider's Claim and not deny for failure to meet timely filing guidelines.

National Provider Identifier (NPI)

A valid NPI is required on all Claim submissions. Providers must report any changes in their NPI or subparts to Molina as soon as possible, not to exceed 30 calendar days from the change. Molina supports the CMS recommendations around NPPES data verification and encourages our Provider network to verify Provider data via nppes.cms.hhs.gov. Molina may validate the NPI submitted in a Claim transaction is a valid NPI and is recognized as part of the NPPES data.

Required Elements

Electronic submitters should use the Implementation Guide and Molina Companion Guide for format and code set information when submitting or receiving files directly with Molina. In addition to the Implementation Guide and Companion Guide, electronic submitters should use the appropriate state-specific Companion Guides and Provider Manuals. These documents are subject to change as new information is available. Please check the Molina website at MolinaHealthcare.com > Claims & Authorization > Electronic Data Interchange (EDI) > Companion Guide Information for regularly updated information regarding Molina's companion guide requirements. Be sure to choose the appropriate State from the drop-down list on the top of the page. In addition to the Molina Companion Guide, it is also necessary to use the State Health Plan-specific companion guides, which are also available on our Molina website for your convenience (remember to choose the appropriate state from the drop-down list).

Electronic Claim submissions will adhere to specifications for submitting medical Claim data in standardized Accredited Standards Committee (ASC) X12N 837 formats. Electronic Claims are validated for compliance with Strategic National Implementation Process (SNIP) levels 1 to 5.

The following information must be included on every Claim, whether electronic or paper:

- Member name, date of birth and Molina Member ID number
- Member's gender
- Member's address
- Date(s) of service
- Valid International Classification of Diseases diagnosis and procedure codes
- Valid revenue, CPT or HCPCS for services or items provided
- Valid Diagnosis Pointers
- Total billed charges
- Place and type of service code
- Days or units as applicable
- Provider tax identification number (TIN)
- 10-digit National Provider Identifier (NPI) or Atypical Provider Identifier (API)
10-digit National Provider Identifier (NPI) of the Billing Provider or Group
- Rendering Provider information when different than billing
- Billing/Pay-to-Provider name and billing address
- Place of service and type (for facilities)
- Disclosure of any other health benefit plans
- National Drug Code (NDC), NDC Units, Units of Measure and Days or Units for medical injectables
- E-signature
- Service Facility Location information
- Any other state-required data

Provider and Member data will be verified for accuracy and active status. Be sure to validate this data in advance of Claim submission. This validation will apply to all Provider data submitted and applies to atypical and out-of-state Providers. **Provider information submitted on the Claim must match the information on file with the Nebraska Medicaid and Long-Term Care Division (MLTC) in order for Claim payment to be made.** Changes to Provider information should be made to MLTC's Maximus Provider Enrollment Platform prior to Claim submission to Molina.

Inaccurate, incomplete, or untimely submissions and re-submissions may result in denial of the Claim.

Corrected Claim Process

Providers may correct any necessary field of the CMS-1500 and CMS-1450 (UB-04) forms.

Molina strongly encourages Participating Providers to submit Corrected Claims electronically via EDI or the [Availity Essentials portal](#).

All corrected Claims:

- Must be free of handwritten or stamped verbiage (paper Claims).
- Must be submitted on a standard red and white CMS-1450 (UB-04) or CMS-1500 Claim form (paper Claims).
- Original Claim number must be inserted in field 64 of the CMS-1450 (UB-04) or field 22 of the CMS-1500 of the paper Claim or the applicable 837 transaction loop for submitting corrected Claims electronically.
- The appropriate frequency code/resubmission code must also be billed in field 4 of the CMS-1450 (UB-04) and 22 of the CMS-1500.

Note: The frequency/resubmission codes can be found in the National Uniform Claim Committee (NUCC) manual for CMS-1500 Claim forms or the Uniform Billing (UB) Editor for CMS-1450 (UB-04) Claim forms.

Corrected Claims must be sent within 180 calendar days of the Date of Service.

Corrected Claim submission options:

- Submit corrected Claims directly to Molina via the [Availity Essentials Portal](#).
- Submit corrected Claims to Molina via your regular EDI clearinghouse.

Corrected Claims via EDI (Clearinghouse) Guidelines

Corrected Claim information submitted via EDI submission is required to follow electronic Claim standardized ASC X12N 837 formats. Electronic Claims are validated for compliance with SNIP levels 1 to 5. The 837 Claim format allows you to submit changes to Claims that were not included on the original adjudication.

The 837 Implementation Guides refer to the National Uniform Billing Data Element Specifications Loop 2300 CLM05-3 for explanation and usage. In the 837 formats, the codes are called “Claim frequency codes.” Using the appropriate code, you can indicate that the Claim is an adjustment of a previously submitted finalized Claim. Use the below frequency codes for Claims that were previously adjudicated.

Claim Frequency Code	Description	Action
7	Use to replace an entire Claim.	Molina will adjust the original Claim. The corrections submitted represent a complete replacement of the previously processed Claim.
8	Use to eliminate a previously submitted Claim.	Molina will void the original Claim from records based on request.

When submitting Claims noted with Claim frequency code 7 or 8, the original Claim number must be submitted in Loop 2300 REF02 – Payer Claim Control Number with qualifier F8 in REF01. The original Claim number can be obtained from the 835 ERA. Without the original Claim number, adjustment requests will generate a compliance error, and the Claim will be rejected.

Claim corrections submitted without the appropriate frequency code will be denied as a duplicate and the original Claim number will not be adjusted.

Coordination of Benefits (COB) and Third-Party Liability (TPL)

Third-party liability refers to any other health insurance plan or carrier (e.g., individual, group, employer-related, self-insured, or self-funded, or commercial carrier, automobile insurance, and worker’s compensation) or program that is or may be liable to pay all or part of the health care expenses of the Member.

Medicaid is always the payer of last resort, with the exception of certain programs (i.e., Indian Health Services, Ryan White Program, World Trade Center Health Program and other federally designated programs), and Providers shall make reasonable efforts to determine the legal liability of third parties to pay for services furnished to Molina Members. If third-party liability can be established, Providers must first bill the primary payer and submit a primary explanation of benefits (EOB) to Molina for secondary Claim processing. In the event that coordination of benefits occurs, the Provider shall be reimbursed based on the state regulatory COB methodology. Primary carrier payment information is required with the Claim submission.

Providers can submit Claims with attachments, including EOB and other required documents. Subrogation – Molina retains the right to recover benefits paid for a Member’s health care services when a third party is responsible for the Member’s injury or illness to the extent permitted under State and Federal Law and the Member’s benefit plan. If third-party liability is suspected or known, please refer pertinent case information to Molina’s vendor, Optum, at submitreferrals@optum.com

Claims Recovery

Molina’s Claims Recovery department manages recovery for Overpayment and incorrect payment of Claims.

Provider Overpayment Disputes	Molina Healthcare of Nebraska, Inc. PO Box 2470 Spokane, WA 99210-2470
Refund Checks Lockbox	Molina Healthcare of Nebraska, Inc. PO Box 604234 Charlotte, NC 28260-4234

Hospital-Acquired Conditions (HAC) and Present on Admission (POA) Program

The Deficit Reduction Act of 2005 (DRA) mandated that Medicare establish a program that would modify reimbursement for fee for service beneficiaries when certain conditions occurred as a direct result of a hospital stay that could have been reasonably prevented using evidence-based guidelines. CMS titled the program “Hospital-Acquired Conditions and Present on Admission Indicator Reporting.”

The following is a list of CMS Hospital Acquired Conditions. CMS reduces payment for hospitalizations complicated by these categories of conditions that were not present on admission (POA):

1. Foreign Object Retained After Surgery
2. Air Embolism
3. Blood Incompatibility
4. Stage III and IV Pressure Ulcers
5. Falls and Trauma
 - a) Fractures
 - b) Dislocations
 - c) Intracranial Injuries
 - d) Crushing Injuries
 - e) Burn
 - f) Other Injuries
6. Manifestations of Poor Glycemic Control
 - a) Diabetic Ketoacidosis
 - b) Nonketotic Hyperosmolar Coma
 - c) Hypoglycemic Coma
 - d) Secondary Diabetes with Ketoacidosis
 - e) Secondary Diabetes with Hyperosmolarity
7. Catheter-Associated Urinary Tract Infection (UTI)
8. Vascular Catheter-Associated Infection
9. Surgical Site Infection, Mediastinitis, Following Coronary Artery Bypass Graft (CABG)
10. Surgical Site Infection Following Bariatric Surgery Procedures for Obesity
 - a) Laparoscopic Gastric Bypass
 - b) Gastroenterostomy
 - c) Laparoscopic Gastric Restrictive Surgery
11. Surgical Site Infection Following Certain Orthopedic Procedures:
 - a) Spine
 - b) Neck
 - c) Shoulder
 - d) Elbow
12. Surgical Site Infection Following Cardiac Implantable Electronic Device (CIED)
13. Deep Vein Thrombosis (DVT)/Pulmonary Embolism (PE) Following Certain Orthopedic

Procedures

- a) Total Knee Replacement
 - b) Hip Replacement
14. Iatrogenic Pneumothorax with Venous Catheterization

What this means to Providers

- Acute Inpatient Prospective Payment System (IPPS) hospital Claims will be returned with no payment if the POA indicator is coded incorrectly or missing.
- No additional payment will be made on IPPS hospital Claims for conditions that are acquired during the patient's hospitalization.

For additional information on the Medicare HAC/POA program, including billing requirements, please refer to the CMS website at [cms.hhs.gov/HospitalAcqCond](https://www.cms.hhs.gov/HospitalAcqCond).

Molina Coding Policies and Payment Policies

Frequently requested information on Molina's Coding Policies and Payment Policies is available on the [MolinaHealthcare.com](https://www.MolinaHealthcare.com) website under the "Provider Resources" tab. Questions can be directed to your Provider Relations representative.

Additional Molina Specified Payment Policies

Providers are reimbursed according to the reimbursement methodology and terms specified in the Provider Agreement with Molina in addition to those described below. Reimbursement for Covered Services will be the lesser of the:

- Provider's submitted charge.
- Allowable amount for the service indicated on the applicable State of Nebraska Medicaid and Long-Term Care Fee Schedules per the Provider type in effect for the date service.
- Covered Service if the rate is not listed on the fee schedule, and it is described as a manually priced code. Molina Healthcare of Nebraska shall follow the pricing logic established by the State of Nebraska Medicaid and Long-Term Care for manually priced codes.

Manually Priced Codes

Manually priced codes are identified on the State of Nebraska Medicaid and Long-Term Care Fee Schedules with an indicator as follows:

- RNE – Rate Not Established
- BR – By Report
- IC – Invoice Cost
- IC + 30% - Invoice Cost plus 30%
- MP – Manually Priced

Manually priced codes follow the pricing methodology stated below in Table 1, unless noted with an asterisk as an exception and further described.

Table 1 – Manually Priced Codes

Manually Priced Code Descriptor	No Rate on Medicaid Fee Schedule, defaults to:	No Rate on Medicare Fee Schedule, defaults to:
RNE or BR	CMS Medicare Fee Schedule	% of Billed Charge*
IC	100% of Invoice Cost	N/A
IC + 30%	Invoice Cost + 30%	N/A
MP	CMS Medicare Fee Schedule	*

*CPT/HCPCS codes with a RNE, BR, or MP status without a rate on the CMS Medicare Fee Schedule shall pay as follows:

- Ambulance, Clinical Lab, Hearing Aid, Physician, Speech Pathology, Audiology and Vision Covered Services codes shall pay a percent of billed charges.
- Miscellaneous or unlisted codes (i.e., 45399, etc.) reimbursement will be based upon equal value of a like code.
- Durable Medical Equipment shall reimburse at 100% of invoice cost plus 30%.
- For injectable codes listed on the Injectable fee schedule as BR, RNE, or MP, the following payment hierarchy will be followed:
 - Pay using Medicaid rate.
 - If Medicaid rate is not listed, pay according to Medicare rates.
 - If Medicare rate is not listed, pay Wholesale Acquisition Cost (WAC) plus 6.8.
 - If WAC rate is not available, reimburse at 100% of invoice.
- Practitioner administered injectable medications, including specialty drugs, purchased through the 340B Program will be reimbursed at the 340B actual acquisition cost and no more than the 340B ceiling price. Injectables listed on the Injectable fee schedule with a rate of “OP” are not payable on a practitioner claim but would be paid under the outpatient reimbursement methodology (i.e., EAPG, CAH).

Non-Covered Services

Molina considers a non-covered service to mean a CPT/HCPCS code that is:

- Listed on the published fee schedule as Non-Covered, Obsolete, or Non-Covered by Medicaid or other similar language.
- A code not found on a published State of Nebraska Medicaid and Long-Term Care Fee Schedule.

Reimbursement Guidance and Payment Guidelines

Providers are responsible for submission of accurate Claims. Molina requires coding of both diagnoses and procedures for all Claims as follows:

- For diagnoses, the required coding schemes are the International Classification of Diseases, 10th Revision, Clinical Modification (ICD-10-CM).
- For procedures:
 - Professional and outpatient Claims require the Healthcare Common Procedure Coding System, Current Procedural Terminology Level 1 (CPT) codes, Level 2 and 3 (HCPCS) codes.
 - Inpatient hospital Claims require International Classification of Diseases, 10th Revision, Procedure Coding System (ICD-10-PCS) coding schemes.

Furthermore, Molina requires that all Claims be coded in accordance with the HIPAA transaction code set guidelines and follow the guidelines within each code set.

Molina utilizes a Claims adjudication system that encompasses edits and audits that follow State and Federal requirements as well as administers payment rules based on generally accepted principles of correct coding. These payment rules include, but are not limited to, the following:

- Manuals and Relative Value Unit (RVU) files published by CMS, including:
 - NCCI edits, including procedure-to-procedure (PTP) bundling edits and Medically Unlikely Edits (MUE). In the event a State benefit limit is more stringent/restrictive than a Federal MUE, Molina will apply the State benefit limit. Furthermore, if a professional organization has a more stringent/restrictive standard than a Federal MUE or State benefit limit the professional organization standard may be used.
 - In the absence of State guidance, Medicare National Coverage Determinations (NCD).
 - In the absence of State guidance, Medicare Local Coverage Determinations (LCD).
 - CMS Physician Fee Schedule RVU indicators.
- CPT guidance published by the American Medical Association (AMA).
- ICD-10 guidance published by the National Center for Health Statistics.
- State-specific Claims reimbursement guidance.
- Other coding guidelines published by industry-recognized resources.
- Payment policies based on professional associations or other industry-recognized guidance for specific services. Such payment policies may be more stringent than State and Federal guidelines.
- Molina policies based on the appropriateness of health care and Medical Necessity.
- Payment policies published by Molina.

Telehealth Claims and Billing

Providers must follow CMS guidelines as well as State-level requirements.

All telehealth Claims for Molina Members must be submitted to Molina with correct codes for the plan type in accordance with applicable billing guidelines. For guidance, please refer to the Guidance Document from DHHS located at [dhhs.ne.gov/Medicaid Provider Bulletins/Provider Bulletin 2023-08](https://dhhs.ne.gov/Medicaid%20Provider%20Bulletins/Provider%20Bulletin%202023-08).

National Correct Coding Initiative (NCCI)

CMS has directed all Federal agencies to implement NCCI as policy in support of Section 6507 of the Patient Affordable Care Act. Molina uses NCCI standard payment methodologies.

NCCI Procedure to Procedure edits prevent inappropriate payment of services that should not be bundled or billed together and to promote correct coding practices. Based on the NCCI Coding Manual and CPT guidelines, some services/procedures performed in conjunction with an evaluation and management (E&M) code will bundle into the procedure when performed by the same physician and separate reimbursement will not be allowed if the sole purpose for the visit is to perform the procedures. NCCI editing also includes Medically Unlikely Edits (MUE) which prevent payment for an inappropriate number/quantity of the same service on a single day. An MUE for a HCPCS/CPT code is the maximum number of units of service under most circumstances reportable by the same Provider for the same patient on the same Date of Service. Providers must correctly report the most comprehensive CPT code that describes the service performed, including the most appropriate modifier when required.

General Coding Requirements

Correct coding is required to properly process Claims. Molina requires that all Claims be coded in accordance with the HIPAA transaction code set guidelines and follow the guidelines within each code set.

CPT and HCPCS Codes

Codes must be submitted in accordance with the chapter and code-specific guidelines set forth in the current/applicable version of the AMA CPT and HCPCS codebooks. In order to ensure proper and timely reimbursement, codes must be effective on the Date of Service for which the procedure or service was rendered and not the date of submission.

Modifiers

Modifiers consist of two (2) alphanumeric characters and are appended to HCPCS/CPT codes to provide additional information about the services rendered. Modifiers may be appended only if the clinical circumstances justify the use of the modifier(s). For example, modifiers may be used to indicate whether a:

- Service or procedure has a professional component.
- Service or procedure has a technical component.
- Service or procedure was performed by more than one (1) physician.
- Unilateral procedure was performed.
- Bilateral procedure was performed.
- Service or procedure was provided more than once.
- Only part of a service was performed.

For a complete listing of modifiers and their appropriate use, consult the AMA CPT and the HCPCS code books.

ICD-10-CM/PCS Codes

Molina utilizes ICD-10-CM and ICD-10-PCS billing rules and will deny Claims that do not meet Molina's ICD-10 Claim Submission Guidelines. To ensure proper and timely reimbursement, codes must be effective on the Date of Service for which the procedure or service was rendered and not the date of submission. Refer to the ICD-10 CM/PCS Official Guidelines for Coding and Reporting on the proper assignment of principal and additional diagnosis codes.

Place of Service (POS) Codes

POS codes are two (2)-digit codes placed on health care professional Claims (CMS-1500) to indicate the setting in which a service was provided. CMS maintains POS codes used throughout the health care industry. The POS code should be indicative of where that specific procedure/service was rendered. If billing multiple lines, each line should indicate the POS code for the procedure/service on that line.

Type of Bill

Type of bill is a four (4)-digit alphanumeric code that gives three (3) specific pieces of information after the first digit, a leading zero. The second digit identifies the type of facility. The third classifies the type of care. The fourth indicates the sequence of this bill in this particular episode of care, also referred to as a "frequency" code. For a complete list of codes, reference the National Uniform Billing Committee's (NUBC) Official CMS-1450 (UB-04) Data Specifications Manual.

Revenue Codes

Revenue codes are four (4)-digit codes used to identify specific accommodation and/or ancillary charges. There are certain revenue codes that require CPT/HCPCS codes to be billed. For a complete list of codes, reference the NUBC's Official CMS-1450 (UB-04) Data Specifications Manual. Revenue Code 0510 is considered a non-covered service.

Diagnosis Related Group (DRG)

Facilities contracted to use DRG payment methodology submit Claims with DRG coding. Claims submitted for payment by DRG must contain the minimum requirements to ensure accurate Claim payment.

Molina processes DRG Claims through DRG software. If the submitted DRG and system-assigned DRG differ, the Molina-assigned DRG will take precedence. Providers may appeal with medical record documentation to support the ICD-10-CM principal and secondary diagnoses (if applicable) and/or the ICD-10-PCS procedure codes (if applicable). If the Claim cannot be

grouped due to insufficient information, it will be denied and returned for lack of sufficient information.

National Drug Code (NDC)

The NDC number must be reported on all professional and outpatient Claims when submitted on the CMS-1500 Claim form, CMS-1450 (UB-04) or its electronic equivalent, with the exception of vaccinations or other drugs as specified by CMS

Providers will need to submit Claims with both HCPCS and NDC codes with the exact NDC number that appears on the medication packaging in the 5-4-2-digit format (i.e., xxxxx-xxxx-xx) as well as the NDC units and descriptors. Claims submitted without the NDC number will be denied or rejected

Coding Sources

Definitions

CPT – Current Procedural Terminology 4th Edition — an American Medical Association (AMA) maintained uniform coding system consisting of descriptive terms and codes that are used primarily to identify medical services and procedures furnished by physicians and other health care professionals. There are three (3) types of CPT codes:

- Category I Code – Procedures/Services
- Category II Code – Performance Measurement
- Category III Code – Emerging Technology

HCPCS – HealthCare Common Procedural Coding System – a CMS maintained uniform coding system consisting of descriptive terms and codes that are used primarily to identify procedure, supply and durable medical equipment codes furnished by physicians and other health care professionals.

ICD-10-CM – International Classification of Diseases, 10th revision, Clinical Modification ICD-10-CM diagnosis codes are maintained by the National Center for Health Statistics, Centers for Disease Control (CDC) within the Department of Health and Human Services (HHS).

ICD-10-PCS – International Classification of Diseases, 10th revision, Procedure Coding System used to report procedures for inpatient hospital services.

Claim Auditing

Molina shall use established industry Claims adjudication and/or clinical practices, State, and Federal guidelines, and/or Molina’s policies and data to determine the appropriateness of the billing, coding, and payment.

The Provider acknowledges Molina's right to conduct pre- and post-payment billing audits. The Provider shall cooperate with Molina's Special Investigations Unit and audits of Claims and payments by providing access at reasonable times to requested Claims information, the Provider's charging policies, and other related data as deemed relevant to support the transactions billed. Additionally, Providers are required, by contract and in accordance with the Provider Manual, to submit all supporting medical records/documentation as requested. Failure to do so in a timely manner may result in an audit failure and/or denial, resulting in an overpayment.

In reviewing medical records for a procedure, Molina reserves the right, and where unprohibited by regulation, to select a statistically valid random sample or smaller subset of the statistically valid random sample. This gives an estimate of the proportion of Claims Molina paid in error. The estimated proportion, or error rate, may be extrapolated across all Claims to determine the amount of Overpayment.

Provider audits may be telephonic, an on-site visit, internal Claim review, client-directed/regulatory investigation and/or compliance reviews and may be vendor assisted. Molina asks that you provide Molina, or Molina's designee, during normal business hours, access to examine, audit, scan and copy any and all records necessary to determine compliance and accuracy of billing.

If Molina's Special Investigations Unit suspects that there is fraudulent or abusive activity, Molina may conduct an on-site audit without notice. Should you refuse to allow access to your facilities, Molina reserves the right to recover the full amount paid or due to you.

Timely Claim Processing

Claims processing will be completed for contracted Providers in accordance with the timeliness provisions set forth in the Provider Agreement with Molina. Unless the Provider and Molina or contracted medical group/IPA have agreed in writing to an alternate schedule, Molina will process 90% the Claims for service within 15 business days and 99% of Claims for service within 60 calendar days after receipt of Clean Claims.

The receipt date of a Claim is the date Molina receives notice of the Claim.

For pharmacy Providers, in accordance with 42 CFR § 447.45, Molina will establish, at a minimum, a weekly payment cycle so that a minimum of 90% of all Claims from pharmacy Providers for covered services are adjudicated within seven (7) calendar days of receipt and 99% of all Claims are adjudicated within 14 calendar days of receipt, except to the extent Providers have agreed to an alternative payment schedule set forth in the Provider Agreement with Molina.

Overpayments and Incorrect Payments Refund Requests

Molina requires network Providers to report to Molina when they have received an overpayment and to return the overpayment to Molina within 60 calendar days after the date on which the overpayment was identified and notify Molina in writing of the reason for the overpayment.

If, as a result of a retroactive review of the Claim payment, Molina determines that it has made an Overpayment to a Provider for services rendered to a Member, it will make a Claim for such Overpayment. Providers will receive an Overpayment request letter if the Overpayment is identified in accordance with State and CMS guidelines. Providers will be given the option to either:

- Submit a refund to satisfy Overpayment.
- Submit a request to offset from future Claim payments.
- Dispute Overpayment findings.

A copy of the overpayment request letter and details are available in the [Availity Essentials portal](#). In the Overpayment Application section, Providers can make an inquiry, contest an overpayment with supporting documentation, resolve an overpayment or check status. This is Molina's preferred method of communication.

Instructions will be provided on the Overpayment notice, and Overpayments will be adjusted and reflected in your remittance advice. The letter timeframes are Molina standards and may vary depending on applicable state guidelines and contractual terms.

Overpayments related to TPL/COB will contain primary insurer information necessary for rebilling, including the policy number, effective date, term date, and subscriber information. For Members with Commercial COB, Molina will provide notice within 270 days from the Claim's paid date if the primary insurer is a Commercial plan. For Members with Medicare COB, Molina will provide notice within 540 days from the Claim's paid date if the primary insurer is a Medicare plan. A Provider may resubmit the Claim with an attached primary EOB after submission to the primary payer for payment. Molina will adjudicate the Claim and pay or deny the Claim in accordance with Claim processing guidelines.

A Provider shall pay a Claim for an Overpayment made by Molina, which the Provider does not contest or dispute within the specified number of days on the refund request letter mailed to the Provider. If a Provider does not repay or dispute the overpaid amount within the timeframe allowed, Molina may offset the Overpayment amount(s) against future payments made to the Provider.

Payment of a Claim for Overpayment is considered paid on the date payment was received or electronically transferred or otherwise delivered to Molina, or the date that the Provider receives a payment from Molina that reduces or deducts the Overpayment.

Overpayment Disputes should be received within 30 days of the Overpayment notification letter. Overpayment Disputes should be sent to the address listed on the Overpayment notification. Overpayment Disputes can also be submitted via the [Availity Essentials portal](#)

Claim Appeals/Disputes

Information on Provider Claim Appeals/Disputes is in the Complaints, Grievances, and Appeals Process section of this Provider Manual.

Balance Billing

The Provider is responsible for verifying eligibility and obtaining approval for those services that require prior authorization.

Providers agree that under no circumstance shall a Member be liable to the Provider for any sums that are the legal obligation of Molina to the Provider. As described in your Provider Agreement with Molina, balance billing a Member for Covered Services is prohibited, except for the Member's applicable copayment, coinsurance, and deductible amounts.

Fraud, Waste, and Abuse

Failure to report instances of suspected fraud, waste, and abuse is a violation of the Law and is subject to the penalties provided by the Law. For additional information, please refer to the Compliance section of this Provider Manual for more information.

Encounter Data

Each Provider, capitated Provider or organization delegated for Claims processing is required to submit Encounter data to Molina for all adjudicated Claims. The data is used for many purposes, such as regulatory reporting, rate setting and risk adjustment, hospital rate setting, the QI program and HEDIS® reporting.

Encounter data must be submitted at least weekly and within 30 days from the Date of Service to meet State and CMS encounter submission thresholds and quality measures.

Encounter data must be submitted via HIPAA compliant transactions, including the ANSI X12N 837I – Institutional, 837P – Professional, and 837D – Dental. Data must be submitted with Claims level detail for all non-institutional services provided.

Molina has a comprehensive automated and integrated Encounter data system capable of Supporting all 837 file formats and proprietary formats if needed.

Providers must correct and resubmit any encounters that are rejected (non-HIPAA compliant) or denied by Molina. Encounters must be corrected and resubmitted within 15 days from the rejection/denial.

Molina created 837P, 837I, and 837D Companion Guides with the specific submission requirements available to Providers.

When Encounters are filed electronically, Providers should receive two (2) types of responses:

- First, Molina will provide a 999 acknowledgement of the transmission.
- Second, Molina will provide a 277CA response file for each transaction.

CHAPTER 13: COMPLAINTS, GRIEVANCES, AND APPEALS PROCESS

Member Grievance Process and Timelines

A Grievance is a Member's expression of dissatisfaction with any matter other than an adverse benefit determination. Grievances may include, but are not limited to, the quality of care or services provided, and aspects of interpersonal relationships such as rudeness of a Provider or employee, or failure to respect the Member's rights regardless of whether remedial action is requested.

A Member or a Provider acting on behalf of a Member (with written consent) may file a grievance verbally or in writing anytime. Molina provides Members with reasonable assistance in completing forms and other procedural steps at no charge.

Grievance Timelines

Molina will acknowledge, in writing, each grievance within 10 calendar days from the date Molina received the grievance. Molina will address each grievance, resolve, and provide a written notice of that resolution as expeditiously as the Member's health condition requires, and under all circumstances within 90 calendar days from the date Molina received the grievance.

Member Appeals Process and Timelines

Appeal means a review by Molina of an Adverse Benefit Determination. Members or a Provider acting on behalf of a Member (with written consent) may file an appeal verbally or in writing. Appeals must be filed with Molina within 60 calendar days from the date on the adverse benefit determination notice. Molina has only one (1) level of Member appeals. Molina will acknowledge each appeal within 10 calendar days from the date Molina received the appeal.

Standard Appeals Process and Timeline

Molina will resolve appeals and provide notice as expeditiously as the Member's health condition requires, and within 30 calendar days from the date Molina receives the appeal. Molina will provide written notice of the disposition of the appeal. Molina may extend the timeframes by up to 14 calendar days if the Member requests the extension or Molina shows that there is a need for additional information and the reason(s) why the delay is in the Member's best interest. Members may also appeal a denied or untimely prior authorization as if it were a denied claim.

Expedited Appeals Process and Timeline

A member or provider may file an expedited appeal either verbally or in writing. Molina will resolve expedited appeals and provide notice as expeditiously as the Member's health condition requires, within 72 hours after Molina receives the appeal. Molina will make a

reasonable effort to provide a verbal notice, and will provide written notice of the disposition of the appeal.

Molina may extend the timeframes by up to five (5) calendar days if the Member requests the extension or the MCO shows that there is a need for additional information and the reason(s) why the delay is in the Member's best interest. If the Plan denies a request for an expedited resolution of an appeal, it will transfer the appeal to the standard timeframe.

Appointment of Representative Process

Molina Members can file appeals and grievances on their own. They can also appoint someone else to file an appeal or grievance for them. This is called an "Authorized Representative." If a Provider is submitting an appeal or grievance on behalf of a Member, written consent from the Member is required. You can use Molina's Appointment of Representative (AOR) Form to complete this requirement, found here [Member Appeal/Grievance Form](#)

Submission of Member Appeals and Grievances

Providers shall submit a Member appeal or grievance at:

- Fax: (833) 635-2044
- Mail:
Molina Healthcare of Nebraska, Inc.
Appeals & Grievances Unit
PO Box 182273
Chattanooga, TN 37422
- Phone: (844) 782-2018, Monday – Friday, 8 a.m. – 6 p.m., Central Time

NOTE: Members may also express grievance regarding any violation of their rights, through the grievance procedure of the health care Provider or health care facility which served them and to the appropriate State licensing agency listed below:

Nebraska Department of Health and Human Services
MLTC Appeal Coordinator
PO Box 94967
Lincoln, NE 68509-4967

Continuation of Benefits During the Appeal or State Fair Hearing Process

Molina will continue the Member's benefits while Molina's internal appeals process is pending and while the State Fair Hearing is pending if all the following conditions exist:

- The Member files the request for an appeal timely in accordance with 42 CFR § 438.402(c)(1)(ii) and (c)(2)(ii).
- The appeal involves the termination, suspension, or reduction of previously authorized services.
- The services were ordered by an authorized Provider.

- The period covered by the original authorization has not expired.
- The Member timely files for continuation of benefits. Timely files mean on or before the later of the following:
 - within 10 Calendar Days of the Plan mailing the Notice of Adverse Benefit Determination.
 - the intended effective date of the Plan’s proposed Adverse Benefit Determination.

While the appeal is pending, Molina will provide benefits until one of the following occurs:

- The Member withdraws the appeal or request for State Fair Hearing.
- The Member fails to request a State Fair Hearing and continuation of benefits within 10 calendar days after Molina send the notice of adverse resolution to the Member’s appeal.
- The State Fair Hearing office issues a hearing decision not in the Member’s favor.

To ask for continuation of benefits during the appeal process, the Member may contact Member Services at 1-844-782-2018, Monday-Friday, 8a.m. to 6 p.m., CT or they can send their request in writing to:

- Fax: (833) 635-2044
- Mail:
Molina Healthcare of Nebraska, Inc.
Appeals & Grievances Unit
PO Box 182273
Chattanooga, TN 37422

If the final appeal decision is not in the Member’s favor, the Member may have to pay for the services they were getting while the appeal was being reviewed.

If the final appeal decision is in the Member’s favor and the services were not given to the Member while the appeal was being looked at, Molina will authorize the services for the Member as quickly as their health requires, but no later than 72 hours from the date of the approval.

Molina will ensure that punitive action is not taken against any Provider who requests an expedited resolution or supports an appeal.

State Fair Hearing

A Member may request a State Fair Hearing if Molina’s appeal system has been exhausted, and the final decision was not wholly in the Member’s favor. The request for a State Fair Hearing must be submitted by the member or the member’s representative (if any), in writing within 120 calendar days from the date of Molina’s resolution of the appeal.

Nebraska Department of Health and Human Services (DHHS)
MLTC Appeal Coordinator
PO Box 94967

Lincoln, NE 68509-4967

Provider Claim Appeal Request: A Provider Claim Appeal Request is not a Member appeal. Molina's Provider Claim Appeal process is detailed under the "Provider Complaints, Grievances, and Appeals, Process" heading.

Provider Claims Inquiry Process

A Provider Claims Inquiry is a Provider's initial request to adjust a claim that is **not related to a clinical decision**. Provider Claims Inquiries are accepted by phone within 90 days from the date on the Explanation of Payment (EOP) or the Provider Remittance Advice (PRA).

To request a Provider Claims Inquiry, please call our Provider Services Department at (844) 782-2678, Monday – Friday, 7 a.m. – 6 p.m., Central Time.

If you would like to (1) request adjustment of a claim that is related to a clinical decision, or (2) submit a formal request to appeal a Claim, or (3) if you are dissatisfied with the outcome of your Claim processing or initial Claim adjustment, please use Molina's Provider Grievance and Claim Appeal Process found below.

Provider Grievance and Claim Appeal Process

A Provider grievance is any verbal or written expression, originating from a Provider and delivered to any employee of Molina, voicing dissatisfaction with a policy, procedure, payment, or any other communication or action by Molina. Molina is committed to the timely resolution of all Provider grievances. Molina will not take any punitive actions against any Provider who files a Grievance or a Claim Appeal.

Providers may request Molina's Provider Grievances policies and procedures by contacting Molina Provider Services at (844) 782-2678, Monday – Friday, 7 a.m. – 6 p.m., Central Time.

Provider Grievance Process and Timeline

A Provider complaint that is not related to a Claim is considered a Provider Grievance. Provider grievances may include but are not limited to dissatisfaction with a policy, procedure, the quality services provided, timeliness or processing of an authorization, and aspects of interpersonal relationships such as rudeness of an employee.

Provider grievances are accepted verbally, in-person, and in writing within 30 business days from the date the grievance occurred, or Provider becomes aware of the grievance occurring. Molina will acknowledge receipt of a Provider Grievance within three (3) business days. Molina will make every effort to resolve the Provider Grievance within the same timeframe. If resolution is not possible within three (3) business days, Molina will continue to address the grievance and will provide a written resolution notice to the provider within thirty (30) business days from the date of receipt.

Provider Claim Appeal Process and Timeline

A Provider complaint that is related to a Claim, such as processing, payment, or non-payment of a Claim, is considered a Provider Claim Appeal. Provider Claim Appeals are requests to investigate the outcome of a finalized Claim.

Provider Claim Appeals are accepted electronically and in writing within 90 days from the date on the Explanation of Payment (EOP) or the Provider Remittance Advice (PRA). Molina will acknowledge Provider Claim Appeals within three (3) business days from receipt. Molina will address each Provider Claim Appeal, resolve, and provide written notice within 30 calendar days.

Molina will adjudicate each appealed Claim to a paid or denied status within 30 business days of receiving notice of a resolution.

Providers are encouraged to submit Provider Claim Appeals electronically, using the [Availity Essentials portal](#). Alternatively, Provider Claim Appeals may be submitted using the form located on the [MolinaHealthcare.com](https://www.molinahealthcare.com) website.

The item(s) being submitted should be clearly marked as a Provider Claim Appeal and must include the following documentation:

- Any documentation to support the adjustment of the Claim and a copy of the authorization form (if applicable) must accompany the appeal request.
- The Claim number clearly marked on all supporting documents.

Provider Claim Appeals shall be submitted at:

- Availity Essentials portal: <https://www.availity.com/providers/>
- Fax: (833) 832-1517
- **Mail:**
Molina Healthcare of Nebraska, Inc.
Appeals & Grievances Unit
PO Box 182273
Chattanooga, TN 37422

Provider Claims Review Project Process and Timeline

Providers can consolidate Claim Appeals related to multiple claims that involve the same or similar payment or coverage issue by submitting a Claims Review Project request to NE.ClaimsReviewProject@molinahealthcare.com.

Providers are encouraged to submit a Claims Review Project for 25 or more claims by using a spreadsheet or another similar document that contains the following:

- Name of Pay-to-Provider
- NPI for Pay-to-Provider

- Member ID
- Member Name
- Claim Number
- Date of Service
- Code(s)
- Total Previously Paid
- Estimated Total Due
- Description of Issue
- Supporting Documentation (as appropriate)

Molina will acknowledge the Claims Review Project within three (3) business days from receipt. Molina will address each Claims Review Project, resolve, and provide written notice within 30 calendar days. Molina will adjudicate impacted Claim to a paid or denied status within 30 business days of receiving notice of a resolution. If you would like a hard copy of the Provider Complaint System Policies and Procedures, please contact your Provider Relations representative, or reach out to the Provider Services department. You can also find a copy on our website at MolinaHealthcare.com/NE.

Cost Recovery Disputes and Correspondence:

Molina Healthcare of Nebraska, Inc.
PO Box 2470
Spokane, WA 99210-2470

Reporting

Grievance and Claim Appeal trends are reported to the Quality Improvement and Health Equity Transformation Committee quarterly. This trend report includes a quantitative review of trends, qualitative or barriers analysis, and identification of interventions that address key drivers. An annual evaluation of grievance and Claim Appeal analysis is then completed and presented to the Quality Improvement and Health Equity Transformation Committee for evaluation. If required by the state or CMS, reporting is submitted to the appropriate Agency as needed.

CHAPTER 15: PRACTITIONER CREDENTIALING AND RECREDENTIALING

Overview

The purpose of the Credentialing Program is to assure that Molina Healthcare and its subsidiaries (Molina) network consists of quality Providers who meet clearly defined criteria and standards. It is the objective of Molina to provide superior health care to the community. Additional information is available in the Credentialing Policy and Procedure, which can be requested by contacting your Molina Provider Relations representative.

The decision to accept or deny a credentialing applicant is based upon primary source verification, secondary source verification and additional information as required. The information gathered is confidential and disclosure is limited to parties who are legally permitted to have access to the information under State and Federal Law.

The Credentialing Program has been developed in accordance with State and Federal requirements and the standards of the National Committee for Quality Assurance (NCQA). The Credentialing Program is reviewed annually, revised, and updated as needed.

Verisys

Effective 1/1/2025, per the Managed Care Organizations (MCOs) contracts with Nebraska Department and Health and Human Services, Molina has contracted with Verisys (formerly Aperture Credentialing), a well-known name to the industry for some components of this process.

Provider Contracting will work with Molina's Credentialing department and Verisys to credential the facilities and/or practitioners included in your completed documents. You may receive a request from Verisys for possible missing information or expired documents. If you have any questions regarding the primary source verification process or how to upload documents, you may contact Verisys Customer Service at 1-855-743-6161. Business Hours are 8:00am to 8:00 pm EST, Monday – Friday.

The credentialing process may take up to 60 calendar days to complete. Once credentialing is completed, you will receive a notification from Molina's Credentialing department. Note: You can help the credentialing process run smoothly, and perhaps even reduce the time it takes to credential, by making sure that you:

- - Complete and update practitioner CAQH information; and
- - Properly complete and sign the Ownership and Control Disclosure form

Non-Discriminatory Credentialing and Recredentialing

Molina does not make credentialing and recredentialing decisions based on an applicant's race, ethnic/national identity, gender, gender identity, age, sexual orientation, ancestry, religion, marital status, health status, or patient types (e.g., Medicaid) in which the practitioner specializes. This does not preclude Molina from including in its network practitioners who meet certain demographic or specialty needs, for example, to meet the cultural needs of Members.

Types of Practitioners Credentialed and Recredentialed

Practitioners and groups of Practitioners with whom Molina contracts must be credentialed prior to the contract being implemented. Practitioner types requiring credentialing include but are not limited to:

- Acupuncturists
- Addiction medicine specialists
- Audiologists
- Behavioral health care practitioners who are licensed, certified, or registered by the State to practice independently
- Chiropractors
- Clinical Social Workers
- Dentists
- Doctoral or master's-level psychologists
- Licensed/Certified Midwives (Non-Nurse)
- Massage Therapists
- Master's-level clinical social workers
- Master's-level clinical nurse specialists or psychiatric nurse practitioners
- Medical Doctors (MD)
- Naturopathic Physicians
- Nurse Midwives
- Nurse Practitioners
- Occupational Therapists
- Optometrists
- Oral Surgeons
- Osteopathic Physicians (DO)
- Pharmacists
- Physical Therapists
- Physician Assistants
- Podiatrists
- Psychiatrists and other physicians
- Speech and Language Pathologists
- Telemedicine Practitioners

Credentialing Turnaround Time

Molina will completely process applications from all provider types within 30 days of receipt of a complete application. A complete credentialing application includes all necessary documentation and attachments. “Completely process” means that Molina must:

- Review, approve, and load approved providers to its provider files in its system and submit the information in the weekly electronic provider file to Molina’s designee.
- Deny the application and ensure that the provider is not used by Molina.

Criteria for Participation in the Molina Network

Molina has established criteria and the sources used to verify these criteria for the evaluation and selection of practitioners for participation in the Molina network. These criteria have been designed to assess a Practitioner’s ability to deliver care. This policy defines the criteria that are applied to applicants for initial participation, recredentialing and ongoing participation in the Molina network. To remain eligible for participation, Practitioners must continue to satisfy all applicable requirements for participation as stated herein and in all other documentations provided by Molina.

Molina reserves the right to exercise discretion in applying any criteria and to exclude Practitioners who do not meet the criteria. Molina may, after considering the recommendations of the Professional Review Committee, waive any of the requirements for network participation established pursuant to these policies for good cause if it is determined such waiver is necessary to meet the needs of Molina and the community it serves. The refusal of Molina to waive any requirement shall not entitle any Practitioner to a hearing or any other rights of review.

Practitioners must meet the following criteria to be eligible to participate in the Molina network. The Practitioner shall have the burden of producing adequate information to prove they meet all criteria for initial participation and continued participation in the Molina network. If the Practitioner does not provide this information, the credentialing application will be deemed incomplete and a discontinue notice will be sent.

- **Application** – Practitioners must submit to Molina a complete credentialing application either from CAQH ProView or other State mandated practitioner application. The attestation must be signed within 120 days. Application must include all required attachments.
- **License, Certification, or Registration** – Practitioners must hold a current and valid license, certification, or registration to practice in their specialty in every State in which they will provide care and/or render services for Molina Members. Telemedicine Practitioners are required to be licensed in the State where they are located, and the State the Member is located.

- **Drug Enforcement Agency (DEA) Certificate** – Practitioners must hold a current, valid, unrestricted DEA certificate. Practitioners must have a DEA in every State where the Practitioner provides care to Molina Members. If a Practitioner has a pending DEA certificate and never had any disciplinary action taken related to their DEA certificate or chooses not to have a DEA certificate, the Practitioner must then provide a documented process that allows another Practitioner with a valid DEA certificate to write all prescriptions requiring a DEA number.
- **Controlled Dangerous Substances (CDS) Certificate** – Practitioners working from Iowa, Missouri, South Dakota, or Wyoming practice locations must meet CDS requirements in those states.
- **Specialty** – Practitioners must only be credentialed in the specialty in which they have adequate education and training. Practitioners must confine their practice to their credentialed area of practice when providing services to Molina Members.
- **Education** – Practitioners must have graduated from an accredited school with a degree required to practice in their designated specialty.
- **Residency Training** – Practitioners must have satisfactorily completed a residency training from an accredited training program in the specialty in which they are practicing. Molina only recognizes programs that have been accredited by the Accreditation Council of Graduate Medical Education (ACGME) and the American Osteopathic Association (AOA) in the United States or by the College of Family Physicians of Canada (CFPC), the Royal College of Physicians and Surgeons of Canada. Oral surgeons must complete a training program in Oral and Maxillofacial Surgery accredited by the Commission on Dental Accreditation (CODA). Training must be successfully completed prior to completing the verification. It is not acceptable to verify completion prior to graduation from the program. As of July 2013, Podiatric residencies are required to be three (3) years in length. If the podiatrist has not completed a three (3)-year residency or is not board-certified, the podiatrist must have five (5) years of work history practicing podiatry.
- **Fellowship Training** – Fellowship training is verified when a practitioner will be advertised in the directory in their fellowship specialty. Molina only recognizes fellowship programs accredited by ACGME, AOA, CFPC, and CODA.
- **Board Certification** – Board certification in the specialty in which the Practitioner is practicing is not required. Initial applicants who are not board certified will be considered for participation if they have satisfactorily completed a residency program from an accredited training program in the specialty in which they are practicing. Molina recognizes board certification only from the following Boards:
 - American Board of Medical Specialties (ABMS)
 - American Osteopathic Association (AOA)
 - American Board of Foot and Ankle Surgery (ABFAS)
 - American Board of Podiatric Medicine (ABPM)
 - American Board of Oral and Maxillofacial Surgery (ABOMS?)
 - American Board of Addiction Medicine (ABAM)
 - College of Family Physicians of Canada (CFPC)
 - Royal College of Physicians and Surgeons of Canada (RCPSC)

- Behavioral Analyst Certification Board (BACB)
- National Commission on Certification of Physician Assistants (NCCPA)
- **General Practitioners** – Practitioners who are not board certified and have not completed training from an accredited program are only eligible to be considered for participation as a General Practitioner in the Molina network. To be eligible, the Practitioner must have maintained a primary care practice in good standing for a minimum of the most recent five (5) years without any gaps in work history. Molina will consider allowing a Practitioner who is/was board certified and/or residency trained in a specialty other than primary care to participate as a General Practitioner, if the Practitioner is applying to participate as a Primary Care Physician (PCP), or as an Urgent Care or Wound Care Practitioner. General Practitioners providing only wound care services do not require five (5) years of work history as a PCP.
- **Nurse Practitioners & Physician Assistants** – In certain circumstances, Molina may credential a Practitioner who is not licensed to practice independently. In these instances, the Practitioner providing the supervision and/or oversight must also be contracted and credentialed with Molina.
- **Work History** – Practitioners must supply the most recent five (5) years of relevant work history on the application or curriculum vitae. Relevant work history includes work as a health professional. If a gap in employment exceeds six (6) months, the Practitioner must clarify the gap verbally or in writing. The organization will document verbal clarification in the Practitioner's credentialing file. If the gap in employment exceeds one (1) year, the Practitioner must clarify the gap in writing.
- **Malpractice History** – Practitioners must supply a history of malpractice and professional liability claims and settlement history in accordance with the application. Documentation of malpractice and professional liability claims, and settlement history is requested from the Practitioner on the credentialing application. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner.
- **State Sanctions, Restrictions on Licensure or Limitations on Scope of Practice** – Practitioners must disclose a full history of all license, certification, and/or registration actions including denials, revocations, terminations, suspension, restrictions, reductions, limitations, sanctions, probations, and non-renewals. Practitioners must also disclose any history of voluntarily or involuntarily relinquishing, withdrawing, or failure to proceed with an application to avoid an adverse action, or to preclude an investigation or while under investigation relating to professional competence or conduct. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner. At the time of initial application, the Practitioner must not have any pending or open investigations from any State or governmental professional disciplinary body³. This would include Statement of Charges, Notice of Proposed Disciplinary

³ If a practitioner's application is denied solely because a practitioner has a pending Statement of Charges, Notice of Proposed Disciplinary Action, Notice of Agency Action or the equivalent from any state or governmental professional disciplinary body, the practitioner may reapply as soon as practitioner is able to demonstrate that any pending Statement of Charges, Notice of Proposed Disciplinary Action, Notice of Agency Action, or the equivalent

Action or the equivalent.

- **Medicare, Medicaid and other Sanctions and Exclusions** – Practitioners must not be currently sanctioned, excluded, expelled, or suspended from any State or Federally funded program including but not limited to the Medicare or Medicaid programs. Practitioners must disclose all Medicare and Medicaid sanctions. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner. Practitioners must disclose all debarments, suspensions, proposals for debarments, exclusions, or disqualifications under the non-procurement common rule, or when otherwise declared ineligible from receiving Federal contracts, certain subcontracts, and certain Federal assistance and benefits. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner.
- **Medicare Opt Out** – Practitioners currently listed on the Medicare Opt-Out Report may not participate in the Molina network for any Medicare or Duals (Medicare/Medicaid) lines of business.
- **Social Security Administration Death Master File** – Practitioners must provide their Social Security number. That Social Security number should not be listed on the Social Security Administration Death Master File.
- **Medicare Preclusion List** – Practitioners currently listed on the Preclusion List may not participate in the Molina network for any Medicare or Duals (Medicare/Medicaid) lines of business.
- **Professional Liability Insurance** – Practitioners must have and maintain professional malpractice liability insurance with limits that meet Molina criteria. This coverage shall extend to Molina Members and the Practitioner’s activities on Molina’s behalf. Practitioners maintaining coverage under Federal tort or self-insured policies are not required to include amounts of coverage on their application for professional or medical malpractice insurance.
- **Inability to Perform** – Practitioners must disclose any inability to perform essential functions of a Practitioner in their area of practice with or without reasonable accommodation. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner.
- **Lack of Present Illegal Drug Use** – Practitioners must disclose if they are currently using any illegal drugs/substances.
- **Criminal Convictions** – Practitioners must disclose if they have ever had any of the following:
 - Criminal convictions, including any convictions, guilty pleas, or adjudicated pretrial diversions for crimes against a person such as murder, rape, assault, and other similar crimes.
 - Financial crimes such as extortion, embezzlement, income tax evasion, insurance fraud, and other similar crimes.
 - Any crime that placed the Medicaid or Medicare program or its beneficiaries at immediate risk, such as a malpractice suit which results in a conviction of criminal neglect or misconduct.

from any state or governmental professional disciplinary body is resolved, even if the application is received less than one year from the date of original denial.

- Any crime that would result in mandatory exclusion under section 1128 of the Social Security Act.
- Any crime related to fraud, kickbacks, health care fraud, claims for excessive charges, unnecessary services or services which fail to meet professionally recognized standards of health care, patient abuse or neglect, controlled substances, or similar crimes.

At the time of initial credentialing, Practitioners must not have any pending criminal charges in the categories listed above.

- **Loss or Limitations of Clinical Privileges** – At initial credentialing, Practitioners must disclose all past and present issues regarding loss or limitation of clinical privileges at all facilities or organizations with which the Practitioner has had privileges. If there is an affirmative response to the related disclosure questions on the application, a detailed response is required from the Practitioner. At recredentialing, Practitioners must disclose past and present issues regarding loss or limitation of clinical privileges at all facilities or organizations with which the Practitioner has had privileges since the previous credentialing cycle.
- **Hospital Privileges** – Practitioners must list all current hospital privileges on their credentialing application. If the Practitioner has current privileges, they must be in good standing.
- **NPI** – Practitioners must have a National Provider Identifier (NPI) issued by the Centers for Medicare and Medicaid Services (CMS).

Notification of Discrepancies in Credentialing Information and Practitioner’s Right to Correct Erroneous Information

Molina will notify the Practitioner immediately in writing if credentialing information obtained from other sources varies substantially from that provided by the Practitioner. Examples include but are not limited to actions on a license, malpractice claims history, board certification actions, sanctions, or exclusions. Molina is not required to reveal the source of information if the information is obtained to meet organization credentialing verification requirements or if disclosure is prohibited by Law.

Practitioners have the right to correct erroneous information in their credentials file. Practitioner rights are published on the Molina website and are included in this Provider Manual.

The notification sent to the Practitioner will detail the information in question and will include instructions to the Practitioner indicating:

- Their requirement to submit a written response within 10 calendar days of receiving notification from Molina.
- In their response, the Practitioner must explain the discrepancy, may correct any erroneous information, and may provide any proof that is available.
- The Practitioner’s response must be sent to:
Molina Healthcare, Inc.

Attention: Credentialing Director
22522 – 29th Drive SE, #L-210 PO Box 4004
Bothell, WA 98041

Upon receipt of notification from the Practitioner, Molina will document receipt of the information in the Practitioner's credentials file. Molina will then re-verify the primary source information in dispute. If the primary source information has changed, correction will be made immediately to the Practitioner's credentials file. The Practitioner will be notified in writing that the correction has been made to their credentials file. If the primary source information remains inconsistent with the Practitioner's information, the Credentialing department will notify the Practitioner.

If the Practitioner does not respond within 10 calendar days, their application processing will be discontinued, and network participation will be administratively denied or terminated.

Practitioner's Right to Review Information Submitted to Support Their Credentialing Application

Practitioners have the right to review their credentials file at any time. Practitioner rights are published on the Molina website and are included in this Provider Manual.

The Practitioner must notify the Credentialing department and request an appointment time to review their file and allow up to seven (7) calendar days to coordinate schedules. A Medical Director and the Director responsible for Credentialing or the Quality Improvement Director will be present. The Practitioner has the right to review all information in the credentials file except peer references or recommendations protected by Law from disclosure.

The only items in the file that may be copied by the Practitioner are documents which the Practitioner sent to Molina (e.g., the application and any other attachments submitted with the application from the Practitioner). Practitioners may not copy any other documents from the credentialing file.

Practitioner's Right to be Informed of Application Status

Practitioners have the right, upon request, to be informed of the status of their application by telephone, email, or mail. Practitioner rights are published on the Molina website and are included in this Provider Manual. Molina will respond to the request within two (2) working days. Molina will share with the Practitioner where the application is in the credentialing process and note any missing information or information not yet verified.

Professional Review Committee (PRC)

Molina designates a PRC to make recommendations regarding credentialing decisions using a peer review process. Molina works with the PRC to assure that network Practitioners are competent and qualified to provide continuous quality care to Molina members. The PRC

reports to the Quality Improvement Committee (QIC.) Molina utilizes information such as, but not limited to credentialing verifications, QOCs, and member complaints to determine continued participation in Molina's network or if any adverse actions will be taken. Certain PRC decisions may be appealed. To utilize this process, providers should request a fair hearing as outlined below and in Molina's policy. Please contact Molina Provider Relations representatives for additional information about fair hearings.

Notification of Credentialing Decisions

Initial credentialing decisions are communicated to Practitioners via letter or email. This notification is typically sent by the Molina Medical Director within two (2) weeks of the decision. Under no circumstance will notification letters be sent to the Practitioners later than 60 calendar days from the decision. Notification of recredentialing approvals is not required.

Recredentialing

Molina recredentials every Practitioner at least every 36 months.

Excluded Providers

Excluded Provider means an individual Provider, or an entity with an officer, director, agent, manager, or individual who owns or has a controlling interest in the entity who has been convicted of crimes as specified in section 1128 of the SSA, excluded from participation in the Medicare or Medicaid program, assessed a civil penalty under the provisions of section 1128, or has a contractual relationship with an entity convicted of a crime specified in section 1128.

Pursuant to section 1128 of the SSA, Molina and its Subcontractors may not subcontract with an Excluded Provider/person. Molina and its Subcontractors shall terminate subcontracts immediately when Molina and its Subcontractors become aware of such excluded Provider/person or when Molina and its Subcontractors receive notice. Molina and its Subcontractors certify that neither it nor its Provider is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency. Where Molina and its Subcontractors are unable to certify any of the statements in this certification, Molina and its Subcontractors shall attach a written explanation to this Agreement.

Ongoing Monitoring of Sanctions and Exclusions

Molina monitors the following agencies for Practitioner sanctions and exclusions between recredentialing cycles for all Practitioner types and takes appropriate action against Providers when instances of poor quality are identified. If a Molina Practitioner is found to be sanctioned or excluded, the Provider's contract will be immediately terminated effective the same date as the sanction or exclusion was implemented.

- The United States Department of Health & Human Services (HHS), Office of Inspector General (OIG) Fraud Prevention and Detection Exclusions Program – Monitor for individuals and entities that have been excluded from Medicare and Medicaid programs.
- The OIG High Risk list – Monitor for individuals or facilities who refused to enter a Corporate Integrity Agreement (CIA) with the federal government on or after October 1, 2018.
- State Medicaid Exclusions – Monitor for state Medicaid exclusions through each state’s specific Program Integrity Unit (or equivalent).
- Medicare Exclusion Database (MED) – Monitor for Medicare exclusions through the CMS MED online application site.
- Medicare Preclusion List – Monitor for individuals and entities that are reported on the Medicare Preclusion List.
- National Practitioner Database – Molina enrolls all credentialed practitioners with the NPDB Continuous Query service to monitor for adverse actions on license, DEA, hospital privileges and malpractice history between credentialing cycles.
- System for Award Management (SAM) – Monitor for Practitioners sanctioned by SAM.

Molina also monitors the following for all Practitioner types between the recredentialing cycles:

- Member Complaints/Grievances
- Adverse Events
- Medicare Opt Out
- Social Security Administration Death Master File
- Effective 07/01/2025, Molina will monitor the timely renewal of healthcare licenses for all Practitioner types. In the event a Practitioner does not renew their state license prior to the expiration date, Molina may take action up to and including payment suspension for dates of service on or after license expiration or termination from applicable Molina provider networks.

Provider Appeal Rights

In cases where the Professional Review Committee denies initial participation in the network, the Practitioner is sent a certified letter describing the reason for denial and is provided an opportunity to formally request a reconsideration.

In cases where the Professional Review Committee suspends or terminates a Practitioner’s contract based on quality of care or professional conduct, a certified letter is sent to the Practitioner describing the adverse action taken and the reason for the action, including notification to the Practitioner of the right to a fair hearing when required pursuant to Laws or regulations.

CHAPTER 15: ORGANIZATIONAL CREDENTIALING AND RECREDENTIALING

Types of Organizational Providers Credentialed and Recredentialed

Organizational Providers to be assessed include, but are not limited to:

- Hospitals – all types including psychiatric and specialty
- Home health care agencies
- Skilled nursing facilities/nursing homes
- Free-standing ambulatory surgical centers (independent legal entity not physically attached to another health care institution) (ASC)
- Hospices
- Clinical Laboratories
- Comprehensive outpatient rehabilitation facilities (CORF)
- Outpatient physical therapy and speech pathology Providers
- Pharmacies
- Providers of end-stage renal disease services
- Providers of outpatient diabetes self-management training
- Portable X-ray suppliers
- Rural health clinics (RHC)
- Federally qualified health centers (FQHC)
- Urgent care centers
- Telemedicine providers
- Birthing Centers
- Home Infusion Therapy when not associated with another currently credentialed facility
- Behavioral Healthcare Providers providing inpatient, residential, outpatient and/or ambulatory mental health and/or substance abuse treatment services

LTSS Providers to be assessed include, but are not limited to:

- Adult day care centers
- Assisted living facility services
- Adult family care homes
- Case Management agencies
- Chore providers, including pest-control contractors
- Suppliers of consumable supplies
- Environmental accessibility contractors
- General contractors
- Home-delivered meal services
- Home health agencies
- Home medical equipment services
- Homemaker/companion services

- Hospices
- Non-emergency/non-traditional transportation service providers
- Nurse registry
- Nutrition/dietician
- Skilled nursing facility
- Therapy services (occupational, physical, respiratory and speech)

Criteria for Participation in the Molina Network

Molina has established criteria and sources used to verify criteria for the evaluation and selection of Providers for participation in the Molina network. These criteria have been designed to assess a Provider's ability to deliver care. Providers must meet the following criteria to be eligible to participate in the Molina network. The Provider has the burden of producing adequate information to prove they meet all criteria for initial participation and continued participation in the Molina provider network.

- **NPI** - Providers must have a National Provider Identifier (NPI) issued by CMS with the exception of atypical organizations where NPI is not required.
- **Medicaid Enrollment** - Providers must be currently enrolled with the state as a Medicaid Provider in every State where they will provide services to Molina Members unless the State does not require that particular Provider type to be enrolled in order to provide services to Medicaid Members.
- **Accreditation** - Provider must meet one of the following criteria:
 - Provider must be reviewed and approved by an accrediting body deemed by CMS.
 - Provider must have a CMS or state review completed in last three (3)-years.
 - Provider must pass an onsite quality review conducted by Molina with a score of 80% or better.
 - Provider is located in a rural area as defined by the U.S. Census Bureau.
- **Disclosure of Ownership/Controlling Interest** - If the Provider is not required to be enrolled in Medicaid, Molina will collect the Disclosure of Ownership/Controlling Interest Form.
- **Good Standing with State and Federal Regulatory Bodies** - If a license, certification or registration is required to operate in the state in which the Provider will be providing services to Molina Members, that license, certification and/or registration must be current and valid. For Provider types not licensed, certified or registered by a state regulatory board, the Provider must have a current and valid occupational license or other evidence of authority to do business within the scope of contracted service(s).
- **Medicare/Medicaid and other Sanctions** - Provider must not be currently sanctioned, excluded, expelled, or suspended from any state or federally funded program including but not limited to the Medicare or Medicaid programs. State Medicaid sanctions prior to January 1, 2011, do not apply. Molina does not employ or contract with Providers excluded from participation in Federal health care programs as outlined in the Social Security Act Sec. 1128 or Sec 1128A.

Once all documentation has been received and meets criteria as stated above, each assessment file is quality reviewed by Molina staff to ensure completeness and to validate the organizational Provider meets all criteria to participate in the Molina network. Once the quality review has been completed, the Medical Director reviews a formal report listing the organizational Providers for decision regarding participation in the network.

Molina formally reassesses its organizational Providers every 36-months following the same process outlined above. Molina will start the reassessment process at least three (3)-months prior to the due date.

CHAPTER 16: DELEGATION

Description

Delegation is a process that gives another entity the ability to perform specific functions on behalf of Molina. Molina may delegate:

- Utilization Management
- Credentialing and Recredentialing
- Claims
- Complex Case Management
- CMS Preclusion List Monitoring
- Other Clinical and Administrative Functions

When Molina delegates any clinical or administrative functions, Molina remains responsible to external regulatory agencies and other entities for the performance of the delegated activities, including functions that may be sub-delegated. To become a delegate, the Provider/Accountable Care Organization (ACO)/vendor must be in compliance with Molina's established delegation criteria and standards. Molina's Delegation Oversight Committee (DOC), or other designated committee, must approve all delegation and sub-delegation arrangements. To remain a delegate, the Provider/ACO/vendor must maintain compliance with Molina's standards and best practices.

Delegation Reporting Requirements

Delegated entities contracted with Molina must submit monthly and quarterly reports. Such reports will be determined by the function(s) delegated and will be reviewed by Molina Delegation Oversight Staff for compliance with performance expectations within the timeline indicated by Molina.

Corrective Action Plans and Revocation of Delegated Activities

If it is determined that the delegate is out of compliance with Molina's guidelines or regulatory requirements, Molina may require the delegate to develop a corrective action plan designed to bring the delegate into compliance. Molina may also revoke delegated activities if it is determined that the delegate cannot achieve compliance or if Molina determines that is the best course of action.

If you have additional questions related to delegated functions, please contact your Molina Contract Manager.

CHAPTER 17: PHARMACY

Prescription drug therapy is an integral component of your patient's comprehensive treatment program. Molina's goal is to provide our Members with high-quality, cost-effective drug therapy. Molina works with our Providers and Pharmacists to ensure medications used to treat a variety of conditions and diseases are offered. Molina covers prescription and certain over-the-counter drugs. Molina uses CVS as their Pharmacy Benefit Manager

Pharmacy and Therapeutics Committee

The National Pharmacy and Therapeutics Committee (P&T) meets quarterly to review and recommend medications for formulary consideration. The P&T Committee is organized to assist Molina with managing pharmacy resources and to improve the overall satisfaction of Molina Members and Providers. It seeks to ensure Molina Members receive appropriate and necessary medications. The committee voting membership consists of external physicians and pharmacists from various clinical specialties. In addition, the Nebraska Medicaid Pharmacy and Therapeutics Committee manages medications listed on the state Preferred Drug List (PDL).

Pharmacy Network

Prescription and certain over-the-counter drugs are covered for Molina Members. Members must use their Molina Member ID card to get prescriptions filled. Molina's network includes retail, mail, long-term care and specialty pharmacies. Additional information regarding the pharmacy benefits, limitations, and network pharmacies is available by visiting [MolinaHealthcare.com](https://www.molinahealthcare.com) or calling Molina Provider Services at (844) 782-2678, Monday – Friday, 7 a.m. – 6 p.m., Central Time.

Drug Formulary

Molina keeps a list of drugs, devices, and supplies that are covered under the plan's pharmacy benefit that is in alignment with Nebraska Medicaid preferred drug list (PDL). The list shows the prescription and over-the-counter prescriptions and products Members can get from a pharmacy. Some medications require prior authorization or have limitations on age, dosage and/or quantities.

The pharmacy program does not cover all medications. For a complete list of covered medications please visit [MolinaHealthcare.com](https://www.molinahealthcare.com).

Information on procedures to obtain these medications is described within this document and also available on the Molina website at [MolinaHealthcare.com](https://www.molinahealthcare.com).

Formulary Medications

Formulary medications with prior authorization may require the use of first-line medications before they are approved. Information on procedures to obtain these medications is described within this document and is also available on the Molina website at [MolinaHealthcare.com](https://www.molinahealthcare.com).

Quantity Limitations

In some cases, Members may only be able to receive certain quantities of medication. Information on specific limits can be found in the formulary document. Quantity limitations have been placed on certain medications to ensure safe and appropriate use of the medication.

Age Limits

Some medications may have age limits. Age limits align with current U.S. Food and Drug Administration (FDA) alerts for the appropriate use of pharmaceuticals.

Step Therapy

Plan restrictions for certain Formulary drugs may require that other drugs be tried first. The Formulary designates drugs that may process under the pharmacy benefit without prior authorization if the Member's pharmacy fill history with Molina shows other drugs have been tried for certain lengths of time. If the Member has trialed certain drugs prior to joining Molina, documentation in the clinical record can serve to satisfy requirements when submitted to Molina for review. Drug samples from Providers or manufacturers are not considered as meeting step therapy requirements or as justification for exception requests.

Non-Formulary Medications

Non-formulary medications may be considered for exception when formulary medications are not appropriate for a particular Member or have proven ineffective. Requests for formulary exceptions should be submitted using a prior authorization form which is available on the Molina website at [MolinaHealthcare.com](https://www.molinahealthcare.com). Clinical evidence must be provided and is considered when evaluating the request to determine Medical Necessity. The use of manufacturer's samples of Non-Formulary or "Prior Authorization Required" medications does not override Formulary requirements.

Generic Substitution

Generic drugs should be dispensed when preferred. If the use of a particular brand name non-preferred drug becomes Medically Necessary as determined by the Provider, prior authorization must be obtained through the standard prior authorization process.

New to Market Drugs

Newly approved drug products will not normally be placed on the formulary during their first six (6) months on the market. During this period, access to these medications will be considered through the prior authorization process.

Medications Not Covered

There are some medications that are excluded from coverage. For example, drugs used in the treatment of fertility or those used for cosmetic purposes are not part of the benefit. Specific exclusions can be found in the formulary at [MolinaHealthcare.com](https://www.molinahealthcare.com).

Non-Preferred Drug Exception Request Process

The Provider may request a prior authorization for clinically appropriate drugs that are not preferred under the Member's Medicaid Plan. Using the FDA label, community standards, and high levels of published clinical evidence, clinical criteria are applied to requests for medications requiring prior authorization.

- For a Standard Exception Request, the Member and/or Member's Representative and the prescribing Provider will be notified of Molina's decision within 24 hours of receiving the complete request.
- If the initial request is denied, a notice of denial will be sent in writing to the Member and prescriber within 24 hours of receiving the complete request.
- Members will also have the right to appeal a denial decision per any requirements set forth by MLTC.
- Molina will allow a 72-hour emergency supply of prescribed medication for dispensing at any time that a prior authorization is not available. Pharmacists will use their professional judgment regarding whether or not there is an immediate need every time the 72-hour option is utilized. This procedure will not be allowed for routine and continuous overrides.
- All drugs administered and billed require the appropriate National Drug Code (NDC) to be present on the claim to be considered for payment.

Specialty Drug Services

Many specialty medications are covered by Molina through the pharmacy benefit using National Drug Codes (NDC) for billing and specialty pharmacy for dispensing to the Member or Provider.

Molina's pharmacy vendor will coordinate with Molina and ship the prescription directly to your office or the Member's home. All packages are individually marked for each Member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations representative with any further questions about the program.

Injectable and Infusion Services

Many self-administered and office-administered injectable products require prior authorization. In some cases, they will be made available through a vendor designated by Molina. More information about our prior authorization process, including a link to the prior authorization request form, is available in the Pharmacy section of this Provider Manual.

Family planning services related to the injection or insertion of a contraceptive drug or device are covered.

Submitting a Prior Authorization Request

Molina will only process completed prior authorization request forms. The following information **MUST** be included for the request form to be considered complete:

- Member first name, last name, date of birth, and identification number.
- Prescriber first name, last name, NPI, phone number, and fax number.
- Drug name, strength, quantity, and directions of use.
- Diagnosis.

Molina's decisions are based upon the information included with the prior authorization request. Clinical notes are recommended. If clinical information and/or medical justification is missing, Molina will either fax or call your office to request clinical information be sent in to complete the review. To avoid delays in decisions, be sure to complete the prior authorization form in its entirety, including medical justification and/or supporting clinical notes.

Fax a completed Medication Prior Authorization Request form to Molina at (877) 281-5364. A blank Medication Prior Authorization Request Form may be obtained by accessing [MolinaHealthcare.com](https://www.molinahealthcare.com) or by calling Molina Provider Services at (844) 782-2678, Monday – Friday, 7 a.m. – 6 p.m., Central Time.

Member and Provider “Patient Safety Notifications”

Molina has a process to notify Members and Providers regarding a variety of safety issues which include voluntary recalls, FDA required recalls and drug withdrawals for patient safety reasons. This is also a requirement as an NCQA-accredited organization.

Specialty Pharmaceuticals, Injectable and Infusion Services

Many specialty medications are covered by Molina through the pharmacy benefit using National Drug Codes (NDC) for billing and specialty pharmacy for dispensing to the Member or Provider. Some of these same medications may be covered through the medical benefit using Healthcare Common Procedure Coding System (HCPCS) via paper or electronic medical Claim submission. Medical Claims submitted for specialty medications must follow established

medical billing processes, using the correct HCPCS codes, NDC codes and billing units for the submitted medication where applicable.

During the utilization management review process, Molina will review the requested medication for the most cost-effective, yet clinically appropriate benefit (medical or pharmacy) of select specialty medications. All reviewers will first identify Member eligibility, any Federal or State regulatory requirements, and the Member specific benefit plan coverage prior to determination of benefit processing.

Molina may conduct a peer-to-peer discussion or other outreach to evaluate the level of care that is medically necessary. If an alternate site of care is suitable, Molina may offer the ordering Provider help in identifying an in-network infusion center, physician office or home infusion service and will help the Member coordinate and transition through case management.

Newly FDA approved medications are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a Provider purchases and administers, and for which the Provider submits a Claim to Molina for reimbursement.

Molina completes Utilization Management for certain Healthcare Administered Drugs. For any drugs on the prior authorization list that use a temporary C code or other temporary HCPCS code that is not unique to a specific drug, which are later assigned a new HCPCS code, will still require prior authorization for such drug even after it has been assigned a new HCPCS code, until otherwise noted in the prior authorization list.

Pain Safety Initiative (PSI) Resources

Safe and appropriate opioid prescribing and utilization is a priority for all of us in health care. Molina requires Providers to adhere to Molina’s drug formularies and prescription policies designed to prevent abuse or misuse of high-risk chronic pain medication. Providers are expected to offer additional education and support to Members regarding Opioid and pain safety as needed.

In addition, all Nebraska Providers who prescribe controlled substances to a Medicaid Member must check the prescription drug monitoring program (PDMP) before prescribing a controlled substance. A Provider may, however, use a delegate to check the PDMP. Exemptions to this requirement include Members receiving cancer treatment, hospice/palliative care, and long-term care facilities. If not able to check the PDMP, then the Provider is required to document a good faith effort, including reasons why they are unable to conduct the check, and may be required to submit documentation upon request.

Molina is dedicated to ensuring Providers are equipped with additional resources, which can be found on the Molina Provider website. Providers may access additional Opioid safety and substance use disorder resources at [MolinaHealthcare.com](https://www.molinahealthcare.com) under the “Health Resources” tab.

Please consult with your Provider Relations representative or reference the medication formulary for more information on Molina's Pain Safety Initiatives.

Compounds

Compounded prescriptions must be submitted online and each active ingredient must have an active and valid NDC number. Compounded medications may be subject to prior authorization based on the ingredients submitted. Compounds that have a commercially available product are not reimbursable. Pharmacy Providers can access detailed instructions on how to submit a compound Claim by accessing the CVS provider website at caremark.com/pharmacists-medical-professionals.

Prospective Drug Utilization Review (DUR) Response Requirements

Molina is committed to providing a safe and extensive pharmacy benefit. Our pharmacy program will utilize prospective and concurrent DUR edits to detect potential problems at the point of service. All DUR messages appear in the Claim response utilizing National Council for Prescription Drug Programs (NCPDP) standards. This allows the Provider to receive and act on the appropriate DUR conflict codes. Pharmacy Providers can find detailed instructions on the DUR system by accessing the CVS Provider Manual at caremark.com/pharmacists-medical-professionals.

REVISION HISTORY

Version	Date	Revision Information
1.0	11/30/2023	Initial Version
2.0	11/01/2025	Updated for plan year 2025
