## Molina’s Quality Improvement Plan and Program

We’re committed to making sure you get the best care possible. That is why each year, we put a plan in place to keep improving:

- Our services.
- The quality of the care you receive.
- The way we communicate with you.

**Our goals are to:**

- Give you services that benefit your health.

- Work with providers to get you the care you need.
- Address your language and cultural needs.
- Reduce any barriers to getting care, like transportation or language needs.

We also want to hear how we're doing. We review the past year of service to check our progress. We may send you a survey to get your feedback.

We may also send surveys to see how many members get the needed services. These surveys tell us what care is needed. One of these surveys is called CAHPS® (Consumer Assessment of Healthcare Providers and Systems).

**The CAHPS® survey asks questions about how you rate:**

- Your health care.
- Your primary care provider (PCP).
- Your health plan.
- Specialist(s) you have seen.
- Well-check exams.
- How easy it is for you to get care.
- How easy it is for you to get care quickly.

**HEDIS® (Healthcare Effectiveness Data and Information Set)**

We also measure how many of our members get key tests and exams. We look at:

- Annual exams.
- Diabetes care.
- Mammograms (x-rays of the breast).
- Medicine management.
- Pap tests.
- Prenatal care.
- Postpartum care.
- Shots (flu, child and teen shots).

We care about your health. We want to help you take better care of yourself and your family. To do this, we:

- Remind you to get well-check exams and shots for yourself and your child.
- Teach you about chronic health conditions.
- Make sure you get prenatal and postpartum care if you're pregnant.
- Remind you to get Pap tests and mammograms, if needed.
- Address any complaints you have.
- Help you find and use information on our website.
- Tell you about special services we offer.

To learn more, call Member Services at 800-642-4168 (TTY 711) Monday through Friday, 7 a.m. to 8 p.m. ET You can ask for a printed copy of our Quality Improvement Plan and results.

## Guidelines to keep you healthy

We give you information about preventive services and when to get them. This information does not replace your doctor's advice.

### To make the most of these guidelines:

- Take time to read them.
- Write down questions and bring them to your next checkup.
- Tell your provider about any health problems you or your children are having.
- Go to your appointments.
- If you miss an appointment, reschedule right away.

We help you learn about key tests and exams to help you with conditions, such as diabetes, chronic obstructive pulmonary disease (COPD) and depression. ### Care Management

Care management is a way to help you take care of your physical and behavioral health in the best way possible. A team of people, including a care manager, nurses, doctors, and other helpers, will work together to make a special plan just for you that has goals to help you get better.

Care managers may talk to you on the phone or in person to make sure you're okay. They might also bring someone from the community to help you with information or to teach you something. Call Member Services at 800-642-4168 to learn more, to check if you qualify to join or to leave these programs.

## Complex care management and intensive care management

Complex care management and intensive care management is care for members who get very sick and need extra help to feel better. Care managers want to make sure you get the best care possible and will:

- Teach you about your illness and help you get the right care and services.
- Help you get things you need to feel better, like medicine or equipment.
- Check to see if the things they are doing are helping you.

Coaches will work with you or your caregiver to make sure you understand what you need to do to stay healthy. We want to make sure you get the best care possible and that you feel supported throughout your recovery.

The program is available to all Molina Healthcare members. To learn more, check if you qualify, join or leave this program, call Member Services at 800-642-4168.

In the member portal, you'll also find self-management tools that offer advice for:

- Weight management.
- Depression.
- Financial wellness.
- Other topics that affect your health.

These tools help you check progress, find barriers and measure progress with healthy goals. To learn more, go to [MyMolina.com](https://www.molinahealthcare.com).

### You can look at these websites to:

- See what hospitals are doing to be safer.
- Know what to look for when you pick a provider or a hospital.
- Get information about programs and services for conditions like diabetes and asthma.

To learn more, call Member Services at 800-642-4168 (TTY 711) Monday through Friday, 7 a.m. to 8 p.m. ET or visit [MolinaHealthcare.com](https://www.molinahealthcare.com).

## How we work with providers to make decisions about your care

Some services must be preapproved before we cover them. We work with your provider to find out what services you need. We make choices about your care based on medical needs and benefits. This is called utilization management (UM).

- We do not reward providers or others for denying services.
- We do not pay extra to providers or UM staff to make choices that give you less care.

If you need Long Term Services and Supports (LTSS), someone with LTSS experience, training and education makes decisions about these services.

If you have a question about our UM process or rulings, call Member Services at 800-642-4168 (TTY 711) Monday through Friday, 7 a.m. to 8 p.m. ET. We can accept collect calls. If you need help in your language, bilingual staff or interpreters are available at no cost. We also offer TTY services for if you are deaf, hard of hearing or have trouble speaking.

Please leave a message with your phone number if you call after hours or on the weekend. We will

return your call within one business day. Member Services may also call to talk about UM issues. If Member Services calls, we will use our name, title and Molina's name.

## Looking at what's new

We look for ways to offer new types of care and services and new ways to provide them. We review new services for safety and added benefits. Every year, we look at updates in:

- Equipment.
- Medical services.
- Behavioral health services.
- Medicines.

## Language and communication assistance services

We provide written or verbal information in your language, at no cost. We offer interpreters to help you speak with your provider or us. We do this for most languages, including sign language. For an interpreter or for written materials in a language other than English, call Member Services at 800-642-4168 (TTY 711) Monday through Friday 7 a.m. to 8 p.m. ET.

## Lab services

Your provider might ask you to get tests or lab work done. Sometimes, those tests are done at a lab or testing center and not during your visit. Make sure you go to a lab that is a part of Molina's network. The lab at your provider's hospital or service center might not be in-network. You may be charged more if you go to a lab that is not in-network.

To find a lab or testing center in Molina's network, go to [MolinaProviderDirectory.com/OH](https://MolinaProviderDirectory.com/OH). Select "Molina Medicaid" and search your area. Click the "Labs, Imaging and Other Testing" category and select the area you need. Or, ask the lab if your insurance is accepted before getting your tests done.

## Women's health services

We cover care before birth, care after delivery, breast exams, mammograms and Pap tests. For routine and preventive services, you can see a women's health specialist. This may be an obstetrician, gynecologist or certified nurse midwife. You do not need a referral to receive these services.

## Behavioral health services

If you have concerns about behavioral health issues, we can help. We can help with things like stress, depression or substance use. We cover behavioral health services. You do not need a referral to see a provider. Ask your PCP or call Member Services at 800-642-4168 (TTY 711) Monday through Friday, 7 a.m. to 8 p.m. ET for more information.

## Out-of-network services

If a network provider cannot give you the covered services you need, you can see an out-of-network provider until we can provide the services in-network. If you're approved to get out-of-network services, we'll pay for the services and coordinate the payment with the out-of-network provider. Your cost will be the same as if the provider were in our network. To learn more, call Member Services at 800-642-4168 (TTY 711).

## Hours of operations for services

You can get services 24 hours a day, every day. There's always a way to get the care you need. You can see a doctor in person, use telehealth services or go to after-hours or emergency care when needed.

**File a grievance for things like:**

- The care you get from your provider or hospital.
- The time it takes to get an appointment or be seen by a provider.
- Provider availability in your area.

## File an appeal when you don't agree with our decision to:

- Stop, change, suspend, reduce, or deny a service.
- Deny payment for services.

You may ask for an expedited review if the decision puts your life or health at risk. You may also ask for a state hearing if your appeal is denied.

## Your right to appeal a denial

### What is a denial?

A denial means we will not pay for a service or bill. If we deny your service, you have the right to find out why it was denied. You have the right to appeal.

If we deny your service, you will get a letter telling you why. It will tell you about your right to appeal. You can read about these rights in your Member Handbook. You can learn how to file an appeal at [MolinaHealthcare.com](https://MolinaHealthcare.com). Member Services can also help you file an appeal.

If you're not happy with the result of your appeal, you can ask for an independent review. Your denial letter will tell you how to ask for a fair hearing. It will also explain when you can still get services or how to ask to keep getting them while you wait for a fair hearing. If the fair hearing agrees with Molina's decision, you may have to pay for the services you got while you waited. Providers outside of Molina will look at all the facts and decide. Molina will follow this finding.

## Your right to an Advance Directive

You have the right to accept or refuse treatment offered by a provider. If you are unable to tell the provider what you want, you need to make your wishes known. It's important to have an Advance Directive. You can have one for medical and mental health care.

An Advance Directive is a legal form that tells providers the kind of care you want if you cannot speak for yourself. Write an Advance Directive before you have an emergency. This keeps other people from making important health decisions for you if you cannot make your own. There are different types of Advance Directives. Some examples are:

- Power of Attorney for Health care.
- Living Will.

It's your choice to have an Advance Directive. No one can deny you care based on whether or not you have one. For help making decisions about your care, talk with someone you trust. This might be a family member or friend. You can also talk with your lawyer or PCP.

Call Member Services at 800-642-4168 (TTY 711) for help getting an Advance Directive that follows state laws.

If you have signed an Advance Directive and think your provider has not followed your wishes, you may file a complaint. Visit [MolinaHealthcare.com](https://MolinaHealthcare.com) or call Member Services for details.
