## Formulary (List of Covered Drugs)

## Formulario (Lista de Medicinas Cubiertas)

### Molina Healthcare of South Carolina, Inc Marketplace

#### Notice:

The information in this document is current as of April 1, 2024.

The formulary is subject to change and all previous versions of the formulary are no longer in effect. An electronic version of the formulary can be found at [MolinaMarketplace.com](http://MolinaMarketplace.com).

Information about prescription drug cost sharing amounts can be found on our Benefits at a Glance brochure or by entering your prescription and pharmacy information into the Drug Look-Up tool.

#### Aviso:

La información de este documento está vigente a partir del 1 de abril de 2024.

El formulario está sujeto a cambio y todas las versiones anteriores del mismo ya no se encuentran en vigor. Puede encontrar una versión electrónica del formulario en [MolinaMarketplace.com](http://MolinaMarketplace.com).

Puede encontrar información sobre los montos de distribución de costos para medicamentos recetados en nuestro folleto Beneficios de un vistazo o ingresando su información de receta y farmacia en la herramienta Verificar Costo de Medicamentos.

v1.0 8/26/2020

Effective January 1, 2021  
En vigor desde el 1.º de enero del 2021

## Notice on Drug Company Cost Sharing Assistance

Cost Sharing paid with drug company support will not apply toward any Deductible or yearly Out-of-Pocket Maximum under your plan. Drug company support means discount cards, coupons, gift cards, cash or other financial help you get from the company or a sponsored program for the purpose of buying a company's drugs.

## Aviso sobre la Asistencia de Costos Compartidos de la Empresa Farmacéutica

Los costos compartidos que se pagan con el apoyo de la empresa farmacéutica no se aplicarán a ningún Deducible o Máximo de Gastos de su Bolsillo de su plan cada año. El apoyo de la empresa farmacéutica corresponde a tarjetas de descuento, cupones, tarjetas regalo, dinero en efectivo u otra ayuda económica que usted reciba de dicha empresa o de un programa patrocinado con el propósito de comprar los medicamentos de una empresa.

# Welcome!

## Drug Formulary (List of Drugs)

Your plan has a list of drugs that are covered. The list is called the Drug Formulary. The formulary changes from plan year to plan year. Smaller updates are also made every 3 months. The drugs on the list are chosen by a group of doctors and pharmacists from your insurer and the medical community. The group meets every three months to talk about the drugs that are in the formulary. They review new drugs and changes in health care. They try to find the most effective drugs for different conditions. Changes are made to the Drug Formulary for different reasons. Reasons may include:

- Changes in medical practice
- New drugs become available
- New generics are available and take the place of previously covered branded drugs
- New state or federal drug coverage requirements
- A drug is no longer available or has a new safety issue

Molina will provide at least 60 days' notice ahead of these types of formulary updates:

- Moving the drug to a higher drug list tier, moving the drug from preferred to non-preferred status, or other changes we make to the drug list that result in higher member cost-sharing for the formulary drug
- Removing the drug from the formulary
- Adding a prior authorization requirement to the formulary drug
- Adding or updating the drug's quantity limit
- Adding a step-therapy requirement to the drug that was not previously in place

If the drug has been found to be unsafe by the US Federal Food and Drug Administration (FDA) or is taken off the market for other reasons, we may remove it from the drug list quickly and without standard notice. Your plan's most current drug list is on our website MolinaMarketplace.com. A notice of all changes is included in the drug list document with each update.

### Does the drug list include injectable drugs that a Provider treats me with in a clinic or other location?

In general, drugs on the drug list are drugs your provider prescribes for you to get from a pharmacy and give to yourself. Most injectable drugs you need help from a provider to use are covered under the medical benefit instead of the prescription drug ("pharmacy") benefit. Your provider has instructions from us on how to get you approved for drugs they buy and help give to you. Some injectable drugs can be approved to get from a pharmacy using your prescription drug benefit.

### I have questions about how my plan covers drugs.

This guide contains many details for common questions. You may also call us and ask specific coverage questions about a drug:

- Can my prescription be filled at a retail pharmacy?
- What is the cost sharing dollar amount for my prescription?
- What is the process for requesting a drug that has a Prior Authorization requirement?
- How can I request an exception for a drug that is not on the formulary or has step therapy requirements?
- Is my drug covered under the prescription drug benefit or the medical benefit?

Call toll-free **1 (855) 885-3176** Monday through Friday, **8:00 a.m. through 6:00 p.m. EST**. If you are deaf or hard of hearing, dial 711 for the Telecommunications Service. You can also ask us to mail you a copy of the drug list.

The member handbook and the plan agreement also contain important coverage information. Please see the plan agreement for information on contraceptive coverage, benefit exclusions, hospice services, and more.

### If a drug is listed on the formulary, will I be prescribed that drug?

A drug being listed on the formulary does not guarantee that your doctor will prescribe it for you. This guide lets you and your prescriber know which prescription drugs are covered by your plan. Drugs that are not on this list may not be covered by your plan and may cost you more. You may ask for nonformulary drugs to be covered. Requests for nonformulary drugs will be considered for a medically accepted use when formulary options cannot be used and/or other coverage requirements are met. Details are included in this guide.

## Using the Drug Formulary as your prescription drug coverage guide

### How do I locate a drug that is on the drug list?

The list of drugs is organized alphabetically by therapeutic category and class using the American Hospital Formulary Service (AHFS) classification. Within category and class, drug names are also organized in alphabetical order. If you do not know the category or class for the drug you are looking for, there are two ways to search for the drug by name.

- If you are using an electronic version of the drug list, you can use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the name of the drug you are looking for in the search box.
- If you are using a print version of the drug list, you can search for the name of the drug in the Index at the end of this guide.

Drug entries on the list contain the Drug Name, Drug Tier, and other coverage details for all the drugs and items covered under your plan's prescription drug benefit.

Here are examples of how a drug may be displayed on the drug list (actual coverage may differ from this example).

Drug Name	Drug Tier	Requirements/Limits
COUMADIN TAB 1MG ( <b><i>warfarin sodium</i></b> )	Tier 3	QL (300 tabs / 30 days); MAIL
<b><i>warfarin sodium tab 1 mg</i></b>	Tier 2	QL (300 tabs / 30 days); MAIL
<b><i>warfarin sodium tab 1 mg</i></b> (Jantoven)	Tier 2	QL (300 ea / 30 days); MAIL

### What drug names are used on the list?

The drug list uses trademarked brand names and non-proprietary or "generic" names to show what form of the drug is covered. There are also trademarked names used by certain generic drugs. The way a drug name is shown on the drug list will tell you if the branded form, the generic form, or the trademarked generic form is what is covered. The example above shows the branded, generic, and trademarked generic forms of the drug "warfarin sodium".

When the branded form of a drug is covered, the drug name will be listed in all CAPITAL letters as its BRAND NAME. The non-proprietary or "***generic name***" for the branded drug will follow in parentheses and in all ***bold and italicized lowercase*** letters. When the generic form of the drug is covered, it is listed separately by its ***generic name(s)*** in all ***bold and italicized lowercase*** letters. A generic drug that is covered as the trademarked generic form will be listed separately

by its **generic name** followed by the trademarked name in parentheses. The trademarked generic name will be shown with the first letter of each word capitalized.

If both the brand form and the generic form for a drug are covered on the formulary, they will each be listed as separate drug entries. For example, COUMADIN and **warfarin sodium** are listed separately to show both the brand form and the generic form are covered on the formulary. In this example, a trademarked generic form (Jantoven) is also displayed. Different Drug Tier and Requirements/Limits may apply for a trademarked form versus a generic form of a drug if multiple drug forms are listed as covered on the actual drug list.

### **What are Drug Tiers and how do they affect my share of the drug's cost?**

We put drugs on different levels called tiers based on how well they improve health, how much support may be needed to use them, and how much they cost compared to similar treatments. Non-preferred tier drugs will cost you more than preferred tier drugs.

Here are more details about which drugs are on which tiers.

<b>Drug Tier</b>	<b>Description</b>
<b>Preventive</b>	Tier 1 – Preventive and family planning drugs and devices (ie, contraception) with \$0 cost sharing
<b>Preferred Generic</b>	Tier 2 – Preferred generic drugs
<b>Preferred Brand</b>	Tier 3 – Preferred brand drugs
<b>Non-Preferred Brand and Generic</b>	Tier 4 – Non-preferred drugs, both brand name and generic; Higher cost sharing than lower tier drugs used to treat the same conditions, if available
<b>Specialty</b>	Tier 5 – Specialty drugs, both brand name and generic. Drugs that require special handling, complex counseling or monitoring, limited distribution, or other specialty pharmacy requirements; Depending on state rules, Molina may require Members to use a network specialty pharmacy; Some specialty drugs are only sold by certain pharmacies the drug company has chosen ("Limited Distribution")
<b>Durable Medical Equipment</b>	DME – Non-drug items such as monitoring equipment and supplies covered under the pharmacy benefit; Cost sharing follows the medical benefit cost sharing for Durable Medical Equipment for non-drug items on the drug list

When coverage of nonformulary drugs is approved on formulary exception, enrollees pay the Non-Preferred Brand tier cost sharing for non-specialty drugs or the Specialty tier cost sharing for specialty drugs. Please see your plan Agreement for more details on cost sharing for formulary exceptions.

In accordance with the Affordable Care Act, your plan covers nationally recognized preventive service drugs and dosage forms (Tier 1) with \$0 cost sharing when prescribed for you to use in line with those recommendations.

Certain types of drugs covered by your plan have cost sharing limits each time you fill them. If your state has specific limits, cost sharing will be the lower of your plan design cost sharing or any limit that is required.

### **How can I find more information about how much my drug will cost?**

Information about prescription drug cost sharing amounts can be found in our Benefits-at-a-Glance brochure or by entering prescription information into the "Search Drugs" tool at MolinaMarketplace.com. This tool will provide an

estimate of your cost for formulary drugs. If you create an account with Caremark.com before using the tool, your plan design information will also be used to more closely estimate actual prices you pay at the pharmacy.

### **How do I find if there are lower cost drug options that are right for me?**

Rx Savings Solutions® can help you find the lowest price and in-network pharmacy for medications you take. To register for savings alerts, log into the My Molina portal or call Rx Savings Solutions® at 1 (800) 492-1051.

## **Finding a pharmacy to fill a prescription**

### **Pharmacy Network**

Your plan has networks of retail, mail order, and specialty pharmacies that can process and dispense medications using your coverage. To locate an in-network pharmacy, please use the "Find a Pharmacy" tool at MolinaMarketplace.com. The tool allows you to search pharmacies by zip code, city, country, and state. You can limit search results based on distance, or other specific criteria like store name, language spoken, or services offered.

### **Specialty Pharmacy**

Molina has a network of specialty pharmacies that can process and dispense specialty medications. Specialty medications are placed on the Specialty tier. Some medications have limited distribution. Limited distribution means the medication is only sold by certain pharmacies.

Molina's Pharmacy Benefit Manager, CVS Caremark, has a specialty pharmacy that provides clinical support to help enrollees manage their medications and conditions. Most specialty medications require Prior Authorization before they are covered. A prescriber can submit Prior Authorization requests directly to Molina or send a prescription to CVS to begin the process. If mail delivery of the specialty medication is not an option for the enrollee, CVS offers the option to ship the medication to a local CVS pharmacy for pickup.

- CVS Pharmacy Help Desk can be contacted by calling 1 (888) 407-6425 or visiting CvsSpecialty.com

Your plan's network also has a specialty pharmacy that is not connected to the Pharmacy Benefit Manager:

- You can contact Medical University of South Carolina Specialty Pharmacy at 1 (843) 876-7074 or visit MuscHealth.org

### **Mail Order Pharmacy**

Your plan has a network of Mail Order pharmacies that can process and dispense up to 90 days' supply of eligible medications. Eligible medications are marked "MAIL" on the formulary.

Your plan's Pharmacy Benefit Manager has a Mail Order pharmacy. To have prescriptions filled through their service the provider or enrollee can call the FastStart® toll-free number at 1 (800) 875-0867 Monday through Friday 7:00 a.m. to 7:00 p.m. or go to Caremark.com.

Enrollment forms for all network mail order pharmacies can be found at MolinaMarketplace.com in the Member "Forms and Documents" section.

### **Out-of-Network Pharmacy**

If the in-network pharmacies do not meet your needs an exception can be requested to obtain authorization to use a pharmacy outside of network. Exceptions will be reviewed for medical necessity on a case-by-case basis.

## **Prescription Claims Processor**

We have selected CVS Caremark® as the Pharmacy Benefit Manager (“PBM”) to manage the prescription benefit for your plan. Questions on processing claims, formulary status or rejected claims may be directed to the CVS Caremark Help Desk at 1 (888) 407-6425.

Membership, cost sharing, prescription drug benefit information, and eligibility concerns may be addressed by calling our Customer Support Center at **1 (855) 885-3176**. Member Services is available Monday through Friday **8:00 a.m. through 6:00 p.m EST.**

Prescribers and pharmacies may contact our Provider Services Help Desk at **1 (855) 237-6178**.

## **Urgent and After-Hours Medication Policy**

To prevent an enrollee’s condition from worsening in an urgent situation, it may be necessary to dispense a 72-hour supply of an acute medication before Prior Authorization has been reviewed (e.g., an enrollee is discharged from a hospital after regular business hours with a special antibiotic prescription).

Pharmacies are instructed to use their professional judgment. We will reimburse pharmacies for a 72-hour supply of an acute medication at contracted rates for these prescriptions. Pharmacies may contact the CVS Caremark® Help Desk at 1 (888) 407-6425 to obtain an override for a 72-hour supply.

Pharmacies may call us at **1 (855) 237-6178** on the following business day to obtain authorization to allow the urgent or after-hours prescription to process on-line. It is advised and expected that the pharmacy will provide reasonable documentation of cases where medications were dispensed under these urgent circumstances.

## **Refill Timing, Synchronization, and Proration**

In general, 30-day supplies of medications can be refilled when 85% of the predicted days of use have passed from the date of the prior fill. Please see the “Proration and Synchronization” section of your plan agreement for any drugs that have special refill timing. Your pharmacy or provider can ask to override refill timing limits in order to synchronize the fill dates of your medications by contacting the CVS Caremark® Help Desk at 1 (888) 407-6425. If shorter or longer day supplies are dispensed to synchronize your medications, your cost sharing on those supplies will be prorated.

# **Prior authorization and exception request procedure**

## **Prior authorization**

Drugs that require advanced approval for coverage are reviewed against standard rules to determine medical necessity. Providers must show you have a medically accepted use for the drug and that other treatments have not worked for you or are not clinically appropriate. Other requirements may apply depending on the drug. We may require certain test results to show a drug is right for you. An enrollee’s response to drug samples from a provider or a drug maker will not be considered as a reason to bypass standard rules for coverage.

Your provider may fax a completed drug Prior Authorization form to us at **1 (855) 571-3011**. The clinical policies and forms may be obtained at our website MolinaMarketplace.com.

If your prescription requires a Prior Authorization or Formulary Exception, your provider can ask for the request to be reviewed as an Urgent Circumstance.

- A request is considered urgent if it is for treating a health condition that may seriously jeopardize your life, health, or ability to regain maximum function. Situations where you are in severe uncontrolled pain, or the urgency of your care requires a rapid coverage decision can also be indicated as urgent on requests. Supporting information is required to justify the urgency of the request.
- Any request that is not for an Urgent Circumstance is considered a Standard Exception request.

We will reach a decision no later than:

- 24 hours following receipt of request with Urgent Circumstances.
- 72 hours following receipt of request with Standard Circumstances.

If the request is approved, we will send a letter to your prescriber. We will include how long the request is approved for before renewal of the authorization is required. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up.

## **Requesting an Exception**

### **Can I have a drug covered if it is not on the formulary or does not follow plan requirements such as step therapy?**

We have a process to allow you to request clinically appropriate drugs that are not on the formulary or that have requirements or limits under your plan. A formulary exception would be needed in the following scenarios:

- Your prescriber may order a drug that is not on the formulary but that he or she believes is best for you
- You may be taking a drug that is no longer on the new plan year's drug list and you cannot switch
- The formulary drug requires step therapy, and you tried the step drugs in the past, or have clinical factors that make those step drugs not right for you

Your prescriber can send us a formulary exception request using the Prior Authorization process and form described in the previous section.

Exceptions may be considered when formulary options cannot be used and/or other requirements are met. The drug must be safe and effective for your medical condition. Your doctor must write your prescription for the usual amount of the drug for you. We may consider an exception under the following conditions:

- There is documentation of a specific need in your medical record
- Your doctor has certified that you tried drugs on the formulary, and they did not help you in the past
- Your doctor has certified the options have caused you harm or are reasonably expected by the prescriber to cause you harm, or to be ineffective because of the clinical features of your condition

If the request is approved, we will send a letter to your prescriber. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up. If you disagree with the denial reasons, you can appeal the decision. Your doctor can request an external exception review.

Review timeframes and conditions are found in the "Prior Authorization" section of this guide.

### **Are there any drugs or other products that are not covered at all?**

Non-covered drugs or other products such as benefit exclusions are not covered at all. They cannot be approved for coverage by formulary exception. Your plan does not cover certain types of drugs that are listed as benefit exclusions in the plan policy. For more information refer to the sections in your Agreement (policy) titled "Non-Covered Drugs" and "Exclusions".

# Complaints and Appeals

You may file a grievance or complaint by contacting the Customer Support Center at **1 (855) 885-3176**. If we do not approve your drug request, a notice of rights to appeal the decision will be included in the notice of action. For more information refer to the section in your Agreement (policy) that covers "Complaints and Appeals". A copy of the Agreement, also called the Evidence of Coverage, can be found on MolinaMarketplace.com.

# Legend

## What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

### Requirements/Limits   Description

<b>AGE</b>	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
<b>MED</b>	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
<b>OTC</b>	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
<b>PA</b>	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for. If Prior Authorization is required for a drug or dosage form, providers must show you have a medically accepted use for the drug and other treatments have not worked or are not appropriate. Other requirements may apply depending on the drug.
<b>QL</b>	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
<b>ST</b>	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.

Specialty drugs may have a comment in the "Requirements/Limits" column that reads "Medical Necessity PA". This means there are other Specialty drugs that are preferred. There are other Specialty drugs with a comment "Preferred Brand" that may treat the same condition. We require that the drug marked "Preferred Brand" be considered first or instead of the non-preferred Specialty drug, if appropriate.

The drug list will also indicate if a drug is eligible for Mail Order (**MAIL**) programs in the Requirements/Limits column. It is your choice if you want to use Mail Order programs. You may have lower cost sharing using Mail Order on some drugs.

# ¡Bienvenido!

## Formulario de medicamentos (Lista de medicamentos)

Su plan tiene una lista de medicamentos que están cubiertos. La lista se conoce como Formulario de medicamentos. El formulario cambia de un año del plan a otro. También se realizan actualizaciones menores cada 3 meses. Los medicamentos de la lista son elegidos por un grupo de médicos y farmacéuticos de su aseguradora y de la comunidad médica. El grupo se reúne cada tres meses para hablar sobre los medicamentos que están en el formulario. Revisan los nuevos medicamentos y los cambios en la atención de salud. Tratan de encontrar los medicamentos más eficaces para diferentes condiciones. Se hacen cambios en el Formulario de medicamentos por diferentes razones. Las razones pueden incluir:

- Cambios en la práctica médica.
- Disponibilidad de nuevos medicamentos.
- Disponibilidad de nuevos medicamentos genéricos y reemplazo de medicamentos de marca cubiertos anteriormente.
- Nuevos requisitos estatales o federales de cobertura de medicamentos.
- Un medicamento ya no está disponible o tiene un nuevo problema de seguridad.

Molina proporcionará un aviso con al menos 60 días de anticipación sobre estos tipos de actualizaciones del formulario:

- Pasar el medicamento a un nivel más alto de la lista de medicamentos, pasar el medicamento del estado preferido al no preferido, u otros cambios que hagamos en la lista de medicamentos que resulten en un costo compartido más alto para el miembro para el medicamento del formulario.
- Eliminación del medicamento del formulario.
- Incorporación de un requisito de autorización previa al medicamento del formulario.
- Incorporación o actualización del límite de cantidad del medicamento.
- Incorporación de un requisito de terapia progresiva al medicamento que antes no existía.

Si la Administración Federal de Alimentos y Medicamentos (Food and Drug Administration, FDA) de EE. UU. determina que el medicamento no es seguro o si se retira del mercado por otras razones, podemos eliminarlo de la lista de medicamentos rápidamente y sin previo aviso. La lista de medicamentos más actualizada de su plan se encuentra en nuestro sitio web MolinaMarketplace.com. Se incluye un aviso de todos los cambios en el documento de la lista de medicamentos con cada actualización.

### ¿Incluye la lista de medicamentos injectables con los que un proveedor me brinda tratamiento en una clínica u otro lugar?

En general, los medicamentos de la lista de medicamentos son fármacos que su proveedor le receta para que usted los obtenga en una farmacia y se los administre usted mismo. La mayoría de los medicamentos injectables donde usted necesite la ayuda de un proveedor para su administración se cubren bajo el beneficio médico en lugar del beneficio de medicamentos recetados ("farmacia"). Su proveedor tiene instrucciones nuestras sobre la manera de obtener una aprobación para los medicamentos que compran y ayudan a entregarle. Es posible obtener aprobación para adquirir algunos medicamentos injectables en una farmacia mediante el beneficio de medicamentos recetados.

### Tengo preguntas sobre de qué manera mi plan cubre los medicamentos.

Esta guía contiene muchos detalles para preguntas frecuentes. También puede llamarnos y hacer preguntas específicas de cobertura sobre un medicamento:

- ¿Puedo adquirir mi medicamento en una farmacia minorista?
- ¿Cuál es el monto en dólares del costo compartido para mi receta?
- ¿Cuál es el proceso para solicitar un medicamento que tiene un requisito de Autorización Previa?
- ¿Cómo puedo solicitar una excepción para un medicamento que no está en el formulario o tiene requisitos de terapia progresiva?
- ¿Está cubierto mi medicamento por el beneficio de medicamentos recetados o por el beneficio médico?

Llame gratis al **1 (855) 885-3176**, de lunes a viernes, **8:00 a.m. through 6:00 p.m. EST**. Si usted es sordo o tiene problemas de audición, marque el 711 para el Servicio de Telecomunicaciones. También puede pedirnos que le enviemos por correo postal una copia de la lista de medicamentos.

El manual del miembro y el acuerdo del plan también contienen información importante sobre la cobertura. Consulte el acuerdo del plan para obtener información sobre cobertura de anticonceptivos, exclusiones de beneficios, servicios de cuidados paliativos y más.

#### **Si un medicamento está incluido en el formulario, ¿se me recetará ese medicamento?**

Un medicamento incluido en el formulario no garantiza que su médico se lo vaya a recetar a usted. Esta guía les permite a usted y a su médico saber qué medicamentos recetados están cubiertos por su plan. Es posible que su plan no cubra los medicamentos que no están en esta lista y que el costo sea mayor. Puede pedir que se cubran medicamentos que están fuera del formulario. Las solicitudes de medicamentos que están fuera del formulario se considerarán para un uso médicaamente aceptado cuando no se puedan usar las opciones incluidas en el formulario o se cumplan otros requisitos de cobertura. Los detalles están incluidos en esta guía.

## **Uso del Formulario de medicamentos como su guía de cobertura de medicamentos recetados**

#### **¿Cómo ubico un medicamento que está incluido en la lista de medicamentos?**

La lista de medicamentos está organizada alfabéticamente por categoría y clase terapéutica utilizando la clasificación del American Hospital Formulary Service (AHFS). Dentro de la categoría y la clase, los nombres de los medicamentos también se organizan por orden alfabético. Si no conoce la categoría o clase del medicamento que está buscando, hay dos formas de buscar el medicamento por nombre.

- Si está usando una versión electrónica de la lista de medicamentos, puede usar la función de búsqueda de PDF al presionar Ctrl + F en el teclado de su computadora. Escriba el nombre del medicamento que está buscando en el cuadro de búsqueda.
- Si está utilizando una versión impresa de la lista de medicamentos, puede buscar el nombre del medicamento en el índice al final de esta guía.

Las entradas de medicamentos en la lista contienen el Nombre del medicamento, Categoría del medicamento y otros detalles de cobertura para todos los medicamentos y artículos cubiertos por el beneficio de medicamentos recetados de su plan.

Estos son ejemplos de cómo puede aparecer un medicamento en la lista de medicamentos (la cobertura real puede diferir de este ejemplo).

<b>Nombre del medicamento</b>	<b>Categoría de medicamento</b>	<b>Requisitos/Límites</b>
COUMADIN TAB 1MG ( <b>warfarin sodium</b> )	Tier 3	QL (300 tabs / 30 days); MAIL
<b>warfarin sodium tab 1 mg</b>	Tier 2	QL (300 tabs / 30 days); MAIL
<b>warfarin sodium tab 1 mg</b> (Jantoven)	Tier 2	QL (300 ea / 30 days); MAIL

### ¿Qué nombres de medicamentos se utilizan en la lista?

La lista de medicamentos utiliza marcas registradas y nombres comunes o “genéricos” para mostrar la forma del medicamento que está cubierta. También hay marcas registradas utilizadas por ciertos medicamentos genéricos. La forma en que se muestra el nombre de un medicamento en la lista de medicamentos le indicará si está cubierta la forma de marca, la forma genérica o la forma genérica de marca registrada. El ejemplo anterior muestra la forma de marca, genérica y genérica de marca registrada del medicamento “warfarin sodium”.

Cuando la forma de marca de un medicamento está cubierta, el nombre del medicamento aparecerá en letras MAYÚSCULAS como su NOMBRE DE MARCA. El nombre no de propiedad exclusiva o “**nombre genérico**” para el medicamento de marca seguirá entre paréntesis y en letras totalmente en **negrita y minúsculas cursivas**. Cuando la forma genérica del medicamento está cubierta, aparece por separado por sus **nombres genéricos** en letras totalmente en **negrita y minúsculas cursivas**. Un medicamento genérico que está cubierto como la forma genérica de marca registrada aparecerá por separado por su **nombre genérico** seguido del nombre de la marca registrada entre paréntesis. El nombre genérico de marca registrada se mostrará con la primera letra de cada palabra en mayúscula.

Si tanto la forma de marca como la forma genérica de un medicamento están cubiertas en el formulario, cada una aparecerá como entradas de medicamentos separadas. Por ejemplo, COUMADIN y **warfarin sodium** se enumeran por separado para mostrar que tanto la forma de marca como la forma genérica están cubiertas en el formulario. En este ejemplo, también se muestra una forma genérica de marca registrada (Jantoven). Es posible que se apliquen diferentes Categorías de medicamentos y Requisitos/Límites para la forma de marca registrada en comparación con una forma genérica de un medicamento si figuran varias formas de medicamentos como cubiertas en la lista de medicamentos real.

### ¿Qué son las Categorías de medicamentos y cómo afectan mi parte del costo del medicamento?

Clasificamos los medicamentos en diferentes niveles, llamados categorías, en función de qué tan bien mejoran la salud, cuánto apoyo se puede necesitar para usarlos y cuánto cuestan en comparación con tratamientos similares. Los medicamentos de categoría no preferido le costarán más que los medicamentos de categoría preferido.

A continuación, encontrará más detalles sobre los medicamentos que se encuentran en cada categoría.

<b>Categoría de medicamento</b>	<b>Descripción</b>
<b>Medicamentos preventivos</b>	Tier 1: medicamentos y dispositivos preventivos y de planificación familiar (es decir, anticonceptivos) con un costo compartido de \$0
<b>Medicamentos genéricos preferidos</b>	Tier 2: medicamentos genéricos preferidos
<b>Medicamentos de marca</b>	Tier 3: medicamentos de marca preferidos

<b>Medicamentos genéricos y de marca no preferidos</b>	Tier 4: los medicamentos no preferidos, tanto de marca como genéricos; mayor costo compartido que los medicamentos de categoría inferior que se utilizan para tratar las mismas enfermedades, si están disponibles.
<b>Medicamentos especializados</b>	Tier 5: medicamentos especializados, tanto de marca como genéricos. Medicamentos que requieren manejo especial, asesoramiento o control complejo, distribución limitada u otros requisitos de farmacia especializada; según las normas del estado, Molina puede exigir a los miembros que usen una farmacia especializada de la red; algunos medicamentos especializados solo los venden ciertas farmacias que la compañía farmacéutica ha elegido (“Distribución limitada”).
<b>Equipo médico duradero</b>	DME: artículos que no son medicamentos, como equipos de control y suministros cubiertos por el beneficio de farmacia; el costo compartido sigue el costo compartido de beneficios médicos para el equipo médico duradero para artículos que no son medicamentos en la lista de medicamentos

Cuando se aprueba la cobertura de medicamentos fuera del formulario por excepción del formulario, los afiliados pagan el costo compartido de la categoría de medicamento de marca no preferido para los medicamentos no especializados o el costo compartido de la categoría de Medicamentos especializados para los medicamentos especializados. Consulte el acuerdo de su plan para obtener más detalles sobre los costos compartidos para las excepciones al formulario.

De acuerdo con la Ley del Cuidado de Salud a Bajo Precio, su plan cubre medicamentos y formas farmacéuticas de servicios preventivos reconocidos a nivel nacional (Categoría 1) con un costo compartido de \$0 cuando se le receta para que los use de acuerdo con esas recomendaciones.

Ciertos tipos de medicamentos cubiertos por su plan tienen límites de costos compartidos cada vez que los surta. Si su estado tiene límites específicos, el costo compartido será el menor entre los costos compartidos del diseño de su plan y cualquier límite que se requiera.

### **¿Cómo puedo encontrar más información sobre cuánto costará mi medicamento?**

Puede encontrar información sobre los costos compartidos de los medicamentos recetados en nuestro folleto Descripción general de beneficios, o ingresando la información de la receta en la herramienta “Search Drugs” (“Buscar medicamentos”) en MolinaMarketplace.com. Esta herramienta le proporcionará una estimación del costo de los medicamentos del formulario. Si crea una cuenta en Caremark.com antes de usar la herramienta, la información del diseño de su plan también se usará para estimar mejor los precios reales que paga en la farmacia.

### **¿Cómo averiguo si hay opciones de medicamentos de menor costo que sean adecuadas para mí?**

Rx Savings Solutions® puede ayudarle a encontrar el precio más bajo y una farmacia dentro de la red para los medicamentos que toma. Para registrarse para recibir alertas de ahorro, inicie sesión en el portal My Molina o llame a Rx Savings Solutions® al 1 (800) 492-1051.

## **Encontrar una farmacia para surtir una receta**

### **Red de Farmacias**

Su plan tiene redes de farmacias minoristas, de pedido por correo y especializadas que pueden procesar y entregar medicamentos mediante uso de su cobertura. Para ubicar una farmacia dentro de la red, utilice la herramienta “Find a Pharmacy” (Encontrar una farmacia) en MolinaMarketplace.com. La herramienta le permite buscar farmacias por código

postal, ciudad, país y estado. Puede limitar los resultados de búsqueda en función de la distancia u otros criterios específicos, como el nombre de la tienda, el idioma o los servicios ofrecidos.

## Farmacia de especialidad

Molina cuenta con una red de farmacias de especialidad que pueden procesar y entregar medicamentos especializados. Los medicamentos especializados tienen asignada la categoría de Medicamentos especializados. Algunos medicamentos tienen distribución limitada. La distribución limitada significa que el medicamento solo se vende en ciertas farmacias.

El administrador de beneficios de farmacia de Molina, CVS Caremark, tiene una farmacia de especialidad que brinda apoyo clínico para ayudar a los afiliados a administrar sus medicamentos y afecciones. La mayoría de los medicamentos especializados requieren autorización previa antes de tener cobertura. La persona que le receta puede enviar solicitudes de autorización previa directamente a Molina o enviar una receta a CVS para comenzar el proceso. Si la entrega por correo del medicamento especializado no es una opción para el afiliado, CVS ofrece la opción de enviar el medicamento a una farmacia CVS local para retirar.

Puede comunicarse con el Servicio de Asistencia de CVS Pharmacy al 1 (888) 407-6425 o visite CVSSpecialty.com

La red de su plan también tiene una farmacia de especialidad que no está conectada al Administrador de Beneficios de Farmacia:

- Puede comunicarse con Medical University of South Carolina Specialty Pharmacy al 1 (843) 876-7074 o visitar MuscHealth.org

## Farmacia de pedido por correo

Su plan tiene una red de farmacias de pedidos por correo que pueden procesar y entregar un suministro de hasta 90 días de medicamentos elegibles. Los medicamentos elegibles están marcados como "MAIL" en el formulario.

El administrador de beneficios de farmacia de su plan tiene una farmacia de pedido por correo. Para surtir recetas a través de su servicio, el proveedor o afiliado puede llamar al número gratuito de FastStart® al 1 (800) 875-0867 de lunes a viernes, de 7 a. m. a 7 p. m. o visite Caremark.com.

Los formularios de inscripción para todas las farmacias de pedidos por correo de la red se pueden encontrar en MolinaMarketplace.com en la sección "Forms and Documents" (Formularios y documentos) para miembros.

## Farmacia fuera de la red

Si las farmacias de la red no satisfacen sus necesidades, se puede solicitar una excepción para obtener autorización para usar una farmacia fuera de la red. Se revisará la necesidad médica de las excepciones caso por caso.

## Procesador de reclamaciones de recetas

Hemos seleccionado a CVS Caremark® como el administrador de beneficios de farmacia ("PBM") para administrar el beneficio de recetas para su plan. Las preguntas sobre el procesamiento de reclamaciones, el estado del formulario o las reclamaciones rechazadas pueden dirigirse al Servicio de Asistencia de CVS Caremark al 1 (888) 407-6425.

Las inquietudes sobre membresía, costos compartidos, beneficios de medicamentos recetados y elegibilidad pueden abordarse llamando a nuestro Centro de Atención al Cliente al **1 (855) 885-3176**. El Departamento de Servicios para Miembros está disponible de lunes a viernes, **8:00 a.m. through 6:00 p.m EST**.

Las personas que receta y las farmacias pueden comunicarse con nuestro Servicio de Asistencia para Proveedores al **1 (855) 237-6178**.

## **Política de medicamentos urgentes y fuera del horario de atención**

Para evitar que la condición de un afiliado empeore en una situación urgente, puede ser necesario entregar un suministro de 72 horas de un medicamento agudo antes de que se haya revisado la autorización previa (p. ej., un afiliado es dado de alta de un hospital después del horario de atención habitual con una receta de antibióticos).

Las farmacias deberán ejercer su criterio profesional. Reembolsaremos a las farmacias por un suministro de 72 horas de un medicamento agudo a las tarifas contratadas para estas recetas. Las farmacias pueden comunicarse con el Servicio de Asistencia de CVS Caremark® al 1 (888) 407-6425 para obtener una anulación de un suministro de 72 horas.

Las farmacias pueden llamarnos al **1 (855) 237-6178** al día hábil siguiente para obtener la autorización que permita tramitar en línea la receta urgente o fuera de horario. Se recomienda y se espera que la farmacia proporcione documentación razonable de los casos en los que se entregaron medicamentos en estas circunstancias urgentes.

## **Plazos de resurtido, sincronización y prorrateo**

En general, los suministros de medicamentos para 30 días se pueden resurtir cuando ya transcurrieron el 85 % de los días de uso previstos desde la fecha del resurtido anterior. Consulte la sección “Prorrateo y sincronización” de su acuerdo del plan para conocer los medicamentos que tienen un plazo de resurtido especial. Su farmacia o proveedor pueden solicitar que se anulen los plazos límite de resurtido para sincronizar las fechas de surtido de sus medicamentos comunicándose con el Servicio de Asistencia de CVS Caremark® al 1 (888) 407-6425. Si se despachan suministros para más o menos días para sincronizar sus medicamentos, su costo compartido en esos suministros será prorrateado.

# **Procedimiento de solicitud de autorización previa y excepción**

## **Autorización previa**

Los medicamentos que requieren aprobación anticipada para la cobertura se revisan según las reglas estándar para determinar la necesidad médica. Los proveedores deben demostrar que tiene un uso médicamente aceptado para el medicamento y que otros tratamientos no han funcionado para usted o no son apropiados desde el punto de vista clínico. Es posible que se apliquen otros requisitos según el medicamento. Es posible que necesitemos ciertos resultados de pruebas para demostrar que un medicamento es adecuado para usted. La respuesta de un afiliado a las muestras de medicamentos de un proveedor o fabricante de medicamentos no se considerará como una razón para eludir las reglas estándar de cobertura.

Su proveedor puede enviarnos por fax un formulario de autorización previa de medicamentos completo a **1 (855) 571-3011**. Las políticas y formularios clínicos se pueden obtener en nuestro sitio web MolinaMarketplace.com.

Si su receta requiere una autorización previa o una excepción del formulario, su proveedor puede solicitar que se revise la solicitud como una circunstancia urgente.

- Una solicitud se considera urgente si es para el tratamiento de una afección de salud que puede poner en grave peligro su vida, su salud o su capacidad para recuperar su función máxima. Situaciones en las que tiene un dolor intenso no controlado o donde la urgencia de su atención requiere una decisión de cobertura rápida también se pueden indicar como urgentes en las solicitudes. Se requiere información de respaldo para justificar la urgencia de la solicitud.
- Cualquier solicitud que no sea para una circunstancia urgente se considerará como solicitud de excepción estándar.

Llegaremos a una decisión a más tardar:

- 24 horas después de recibir la solicitud de circunstancias urgentes.
- 72 horas después de recibir la solicitud de circunstancias estándares.

Si se aprueba la solicitud, le enviaremos una carta a la persona que le receta. Incluiremos por cuánto tiempo se aprueba la solicitud antes de que se requiera la renovación de la autorización. Si la solicitud no es aprobada, le enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos para el seguimiento.

## Cómo solicitar una excepción

### ¿Puedo tener cobertura de un medicamento si no está en el formulario o no sigue los requisitos del plan, como la terapia progresiva?

Tenemos un proceso que le permite solicitar medicamentos clínicamente apropiados que no están en el formulario o que tienen requisitos o límites en virtud de su plan. Se necesitaría una excepción al formulario en los siguientes escenarios:

- La persona que le receta puede solicitar un medicamento que no está en el formulario de medicamentos que él crea que es el mejor para usted.
- Es posible que esté tomando un medicamento que ya no se encuentra en la lista de medicamentos del nuevo año del plan y no puede cambiarlo.
- El medicamento del formulario requiere una terapia progresiva, y usted probó previamente los medicamentos de la terapia progresiva, o tiene factores clínicos que hacen que esos medicamentos progresivos no sean adecuados para usted.

La persona que le receta puede enviarnos una solicitud de excepción del formulario mediante el proceso y el formulario de autorización previa descritos en la sección anterior.

Se pueden considerar excepciones cuando no se pueden usar las opciones del formulario o se cumplen otros requisitos. El medicamento debe ser seguro y efectivo para su condición médica. Su médico debe emitir su receta para la cantidad usual de medicamento para usted. Podemos considerar una excepción bajo las siguientes condiciones:

- Existe documentación de una necesidad específica en su historia clínica.
- Su médico ha certificado que probó los medicamentos del formulario y que no le ayudaron en el pasado.
- Su médico ha certificado que las opciones le han causado daño o la persona que le receta razonablemente prevé que le causarán daño, o que son ineficaces debido a las características clínicas de su afección.

Si se aprueba la solicitud, le enviaremos una carta a la persona que le receta. Si la solicitud no es aprobada, le enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos para el seguimiento. Si no está de acuerdo con los motivos de la denegación, puede apelar la decisión. Su médico puede solicitar una revisión de excepción externa.

Los plazos de revisión y las condiciones se encuentran en la sección “Autorización previa” de esta guía.

### ¿Existen medicamentos u otros productos que no estén cubiertos en absoluto?

Los medicamentos no cubiertos u otros productos, como las exclusiones de beneficios, no están cubiertos en absoluto. No se puede aprobar su cobertura por excepción al formulario. Su plan no cubre ciertos tipos de medicamentos que se enumeran como exclusiones de beneficios en la póliza del plan. Para obtener más información, consulte las secciones de su Acuerdo (póliza) tituladas “Medicamentos no cubiertos” y “Exclusiones”.

# **Quejas y apelaciones**

Puede presentar una queja o reclamo comunicándose con el Centro de Atención al Cliente al **1 (855) 885-3176**. Si no aprobamos su solicitud de medicamentos, se incluirá un aviso de derechos a apelar la decisión en el aviso de acción. Para obtener más información, consulte la sección de su Acuerdo (póliza) que cubre “Quejas y apelaciones”. Puede encontrar una copia del Acuerdo, también llamada Evidencia de Cobertura, en MolinaMarketplace.com.

## ¿Cuáles son los requisitos y límites en la lista de medicamentos?

Se pueden establecer requisitos y límites para ciertos medicamentos. Los medicamentos pueden tener los siguientes requisitos y limitaciones:

Requisitos/Límites	Descripción
<b>AGE</b>	Se aplican límites de edad. Solo pagamos este medicamento o forma farmacéutica para determinados grupos de edad según la información sobre la seguridad, la eficacia y el costo del medicamento.
<b>MED</b>	Se aplican límites de dosis equivalente de morfina (Morphine Equivalent Dose, MED). Las cantidades de este medicamento están limitadas al equivalente (“EQ”) de 90 miligramos de morfina por día de suministro surtido.
<b>OTC</b>	Las formas farmacéuticas de venta libre (Over-The-Counter, OTC) están cubiertas en la lista de medicamentos con una receta válida de un proveedor.
<b>PA</b>	Se requiere Autorización previa (Prior Authorization, PA). Requerimos la aprobación anticipada de la cobertura de algunos medicamentos antes de que se paguen. Si se requiere autorización previa para un medicamento o forma farmacéutica, los proveedores deben demostrar que tiene un uso médicaamente aceptado para el medicamento y otros tratamientos no han funcionado o no son apropiados. Es posible que se apliquen otros requisitos según el medicamento.
<b>QL</b>	Se aplican Límites de cantidad (Quantity Limits, QL). Pagaremos una cantidad diaria máxima según la información sobre el uso y el costo médicaamente aceptados del medicamento.
<b>ST</b>	Se requiere terapia progresiva (Step Therapy, ST). Si hemos pagado para que usted tenga los medicamentos requeridos para la terapia progresiva en el pasado, este medicamento se pagará en la farmacia sin necesidad de una autorización previa o una solicitud de excepción de terapia progresiva. La lista de medicamentos le mostrará qué medicamentos necesita primero y por cuánto tiempo.

Los medicamentos especializados pueden tener un comentario en la columna “Requisitos/Límites” que dice “PA de necesidad médica”. Esto significa que hay otros medicamentos especializados preferidos. Existen otros medicamentos especializados con el comentario “Medicamento de marca preferido” que pueden tratar la misma afección. Requerimos que el medicamento marcado como “Medicamento de marca preferido” se considere primero o en lugar del medicamento especializado no preferido, si corresponde.

La lista de medicamentos también indicará si un medicamento es elegible para programas de pedido por correo (**MAIL**) en la columna Requisitos/Límites. Es su elección si desea utilizar los programas de pedido por correo. Es posible que tenga un costo compartido más bajo con el pedido por correo en algunos medicamentos.
