

2024 | Formulary (List of Covered Drugs) Formulario (Lista de Medicinas Cubiertas)

Molina Healthcare of Washington, Inc Marketplace

Notice:

The information in this document is current as of January 1, 2024.

The formulary is subject to change and all previous versions of the formulary are no longer in effect. An electronic version of the formulary can be found at MolinaMarketplace.com.

Information about prescription drug cost sharing amounts can be found on our Benefits at a Glance brochure or by entering your prescription and pharmacy information into the Drug Look-Up tool.

Aviso:

La información de este documento está vigente a partir del 1 de enero de 2024.

El formulario está sujeto a cambio y todas las versiones anteriores del mismo ya no se encuentran en vigor. Puede encontrar una versión electrónica del formulario en MolinaMarketplace.com.

Puede encontrar información sobre los montos de distribución de costos para medicamentos recetados en nuestro folleto Beneficios de un vistazo o ingresando su información de receta y farmacia en la herramienta Verificar Costo de Medicamentos.

FDA Approved Contraceptives

In accordance with Washington State law (SB 6219), Molina covers all FDA approved contraceptives, not just those identified on this formulary list. For any questions, you can contact our Member Services department at 888-858-3492.

Anticonceptivos aprobados por la FDA

Conformidad con la ley de Washington (SB 6219), Molina cubre todos los anticonceptivos aprobados de la FDA, no solo los identificados en esta lista del formulario. Para preguntas, puede llamar el departamento de Servicios para Miembros al 888-858-3492.

Welcome!

Drug Formulary (List of Drugs)

Your plan has a list of drugs that are covered. The list is called the Drug Formulary. The formulary changes from plan year to plan year. Smaller updates are also made every 3 months. The drugs on the list are chosen by a group of doctors and pharmacists from your insurer and the medical community. The group meets every three months to talk about the drugs that are in the formulary. They review new drugs and changes in health care. They try to find the most effective drugs for different conditions. Changes are made to the Drug Formulary for different reasons. Reasons may include:

- Changes in medical practice
- New drugs become available
- New generics are available and take the place of previously covered branded drugs
- New state or federal drug coverage requirements
- A drug is no longer available or has a new safety issue

Molina will provide at least 60 days' notice ahead of these types of formulary updates:

- Moving the drug to a higher drug list tier, moving the drug from preferred to non-preferred status, or other changes we make to the drug list that result in higher member cost-sharing for the formulary drug
- Removing the drug from the formulary
- Adding a prior authorization requirement to the formulary drug
- Adding or updating the drug's quantity limit
- Adding a step-therapy requirement to the drug that was not previously in place

If the drug has been found to be unsafe by the US Federal Food and Drug Administration (FDA) or is taken off the market for other reasons, we may remove it from the drug list quickly and without standard notice. Your plan's most current drug list is on our website MolinaMarketplace.com. A notice of all changes is included in the drug list document with each update.

Does the drug list include injectable drugs that a Provider treats me with in a clinic or other location?

In general, drugs on the drug list are drugs your provider prescribes for you to get from a pharmacy and give to yourself. Most injectable drugs you need help from a provider to use are covered under the medical benefit instead of the prescription drug ("pharmacy") benefit. Your provider has instructions from us on how to get you approved for drugs they buy and help give to you. Some injectable drugs can be approved to get from a pharmacy using your prescription drug benefit.

I have questions about how my plan covers drugs.

This guide contains many details for common questions. You may also call us and ask specific coverage questions about a drug:

- Can my prescription be filled at a retail pharmacy?
- What is the cost sharing dollar amount for my prescription?
- What is the process for requesting a drug that has a Prior Authorization requirement?
- How can I request an exception for a drug that is not on the formulary or has step therapy requirements?
- Is my drug covered under the prescription drug benefit or the medical benefit?

Call toll-free **1-888-858-3492**, Monday through Friday, **7:30 AM – 6:30 PM PST**. If you are deaf or hard of hearing, dial 711 for the Telecommunications Service. You can also ask us to mail you a copy of the drug list.

The member handbook and the plan agreement also contain important coverage information. Please see the plan agreement for information on contraceptive coverage, benefit exclusions, hospice services, and more.

If a drug is listed on the formulary, will I be prescribed that drug?

A drug being listed on the formulary does not guarantee that your doctor will prescribe it for you. This guide lets you and your doctor know which prescription drugs are covered by your plan. Drugs that are not on this list may not be covered by your plan and may cost you more. You may ask for nonformulary drugs to be covered. Requests for nonformulary drugs will be considered for a medically accepted use when formulary options cannot be used and/or other coverage requirements are met. Details are included in this guide.

Using the Drug Formulary as your prescription drug coverage guide

How do I locate a drug that is on the drug list?

The list of drugs is organized alphabetically by therapeutic category and class using the American Hospital Formulary Service (AHFS) classification. Within category and class, drug names are also organized in alphabetical order. If you do not know the category or class for the drug you are looking for, there are two ways to search for the drug by name.

- If you are using an electronic version of the drug list, you can use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the name of the drug you are looking for in the search box.
- If you are using a print version of the drug list, you can search for the name of the drug in the Index at the end of this guide.

Drug entries on the list contain the Drug Name, Drug Tier, and other coverage details for all the drugs and items covered under your plan's prescription drug benefit.

Here are examples of how a drug may be displayed on the drug list (actual coverage may differ from this example).

Drug Name	Drug Tier	Requirements/Limits
COUMADIN TAB 1MG (<i>warfarin sodium</i>)	Tier 3	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i>	Tier 2	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i> (Jantoven)	Tier 2	QL (300 ea / 30 days); MAIL

What drug names are used on the list?

The drug list uses trademarked brand names and non-proprietary or "generic" names to show what form of the drug is covered. There are also trademarked names used by certain generic drugs. The way a drug name is shown on the drug list will tell you if the branded form, the generic form, or the trademarked generic form is what is covered. The example above shows the branded, generic, and trademarked generic forms of the drug "warfarin sodium".

When the branded form of a drug is covered, the drug name will be listed in all CAPITAL letters as its BRAND NAME. The non-proprietary or "***generic name***" for the branded drug will follow in parentheses and in all ***bold and italicized lowercase*** letters. When the generic form of the drug is covered, it is listed separately by its ***generic name(s)*** in all ***bold and italicized lowercase*** letters. A generic drug that is covered as the trademarked generic form will be listed separately

by its **generic name** followed by the trademarked name in parentheses. The trademarked generic name will be shown with the first letter of each word capitalized.

If both the brand form and the generic form for a drug are covered on the formulary, they will each be listed as separate drug entries. For example, COUMADIN and **warfarin sodium** are listed separately to show both the brand form and the generic form are covered on the formulary. In this example, a trademarked generic form (Jantoven) is also displayed. Different Drug Tier and Requirements/Limits may apply for a trademarked form versus a generic form of a drug if multiple drug forms are listed as covered on the actual drug list.

What are Drug Tiers and how do they affect my share of the drug's cost?

We put drugs on different levels called tiers based on how well they improve health, how much support may be needed to use them, and how much they cost compared to similar treatments. Non-preferred tier drugs will cost you more than preferred tier drugs.

Here are more details about which drugs are on which tiers.

Drug Tier	Description
Preventive	Tier 1 – Preventive and family planning drugs and devices (ie, contraception) with \$0 cost sharing
Preferred Generic	Tier 2 – Preferred generic drugs
Preferred Brand	Tier 3 – Preferred brand drugs
Non-Preferred Brand and Generic	Tier 4 – Non-preferred drugs, both brand name and generic; Higher cost sharing than lower tier drugs used to treat the same conditions, if available
Specialty	Tier 5 – Specialty drugs, both brand name and generic. Drugs that require special handling, complex counseling or monitoring, limited distribution, or other specialty pharmacy requirements; Depending on state rules, Molina may require Members to use a network specialty pharmacy; Some specialty drugs are only sold by certain pharmacies the drug company has chosen (“Limited Distribution”)
Durable Medical Equipment	DME – Non-drug items such as monitoring equipment and supplies covered under the pharmacy benefit; Cost sharing follows the medical benefit cost sharing for Durable Medical Equipment for non-drug items on the drug list

When coverage of nonformulary drugs is approved on formulary exception, enrollees pay the Non-Preferred Brand tier cost sharing for non-specialty drugs or the Specialty tier cost sharing for specialty drugs. Please see your plan Agreement for more details on cost sharing for formulary exceptions.

In accordance with the Affordable Care Act, your plan covers nationally recognized preventive service drugs and dosage forms (Tier 1) with \$0 cost sharing when prescribed for you to use in line with those recommendations.

Certain types of drugs covered by your plan have cost sharing limits each time you fill them. If your state has specific limits, cost sharing will be the lower of your plan design cost sharing or any limit that applies.

- There are limits on your cost sharing for insulin. The limit (\$35) applies per insulin drug, per 30-day supply. The limit does not apply to products that contain other drugs besides insulin.
- There are limits on your cost sharing for anticancer drugs taken by mouth. You will pay the lower of two rates: the applicable formulary tier cost sharing OR the chemotherapy and provider-administered drug cost sharing specified under your plan’s medical benefit.
- You have no cost sharing for mifepristone and misoprostol when prescribed to stop an early pregnancy.

How can I find more information about how much my drug will cost?

Information about prescription drug cost sharing amounts can be found in our Benefits-at-a-Glance brochure or by entering prescription information into the "Search Drugs" tool at MolinaMarketplace.com. This tool will provide an estimate of your cost for formulary drugs. If you create an account with Caremark.com before using the tool, your plan design information will also be used to more closely estimate actual prices you pay at the pharmacy.

How do I find if there are lower cost drug options that are right for me?

Rx Savings Solutions® can help you find the lowest price and in-network pharmacy for medications you take. To register for savings alerts, log into the My Molina portal or call Rx Savings Solutions® at 1 (800) 492-1051.

Birth Control Benefits Summary

Your plan covers birth control services, prescription drugs, and formulary over-the-counter (OTC) products with \$0 member cost sharing. Plan pharmacy network and formulary rules apply.

The drug list shows the birth control products covered with a doctor's prescription or over-the-counter when billed by a network pharmacy. We cover up to a 12-month supply of prescribed birth control at a time. Here are some examples of covered products:

Barrier products (condoms, caps, and diaphragms), birth control pills, patches, vaginal rings, intrauterine devices, injections and injected devices, and emergency birth control or "morning after" pills (prescription and OTC).

There are no requirements to try other drugs first or to get prior authorization for covered birth control products.

Under state rules, qualified pharmacists may be able to dispense certain prescription or over-the-counter birth control products to you using your pharmacy benefit without a doctor's prescription. You can also buy OTC birth control listed on the formulary and mail a refund request with your receipt using a "Prescription Reimbursement Claim Form". This form is on MolinaMarketplace.com under Members "Forms and Documents". Please note, if purchasing OTC birth control products or using an out-of-network pharmacy, Molina will reimburse you up to the allowed amount we pay network pharmacies for the same formulary product.

Finding a pharmacy to fill a prescription

Pharmacy Network

Your plan has networks of retail, mail order, and specialty pharmacies that can process and dispense medications using your coverage. To locate an in-network pharmacy, please use the "Find a Pharmacy" tool at MolinaMarketplace.com. The tool allows you to search pharmacies by zip code, city, country, and state. You can limit search results based on distance, or other specific criteria like store name, language spoken, or services offered.

Specialty Pharmacy

Molina has a network of specialty pharmacies that can process and dispense specialty medications. Specialty medications are placed on the Specialty tier. Some medications have limited distribution. Limited distribution means the medication is only sold by certain pharmacies.

Molina's Pharmacy Benefit Manager, CVS Caremark, has a specialty pharmacy that provides clinical support to help enrollees manage their medications and conditions. Most specialty medications require Prior Authorization before they

are covered. A prescriber can submit Prior Authorization requests directly to Molina or send a prescription to CVS to begin the process. If mail delivery of the specialty medication is not an option for the enrollee, CVS offers the option to ship the medication to a local CVS pharmacy for pickup.

CVS Pharmacy Help Desk can be contacted by calling 1 (888) 407-6425 or visiting CVSSpecialty.com

Mail Order Pharmacy

Your plan has a network of Mail Order pharmacies that can process and dispense up to 90 days' supply of eligible medications. Eligible medications are marked "MAIL" on the formulary.

Your plan's Pharmacy Benefit Manager has a Mail Order pharmacy. To have prescriptions filled through their service the provider or enrollee can call the FastStart® toll-free number at 1 (800) 875-0867 Monday through Friday 7:00 a.m. to 7:00 p.m. or go to Caremark.com.

Out-of-Network Pharmacy

If the in-network pharmacies do not meet your needs an exception can be requested to obtain authorization to use a pharmacy outside of network. Exceptions will be reviewed for medical necessity on a case-by-case basis.

Prescription Claims Processor

We have selected CVS Caremark® as the Pharmacy Benefit Manager ("PBM") to manage the prescription benefit for your plan. Questions on processing claims, formulary status or rejected claims may be directed to the CVS Caremark Help Desk at 1 (888) 407-6425.

Membership, cost sharing, prescription drug benefit information, and eligibility concerns may be addressed by calling our Customer Support Center at **1-888-858-3492**. Member Services is available Monday through Friday **7:30 AM – 6:30 PM PST**.

Prescribers and pharmacies may contact our Provider Services Help Desk at **1-855-322-4082**.

Urgent and After-Hours Medication Policy

To prevent an enrollee's condition from worsening in an urgent situation, it may be necessary to dispense a 72-hour supply of an acute medication before Prior Authorization has been reviewed (e.g., an enrollee is discharged from a hospital after regular business hours with a special antibiotic prescription).

Pharmacies are instructed to use their professional judgment. We will reimburse pharmacies for a 72-hour supply of an acute medication at contracted rates for these prescriptions. Pharmacies may contact the CVS Caremark® Help Desk at 1 (888) 407-6425 to obtain an override for a 72-hour supply.

Pharmacies may call us at **1-855-322-4082** on the following business day to obtain authorization to allow the urgent or after-hours prescription to process on-line. It is advised and expected that the pharmacy will provide reasonable documentation of cases where medications were dispensed under these urgent circumstances.

Refill Timing, Synchronization, and Proration

In general, 30-day supplies of medications can be refilled when 85% of the predicted days of use have passed from the date of the prior fill. Please see the "Proration and Synchronization" section of your plan agreement for any drugs that have special refill timing. Your pharmacy or provider can ask to override refill timing limits in order to synchronize the fill dates of your medications by contacting the CVS Caremark® Help Desk at 1 (888) 407-6425. If shorter or longer day supplies are dispensed to synchronize your medications, your cost sharing on those supplies will be prorated.

Prior authorization and exception request procedure

Prior authorization

Drugs that require advanced approval for coverage are reviewed against standard rules to determine medical necessity. Providers must show you have a medically accepted use for the drug and that other treatments have not worked for you or are not clinically appropriate. Other requirements may apply depending on the drug. We may require certain test results to show a drug is right for you. This may be true for Specialty Drugs used to treat long term or other rare conditions. An enrollee's response to drug samples from a provider or a drug maker will not be considered as a reason to bypass standard rules for coverage.

Your provider may fax a completed drug Prior Authorization form to us at **1-800-869-7791**. The clinical policies and forms may be obtained at our website MolinaMarketplace.com. Your provider may also use CoverMyMeds® or Surescripts® to submit your request electronically.

If your prescription requires a Prior Authorization or Formulary Exception, your provider can ask for the request to be reviewed as an Urgent Circumstance.

- Any request that is not for an Urgent Circumstance is considered a Standard Exception request.
- A request is considered urgent if it is for treating a health condition that may seriously jeopardize your life, health, or ability to regain maximum function.

We will reach a decision no later than:

- 24 hours following receipt of request with Urgent Circumstances.
- 72 hours following receipt of request with Standard Circumstances.

If the request is approved, we will send a letter to you and your doctor. We will tell you how long the request is approved for before renewal of the authorization is required. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up.

Requesting an Exception

Can I have a drug covered if it is not on the formulary or does not follow plan requirements such as step therapy?

Molina members can request coverage of clinically appropriate drugs that are not on the formulary, or have "fail first" or other requirements that have not been met. Drugs that are not on the formulary may not be covered by the plan. These drugs may cost members more than similar drugs that are on the formulary if covered on "exception," as described in the next sections. To ask for nonformulary drugs to be covered, a provider can submit a formulary exception request on a member's behalf. These requests will be considered for a medically accepted use when formulary options cannot be used, and other coverage requirements are met. A member's response to drug samples from a provider or a drug maker is not a reason to bypass standard rules for plan drug coverage.

Formulary drugs are typically prescribed by providers for members to get from a pharmacy and give themselves. Most injectable drugs that require a provider's help are covered under the medical benefit instead of the pharmacy benefit. Providers have instructions from Molina on how to get advanced approval for members' drugs. Some injectable drugs can be approved through the exceptions process to get from a pharmacy using the plan pharmacy benefit.

Are there any drugs or other products that are not covered at all?

Non-covered drugs or other products such as benefit exclusions are not covered at all. They cannot be approved for coverage by formulary exception. Your plan does not cover certain types of drugs that are listed as benefit exclusions in the plan policy. For more information refer to the sections in your Agreement (policy) titled “Non-Covered Drugs” and “Exclusions”.

How do I request a Formulary Exception?

The process for requesting a formulary exception is the same for requesting prior authorization on formulary drugs that require advanced approval for coverage. Requests are reviewed against standard rules to determine medical necessity.

A provider may fax a completed **Prior Authorization/Medication Exception Request** form to Molina at **1 (800) 869-7791**. The form may be obtained on MolinaMarketplace.com at the provider forms and documents page. The form must be completed and include all medical information. Otherwise, it will not be accepted. Your provider may also use CoverMyMeds® or Surescripts® to submit your request electronically.

A member stabilized on a nonformulary drug may remain on the drug during the formulary exception review process by requesting an emergency fill. To request an emergency fill, the pharmacy can call **1 (800) 213-5525, Option 1-2-2**. Trials of drug samples from a prescriber or a drug manufacturer will not be considered as current treatment.

Molina will grant a formulary exception if its reviewers determine the supporting information shows any of the following:

- The member has a medical contraindication to formulary or required drug(s)
- The required drug(s) will likely cause a clinically predictable adverse reaction if taken by the member
- The required drug is expected to be ineffective based on the member’s documented clinical characteristics
- The member has tried the required drug, a related drug, or a drug that works in a similar way, and discontinued it due to lack of effectiveness, loss of effect, or adverse event
- The member is established on the drug as a current treatment with documentation of a positive therapeutic outcome and switching to the required drug will likely cause clinically predictable adverse reactions or harm
- The supporting medical information clearly shows formulary or required drugs are not in the member’s best interest, because they are likely to:
 - Present a barrier to treatment plan adherence, or
 - Negatively impact a member’s comorbid condition, or
 - Cause a clinically predictable negative drug interaction, or
 - Decrease the member’s ability to achieve or maintain reasonable functional ability in performing daily activities

After receiving all the needed information from the member’s provider, Molina will notify the member’s treating provider of approval or denial of the request:

- Within 72 hours for standard requests, and
- Within 24 hours for urgent requests

Urgent exception requests apply when a member is experiencing a health situation that may seriously jeopardize their life, health, or ability to regain maximum function, or when a member is undergoing a current course of treatment using a nonformulary drug.

If the request is denied, Molina Healthcare will send a letter to the member and their prescriber. The letter will explain why the drug or product was denied. The prescriber may request to discuss the denial with Molina. If the member disagrees with the denial of the request, the member can appeal Molina's coverage decision. The prescriber may also request that an Independent Review Organization (IRO) review Molina's coverage decision during an appeal. The IRO will notify the requestor of the IRO decision no later than:

- 72 hours following receipt of an appeal of a denied standard exception request
- 24 hours following receipt of an appeal on a denied urgent exception request

Complaints and Appeals

You may file a grievance or complaint by contacting the Molina Customer Support Center at **1-888-858-3492**. If we do not approve your drug request, a notice of rights to appeal the decision will be included in the notice of action. For more information refer to the section in your Agreement (policy) that covers "Complaints and Appeals". A copy of the Agreement, also called the Evidence of Coverage, can be found on MolinaMarketplace.com.

CoverMyMeds®, Rx Savings Solutions®, and Surescripts® are registered trademarks of third parties belonging to their respective companies.

Legend

What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

Requirements/Limits	Description
AGE	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
MED	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
OTC	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
PA	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for. If Prior Authorization is required for a drug or dosage form, providers must show you have a medically accepted use for the drug and other treatments have not worked or are not appropriate. Other requirements may apply depending on the drug.
QL	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
ST	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.

Specialty drugs may have a comment in the "Requirements/Limits" column that reads "Medical Necessity PA". This means there are other Specialty drugs that are preferred. There are other Specialty drugs with a comment "Preferred Brand" that may treat the same condition. We require that the drug marked "Preferred Brand" be considered first or instead of the non-preferred Specialty drug, if appropriate.

The drug list will also indicate if a drug is eligible for Mail Order (**MAIL**) programs in the Requirements/Limits column. It is your choice if you want to use Mail Order programs. You may have lower cost sharing using Mail Order on some drugs.

Your plan also covers up to 90-day supplies in person at CVS retail pharmacies on the same drugs that are eligible for Mail Order.

¡Bienvenido!

Formulario de medicamentos (Lista de medicamentos)

Su plan tiene una lista de medicamentos que están cubiertos. La lista se conoce como Formulario de medicamentos. El formulario cambia de un año del plan a otro. También se realizan actualizaciones menores cada 3 meses. Los medicamentos de la lista son elegidos por un grupo de médicos y farmacéuticos de su aseguradora y de la comunidad médica. El grupo se reúne cada tres meses para hablar sobre los medicamentos que están en el formulario. Revisan los nuevos medicamentos y los cambios en la atención de salud. Tratan de encontrar los medicamentos más eficaces para diferentes condiciones. Se hacen cambios en el Formulario de medicamentos por diferentes razones. Las razones pueden incluir:

- Cambios en la práctica médica.
- Disponibilidad de nuevos medicamentos.
- Disponibilidad de nuevos medicamentos genéricos y reemplazo de medicamentos de marca cubiertos anteriormente.
- Nuevos requisitos estatales o federales de cobertura de medicamentos.
- Un medicamento ya no está disponible o tiene un nuevo problema de seguridad.

Molina proporcionará un aviso con al menos 60 días de anticipación sobre estos tipos de actualizaciones del formulario:

- Pasar el medicamento a un nivel más alto de la lista de medicamentos, pasar el medicamento del estado preferido al no preferido, u otros cambios que hagamos en la lista de medicamentos que resulten en un costo compartido más alto para el miembro para el medicamento del formulario.
- Eliminación del medicamento del formulario.
- Incorporación de un requisito de autorización previa al medicamento del formulario.
- Incorporación o actualización del límite de cantidad del medicamento.
- Incorporación de un requisito de terapia progresiva al medicamento que antes no existía.

Si la Administración Federal de Alimentos y Medicamentos (Food and Drug Administration, FDA) de EE. UU. determina que el medicamento no es seguro o si se retira del mercado por otras razones, podemos eliminarlo de la lista de medicamentos rápidamente y sin previo aviso. La lista de medicamentos más actualizada de su plan se encuentra en nuestro sitio web MolinaMarketplace.com. Se incluye un aviso de todos los cambios en el documento de la lista de medicamentos con cada actualización.

¿Incluye la lista de medicamentos inyectables con los que un proveedor me brinda tratamiento en una clínica u otro lugar?

En general, los medicamentos de la lista de medicamentos son fármacos que su proveedor le receta para que usted los obtenga en una farmacia y se los administre usted mismo. La mayoría de los medicamentos inyectables donde usted necesite la ayuda de un proveedor para su administración se cubren bajo el beneficio médico en lugar del beneficio de medicamentos recetados (“farmacia”). Su proveedor tiene instrucciones nuestras sobre la manera de obtener una aprobación para los medicamentos que compran y ayudan a entregarle. Es posible obtener aprobación para adquirir algunos medicamentos inyectables en una farmacia mediante el beneficio de medicamentos recetados.

Tengo preguntas sobre de qué manera mi plan cubre los medicamentos.

Esta guía contiene muchos detalles para preguntas frecuentes. También puede llamarnos y hacer preguntas específicas de cobertura sobre un medicamento:

- ¿Puedo adquirir mi medicamento en una farmacia minorista?
- ¿Cuál es el monto en dólares del costo compartido para mi receta?
- ¿Cuál es el proceso para solicitar un medicamento que tiene un requisito de Autorización Previa?
- ¿Cómo puedo solicitar una excepción para un medicamento que no está en el formulario o tiene requisitos de terapia progresiva?
- ¿Está cubierto mi medicamento por el beneficio de medicamentos recetados o por el beneficio médico?

Llámenos gratis al **1-888-858-3492**, de lunes a viernes, **de 7:30 a. m. a 6:30 p. m., hora estándar del Pacífico**. Si usted es sordo o tiene problemas de audición, marque el 711 para el Servicio de Telecomunicaciones. También puede pedirnos que le enviemos por correo postal una copia de la lista de medicamentos.

El manual del miembro y el acuerdo del plan también contienen información importante sobre la cobertura. Consulte el acuerdo del plan para obtener información sobre cobertura de anticonceptivos, exclusiones de beneficios, servicios de cuidados paliativos y más.

Si un medicamento está incluido en el formulario, ¿se me recetará ese medicamento?

Un medicamento incluido en el formulario no garantiza que su médico se lo vaya a recetar a usted. Esta guía les permite a usted y a su médico saber qué medicamentos recetados están cubiertos por su plan. Es posible que su plan no cubra los medicamentos que no están en esta lista y que el costo sea mayor. Puede pedir que se cubran medicamentos que están fuera del formulario. Las solicitudes de medicamentos que están fuera del formulario se considerarán para un uso médicamente aceptado cuando no se puedan usar las opciones incluidas en el formulario o se cumplan otros requisitos de cobertura. Los detalles están incluidos en esta guía.

Uso del Formulario de medicamentos como su guía de cobertura de medicamentos recetados

¿Cómo ubico un medicamento que está incluido en la lista de medicamentos?

La lista de medicamentos está organizada alfabéticamente por categoría y clase terapéutica utilizando la clasificación del American Hospital Formulary Service (AHFS). Dentro de la categoría y la clase, los nombres de los medicamentos también se organizan por orden alfabético. Si no conoce la categoría o clase del medicamento que está buscando, hay dos formas de buscar el medicamento por nombre.

- Si está usando una versión electrónica de la lista de medicamentos, puede usar la función de búsqueda de PDF al presionar Ctrl + F en el teclado de su computadora. Escriba el nombre del medicamento que está buscando en el cuadro de búsqueda.
- Si está utilizando una versión impresa de la lista de medicamentos, puede buscar el nombre del medicamento en el Índice al final de esta guía.

Las entradas de medicamentos en la lista contienen el Nombre del medicamento, Categoría del medicamento y otros detalles de cobertura para todos los medicamentos y artículos cubiertos por el beneficio de medicamentos recetados de su plan.

Estos son ejemplos de cómo puede aparecer un medicamento en la lista de medicamentos (la cobertura real puede diferir de este ejemplo).

Nombre del medicamento	Categoría de medicamento	Requisitos/Límites
-------------------------------	---------------------------------	---------------------------

COUMADIN TAB 1MG (warfarin sodium)	Tier 3	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg	Tier 2	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg (Jantoven)	Tier 2	QL (300 ea / 30 days); MAIL

¿Qué nombres de medicamentos se utilizan en la lista?

La lista de medicamentos utiliza marcas registradas y nombres comunes o “genéricos” para mostrar la forma del medicamento que está cubierta. También hay marcas registradas utilizadas por ciertos medicamentos genéricos. La forma en que se muestra el nombre de un medicamento en la lista de medicamentos le indicará si está cubierta la forma de marca, la forma genérica o la forma genérica de marca registrada. El ejemplo anterior muestra la forma de marca, genérica y genérica de marca registrada del medicamento “warfarin sodium”.

Cuando la forma de marca de un medicamento está cubierta, el nombre del medicamento aparecerá en letras MAYÚSCULAS como su NOMBRE DE MARCA. El nombre no de propiedad exclusiva o “**nombre genérico**” para el medicamento de marca seguirá entre paréntesis y en letras totalmente en **negrita y minúsculas cursivas**. Cuando la forma genérica del medicamento está cubierta, aparece por separado por sus **nombres genéricos** en letras totalmente en **negrita y minúsculas cursivas**. Un medicamento genérico que está cubierto como la forma genérica de marca registrada aparecerá por separado por su **nombre genérico** seguido del nombre de la marca registrada entre paréntesis. El nombre genérico de marca registrada se mostrará con la primera letra de cada palabra en mayúscula.

Si tanto la forma de marca como la forma genérica de un medicamento están cubiertas en el formulario, cada una aparecerá como entradas de medicamentos separadas. Por ejemplo, COUMADIN y **warfarin sodium** se enumeran por separado para mostrar que tanto la forma de marca como la forma genérica están cubiertas en el formulario. En este ejemplo, también se muestra una forma genérica de marca registrada (Jantoven). Es posible que se apliquen diferentes Categorías de medicamentos y Requisitos/límites para la forma de marca registrada en comparación con una forma genérica de un medicamento si figuran varias formas de medicamentos como cubiertas en la lista de medicamentos real.

¿Qué son las Categorías de medicamentos y cómo afectan mi parte del costo del medicamento?

Clasificamos los medicamentos en diferentes niveles, llamados categorías, en función de qué tan bien mejoran la salud, cuánto apoyo se puede necesitar para usarlos y cuánto cuestan en comparación con tratamientos similares. Los medicamentos de categoría No preferido le costarán más que los medicamentos de categoría Preferido.

A continuación, encontrará más detalles sobre los medicamentos que se encuentran en cada categoría.

Categoría de medicamento	Descripción
Medicamentos preventivos	Tier 1: medicamentos y dispositivos preventivos y de planificación familiar (es decir, anticonceptivos) con un costo compartido de \$0
Medicamentos genéricos preferidos	Tier 2: medicamentos genéricos preferidos
Medicamentos de marca	Tier 3: medicamentos de marca preferidos
Medicamentos genéricos y de marca no preferidos	Tier 4: los medicamentos no preferidos, tanto de marca como genéricos; mayor costo compartido que los medicamentos de categoría inferior que se utilizan para tratar las mismas enfermedades, si están disponibles.

Medicamentos especializados

Tier 5: medicamentos especializados, tanto de marca como genéricos. Medicamentos que requieren manejo especial, asesoramiento o control complejo, distribución limitada u otros requisitos de farmacia especializada; según las normas del estado, Molina puede exigir a los miembros que usen una farmacia especializada de la red; algunos medicamentos especializados solo los venden ciertas farmacias que la compañía farmacéutica ha elegido (“Distribución limitada”).

Equipo médico duradero

DME: artículos que no son medicamentos, como equipos de control y suministros cubiertos por el beneficio de farmacia; el costo compartido sigue el costo compartido de beneficios médicos para el equipo médico duradero para artículos que no son medicamentos en la lista de medicamentos

Cuando se aprueba la cobertura de medicamentos fuera del formulario por excepción del formulario, los afiliados pagan el costo compartido de la categoría de medicamento de marca no preferido para los medicamentos no especializados o el costo compartido de la categoría de Medicamentos especializados para los medicamentos especializados. Consulte el Acuerdo de su plan para obtener más detalles sobre los costos compartidos para las excepciones al formulario.

De acuerdo con la Ley del Cuidado de Salud a Bajo Precio, su plan cubre medicamentos y formas farmacéuticas de servicios preventivos reconocidos a nivel nacional (Tier 1) con un costo compartido de \$0 cuando se le recetan para que los use de acuerdo con esas recomendaciones.

Ciertos tipos de medicamentos cubiertos por su plan tienen límites de costos compartidos cada vez que los surta. Si su estado tiene límites específicos, el costo compartido será el menor entre los costos compartidos del diseño de su plan y cualquier límite que se aplique.

- Hay límites en el costo compartido de la insulina. El límite (\$35) se aplica por medicamento de insulina, por suministro de 30 días. El límite no se aplica a los productos que contienen otros medicamentos además de la insulina.
- Hay límites en el costo compartido de los medicamentos contra el cáncer que se toman por vía oral. Usted pagará la menor de dos tarifas: el costo compartido correspondiente a la categoría del formulario o el costo compartido de quimioterapia y medicamentos administrados por el proveedor especificado en el beneficio médico de su plan.
- Usted no tiene costos compartidos para mifepristone y misoprostol cuando se recetan para interrumpir un embarazo en etapa temprana.

¿Cómo puedo encontrar más información sobre cuánto costará mi medicamento?

Puede encontrar información sobre los costos compartidos de los medicamentos recetados en nuestro folleto Descripción general de beneficios, o ingresando la información de la receta en la herramienta “Search Drugs” (“Buscar medicamentos”) en MolinaMarketplace.com. Esta herramienta le proporcionará una estimación del costo de los medicamentos del formulario. Si crea una cuenta en Caremark.com antes de usar la herramienta, la información del diseño de su plan también se usará para estimar mejor los precios reales que paga en la farmacia.

¿Cómo averiguo si hay opciones de medicamentos de menor costo que sean adecuadas para mí?

Rx Savings Solutions® puede ayudarle a encontrar el precio más bajo y una farmacia dentro de la red para los medicamentos que toma. Para registrarse para recibir alertas de ahorro, inicie sesión en el portal My Molina o llame a Rx Savings Solutions® al 1 (800) 492-1051.

Resumen de Beneficios de Anticoncepción

Su plan cubre servicios de anticoncepción, medicamentos recetados y productos de venta libre (over-the-counter, OTC) dentro del formulario con un costo compartido de \$0. Se aplican las reglas de la red de farmacias del plan y del formulario.

La lista de medicamentos muestra los productos anticonceptivos cubiertos con receta médica o de venta libre cuando los factura una farmacia de la red. Cubrimos un suministro de hasta 12 meses de anticonceptivos con receta médica de una sola vez. Estos son algunos ejemplos de productos cubiertos:

Productos de barrera (preservativos, capuchones cervicales y diafragmas), píldoras anticonceptivas, parches, anillos vaginales, dispositivos intrauterinos, inyecciones y dispositivos inyectados, y píldoras anticonceptivas de emergencia o del día después (con receta y de venta libre).

No hay requisitos de probar otros medicamentos antes ni obtener autorización previa para los productos anticonceptivos cubiertos.

Según las normas estatales, los farmacéuticos aprobados pueden entregarle ciertos productos anticonceptivos de venta libre o con receta médica mediante su beneficio de farmacia sin la receta de un doctor. También puede adquirir anticonceptivos de venta libre que figuren en el formulario y enviar una solicitud de reembolso junto con su recibo mediante un "Formulario de reclamación de reembolso de receta". Este formulario se encuentra en [MolinaMarketplace.com](https://www.molina.com) en la sección "Formularios y documentos" para miembros. Tenga en cuenta que si compra productos anticonceptivos de venta libre o usa una farmacia fuera de la red, Molina le reembolsará hasta el monto permitido que pagamos a las farmacias de la red por el mismo producto del formulario.

Encontrar una farmacia para surtir una receta

Red de Farmacias

Su plan tiene redes de farmacias minoristas, de pedido por correo y especializadas que pueden procesar y entregar medicamentos mediante uso de su cobertura. Para ubicar una farmacia dentro de la red, utilice la herramienta "Find a Pharmacy" (Encontrar una farmacia) en [MolinaMarketplace.com](https://www.molina.com).

La herramienta le permite buscar farmacias por código postal, ciudad, país y estado. Puede limitar los resultados de búsqueda en función de la distancia u otros criterios específicos, como el nombre de la tienda, el idioma o los servicios ofrecidos.

Farmacia de especialidad

Molina cuenta con una red de farmacias de especialidad que pueden procesar y entregar medicamentos especializados. Los medicamentos especializados tienen asignada la categoría de Medicamentos especializados. Algunos medicamentos tienen distribución limitada. La distribución limitada significa que el medicamento solo se vende en ciertas farmacias.

El administrador de beneficios de farmacia de Molina, CVS Caremark, tiene una farmacia de especialidad que brinda apoyo clínico para ayudar a los afiliados a administrar sus medicamentos y afecciones. La mayoría de los medicamentos especializados requieren autorización previa antes de tener cobertura. La persona que le receta puede enviar solicitudes de autorización previa directamente a Molina o enviar una receta a CVS para comenzar el proceso. Si la entrega por correo del medicamento especializado no es una opción para el afiliado, CVS ofrece la opción de enviar el medicamento a una farmacia CVS local para retirar.

Puede comunicarse con el servicio de asistencia de CVS Pharmacy al 1 (888) 407-6425 o visite [CVSSpecialty.com](https://www.CVSSpecialty.com)

Farmacia de pedido por correo

Su plan tiene una red de farmacias de pedidos por correo que pueden procesar y entregar un suministro de hasta 90 días de medicamentos elegibles. Los medicamentos elegibles están marcados como “MAIL” en el formulario.

El administrador de beneficios de farmacia de su plan tiene una farmacia de pedido por correo. Para surtir recetas a través de su servicio, el proveedor o afiliado puede llamar al número gratuito de FastStart® al 1 (800) 875-0867 de lunes a viernes, de 7 a. m. a 7 p. m. o visite Caremark.com.

Farmacia fuera de la red

Si las farmacias de la red no satisfacen sus necesidades, se puede solicitar una excepción para obtener autorización para usar una farmacia fuera de la red. Se revisará la necesidad médica de las excepciones caso por caso.

Procesador de reclamaciones de recetas

Hemos seleccionado a CVS Caremark® como el administrador de beneficios de farmacia (“PBM”) para administrar el beneficio de recetas para su plan. Las preguntas sobre el procesamiento de reclamaciones, el estado del formulario o las reclamaciones rechazadas pueden dirigirse al servicio de asistencia de CVS Caremark al 1 (888) 407-6425.

Las inquietudes sobre membresía, costos compartidos, beneficios de medicamentos recetados y elegibilidad pueden abordarse llamando a nuestro Centro de atención al cliente al **1-888-858-3492** Servicios para miembros está disponible de lunes a viernes, **de 7:30 a. m. a 6:30 p. m., hora estándar del Pacífico.**

Las personas que recetan y las farmacias pueden comunicarse con nuestro Servicio de Asistencia para Proveedores al **1 - 855 -322-4082.**

Política de medicamentos urgentes y fuera del horario de atención

Para evitar que la condición de un afiliado empeore en una situación urgente, puede ser necesario entregar un suministro de 72 horas de un medicamento agudo antes de que se haya revisado la Autorización previa (p. ej., un afiliado es dado de alta de un hospital después del horario de atención habitual con una receta de antibióticos).

Las farmacias deberán ejercer su criterio profesional. Reembolsaremos a las farmacias por un suministro de 72 horas de un medicamento agudo a las tarifas contratadas para estas recetas. Las farmacias pueden comunicarse con el servicio de asistencia de CVS Caremark® al 1 (888) 407-6425 para obtener una anulación de un suministro de 72 horas.

Las farmacias pueden llamarnos al **1-855-322-4082** al siguiente día hábil para obtener la autorización que permita tramitar en línea la receta urgente o fuera de horario. Se recomienda y se espera que la farmacia proporcione documentación razonable de los casos en los que se entregaron medicamentos en estas circunstancias urgentes.

Plazos de resurtido, sincronización y prorrateo

En general, los suministros de medicamentos para 30 días se pueden resurtir cuando ya transcurrieron el 85 % de los días de uso previstos desde la fecha del resurtido anterior. Consulte la sección “Prorrateo y sincronización” de su acuerdo del plan para conocer los medicamentos que tienen un plazo de resurtido especial. Su farmacia o proveedor pueden solicitar que se anulen los plazos límite de resurtido para sincronizar las fechas de surtido de sus medicamentos comunicándose con el servicio de asistencia de CVS Caremark® al 1 (888) 407-6425. Si se despachan suministros para más o menos días para sincronizar sus medicamentos, su costo compartido en esos suministros será prorrateado.

Procedimiento de solicitud de autorización previa y excepción

Autorización previa

Los medicamentos que requieren aprobación anticipada para la cobertura se revisan según las reglas estándar para determinar la necesidad médica. Los proveedores deben demostrar que tiene un uso médicamente aceptado para el medicamento y que otros tratamientos no han funcionado para usted o no son apropiados desde el punto de vista clínico. Es posible que se apliquen otros requisitos según el medicamento. Es posible que necesitemos ciertos resultados de pruebas para demostrar que un medicamento es adecuado para usted. Esto puede ser cierto para los Medicamentos especializados que se usan para tratar afecciones a largo plazo u otras afecciones infrecuentes. La respuesta de un afiliado a las muestras de medicamentos de un proveedor o fabricante de medicamentos no se considerará como una razón para eludir las reglas estándar de cobertura.

Su proveedor puede enviarnos por fax un formulario de Autorización previa de medicamentos completo al **1-800-869-7791**. Las políticas y formularios clínicos se pueden obtener en nuestro sitio web MolinaMarketplace.com. Su proveedor también puede usar CoverMyMeds® o Surescripts® para enviar su solicitud electrónicamente.

Si su receta requiere una Autorización previa o una Excepción del formulario, su proveedor puede solicitar que se revise la solicitud como una Circunstancia urgente.

- Cualquier solicitud que no sea para una Circunstancia urgente se considerará como solicitud de Excepción estándar.
- Una solicitud se considera urgente si es para el tratamiento de una afección de salud que puede poner en grave peligro su vida, su salud o su capacidad para recuperar su función máxima.

Llegaremos a una decisión a más tardar:

- 24 horas después de recibir la solicitud de Circunstancias urgentes.
- 72 horas después de recibir la solicitud de circunstancias estándares.

Si se aprueba la solicitud, les enviaremos una carta a usted y a su médico. Le informaremos por cuánto tiempo se aprueba la solicitud antes de que se requiera la renovación de la autorización. Si la solicitud no es aprobada, le enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos para el seguimiento.

Cómo solicitar una Excepción

¿Puedo tener cobertura de un medicamento si no está en el formulario o no sigue los requisitos del plan, como la terapia progresiva?

Los miembros de Molina pueden solicitar la cobertura de medicamentos clínicamente apropiados que no están en el formulario, o que tienen requisitos de “no haber tenido eficacia primero” u otros requisitos que no se han cumplido. Es posible que el plan no cubra los medicamentos que no forman parte del formulario. Para los miembros, estos medicamentos pueden ser más costosos que los medicamentos similares que están en el formulario si están cubiertos por una “excepción”, según se describe en las siguientes secciones. Para solicitar que se cubran los medicamentos que no están en el formulario, un proveedor puede presentar una solicitud de excepción del formulario en nombre de un miembro. Estas solicitudes se considerarán para un uso médicamente aceptado cuando no se puedan usar las opciones incluidas en el formulario y se cumplan otros requisitos de cobertura. La respuesta de un miembro a las muestras de medicamentos de un proveedor o fabricante de medicamentos no es una razón para eludir las reglas estándar de la cobertura de medicamentos del plan.

Los medicamentos del formulario generalmente son recetados por los proveedores para que los miembros los obtengan en una farmacia y se los administren ellos mismos. La mayoría de los medicamentos inyectables que requieren ayuda de un proveedor para su administración se cubren bajo el beneficio médico en lugar del beneficio de farmacia. Los proveedores cuentan con instrucciones de Molina sobre la manera de obtener una aprobación anticipada de los medicamentos para los miembros. Es posible obtener aprobación por medio del proceso de excepciones para adquirir algunos medicamentos inyectables en una farmacia mediante el beneficio de farmacia del Plan.

¿Existen medicamentos u otros productos que no estén cubiertos en absoluto?

Los medicamentos no cubiertos u otros productos, como las exclusiones de beneficios, no están cubiertos en absoluto. No se puede aprobar su cobertura por excepción al formulario. Su plan no cubre ciertos tipos de medicamentos que se enumeran como exclusiones de beneficios en la póliza del plan. Para obtener más información, consulte las secciones de su Acuerdo (póliza) tituladas “Medicamentos no cubiertos” y “Exclusiones”.

¿Cómo solicito una Excepción al formulario?

El proceso para solicitar una excepción al formulario es el mismo que para solicitar autorización previa para medicamentos del formulario que requieren aprobación anticipada para la cobertura. Las solicitudes se revisan según las normas estándares para determinar la necesidad médica.

Un proveedor puede enviar por fax un formulario de **Solicitud de autorización previa/excepción de medicamentos** a Molina en **1 (800) 869-7791**. El formulario se puede obtener en MolinaMarketplace.com en la página de formularios y documentos del proveedor. El formulario debe estar completado e incluir toda la información médica. De lo contrario, no se aceptará. Su proveedor también puede usar CoverMyMeds® o Surescripts® para enviar su solicitud electrónicamente.

Un miembro estabilizado con un medicamento que no está en el formulario puede seguir tomando el medicamento durante el proceso de revisión de excepciones al formulario al solicitar un surtido de emergencia. Para solicitar un surtido de emergencia, la farmacia puede llamar al **1 (800) 213-5525, Opción 1-2-2**. Los ensayos de muestras de medicamentos de una persona que receta o de un fabricante de medicamentos no se considerarán como tratamiento en curso.

Molina otorgará una excepción al formulario si sus revisores determinan que la información de respaldo muestra cualquiera de los siguientes:

- El miembro tiene una contraindicación médica para el formulario o los medicamentos requeridos.
- Es probable que los medicamentos requeridos causen una reacción adversa clínicamente predecible si los toma el miembro.
- Se espera que el medicamento requerido sea ineficaz según las características clínicas documentadas del miembro.
- El miembro probó el medicamento requerido, un medicamento relacionado o un medicamento que funciona de manera similar y lo suspendió debido a la falta de eficacia, pérdida de efecto o evento adverso.
- El miembro está establecido en el medicamento como un tratamiento actual con documentación de un resultado terapéutico positivo y el cambio al medicamento requerido tiene probabilidad de causar reacciones adversas o daños clínicamente predecibles.
- La información médica de respaldo muestra claramente que los medicamentos del formulario o requeridos no son lo mejor para el miembro, porque es probable que:
 - Presente un obstáculo para cumplir con el plan de tratamiento, o
 - Afecte negativamente la afección comórbida de un miembro, o

- Cause una interacción farmacológica negativa clínicamente predecible, o
- Disminuya la capacidad del miembro para lograr o mantener una capacidad funcional razonable en el desempeño de las actividades diarias.

Después de recibir toda la información necesaria del proveedor del miembro, Molina notificará al proveedor tratante del miembro sobre la aprobación o denegación de la solicitud:

- Dentro de las 72 horas para solicitudes estándar.
- Dentro de las 24 horas siguientes a la solicitud.

Las solicitudes de excepción urgente se aplican cuando un miembro está sufriendo una situación de salud que puede poner en grave peligro la vida, la salud o la capacidad del miembro para recuperar su función máxima o cuando un miembro está recibiendo un curso actual de tratamiento utilizando un medicamento que no está en el formulario.

Si se deniega la solicitud, Molina Healthcare les enviará una carta al miembro y a la persona que receta, en la que explicará el motivo por el que se denegó el medicamento o producto. El médico puede solicitar hablar sobre la denegación con Molina. Si el miembro no está de acuerdo con la denegación de la solicitud, puede apelar la decisión de cobertura de Molina. La persona que receta también puede solicitar que una Organización de revisión independiente (IRO) revise la decisión de cobertura de Molina durante una apelación. La IRO notificará al solicitante la decisión de la IRO a más tardar:

- 72 horas después de la recepción de una apelación de una solicitud de excepción estándar denegada.
- 24 horas después de la recepción de una apelación de una solicitud de excepción urgente denegada.

Quejas y apelaciones

Puede presentar una queja o reclamo comunicándose con el Centro de atención al cliente de Molina al **1-888-858-3492**. Si no aprobamos su solicitud de medicamentos, se incluirá un aviso de derechos a apelar la decisión en el aviso de acción. Para obtener más información, consulte la sección de su Acuerdo (póliza) que cubre “Quejas y apelaciones”. Puede encontrar una copia del Acuerdo, también llamada Evidencia de Cobertura, en MolinaMarketplace.com.

Leyenda

¿Cuáles son los requisitos y límites en la lista de medicamentos?

Se pueden establecer requisitos y límites para ciertos medicamentos. Los medicamentos pueden tener los siguientes requisitos y limitaciones:

Requisitos/Límites	Descripción
AGE	Se aplican límites de edad. Solo pagamos este medicamento o forma farmacéutica para determinados grupos de edad según la información sobre la seguridad, la eficacia y el costo del medicamento.
MED	Se aplican límites de dosis equivalente de morfina (Morphine Equivalent Dose, MED). Las cantidades de este medicamento están limitadas al equivalente ("EQ") de 90 miligramos de morfina por día de suministro surtido.
OTC	Las formas farmacéuticas de venta libre (Over-the-Counter, OTC) están cubiertas en la lista de medicamentos con una receta válida de un proveedor.
PA	Se requiere Autorización previa (Prior Authorization, PA). Requerimos la aprobación anticipada de la cobertura de algunos medicamentos antes de que se paguen. Si se requiere Autorización previa para un medicamento o forma farmacéutica, los proveedores deben demostrar que tiene un uso médicamente aceptado para el medicamento y otros tratamientos no han funcionado o no son apropiados. Es posible que se apliquen otros requisitos según el medicamento.
QL	Se aplican Límites de cantidad (Quantitly Limits, QL). Pagaremos una cantidad diaria máxima según la información sobre el uso y el costo médicamente aceptados del medicamento.
ST	Se requiere terapia progresiva (Step Therapy, ST). Si hemos pagado para que usted tenga los medicamentos requeridos para la Terapia progresiva en el pasado, este medicamento se pagará en la farmacia sin necesidad de una Autorización previa o una solicitud de excepción de Terapia progresiva. La lista de medicamentos le mostrará qué medicamentos necesita primero y por cuánto tiempo.

Los medicamentos especializados pueden tener un comentario en la columna "Requisitos/Límites" que dice "PA de necesidad médica". Esto significa que hay otros medicamentos especializados preferidos. Existen otros medicamentos especializados con el comentario "Medicamento de marca preferido" que pueden tratar la misma afección. Requerimos que el medicamento marcado como "Medicamento de marca preferido" se considere primero o en lugar del medicamento especializado no preferido, si corresponde.

La lista de medicamentos también indicará si un medicamento es elegible para programas de pedido por correo (**MAIL**) en la columna Requisitos/Límites. Es su elección si desea utilizar los programas de pedido por correo. Es posible que tenga un costo compartido más bajo con el pedido por correo en algunos medicamentos.

Su plan también cubre suministros para hasta 90 días en persona en las farmacias minoristas de CVS en los mismos medicamentos que son elegibles para pedidos por correo.
