Benefit Name	SKILLED NURSING FACILITY (SNF): SKILLED NURSING FACILITY (SNF) CARE
Applicable State	California, Florida, Idaho, Illinois, Kentucky, Michigan, Mississippi, New Mexico, Ohio, South Carolina, Texas, Utah, Washington, Wisconsin
Benefit Definition	<p>This policy addresses skilled nursing facility (SNF) care, private duty nursing and long term acute care.</p> <p>Covered benefits are listed in three (3) Sections - A, B and C. All services must be medically necessary. Each benefit plan contains its own specific provisions for coverage, limitations and exclusions as stated in the member's Evidence of Coverage (EOC)/Schedule of Benefits (SOB). If there is a discrepancy between this policy and the member's EOC/SOB, the member's EOC/SOB provision will govern.</p> <p>Essential Health Benefits for Individual and Small Group (NOT EHB for MS, but Covered)</p> <p>For plan years beginning on or after January 1, 2014, the Affordable Care Act of 2010 (ACA) requires fully insured non-grandfathered individual and small group plans (inside and outside of Exchanges) to provide coverage for ten categories of Essential Health Benefits ("EHBs"). Large group plans (both self-funded and fully insured), and small group ASO plans, are not subject to the requirement to offer coverage for EHBs. However, if such plans choose to provide coverage for benefits which are deemed EHBs (such as maternity benefits), the ACA requires all dollar limits on those benefits to be removed on all Grandfathered and Non-Grandfathered plans. The determination of which benefits constitute EHBs is made on a state by state basis. As such, when using this guideline, it is important to refer to the member specific benefit document to determine benefit coverage.</p> <div style="border: 1px solid black; padding: 5px; margin: 10px 0;"> A. FEDERAL/STATE MANDATED REGULATIONS </div> <p>WISCONSIN: WI 632.895(3)</p> <div style="border: 1px solid black; padding: 5px; margin: 10px 0;"> B. STATE MARKET PLAN ENHANCEMENTS </div>

Days spent out of a SNF when a member is transferred to an acute hospital setting are not counted toward the SNF day limits when the member is transferred back to a SNF (Clinical)

SNF days would count toward benefit max, if we are paying for bed hold days with while member is in acute facility (Clinical)
