SURROGACY

CALIFORNIA:

Subrogation for a Surrogacy Arrangement: If a Member enters into a Surrogacy Arrangement and the Member or any other payee is entitled to receive payments or other compensation under the Surrogacy Arrangement, the Member must reimburse Molina for Covered Services the Member receives related to conception, pregnancy, delivery, or postpartum care in connection with that arrangement (“Surrogacy Health Services”) to the maximum extent allowed under California Civil Code Section 3040. A “Surrogacy Arrangement” is one in which a woman agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate. Note: This “Surrogacy Arrangements” section does not affect the Member’s obligation or pay the Member’s Copayment or Coinsurance for these Covered Services. After the Member surrenders a baby to the legal parents, the Member is not obligated to reimburse for any Covered Services that the baby receives (the legal parents are financially responsible for any Covered Services that the baby receives).

By accepting Surrogacy Health Services, the Member automatically assigns to Molina the Member’s right to receive payments that are payable to the Member or any other payee under the Surrogacy Arrangement, regardless of whether those payment are characterized as being for medical expenses. To secure Molina’s rights, Molina will also have a lien on those payments and on any escrow account, trust, or any other account that holds those payments. Those payments (and amounts in any escrow account, trust, or other account that holds those payments) shall first be applied to satisfy Molina’s lien. The assignment and Molina’s lien will not exceed the total amount of the Member’s obligation to Molina under the preceding paragraph.

Within 30 days after entering into a Surrogacy Arrangement, the Member must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee
- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Covered Services the baby (or babies) receive, including names, addresses, and telephone numbers for any health insurance that will cover Covered Services that the baby (or babies) receive
- A signed copy of any contracts and other documents explaining the arrangement

- Any other information Molina requests in order to satisfy Molina's rights

The Member must send this information to the address on the first page of this Agreement.

The Member must complete and send Molina all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for Molina to determine the existence of any rights Molina may have under this "Surrogacy Arrangements" section and to satisfy those rights. The Member may not agree to waive, release, or reduce Molina's rights under this "Surrogacy Arrangements" section without Molina's prior, written consent.

If the Member's estate, parent, guardian or conservator asserts a claim against a third party based on the Surrogacy Arrangement, the Member's estate, parent, guardian, or conservator shall be subject to Molina's liens and other rights to the same extent as if the Member had asserted the claim against the third party. Molina may assign Molina's rights to enforce Molina's liens and other rights.

If the Member has questions about the Member's obligations under this provision, please contact Member Services.
