

# **Marketplace National Regional Benefit Interpretation Document**

Benefit Name	PREVENTIVE CARE SERVICES
Applicable State	California, Florida, Idaho, Illinois, Kentucky, Michigan, Mississippi, Nevada, New Mexico, Ohio, South Carolina, Texas, Utah, Washington, Wisconsin
Benefit Definition	This policy addresses preventive health care services.
	<ul> <li>Those evidenced-based items or services that have, in effect, a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force (USPSTF) with respect to the individual involved;</li> <li>Those immunizations for routine use in children, adolescents, and adults that have, in effect, a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC) with respect to the individual involved;</li> <li>With respect to infants, children, and adolescents, such evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA); and</li> <li>Preventive services and screenings provided for in comprehensive guidelines supported by HRSA (WA- for women's preventive and wellness service guidelines), to the extent not already included in certain recommendations of the USPSTF.</li> </ul>
	All preventive services must be furnished by a Participating Provider to be covered under this Agreement ( <b>Not listed in ID, ID has OON</b> ). As new recommendations and guidelines for preventive services are published and recommended by the government agencies identified above, they will become covered under this Agreement. Coverage will start for product years that begin one year after the date the recommendation or guideline is issued or on such other date as required by the ACA and its implementing regulations. The Plan year, also known as a policy year for the purposes of this provision, is based on the calendar year.  If an existing or new government recommendation or guideline does not specify the frequency, method, treatment, or setting for the provision of a preventive service, then Molina may impose reasonable coverage limits on such preventive

care. Coverage limits will be consistent with the ACA, its corresponding federal regulations, and applicable State Law.

#### WISCONSIN:

**Preventive Services:** In accordance with the Affordable Care Act and as part of Member's Essential Health Benefits, Molina covers preventive services at no Cost Sharing for Members. Preventive services include:

- Those evidenced-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force (USPSTF). Please visit the USPSTF website for preventive services recommendations at: https://uspreventiveservicestaskforce.org.
- Immunizations for routine use in children, adolescents, and adults as recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (CDC).
- With respect to infants, children, and adolescents, such evidenceinformed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA);
- Preventive services and screenings provided in the comprehensive guidelines supported by HRSA, to the extent not already included in certain recommendations of the USPSTF.

All preventive services must be furnished by a Participating Provider to be covered under this Agreement. The Member should consult with their PCP to determine whether a specific service is preventive or diagnostic. As new recommendations and guidelines for preventive services are published and recommended by the government agencies identified above, they will become covered under this Agreement. Coverage will start for product years that begin one year after the date the recommendation or guideline is issued or on such other date as required by the ACA and its implementing regulations. The Plan year, also known as a policy year for the purposes of this provision, is based on the calendar year.

If an existing or new government recommendation or guideline does not specify the frequency, method, treatment, or setting for the provision of a preventive service, then Molina may impose reasonable coverage limits on such preventive care. Coverage limits will be consistent with the ACA, its corresponding federal regulations and applicable State Law.

**Note:** This includes recommendations from HHS (US Department of Health and Human Services).

**HRSA:** https://mchb.hrsa.gov/maternal-child-health-topics/recommended-preventive-services.html

## A. FEDERAL/STATE MANDATED REGULATIONS

Note: The most current federal/state mandated regulations for each state can be found in the links below.

#### **FEDERAL:**

#### Throughout this document the following abbreviation are used:

- USPSTF means the United States Preventive Services Task Force
- PPACA means the federal Patient Protection and Affordable Care Act of 2010
- The links to both sites are provided above

**Legislative Bulletin: FD1203** Religious Exception to Women's Preventive Care Requirements

HHS also released an amendment to the prevention regulation that allows religious institutions that offer insurance to their employees the choice of whether or not to cover contraception services. Group health plans sponsored by certain religious employers, and group health insurance coverage in connection with such plans, are exempt from the requirement to cover contraceptive services. A religious employer is one that: "(1) has the inculcation of religious values as its purpose; (2) primarily employs persons who share its religious tenets; (3) primarily serves persons who share its religious tenets; and (4) is a non-profit organization under Internal Revenue Code section 6033(a)(1) and section 6033(a)(3)(A)(i) or (iii)." 45 C.F.R. §147.130(a) (1) (iv) (B).

## Women's Preventive Services Guidelines

 Group and individual insurance plans must cover double electric breast pumps without cost-sharing for the first time under updated Health Resources and Service Administration guidance on preventive services.

#### **CALIFORNIA:**

California Code of Regulations Title 28 Managed Health Care Article 7 Standards § 1300.67 Scope of Basic Health Care Services: Preventive health services (including services for the detection of asymptomatic diseases), which shall include, under a physician's

- o Reasonable health appraisal examinations on a periodic basis;
- A variety of voluntary family planning services;
- Prenatal care;

supervision:

- Vision and hearing testing for persons through age 16;
- Immunizations for children in accordance with the recommendations of the American Academy of Pediatrics, and immunizations for adults as recommended by the U.S. Public Health Service:
- Venereal disease tests;
- Cytology examinations on a reasonable periodic basis
- Effective health education services, including information regarding personal health behavior and health care, and recommendations regarding the optimal use of health care services provided by the plan or health care organizations affiliated with the plan

<u>California Health and Safety Code § 1367.06</u>- Pediatric asthma management

California Health and Safety Code § 1367.45- AIDS Vaccine

California Health and Safety Code § 1367.46- HIV Testing

California Health and Safety Code § 1367.695 - OB-GYN Direct Access-

b) Health care service plan contract issued, amended, renewed, or delivered in this state, except a specialized health care service plan, shall allow an enrollee the option to seek obstetrical and gynecological physician services directly from a participating obstetrician and gynecologist or directly from a participating family practice physician and surgeon designated by the plan as providing obstetrical and gynecological services.

California Health and Safety Code § 1367.64- Prostate Cancer Screening

- <u>California Health and Safety Code § 1367.66</u>- Cervical Cancer Screening Test
- Cervical Cancer Screening Test (SB1245-Compliance date 1/1/07; Effective for policies issued, amended, or renewed, on or after January 1, 2002)

California Health and Safety Code § 1367.67- Osteoporosis

 <u>California</u>. <u>Health & Safety Code §1367.6</u>, §<u>1367.65</u>- Breast Cancer Screening

California Health and Safety Code, §1367.3, (for ages 17 and 18)

- Every health care service plan that covers hospital, medical, or surgical expenses on a group basis shall offer benefits for the comprehensive preventive care of children. This section shall apply to children 17 and 18 years of age, except as provided in subparagraph (D) of paragraph (2) of subdivision (b). Every plan shall communicate the availability of these benefits to all group contract holders and to all prospective group contract holders with whom they are negotiating. This section shall apply to a plan that, by rule or order of the director, has been exempted from subdivision (i) of Section 1367, insofar as that section and the rules thereunder relate to the provision of the preventive health care services described herein.
- (b) For purposes of this section, benefits for the comprehensive preventive care of children shall comply with both of the following:
- Be consistent with both of the following:
- The most recent Recommendations for Preventive Pediatric Health Care, as adopted by the American Academy of Pediatrics.
- The most current version of the Recommended Childhood Immunization Schedule/United States, jointly adopted by the American Academy of Pediatrics, the Advisory Committee on Immunization Practices, and the American Academy of Family Physicians, unless the State Department of Public Health determines, within 45 days of the published date of the schedule, that the schedule is not consistent with the purposes of this section.
- Provide for the following:
- Periodic health evaluations.
- Immunizations.
- Laboratory services in connection with periodic health evaluations.
- Screening for blood lead levels in children of any age who are at risk for lead poisoning, as determined by a physician and surgeon affiliated with the plan, if the screening is prescribed by a health care provider affiliated with the plan.
- (c) For purposes of this section, a health care provider is any of the following:
- A person licensed to practice medicine pursuant to Article 3
   (commencing with Section 2050) of Chapter 5 of Division 2 of the
   Business and Professions Code.
- A nurse practitioner licensed to practice pursuant to Article 8 (commencing with Section 2834) of Chapter 6 of Division 2 of the Business and Professions Code.

 A physician assistant licensed to practice pursuant to Article 3 (commencing with Section 3513) of Chapter 7.7 of Division 2 of the Business and Professions Code.

<u>California Health & Safety Code §1367.35-</u> Preventive services for children 16 and younger

California Health & Safety Code §1367.665- Other cancer screenings

<u>California Health & Safety Code Section 2594.3</u>- Essential Health Benefits

Health and Safety Code § 1367.9- Coverage for the effects of diethylstilbestrol. Effects of Diethylstilbestrol (DES) Exposure. Between 1948 and 1971, millions of women took a drug called diethylstilbestrol (DES) to prevent miscarriage. Daughters born to women who took DES while pregnant have a slightly higher risk of developing: Abnormal cervical cells that cause an abnormal Pap test result.

<u>Health and Safety Code § 1367.668-</u> Health care coverage: colorectal cancer: screening and testing

Assembly Bill No. 342 Chapter 436 An act to add Section 1367.668 to the Health and Safety Code, and to add Section 10123.207 to the Insurance Code, relating to health care coverage

Health and Safety Code § 1367.34- Sexually transmitted disease: testing

## AB 342 (effective 1/1/22)(APL 21-025)

Requires plans, on or after January 1, 2022, to cover, at zero cost-sharing, a colorectal cancer screening test assigned either a grade A or B by the United States Preventative Services Task Force (USPSTF). The required colonoscopy for a positive result on a test or procedure, other than a colonoscopy, that is a colorectal cancer screening examination or laboratory test identified assigned either a grade A or B by the USPSTF shall also be provided without any cost-sharing.

#### **B. COVERED BENEFITS**

**IMPORTANT NOTE:** Covered benefits are listed in Sections A and B. Always refer to Sections A for additional covered benefits not listed in this Section.

## **ALL STATES:**

Group and individual insurance plans must cover double electric breast pumps without cost-sharing for the first time under updated Health Resources and Service Administration guidance on preventive services.

According to HRSA, Breastfeeding equipment and supplies include, but are not limited to, double electric breast pumps (including pump parts and maintenance) and breast milk storage supplies. Access to double electric pumps should be a priority to optimize breastfeeding and should not be predicated on prior failure of a manual pump.

#### FLORIDA:

Mammograms as follows:

- a. A baseline mammogram for any Member who is 35 to 40 years of age;
- b. A mammogram every 2 years for any Member who is 40 to 50 years of age, or older, or more frequently based on the Member's Provider's recommendations;
- c. A mammogram every year for any Member who is 50 years of age or older;

Effective Date: 01/01/2024

d. One or more mammograms a year, based upon a Provider's recommendation for any Member who is at risk for breast cancer because of a personal or family history of breast cancer, because of having a history of biopsy-proven benign breast disease, because of having a mother, sister, or daughter who has had breast cancer, or because a Member has not given birth before the age of 30.

#### **IDAHO:**

- Mammogram coverage at the following periodicity:
  - One (1) baseline mammogram for any woman who is thirty-five (35) through thirty-nine (39) years of age.
  - A mammogram every two (2) years for any woman who is forty (40) through forty-nine (49) years of age, or more frequently if recommended by the woman's physician.
  - A mammogram every year for any woman who is fifty (50) years of age or older.
  - A mammogram for any woman desiring a mammogram for medical cause.

#### **ILLINOIS:**

In accordance with State Law, preventive services include:

- Whole body skin examination for the detection of skin cancer
- O Human Papillomavirus Vaccine (HPV) ●
- o HIV screening pregnant women
- Shingles vaccine
- Clinical breast examinations as indicated by guidelines of practice, performed by a Participating Provider within the scope of their license, to check for lumps and other changes for the purpose of early detection and prevention of breast cancer as follows:
  - Every 3 years for women at least 20 years of age but less than 40 years of age; and
  - Annually for women 40 years of age or older.
- A low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer as follows:
  - A baseline mammogram for women 35 to 39 years of age.
  - An annual mammogram for women 40 years of age or older.
  - A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of

breast cancer, positive genetic testing, or other risk factors.

- A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary
- A screening MRI when medically necessary
- Tobacco use screening and cessation interventions for tobacco users
- A diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.
- Contraception for women: FDA approved contraceptive methods, sterilization procedures, and patient education and counseling
- Colorectal cancer screening as prescribed by a Participating Provider, in accordance with the published American Cancer Society guidelines on colorectal cancer screening or other existing colorectal cancer screening guidelines issued by nationally recognized professional medical societies or federal government agencies, including the National Cancer Institute, the Centers for Disease Control and Prevention, and the American College of Gastroenterology.
- HIV screening and counseling for adolescents, and adults at higher risk
- Prenatal HIV testing ordered by a Participating Provider
- Medically necessary bone mass measurement and for the diagnosis and treatment of osteoporosis
- An annual cervical smear or Pap smear test for female members
- Prostate screening
- Ovarian cancer screening
- Breast Feeding (Lactation) Support, Supplies and Counseling -Breast Pumps in accordance with state law

**Preventative Physical Therapy:** Molina covers medically necessary physical therapy that is prescribed by a Participating Provider licensed to practice medicine in all of its branches for the purpose of treating parts of the body affected by multiple sclerosis, but only where the physical therapy includes reasonably defined goals, including, but not limited to, sustaining the level of function the person has achieved, with periodic evaluation of the efficacy of the physical therapy against those goals.

Annual digital rectal examination and prostate-specific antigen test for males upon recommendation of physician. Must include asymptomatic members age 50 and over; and members age 40 and over with family history of prostate cancer.

## **KENTUCKY:**

Passport provides coverage for colorectal cancer examinations and laboratory tests as recommended by the American Cancer Society guidelines.

Passport provides coverage for contraceptive services, including emergency contraception, insertion/extraction of contraceptive devices, prescription-based sterilization procedures for women and tubal ligation. Coverage is not provided for the reversal of sterilization procedures.

Coverage is provided for breastfeeding support, supplies, counseling and includes the purchase of personal-use electric breast pump, one pump per birth. In the event of multiple births, only one pump is covered. This coverage includes the necessary supplies for the pump to operate.

#### **MICHIGAN:**

**Health Education:** Molina covers the following health educational services:

- Managing chronic disease
- Maternity classes
- Tobacco cessation
- Dietitian Services with Participating Provider, up to 6 visits per year

## **NEVADA:**

- Cervical cancer screenings
- Diabetes (Type 2) screening
- Screening for gestational diabetes after at least 24 weeks of gestation
- Blood pressure abnormalities
- Immunizations for routine use in children, adolescents, and adults as recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (CDC).
- With respect to infants, children, and adolescents, such evidenceinformed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA); and
- Preventive services and screenings provided for in comprehensive guidelines supported by HRSA, to the extent not already included in certain recommendations of the USPSTF.
- Screening and counseling for interpersonal and domestic violence for women at least annually with intervention services consisting of

education, strategies to reduce harm, supportive services or a referral for any other appropriate services.

- Molina will not deny a claim, refuse to issue or cancel a policy solely because the claim involves an act that constitutes domestic violence pursuant to NRS 33.018, or because the person applying for or covered by the policy was the victim of such an act of domestic violence, regardless of whether the Member or applicant contributed to any loss or injury
- Well-woman visit beginning at 14 years of age (One visit per calendar year)
- Human Papillomavirus testing and vaccination

**Smoking Cessation:** Molina covers preventive care services related to tobacco cessation for Members age 18 years and older:

- two cessation attempts per calendar year
- four counseling sessions per calendar year

In accordance with state law, Molina covers all breast cancer imaging (screening and diagnostic) at no Cost Sharing for Members. These services include a mammogram annually for Members 40 years of age or older and imaging tests to screen for breast cancer on an interval and at the age deemed most appropriate, when medically necessary, as recommended by the Member's PCP based on personal or family medical history or additional factors that may increase the risk of breast cancer. Molina also covers diagnostic imaging tests for breast cancer at the age deemed most appropriate, when medically necessary, as recommended by the Member's PCP to evaluate abnormalities seen or suspected from a mammogram, imaging tests or detected by other means of examination.

#### **NEW MEXICO:**

Preventive care services as required by State law or requirement, which includes but not limited to:

- Artery Calcification a heart artery calcium scan.
- limited to the provision of a heart artery calcium scan to be used as a clinical management tool;
- provided every five years if a member has previously received a heart artery calcium score of zero; and
- not be required for future heart artery calcium scans if a member receives a heart artery calcium score greater than zero.
- screening, testing, examining, counseling, or administering/dispensing anything to prevent STIs, or medically necessary treatment of STIs

- Mammograms as follows:
  - For the purpose of symptomatic or high risk women at any time upon referral of the woman's health care provider
  - a mammogram biennially to persons age forty through fortynine,
  - one mammogram annually to persons age 50 and older, and
  - Coverage shall be available only for screening mammograms obtained on equipment designed specifically to perform lowdose mammography in imaging facilities that have met American college of radiology accreditation standards for mammography and in accordance with state law

**Smoking Cessation**: Molina's care management team works directly with members, at their request, to assist with the most appropriate action based upon the member's needs, including determining the frequency, method, treatment, or setting for the recommended item or services. Determinations of services will be made by Molina in consultation with the provider. Molina Members are always given access to at least one of the tobacco cessation products without prior authorization and are consistent with all State Laws and Requirements and Federal Laws.

- Diagnostic services: Diagnostic services necessary to identify tobacco use, use-related conditions and dependence.
- Pharmacotherapy: Two 90-day courses of pharmacotherapy per calendar year.
- Cessation counseling: A choice of cessation counseling of up to 90 minutes total provider contact time or two multi-session group programs per calendar year.
  - initiation of any course of pharmacotherapy or cessation counseling shall constitute an entire course of pharmacotherapy or cessation counseling even if an individual discontinues or fails to complete the course.
- Molina covers the following at no cost share (please refer to your formulary for additional information)
- Nicotine gum
- Nicotine patch
- Nicotine lozenge
- Nicotine oral or nasal spray
- Nicotine inhaler
- Bupropion
- Vareniline

#### OHIO:

- Tobacco use screening for all adults and cessation interventions for tobacco users. Please refer to the "Prescription Drugs to Stop Smoking" section of this Agreement for more information
- With respect to women, those preventive services and screenings provided for in comprehensive guidelines supported by HRSA, to the extent not already included in certain recommendations of the USPSTF. Please visit the HRSA website for preventive services recommendations at: <a href="https://hrsa.gov/womens-guidelines">hrsa.gov/womens-guidelines</a>. These services include, but are not limited to:
  - Breast exams and screening mammography, including digital breast tomosynthesis, once per year for women regardless of age or risk factors.
  - Supplemental breast cancer screening when dense breast tissue is detected, or increased risk factors are present. Supplemental breast cancer includes magnetic resonance imaging (MRI), ultrasound, and molecular breast imaging or any another method deemed medically necessary by a treating health care provider for proper breast cancer screening in accordance with applicable American College of Radiology Guidelines.
  - Cytological Screening (pap smear) for women every 3 years with cervical cytology alone in women aged 21 to 29 years. For women aged 30 to 65 years, every 3 years with cervical cytology alone, every 5 years with highrisk human papillomavirus (hrHPV) testing alone, or every 5 years with hrHPV testing in combination with cytology.
  - Pap smear for women based on their age and health status including human papilloma virus.

#### **SOUTH CAROLINA:**

Coverage includes screening mammograms, cytological screening (pap smear), and prostate cancer examinations in accordance with State Law.

## **TEXAS:**

In accordance with State Law, preventive services include:

- CA 125 blood test for screening of ovarian cancer for women 18 years and older cancer screening. Molina also covers FDA-approved prescription contraceptive drugs and devices.
- Annual Low-dose Mammograms, including breast tomosynthesis for women age 35 and over which must be performed at designated approved imaging facilities. Age limit does not apply to diagnostic

screenings. Diagnostic screenings are to establish presence/absence of disease.

- One low-dose mammography annually for the presence of occult breast cancer for persons the age of 35 and over. Age limit does not apply to diagnostic screenings. Diagnostic screenings are to establish presence/absence of disease.
- Diagnostic imaging mammogram is an imaging examination using mammography, ultrasound imaging, or magnetic resonance imaging that is designed to evaluate:
  - a subjective or objective abnormality detected by a physician or patient in a breast;
  - an abnormality seen by a physician on a screening mammogram;
  - an abnormality previously identified by a physician as probably benign in a breast for which follow-up imaging is recommended by a physician; or
  - o an individual with a personal history of breast cancer or dense breast tissue.
- Hearing screening (which includes hearing screening test from birth through the date the child is 30 days of age, refer to section "Hearing Services" for additional benefits where cost share may apply)
- Administration of a newborn screening test, including the cost of a test kit in the amount required by Health and Safety Code §33.019
- Colorectal cancer exams, preventive services, and lab tests with an "A" or "B" grade from the USPSTF and follow-up colonoscopy if the results of the initial colonoscopy, test, or procedure were abnormal.

## **UTAH:**

In accordance with State Law, preventive services include range of services for the diagnosis of infertility, well-childcare from birth, periodic health evaluations for adults, screening to determine the need for vision and hearing correction, and pediatric and adult immunizations in accordance with accepted medical practice.

#### **WASHINGTON:**

Molina provides coverage for contraceptive services, including emergency contraception, vasectomy, insertion/extraction of contraceptive devices, prescription-based sterilization procedures for women and tubal ligation. Coverage is not provided for the reversal of sterilization procedures.

Molina also covers obesity screening and counseling, including offering or referring Members age six (6) and older who have a body mass index (BMI) of 30 kg/m2 or higher, or have additional cardiovascular disease (CVD) risk factors,

to intensive multicomponent behavioral interventions to promote a healthful diet and physical activity for CVD prevention.

Molina covers counseling for women aged 40 to 60 years with normal or overweight body mass index (BMI) (18.5-29.9 kg/m2) to maintain weight or limit weight gain to prevent obesity. Counseling may include individualized discussion of healthy eating and physical activity.

Coverage is provided for breastfeeding support, supplies, counseling and includes the purchase of personal-use electric breast pump, one pump per birth. In the event of multiple births, only one pump is covered. Coverage of breastfeeding equipment includes double electric breast pumps (including pump parts and maintenance) and breast milk storage supplies. Breastfeeding equipment may also include equipment and supplies as clinically indicated to support dyads with breastfeeding difficulties and those who need additional services. This coverage includes the necessary supplies for the pump to operate.

Women's Health Care Services: In accordance with State Law, Molina covers Medically Necessary Women's Health Care Services for all Members, including maternity care, reproductive health services, gynecological care, general examination, and preventive service visits for these services from Providers practicing within the lawful scope of practice. For reference, Providers practicing within the lawful scope of practice for these services may include, but not limited to, Doctor of Medicine (M.D.), Doctor of Osteopathy (D.O.), physician assistants, midwives, advanced registered nurse practitioner specialists. Molina does not exclude or limit access to covered Women's Health Care Services offered by a particular type of women's health care Participating Provider or contracted facility in a manner that would unreasonably restrict access to that type of Participating Provider, contracted facility, or Covered Service.
