****UPDATE****

PAY-FOR-PERFORMANCE/HEDIS[®] PERFORMANCE BONUS PROGRAM

This is an advisory notification to inform our Molina Healthcare of California (MHC) network providers of updates to the Medi-Cal Pay-For-Performance/ HEDIS[®] Performance Bonus Program (P4P Program).

Effective 10/1/2019- 12/31/2019, the Childhood Immunization Status (CIS)- Combination 10 HEDIS measure will be incentivized at \$300 for the completion of combination 10 immunizations before two years of age in Riverside and San Bernardino Counties.

Tips for hitting the CIS measure:

Daily Huddles:

Print schedule one day prior. Gather information for each patient scheduled following day utilizing Gaps in Care reports. Team huddles in set location prior to first appointment. Present schedule and opportunity to close any vaccine gaps.

Standing Orders:

Physician approved standing orders streamline the assessment and delivery of needed services and immunizations in medical practices.

Gaps in Care Reports:

Utilizing Gaps in Care reports notify practice of needed services a patient has at the time of scheduled well visits and unscheduled sick visits. Working the gaps in care report will identify patients to be outreached to, as well as identify any areas where data may not be transferring to the Health Plan.

Rescheduling No Shows Immediately:

Call no shows back the same day to reschedule their appointment.

Registries/Coding Tips:

Enter all immunization into CAIR so that Molina can capture data from any provider. Update billing codes annually as HEDIS specifications change. Be sure to code for each service completed in addition to visit code.

Please review the updated Medi-Cal HEDIS Metrics and Bonus Amounts below:

Riverside/San Bernardino Counties
