HEALTH SYSTEMS CHANGE FOR TOBACCO CESSATION WITH ELECTRONIC MEDICAL RECORDS

This is an advisory notification to Molina Healthcare of California (MHC) network providers regarding a training opportunity to educate providers and healthcare professionals on smoking cessation among the behavioral health population, systems change, and social change and marketing.

By the end of this webinar, you will be able to:

1. Identify system changes implemented for population-based tobacco cessation treatment across the five University of California (UC) health systems.
2. Describe best practices for building health systems capacity to implement bi-directional e-referrals to the quitline.
3. Identify strategies for integration of tobacco into behavioral health facilities and primary care with quality metrics.
4. Explain the vision for CA Quits, a statewide initiative to coordinate across providers, health plans, and public health organizations.
