DEFINITIONS

Some of the words used in this Agreement do not have their usual meaning. Health plans use these words in a special way. When a word with a special meaning is used in only one section of this Agreement, it is explained in that section. Words with special meaning used in any section of this Agreement are capitalized and are explained in this "Definitions" section.

Adverse Benefit Determination: A denial, reduction or termination of, or a failure to provide or make payment, in whole or in part, for a benefit, including those based on a determination of eligibility, application of utilization review or Medical Necessity. This can include rescission of coverage.

Affordable Care Act: The comprehensive health care reform law enacted in March 2010 (sometimes known as "ACA," "PPACA," or "Obamacare")

Allowed Amount: The maximum amount that Molina will pay for a Covered Service less any required Member Cost Sharing.

- Services obtained from a Participating Provider will be reimbursed at the contracted rate for such Covered Services.
- Emergency Services and emergency transportation services from a Non-Participating Provider: Unless otherwise required by law or as agreed to between the Non-Participating Provider and Molina, the Allowed Amount shall be the greatest of:
 - 1) Molina's median contracted rate for such service(s),
 - 2) 100% of the published Medicare rate for such service(s), or
 - 3) Molina's usual and customary method for determining payment for such service(s).
- All other Covered Services received from a Non-Participating Provider in accordance with this Agreement: This means the lesser of Molina's median contracted rate for such service(s), 100% of the published Medicare rate for such service(s), Molina's usual and customary rate for such service(s), or a negotiated amount agreed to by the Non-Participating Provider and Molina.

Annual Out-of-Pocket Maximum (also referred to as "OOPM"): The most a Member must pay for Covered Services in a Plan year. After a Member spends this amount on deductibles, copayments, and coinsurance, Molina pays 100% of the costs of Covered Services. Amounts the Subscriber or Dependents pay for services not covered by this Plan do not count towards the OOPM. The Schedule of Benefits may list an OOPM amount for each individual enrolled under this Agreement and a separate OOPM amount for the entire family when there are two or more Members enrolled. When two or more Members are enrolled under this Agreement:

1. the individual OOPM will be met, with respect to the Member when that person meets the individual OOPM amount; or
2. the family OOPM will be met when a Member's family's Cost Sharing adds up to the family OOPM amount.

Once the total Cost Sharing for the Member adds up to the individual OOPM amount, Molina will pay 100% of the charges for Covered Services for that individual for the rest of the calendar year. Once the Cost Sharing for two or more Member's family adds up to the family OOPM amount, Molina will pay 100% of the charges for Covered Services for the rest of the calendar year for the Member and every Member of their family.

Balance Bill or Balance Billing: When a Provider bills a Member for the difference between the Provider's charge and the Allowed Amount. A Molina Participating Provider may not balance bill a Member for Covered Services.

Child-Only Coverage: Coverage under this Agreement that is obtained by a responsible adult to provide benefit coverage only to a child under the age of 21.

Coinsurance: A percentage of the charges for Covered Services the Member must pay when they receive certain Covered Services. The Coinsurance amount is calculated as a percentage of the rates that Molina has negotiated with the Participating Provider. If applicable, Coinsurances are listed in the Schedule of Benefits.

Copayment: A fixed amount the Member will pay for a Covered Service. If applicable, Copayments are listed in the Schedule of Benefits.

Cost Sharing: The share of costs that a Member will pay out of their own pocket for Covered Services. This term generally includes Deductibles, Coinsurance, and Copayments, but it doesn't include Premiums, Balance Bill amounts for non-network providers, or the cost of non-covered services

Covered Service or Covered Services: Medically Necessary services, including supplies and prescription drugs, that Members are entitled to receive from Molina under this Plan.

Deductible: The amount Members must pay for Covered Services before Molina begins to pay. Please refer to the Schedule of Benefits to see what Covered Services are subject to the Deductible and the Deductible amounts.

When Molina Healthcare covers services at "no charge" subject to the Deductible and the Member has not met their Deductible amount, they must pay the charges for the services. However, for preventive services covered by this Agreement and included in the Essential Health Benefits, Members will not pay any Deductible or other Cost Sharing towards such preventive services.

Dependent: A Member who meets the eligibility requirements as a Dependent, as described in this Agreement.

Drug Formulary or Formulary: A list of drugs this Molina Plan covers. The Drug Formulary also puts drugs in different cost sharing levels or tiers.

Durable Medical Equipment or DME: Equipment and supplies ordered by a Provider for everyday or extended use. DME may include: oxygen equipment, wheelchairs, crutches or blood testing strips for diabetics.

Emergency or Emergency Medical Condition: An illness, injury, symptom (including severe pain), or condition severe enough that, in the absence of immediate medical attention, could reasonably be expected to result in:

- 1) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
- 2) serious impairment to bodily functions; or
- 3) serious dysfunction of any bodily organ or part.

Essential Health Benefits or EHB: A set of 10 categories of services health insurance plans must cover under the Affordable Care Act. These include doctors' services, inpatient and outpatient hospital care, prescription drug coverage, pregnancy and childbirth, mental health services, and more.

Experimental or Investigational: Any medical service including procedures, medications, facilities, and devices that the FDA has not approved for treatment or therapeutic use in connection with underlying medical condition for which such procedure, medication, facility or device was prescribed.

FDA: The United States Food and Drug Administration.

Marketplace: A governmental agency or non-profit entity that meets the applicable standards of the Affordable Care Act and helps residents of the State buy qualified health plan coverage from companies or health plans such as Molin. The Marketplace may be run as a state-based marketplace, a federally facilitated marketplace, or a partnership marketplace. For the purposes of this Agreement, the term refers to the Marketplace operating in the State, however it may be organized and run.

Medical Necessity or Medically Necessary: Health care services or supplies needed to diagnose or treat an illness, injury, condition, disease or its symptoms and that meet accepted standards of medicine.

Member: An individual who is eligible and enrolled under this Agreement, and for whom Molina has received applicable first Premium payment (binder). The term includes a Dependent and a Subscriber, unless the Subscriber is a responsible adult (the parent or legal guardian) who applies for Child-Only Coverage under this Agreement on behalf of a child under age 21. In which case, the Subscriber will be responsible for making the Premium and Cost Sharing payments for the Member and will act as the legal representative of Member under this Agreement but will not be a Member.

Mental Health Services: Medically Necessary outpatient and inpatient services provided to treat mental disorders covered by the diagnostic categories listed in the most current version of the diagnostic and statistical manual of mental disorders, published by the American Psychiatric Association and any associated State or federal laws.

Molina Healthcare of Mississippi Inc. (“Molina”): The corporation authorized in Mississippi as a health maintenance organization and contracted with the Marketplace.

Other Practitioner: A Participating Provider who provide Covered Services to Members within the scope of their license but are not Primary Care Providers or specialists.

Out-of-Area Service: A service that is provided outside of the Service Area and is therefore not a Covered Service, except as otherwise stated in this Agreement.

Participating Provider: A Provider that furnishes any health care services and is licensed or otherwise authorized to furnish such services and contracts with Molina and has agreed to provide Covered Services to Members.

Plan: Health insurance coverage issued to an individual and Dependents, if applicable, that provides benefits for Covered Services. Depending on the services, Member Cost-Sharing may apply.

Primary Care Provider: A physician, including an M.D. (Medical Doctor) or D.O. (Doctor of Osteopathic Medicine), Certified Nurse Practitioner, clinical nurse specialist, or Physician Assistant, as allowed under state law and the terms of the Plan, who provides, coordinates, or helps Members access a range of health care services.

Prior Authorization: Approval from Molina that may be required before a Member gets a service or fills a prescription in order for the service or prescription to be covered.

Urgent Care or Urgent Care Services: Care for an illness, injury, or condition serious enough that a reasonable person would seek care right away, but not so severe as to require emergency room care.

ENROLLMENT AND ELIGIBILITY

To enroll and become a Member, an individual must meet all eligibility requirements established by the Marketplace. An individual that satisfies the eligibility requirements, meets Premium payment requirements, and is enrolled by Molina is the Subscriber.

Open Enrollment Period: The Marketplace will set yearly a period in which eligible individuals can enroll in a health insurance plan for the following year. The Effective Date of coverage will be January 1st or a date determined by the Marketplace.

Special Enrollment Period: If an individual does not enroll during an Open Enrollment period, they may be able to enroll during a Special Enrollment Period. To qualify for a Special Enrollment period, an individual must have had certain life events established by the Marketplace. The Effective Date of coverage will be determined by the Marketplace. - A child may remain covered by Molina Healthcare as a Dependent for as long as he or she remains incapacitated and continues to meet the eligibility criteria described above.

- The date the Dependent Domestic Partner enters a termination of the domestic partnership from the Subscriber.
- For Child-Only Coverage, at 11:59 p.m. Central time on the last day of the calendar year in which the non-Dependent Member reaches the limiting age of 21. Member and any Dependents may be eligible to enroll in other products offered by Molina through the Marketplace.
- Date the Subscriber loses coverage.

Continued Eligibility: If a Member is no longer eligible for coverage under this Plan, Molina will send a written notification at least 30 days before the effective date on which the Member will lose eligibility. The Member can appeal the loss of eligibility.

PREMIUM PAYMENT

To establish and maintain coverage under this Plan, Molina requires Members to make monthly payments in consideration, known as “Premium Payments” or “Premiums.” Premium Payment for the upcoming coverage month is due no later than the 25th day of the current month (this is the “Due Date”). Molina will send a Subscriber a written notification informing them of the amount due for coverage for the upcoming month in advance of the Due Date.

Advanced Premium Tax Credit (APTC): Advanced Premium Tax Credit is a tax credit a Subscriber can take in advance to lower their monthly Premium. Molina does not determine or provide tax credits, and Subscribers must contact the Marketplace to determine if they are eligible. If the Subscriber is eligible for a premium tax credit, they can use any amount of the credit in advance to lower their Premium.

Payment: Molina accepts Premium Payments online, by phone, by mail, and through money order. Please refer to the Molina Marketplace website or contact Customer Support for further information. Payments are not accepted at Molina office locations.

Late Payment Notice: Molina will send written notification to the Subscriber’s address of record if full payment of the Premium is not received on or before the Due Date. This notification will inform the Subscriber of the amount owed, include a statement that Molina will terminate the Agreement for nonpayment if the full amount owed is not received prior to the expiration of the grace period as described in the Late Notice, and provide the exact time when the membership of the Subscriber and any enrolled Dependents will end if payment is not received timely.

Grace Period: A Grace Period is a short period after a Member’s Premium Payment is due and has not been paid in full. If a Subscriber hasn’t made payment, they may do so

during the Grace Period and avoid losing their coverage. The length of the Grace Period is determined by whether the Subscriber receives an APTC.

Grace Period for Subscribers with APTCs: Molina will provide a Grace Period of 3 consecutive months for a Subscriber and their Dependents, who when failing to timely pay Premiums, is receiving advance payments of the premium tax credit (APTC). The Grace Period will begin the first day of the first month for which full Premium is not received by Molina. During the Grace Period, Molina will pay all appropriate claims for services rendered to the Subscriber and their Dependents during the first month of the Grace Period and may pend claims for services in the second and third months of the Grace Period; Molina will terminate this Agreement as of 11:59 p.m. Central time on the last day of the first month of the Grace Period if Molina does not receive all past due Premiums from the Subscriber.

Grace Period for Subscribers with No APTC: Molina will provide a Grace Period of 10 consecutive days for a Subscriber and their Dependents, who when failing to timely pay Premiums, are not receiving an advance payment of the premium tax credit (APTC). The Grace Period will begin the first day of the first month for which full Premium is not received by Molina. During the Grace Period, Molina will pay all appropriate claims for services rendered to the Subscriber and their Dependents. Molina will terminate this Agreement as of 11:59 p.m. Central time on the last day of the month prior to the beginning of the Grace Period if Molina does not receive all past due Premiums from the Subscriber.

Termination Notification for Non-Payment: Molina will send written notification to a Subscriber and their Dependents informing them when their membership ended due to non-payment of Premiums. Members may appeal a termination decision by Molina. Please refer to the Molina Marketplace website, the Appeals and Grievances section of this document, or contact Customer Support for more information of how to file an appeal.

Reinstatement after Termination: Molina will allow reinstatement of Members, without a break in coverage, provided the reinstatement is a correction of an erroneous termination or cancellation action and is permitted by the Marketplace.

Re-enrollment After Termination for Non-Payment: If a Subscriber is terminated for non-payment of Premium and enrolls with Molina during Open Enrollment or a Special Enrollment Period in the following plan year, Molina may require that a Subscriber pay any past due Premiums. Molina will also require first month's Premium payment in full, before Molina accepts enrollment of the Subscriber. If a Subscriber pays all past due Premiums, eligible claims that were previously denied as a result of that nonpayment will be reprocessed for payment.

Renewability of Coverage: Molina will renew coverage for Members on the first day of each month if all Premiums which are due have been received. Renewal is subject to Molina's right to amend this Agreement and the Member's continued eligibility for this Plan. Members must follow all procedures required by the Marketplace to redetermine eligibility and guaranteed renewability for enrollment every year during the Open Enrollment Period.

TERMINATION OF COVERAGE

The termination date is the first day a former Member is not covered with Molina. Coverage for a former Member ends at 11:59 p.m. Central time on the day before the termination date. If Molina terminates a Member for any reason, the Member must pay all amounts payable related to their coverage with Molina, including Premiums, for the period prior to the termination date. Except in the case of fraud or intentional misrepresentation, if a Member's coverage is terminated, any Premium payments received on account of the terminated Member applicable to periods after the termination date, less any amounts due to Molina or its Providers for coverage of Covered Services provided prior to the date of Termination, will be refunded to the Subscriber within 30 days. Molina and its Providers will not have any further liability under this Plan. In the case of fraud, Molina may retain portions of this amount in order to recover losses due to the fraud.

Molina may terminate or non-renew a Member for any of the following reasons:

Dependent and Child-Only Ineligibility Due to Age: A Dependent no longer meets the eligibility requirements for coverage required by the Marketplace and Molina due to their age. Please refer to the "Discontinuation of Dependent Coverage" section for more information regarding when termination will be effective.

Member Ineligibility: A Member no longer meets the eligibility requirements for coverage required by the Marketplace and Molina. The Marketplace will send the Member notification of loss of eligibility. Molina will also send the Member written notification when informed that the Member no longer resides within the Service Area. Coverage will end at 11:59 p.m. Central time on the last day of the month following the month in which either of these notices is sent to the Member. The Member may request an earlier termination effective date.

Non-Payment of Premium: Please refer to "Premium Payment" section

Fraud or Intentional Misrepresentation: Member has performed an act or practice that constitutes fraud or has made an intentional misrepresentation of material fact in connection with coverage. Molina will send written notification of termination, and the Member's coverage will end at 11:59 p.m. Central time on the 30th day from the date notification is sent. If the Member has committed Fraud or Intentional Misrepresentation, Molina may not accept enrollment from the Member in the future and may report any suspected criminal acts to authorities.

Member Disenrollment Request: Member requests disenrollment to the Marketplace. The Marketplace will determine the Coverage end date.

Discontinuation of a Particular Product: Molina decides to discontinue offering a product, in accordance with State law. Molina will provide written notification of discontinuation at least 90 calendar days before the date the coverage will be discontinued.

Discontinuation of All Coverage: Molina elects to discontinue offering all health insurance coverage in a State in accordance with State law. Molina will send Members

written notification of discontinuation at least 180 calendar days prior to the date the coverage will be discontinued.

CONTINUITY OF CARE

Members receiving an Active Course of Treatment for Covered Services from a Participating Provider whose participation with Molina is ending without cause may have a right to continue receiving Covered Services from that provider until the Active Course of Treatment is complete or for 90 days, whichever is shorter, at in-network Cost Sharing. An Active Course of Treatment is:

- An ongoing course of treatment for a “Life-Threatening Condition,” which is a disease or condition for which likelihood of death is probable unless the course of the disease or condition is interrupted;
- An ongoing course of treatment for a Serious Acute Condition, which is a disease or condition requiring complex ongoing care which the covered person is currently receiving, such as chemotherapy, post-operative visits, or radiation therapy;
- The second or third trimester of pregnancy through the postpartum period; or
- An ongoing course of treatment for a health condition for which a treating physician or health care provider attests that discontinuing care by that physician or health care provider would worsen the condition or interfere with anticipated outcomes.

Continuity of care will end when the earliest of the following conditions have been met:

- Upon successful transition of care to a Participating Provider, if the Member chooses to transition their care.
- Upon completion of the course of treatment prior to the 90th day of continuity of care
- Upon completion of the 90th day of continuity of care
- The Member has met or exceeded the benefit limits under their plan
- Care is not Medically Necessary
- Care is excluded from coverage
- The Member becomes ineligible for coverage

Molina will provide Covered Services at in-network Cost Sharing for the specifically requested medical condition, up to the lesser of Molina’s Allowed Amount or an agreed upon rate for such services. If Molina and the provider are unable to settle on an agreed upon rate, the Member may be responsible to the provider for any billed amounts that exceed Molina's Allowed Amount. That would be in addition to any in-network Cost Sharing amounts that Members owe under this Agreement. In addition, any payment for the amounts that exceed the previously contracted amount will not be applied to Member’s Deductible or OOPM.

TRANSITION OF CARE:

Molina may allow a new Member to continue receiving Covered Services for an ongoing course of treatment with a Non-Participating Provider until Molina arranges a transition of care to a Participating Provider, under the following conditions:

1. Molina will only extend coverage for Covered Services to Non-Participating Providers when it is determined to be Medically Necessary, through Prior Authorization review process. Members may contact Molina to initiate Prior Authorization review.
2. Molina will only provide Covered Services on or after Member's effective date of coverage with Molina, not prior. A prior insurer (if there was no break in coverage before enrolling with Molina) may be responsible for coverage until a Member's coverage is effective with Molina.
3. After a Member's effective date with Molina, Molina may coordinate the provision of Covered Services with any Non-Participating Provider on a Member's behalf for transition of medical records, case management and coordination of transfer to a Molina Participating Provider.
4. For Inpatient Services: With the member's assistance, Molina may reach out to any prior Insurer (if applicable) to determine the Member's prior Insurer's liability for payment of inpatient hospital services through discharge of any Inpatient admission. If there is no transition of care provision through the Member's prior insurer or if a Member did not have coverage through an Insurer at the time of admission, Molina would assume responsibility for Covered Services upon the effective date of coverage with Molina, not prior.

ACCESS TO CARE

For an Emergency, call 911. For an Emergency, Members may call an Ambulance or go to any hospital emergency room, even if it is a Non-Participating Provider or outside of the Service Area.

24-Hour Nurse Advice Line: Registered Nurses are available 24 hours a day, 365 days a year to answer questions and help Members access care. The Nurse Advice Line phone number is 1-888-275-8750

Participating Provider Requirement: In general, a Member must receive Covered Services from a Participating Provider; otherwise, the services are not covered, the Member will be 100% responsible for payment to the Non-Participating Provider, and the payments will not apply to the Deductible or OOPM. However, a Member may receive Covered Services from a Non-Participating Provider for the following:

- Emergency Services
- Services from a Non-Participating Provider that are subject to Prior Authorization
- Exceptions described below under "Non-Participating Provider at a Participating Provider Facility"
- Exceptions described below under "No Participating Provider to Provide a Covered Service"
- Exceptions described under "Continuity of Care" section
- Exceptions described under "Transition of Care" section

To locate a Participating Provider, please refer to the provider directory at MolinaMarketplace.com or call Customer Support.

Member ID Card: Members should carry their Member identification (ID) card with them at all times. Members must show their ID card every time they receive Covered Services. For a replacement ID card, visit MyMolina.com or contact Customer Support.

Member Right to Obtain Healthcare Services Outside of Policy: Molina does not restrict Members from freely contracting at any time to obtain any healthcare services outside this Agreement on any terms or conditions they may choose. However, members will be 100% responsible for payment for such services and the payments for such services will not apply to their Deductible or OOPM for any of services under this Agreement. For exceptions, Members should review the Covered Services section of the Agreement.

Primary Care Provider (PCP): A Primary Care Provider (or PCP) takes care of routine and basic health care needs. PCPs provide Members with services such as physical exams, immunizations, or treatment for an illness or injury that is not needed on an urgent or emergency basis. Molina asks Members to select a PCP from the provider directory. If a PCP is not selected, one will be assigned by Molina. Members can request to change their PCP at any time at MyMolina.com or by contacting Customer Support.

Each family member can select a different PCP. A doctor who specializes in pediatrics may be selected as a child's PCP. A doctor who is an OB/GYN may be selected as a Member's PCP.

Sometimes Members may not be able to get the PCP they want. This may happen because:

- The PCP is no longer a Participating Provider with Molina.
- The PCP already has all the patients he or she can take care of right now.

Telehealth Services: Telehealth is the use of telecommunications and information technology to provide access to health assessment, diagnosis, intervention, consultation, supervision and information across distance. Telehealth includes such technologies as telephones, facsimile machines, electronic mail systems, and remote patient monitoring devices, which are used to collect and transmit patient data for monitoring and interpretation. Covered Services are also available through Telehealth, except as specifically stated in this Agreement. In-person contact with a Provider is not required for these services, and the type of setting where these services are provided is not limited. The following additional provisions apply to the use of Telehealth services:

- Must be obtained from a Participating Provider
- Are meant to be used when care is needed now for non-emergency medical issues
- Are a method of accessing Covered Services, and not a separate benefit
- Are not permitted when the Member and Participating Provider are in the same physical location
- Do not include texting, facsimile or email only
- Covered Services provided through store and forward technology must include an in-person office visit to determine diagnosis or treatment.

Non-Participating Provider at a Participating Provider Facility: If a Member receives non-emergency care from a hospital-based Non-Participating Provider who is delivering services in a Participating Provider hospital, Molina shall pay as long as all of the following conditions are met:

- Medically Necessary
- Prior Authorized
- A Covered Service

Non-Participating Providers delivering services in a Participating Provider hospital may include, but are not limited to, pathologists, radiologists, and anesthesiologists.

Molina will reimburse the Non-Participating Provider for these services up to the Allowed Amount. The Member will be responsible for any applicable Cost Sharing described in the Schedule of Benefits. Because Non-Participating Providers are not in Molina's contracted provider network, they may balance-bill the Member for the difference between the Allowed Amount and the rate that they charge. Except as otherwise provided by state law, the Member will be responsible for charges that exceed the Allowed Amount covered under this benefit. In addition, any payment for the amounts that exceed the Allowed Amount will not be applied to the Deductible or OOPM. Please refer to the Balance Billing section of this Agreement.

No Participating Provider to Provide a Covered Service: If there is no Participating Provider that can provide a non-Emergency Medically Necessary Covered Service, Molina will provide the Covered Service through a Non-Participating Provider in the same manner as and at no greater cost than the same Covered Services when rendered by Participating Providers. Prior Authorization is required before the initiation of the service.

Moral Objections:

Some hospitals and other providers do not provide one or more of the following services that may be covered under this plan and that a Member or their family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. Members should obtain more information before they enroll. Call the prospective doctor, medical group, independent practice association, or clinic, or call the Customer Support at the number shown in the Reference Guide in this Agreement to ensure that needed services can be obtained.

Accessing Care for Members with Disabilities: The Americans with Disabilities Act (ADA) prohibits discrimination based on disability. The ADA requires Molina and its contractors to make reasonable accommodations for Members with disabilities. Members with disabilities should contact Customer Support to request reasonable accommodation assistance

Physical Access: Every effort has been made to ensure that Molina's offices and the offices of Participating Providers are accessible to persons with disabilities. Member's with special needs should call Molina Healthcare's customer support center at the number shown in the Reference Guide in this Agreement for assistance finding an appropriate Participating Provider.

Access for the Deaf or Hard of Hearing: Call Customer Support at the TTY 711 number for assistance.

Access for Persons with Low Vision or Who Are Blind: This Agreement and other important product materials will be made available in accessible formats for persons with low vision or who are blind. Large print and enlarged computer disk formats are available. This Agreement is also available in an audio format. For accessible formats, or for direct help in reading the Agreement and other materials, please call Customer Support.

Disability Access Grievances: If a Member believes Molina or its doctors have failed to respond to their disability access needs, they may file a grievance with Molina Healthcare. Please refer to the Appeals and Grievances section of this Agreement for information regarding how to file a grievance.

PRIOR AUTHORIZATION

Some services and drugs must be approved by Molina before they will be covered for a Member. This process is called Prior Authorization. If a service requires Prior Authorization, a Provider will request authorization from Molina on behalf of the Member. If authorization for a service is not provided by Molina, a Member may appeal the decision. For a complete list of covered services that do and do not require Prior Authorization, please visit MolinaHealthcare.com or call Customer Support. The following services always require authorization:

- Hospital/outpatient stay (non-emergency)
- Long term care (nursing home or rehab)
- Medical equipment and supplies
- Surgery

Molina will decide about authorization for a service within 14 calendar days after receiving the request and all medical information necessary to decide. Providers may request that Molina expedite the authorization process if the standard process would risk the Member's health. Molina will notify the Provider about the decision at the conclusion the approval process, within timeframes required by State and Federal law. If the request for service is not approved by Molina, the Member will be notified, including rights about how to appeal the denial. Prior authorization requirements for Covered Services are subject to change, and Members should contact the Customer Support Center or visit the Molina Marketplace website prior to receiving services.

Authorization Decision Timeframes

Medical Services:

- **Routine Prior Authorization Requests:** Will be processed within five (5) business days from receipt of all information reasonably necessary and requested by Molina Healthcare to make the determination, and no longer than fourteen (14) calendar days from the initial receipt of the request.

- **Expedited Prior Authorization requests** - For medical conditions (that are not Emergency Medical Conditions) but which a Member's provider believes may cause a serious threat to the Member's health, are processed within seventy-two (72) hours from receipt of all information reasonably necessary and requested by Molina Healthcare to make the determination or, if shorter, the period of time required under Section 2719 of the Federal Public Health Services Act and subsequent rules and regulations issued thereunder.
- **Emergency Medical Conditions:** Do not require Prior Authorization.

Prescription Drugs and Medications: Prior Authorization decisions and notifications for medications not listed on the Molina Formulary will be provided as described in the section of this Agreement titled "Access to Non-Formulary Drugs."

Medical Necessity: Prior Authorization determinations are made based on a review of Medical Necessity for the requested service. Molina is here to help. If a Member has questions about how a certain service may be approved, call Customer Support. Molina can explain how that type of decision is made. The number is 1 (888) 858-2150. TTY users may dial 711.

Molina will not approve a Prior Authorization if information requested in connection with reviewing the Prior Authorization is not provided. If a service request is not Medically Necessary, it will not be approved. If the service requested is not a Covered Service, it will not be approved. Members will get a letter telling them why a Prior Authorization request was not approved. The Member, the Member's Authorized Representative or their Provider may appeal the decision. The denial decision letter will tell Members how to appeal. These instructions are in the section of this Agreement titled "Complaints and Appeals."

If a Member or their Provider decides to proceed with a service that has not been approved, the Member will have to pay the cost of those services.

Utilization Review: Licensed Molina staff processes Prior Authorization requests and conducts. Upon request in writing or by telephone, Providers and Members requesting authorization for Covered Services will be provided the criteria used for making coverage determinations by mail, fax, or call by Molina. Molina provides help and alternatives for care when a member is not authorized for a service.

Inpatient Concurrent Review: Molina conducts concurrent review on inpatient cases.

- For non-emergency admissions, a Member, their Provider, or the admitting facility will need to request Prior Authorization at least 14 days before the date the Member is scheduled to be admitted.
- For an emergency admission, a Member, their Provider, or the admitting facility should notify Molina within 24 hours or as soon as reasonably possible after the Member has been admitted.
- For outpatient and inpatient non-emergency medical services requiring Prior Authorization, a Member, their Provider, or the admitting facility must notify Molina at least 14 days before the outpatient care is provided, or the procedure is scheduled.

- For inpatient acute care, Molina will coordinate services within 48 hours and will continue to follow up every 48 hours.

Second Opinion: A Member's Provider may want another Provider to review a Member's condition, which is called a Second Opinion. This Provider may review the Member's medical record, set an appointment, and may suggest a plan of care. Molina only covers Second Opinions when furnished by a Participating Provider.

COORDINATION OF BENEFITS (COB)

This provision applies when a person has health care coverage under more than one Plan. Plan is defined below. The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans does not exceed 100% of the total Allowable expense.

Definitions:

A. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

1. Plan includes: group and nongroup insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. This plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. The order of benefit determination rules determine whether this plan is a Primary plan or Secondary plan when the person has health care coverage under more than one Plan. When This plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.

D. Allowable expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable expense.

The following are examples of expenses that are not Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
5. The amount of any benefit reduction by the Primary plan because a covered person has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. Closed panel plan is a Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

F. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefits Determination: When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.

B. (1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying plan is primary. (2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.

C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of benefits using the first of the following rules that apply:

(1) Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary plan and the Plan that covers the person as a dependent is the Secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.

(2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

- The Plan of the parent whose birthday falls earlier in the calendar year is the Primary plan; or
- If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.

(b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married: (i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree; (ii) If a court decree states that both parents are responsible

for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits; (iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or (iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

- The Plan covering the Custodial parent;
- The Plan covering the spouse of the Custodial parent;
- The Plan covering the non-custodial parent; and then
- The Plan covering the spouse of the non-custodial parent.

(c) For a dependent child covered under more than one Plan of individuals who are the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(3) Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same person as a retired or laid-off employee is the Secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(4) COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(5) Longer or Shorter Length of Coverage. The Plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the Primary plan and the Plan that covered the person the shorter period of time is the Secondary plan.

(6) If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This plan will not pay more than it would have paid had it been the Primary plan.

Effect on the Benefits of this Plan:

A. When This plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more Closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

Right to Receive and Release Needed Information: Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This plan and other Plans. Molina may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This plan and other Plans covering the person claiming benefits. Molina need not tell, or get the consent of, any person to do this. Each person claiming benefits under This plan must give Molina any facts it needs to apply those rules and determine benefits payable.

Facility of Payment: A payment made under another Plan may include an amount that should have been paid under This plan. If it does, Molina may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This plan. Molina will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services. If the amount of the payments made by Molina is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

COST SHARING

Molina requires Members to pay Cost Sharing for certain Covered Services under this Agreement. Members should review their Schedule of Benefits for all applicable Cost Sharing for Covered Services. For certain Covered Services, such as laboratory and X-rays that are provided on the same date of service and in the same location as an office visit to a PCP or a Specialist, Members will only be responsible for the applicable Cost Sharing amount for the office visit.

Members receiving covered inpatient hospital or skilled nursing facility services on the effective date of this Agreement pay the Cost Sharing in effect for this Agreement upon the effective date of coverage with Molina. For items ordered in advance, Members pay the Cost Sharing in effect for this Agreement upon the effective date, for covered services only. For outpatient prescription drugs, the order date is the date the Participating Provider pharmacy processes the order after receiving all the information they need to fill the prescription.

COVERED SERVICES

This section describes the Covered Services available with this Plan. Covered Services are available to current Members and are subject to Cost Sharing, exclusions, limitations, authorization requirements, approvals and the terms and conditions of this Agreement. Molina will provide a Covered Service only if all of the following conditions are satisfied:

- The individual receiving Covered Services on the date the Covered Services are rendered is a Member;
- The Covered Services are Medically Necessary and/or approved by Molina;
- The services are identified as Covered Services in this Agreement;
- The Member receives Covered Services from a Participating Provider, except for Covered Services that are expressly covered when rendered by non-Participating Providers under the terms of this Agreement.

Members should read this Agreement completely and carefully in order to understand their coverage and to avoid being financially responsible for services that are not Covered Services under this Agreement.

Essential Health Benefits: Covered Services for Members include Essential Health Benefits (EHB) as defined by the Affordable Care Act (ACA) and its implementing regulations. Services that are not EHBs will be specifically described in this Agreement. EHB coverage includes at least the 10 categories of benefits identified in the ACA and its implementing regulations. Members cannot be excluded from coverage in any of the 10 EHB categories. However, Members will not be eligible for EHB pediatric Covered Services under this Agreement as of 11:59 p.m. Central time on the last day of the month that they turn age 19. This includes pediatric dental coverage that can be purchased separately through the Marketplace and pediatric vision coverage.

Under the ACA and its implementing regulations governing EHBs:

- Molina is not allowed to set lifetime limits or annual limits on the dollar value of EHBs provided under this Agreement.
- When EHB preventive services are provided by a Participating Provider, the Member will not have to pay any Cost Sharing amounts.
- Molina must ensure that the Cost Sharing that Members pay for all EHBs does not exceed an annual limit that is determined under the ACA.

For the purposes of this EHB annual limit, Cost Sharing refers to any costs that a Member is required to pay for EHBs. Such Cost Sharing includes Deductibles, Coinsurance and Copayments, but excludes Premiums and Member spending on non-Covered Services.

Mental Health Parity and Addiction Equity Act: Molina complies with the federal Mental Health Parity and Addiction Equity Act. Mental health and Substance Use Disorder benefits are provided in parity with medical/surgical benefits within the same classification or subclassification. Intermediate levels of care such as residential

treatment, partial hospitalization and intensive outpatient services are Covered Services, and may require Prior Authorization.

Alternative to Hospitalization or Inpatient Care: To the extent mandated by State Law, home healthcare furnished by duly licensed home health, hospice and home care agencies covered by this Agreement may be substituted as an alternative to hospitalization or inpatient care if hospitalization or inpatient care is Medically Necessary and such home healthcare:

- Can be provided at equal or lesser cost;
- Is the most appropriate and cost-effective setting; and
- Is substituted with the consent of the Member and upon the recommendation of the Member's attending Physician or licensed health care Provider that such care will adequately meet the Member's needs.

The decision to substitute less expensive or less intensive services shall be made based on the medical needs of the Member. Molina may require a written treatment plan that has been approved by the Member's attending Provider. Coverage of substituted home healthcare is limited to the maximum benefits available for Hospital or other inpatient care under this Agreement and is subject to any applicable Cost Sharing and limitations in this Agreement.

Approved Clinical Trials: Molina covers routine patient care costs for qualifying Members participating in approved clinical trials for cancer and/or another life-threatening disease or condition. A Life-Threatening Disease or Condition means any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted. Members will never be enrolled in a clinical trial without their consent.

To qualify for coverage, an enrolled Member must be diagnosed with cancer or other life threatening disease or condition, be accepted into an Approved Clinical Trial (as defined below), and have received Prior Authorization or approval from Molina. An approved clinical trial means a phase I, phase II, phase III or phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition and:

1. The study is approved or funded by one or more of the following: the National Institutes of Health, the Centers for Disease Control and Prevention, the Agency for Health Care Research and Quality, the Centers for Medicare and Medicaid Services, the U.S. Department of Defense, the U.S. Department of Veterans Affairs, or the U.S. Department of Energy, or a qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants or
2. The study or investigation is conducted under an investigational new drug application reviewed by the FDA, or
3. The study or investigation is a drug trial that is exempt from having such an investigational new drug application.

All approvals and Prior Authorization requirements that apply to routine care for Members not in an approved clinical trial also apply to routine care for Members in

approved clinical trials. If a Member qualifies, Molina cannot deny their participation in an approved clinical trial. Molina cannot deny, limit, or place conditions on its coverage of Member's routine patient costs associated with their participation in an approved clinical trial for which they qualify. Members will not be denied or excluded from any Covered Services under this Agreement based on their health condition or participation in a clinical trial.

The cost of medications used in the direct clinical management of the Member will be covered unless the approved clinical trial is for the investigation of that drug or the medication is typically provided free of charge to Members in the clinical trial. Molina does not have an obligation to cover certain items and services that are not routine patient costs, as determined by the Affordable Care Act, even when the Member incurs these costs while in an approved clinical trial. Costs excluded from coverage under this Plan include: The investigational item, device or service itself, items and services solely for data collection and analysis purposes and not for direct clinical management of the patient, and any service inconsistent with the established standard of care for the patient's diagnosis.

All approvals and Prior Authorization requirements that apply to routine care for Members not in an approved clinical trial also apply to routine care for Members in approved clinical trials. For Covered Services related to an approved clinical trial, Cost Sharing will apply the same as if the service were not specifically related to an approved clinical trial. Members will pay the Cost Sharing they would pay if the services were not related to a clinical trial. Members should contact Customer Support for further information.

Autism Spectrum Disorder: Molina covers the diagnosis and treatment of autism spectrum disorders including autistic disorder, Asperger's disorder, and pervasive developmental disorder not otherwise specified, as defined by the Diagnostic and Statistical Manual, current edition.

Cancer Treatment: Molina provides the following coverages for cancer care and treatment, including, but not limited to:

- Preventive screening and testing (please refer to the Preventive Services section of this Agreement for full details)
- Dental evaluation, X-rays, fluoride treatment, and extractions necessary to prepare the Member's jaw for radiation therapy of cancer and other neoplastic diseases in the Member's head or neck
- Mastectomies (removal of breast) and lymph node dissections for the treatment of breast cancer
- Mastectomy-related services (please refer to the Reconstructive Surgery and Prosthetic and Orthotic Devices sections of this Agreement for more information)
- Routine patient care costs for Members who are participating in an Approved Clinical Trial for cancer
- Prescription medications to treat cancer (please refer to the Prescription Drug section of this Agreement for full details)

Dental and Orthodontic Services:

Molina does not provide pediatric dental services under this Agreement.

Dental and orthodontic services provided under this agreement must be Prior Authorized and are limited to the following:

- Dental services for radiation treatment
- Dental anesthesia
- Dental and Orthodontic services for Cleft Palate

Emergency Services

Emergency Services are available 24 hours a day, 7 days a week for Members.

Members who think they are having an Emergency should call 911 right away and go to the closest Hospital or emergency room. When getting Emergency Services, Members should bring their Member ID card. Members who do not believe they need Emergency Services but who need medical help, should call their PCP, or call the 24-Hour Nurse Advice Line toll-free. Members should not go to an emergency room if the condition is not an Emergency.

Emergency Services When Out of Service Area: Members should go to the nearest emergency room for care when outside the Molina Service Area when they think they are having an Emergency. Please contact Customer Support within 24 hours or as soon as possible.

Emergency Services by a Non-Participating Provider: Emergency Services for treatment of an Emergency Medical Condition are subject to Cost Sharing. This is true whether Emergency Services are provided by Participating Providers or Non-Participating Providers. Members should refer to the Cost Sharing for Emergency Services in the Schedule of Benefits.

Important: Except as otherwise required by State Law, when Emergency Services are received from Non-Participating Providers for the treatment of an Emergency Medical Condition, claims for Emergency Services will be paid at Molina's Allowed Amount

Because Non-Participating Providers are not in Molina's contracted provider network, they may balance-bill Members for the difference between Molina's Allowed Amount and the rate that they charge. Members may be responsible for provider charges that exceed the Allowed Amount covered under this benefit for Emergency Services rendered by a Non-Participating Provider

Mandatory Transfer to a Participating Provider Hospital: Prior Authorization is required to get Hospital services, except in the case of Emergency Services. For Members who are admitted to a Non-Participating Provider facility for Emergency Services, Molina reserves the right to require a transfer to a Participating Provider facility once the Member has stabilized sufficiently. If Molina requires a transfer, Molina will work with the Member and their Provider to provide transportation to a Participating Provider facility. If the Member's coverage terminates during a Hospital stay, the services received after the termination date are not Covered Services. If the Member's Provider determines they are stable for transfer and Molina arranges for transfer to a Participating Provider facility, and the Member refuses the transfer, additional services provided in the Non-Participating Provider facility are not Covered Services. The Member will be 100% responsible for payments, and the payments will not apply to the Annual Maximum Out-of-Pocket.

Emergency Services Outside the United States: Covered Services include Emergency Services while traveling outside of the Service Area. This includes travel outside of the United States. For Emergency Services while traveling outside the United States, Members should use that country's or territory's emergency telephone number or go to the nearest emergency room.

Members who receive Emergency Services while traveling outside the United States will be required to pay the Non-Participating Provider's charges at the time they obtain those services. Members may submit a claim for reimbursement to Molina for charges that they paid for Covered Services received from the Non-Participating Provider.

Members are responsible for ensuring that claims and/or records of such services are appropriately translated. They are also responsible for ensuring that the monetary exchange rate is clearly identified when submitting claims for Emergency Services received outside the United States. Medical records of treatment and service may also

be required for proper reimbursement from Molina. Claims for reimbursement for Covered Services should be submitted to the Customer Support address shown in the Reference Guide in this Agreement.

Claims for reimbursement of Covered Services for Members traveling outside the United States must be verified by Molina before payment can be made. Molina will calculate the Allowed Amount that will be covered for Emergency Services while traveling outside of the Service Area, in accordance with applicable state and federal laws.

Because these services are performed by a Non-Participating Provider, Members will only be reimbursed for the Allowed Amount. The Allowed Amount may be less than the amount the Member was charged by the Non-Participating Provider. Members will not be entitled to reimbursement for charges for health care services or treatment that are not covered under this Agreement.

Emergency Medical Transportation: Emergency medical transportation (ground and air ambulance), or ambulance transport services provided through the 911 emergency response system are covered when Medically Necessary. These services are covered only when other types of transportation would put the Member's health or safety at risk. Members can choose hospice care instead of the traditional services covered by this Plan. Molina covers home hospice services and a semi-private room in a hospice facility limited to six months per lifetime.

Inpatient Hospital Services: Members must have a Prior Authorization to get hospital services, except in the case of an Emergency . Services received in a Non-Participating hospital after admission to the hospital for Emergency Services, will be covered until the Member has stabilized sufficiently to be transferred to a Participating Provider facility, provided the Member's coverage with Molina has not terminated. Molina will work with the Member and their Provider to provide medically appropriate transportation to a Participating Provider facility. If coverage with Molina terminates during a hospital stay, the services received after the Member's termination date are not Covered Services. After stabilization and after provision of transportation to a Participating Provider facility, services or admission provided after stabilization in an out-of-area or Non-Participating hospital are not Covered Services, the Member will be 100% responsible for payments to any Non-Participating Providers, and the Member's payments will not apply to the Deductible or Out-of-Pocket Maximum

Medically Necessary inpatient services are generally and customarily provided by acute care general hospitals inside the Service Area. Non-Covered services include, but are not limited to, private duty nursing, guest trays and patient convenience items.

Laboratory Tests, Radiology (X-Rays), and Specialized Scanning Services: Molina covers laboratory, radiology (including X-ray) and scanning services at a Participating Provider. Covered scanning services can include CT Scans, PET Scans and MRI with Prior Authorization. Molina will help Members to select an appropriate facility for these services. Limited coverage for Medically Necessary dental and orthodontic X-rays is outlined in the Dental and Orthodontic Services section of this Agreement.

Mental Health Services (Inpatient and Outpatient): Molina covers inpatient and outpatient mental health services when provided by Participating Providers and facilities acting within the scope of their license. Except for involuntary admissions, all inpatient admissions, and certain outpatient services require Prior Authorization. Molina covers the diagnosis or treatment of mental disorders, including services for the treatment of gender dysphoria.

This includes NEMT from one hospital to another hospital, from a hospital to a skilled nursing facility or hospice. NEMT is provided by wheelchair lift equipped vehicle, litter/stretchers van or non-Emergency ambulance (both advanced life support and basic life support). When NEMT is needed, Molina will arrange for the transportation to be provided by a Participating Provider transportation vendor. Please

Preventive, primary care, and Laboratory Services will apply to post discharge services, as applicable. PRESCRIPTION DRUGS

Drugs, Medications and Durable Medical Equipment: Molina covers drugs ordered by Providers, approved by Molina, and filled through a pharmacy that is a Molina contracted pharmacy. Covered drugs include over-the-counter (OTC) and prescription drugs. Molina also covers drugs ordered or given in a participating facility when provided in connection with a Covered Service. Prior Authorization may be required to have certain drugs covered. A Provider who is lawfully permitted to write prescriptions, also known as a Prescriber, may request Prior Authorization on behalf of a Member, and Molina will notify the Provider if the request is either approved or denied based upon Medical Necessity review.

Pharmacies: Molina covers drugs at retail pharmacies, specialty pharmacies, and mail order pharmacies within our Service Area. Members may be required to fill a drug with a contracted specialty pharmacy if the drug is subject to Food and Drug Administration (FDA) restrictions on distribution, requires special handling or provider coordination, or if specialized patient education is required to ensure safe and effective use. Drugs may be covered outside the Service Area for Emergency Services only, upon request. For a list of contracted pharmacies, please visit the Molina Marketplace website. A hardcopy is also available upon request made to Customer Support.

Molina Formulary: Molina establishes a list of drugs, devices, and supplies that are covered under the Plan's pharmacy benefit. The list of covered products is referred to as the "Formulary". The list shows all the prescription and over-the-counter products Plan Members can get from a pharmacy, along with any coverage requirements, limitations, or restrictions on the listed products. The Formulary is available to Members on the Molina Marketplace website. A hardcopy is also available request. The list of products on the Formulary are chosen by a group of medical professionals from inside and outside of Molina. This group reviews the Formulary regularly and makes changes every three months based on updates in evidence-based medical practice, medical technology, and new-to-market branded and generic drugs.

Access to Nonformulary Drugs: The Formulary lets Members and their Prescribers know which products are covered by the Plan's pharmacy benefit. The fact that a drug is listed on the Formulary does not guarantee that a Prescriber will prescribe it for a Member. Drugs that are not on the Formulary may not be covered by the Plan and may cost Members more than similar drugs that are on the Formulary if covered on "exception," as described in the next section. Members may ask for nonformulary drugs to be covered. Requests for coverage of nonformulary drugs will be considered for a medically accepted use when Formulary options cannot be used, and other coverage requirements are met. In general, drugs listed on the Formulary are drugs Providers prescribe for Members to get from a pharmacy and give to themselves. Most injectable drugs that require help from a Provider to use are covered under the medical benefit instead of the pharmacy benefit. Providers have instructions from Molina on how to get advanced approval for drugs they buy and treat Members with. Some injectable drugs can be approved to get from a pharmacy using the Plan pharmacy benefit.

Requesting an Exception: Molina has a process to allow Members to request clinically appropriate drugs that are not on the Formulary. Members may request coverage for drugs that have step therapy requirements or other restrictions under the Plan benefit that have not been met. Prescribers may contact Molina’s Pharmacy Department to request a Formulary exception. If the request is approved, Molina will contact the Prescriber.

If a prescription requires a Prior Authorization review for a Formulary exception, the request can be considered under standard or expedited circumstances.

- Any request that is not considered an expedited exception request is considered a Standard Exception request.
- A request is considered an expedited exception request if it is to treat a Member health condition that may seriously jeopardize their life, health, or ability to regain maximum function, or if they are undergoing current treatment using the drug and it is nonformulary. Trials of pharmaceutical samples from a Prescriber or a drug manufacturer will not be considered as current treatment.

Molina will notify the Member and their Prescriber of the coverage determination no later than:

- 24 hours following receipt of an expedited exception request
- 72 hours following receipt of a standard exception request

If the request is denied, Molina will send a letter to the Member and their Prescriber. The letter will explain why the drug or product was denied. It is within the Member’s rights to purchase the drug at the full cost charged by the pharmacy. If the Member disagrees with the denial of the request, the Member can appeal Molina’s coverage decision. The Prescriber may request to talk to Molina reviewers about the denial reasons. The Prescriber may also request that an Independent Review Organization (IRO) review Molina’s coverage decision. The IRO will notify the requestor of the IRO decision no later than:

- 24 hours following receipt of an appeal on a denied expedited exception request
- 72 hours following receipt of an appeal of a denied standard exception request.

Cost Sharing: Molina puts drugs on different levels called tiers based on how well they improve health and their value compared to similar treatments. The Plan pharmacy benefit has six cost sharing levels. For Tiers 1 through 4, the lower the Tier, the lower the Member’s share of the cost will be. The Schedule of Benefits shows Member Cost Sharing for a one-month supply based on these tiers.

Here are more details about which drugs are on which tiers.

Drug Tier	Description
Tier 1	Preferred Generic drugs; Lowest cost sharing.
Tier 2	Non-Preferred Generic drugs and Preferred Brand-Name drugs; Higher cost sharing than Tier 1

Tier 3	Non-Preferred, Brand-Name and Generic drugs; Higher cost sharing than lower tier drugs used to treat the same conditions.
Tier 4	All Specialty Drugs; Brand-Name and Generic; Higher cost sharing than lower tier drugs used to treat the same conditions if available. Depending on state rules, Molina may require Members to use the network specialty pharmacy.
Tier 5	Nationally recognized preventative service drugs and dosage forms, and family planning drugs and devices (i.e., contraception) with \$0 cost sharing.
DME	Durable Medical Equipment (“DME”)- cost sharing applies; some non-drug products on the Formulary have cost sharing determined by the DME coinsurance.

Cost Sharing on Formulary Exceptions: For drugs or other products that are approved on Formulary exception, the Member will have Tier 3 cost share for non-specialty products or a Tier 4 cost share for Specialty products. Please note, for nonformulary brand-name products that have a generic product listed on the formulary, if coverage is approved on exception, a Member’s share of the cost will also include the difference in cost between the formulary generic drug and the brand-name drug

Drug Cost Sharing Assistance and Out-of-Pocket Costs: Cost sharing reduction for any prescription drugs obtained by Members through the use of a discount card, a coupon provided by a prescription drug manufacturer, or any form of prescription drug third party cost sharing assistance will not apply toward any Deductible, or the Annual Out-of-Pocket Maximum under the Plan.

Over-the-Counter Drugs and Supplements: Molina covers over-the-counter drugs and supplements in accordance with State Law and Federal laws.

Durable Medical Equipment (DME): Molina will cover DME rental or purchase costs for use with certain drugs when obtained through a contracted vendor. Molina will also cover reasonable repairs, maintenance, delivery, and related supplies for DME. Members may be responsible for necessary DME repair or replacement costs if needed due to misuse or loss of the DME. Prior Authorization may be required for DME to be covered. Coverage will be under the medical benefit or the pharmacy benefit, depending on the type of DME. Please refer to the Formulary for DME and other non-drug products covered under the pharmacy benefit. Please refer to the Molina Marketplace website, or contact Customer Support for more coverage information.

Diabetic Supplies: Molina covers diabetic supplies on the Formulary such as insulin syringes, lancets and lancet puncture devices, blood glucose monitors, continuous glucose monitoring DME, blood glucose test strips, urine test strips, and select pen delivery systems for the administration of insulin.

Prescription Drugs to Stop Smoking: Molina covers a three-month supply of drugs to help Members stop smoking, at no Cost Share. Members should consult their Provider to determine which drug is right for them. Covered drugs are listed on the Formulary.

Day Supply Limit: While Providers determine how much drug, product supply, or supplement to prescribe, Molina may only cover one month of supply at a time for certain products. The Formulary indicates “MAIL” for items that may be covered with a 3-month supply through a contracted mail order pharmacy or other Plan programs. Quantities that exceed the day supply limits on the Formulary are not covered, with few exceptions.

Proration and Synchronization: Molina provides medication proration for a partial supply of a prescription drug if the Member’s pharmacy or Provider notifies Molina that the quantity dispensed is to synchronize the dates that the pharmacy dispenses the prescription drugs, synchronization is in the best interest of the Member, and Member agrees to the synchronization. The proration described will be based on the number of days’ supply of the drug dispensed.

Opioid Analgesics for Chronic Pain: Prior Authorization may be required for pharmacy coverage of opioid pain medications to treat chronic pain. Without a prior authorization, Members may be limited to coverage of a shorter supply per fill and subject to restrictions on long-acting opioid drugs and combined total daily doses. These requirements do not apply to Members in the following circumstances: Opioid analgesics are prescribed to a Member who is a hospice patient, the Member was diagnosed with a terminal condition, or the Member is actively being treated for cancer. Molina will conduct a utilization review for all opioid Prior Authorization requests.

Drugs to Treat Cancer: Molina covers reasonable costs for anti-cancer drugs and their administration. Requests for uses outside of a drug’s FDA labeling (i.e., off-label uses) are reviewed for Medical Necessity against standard recommendations for the use of the drug and for the type of cancer being treated. No request is denied solely based on usage outside of FDA labeling. Drugs that Providers treat Members with will be subject to Cost Sharing specified for chemotherapy under the medical benefit for the site where treatment is given. Drugs that Members get from pharmacies will be subject to Cost Sharing specified for the pharmacy benefit. Please refer to the Schedule of Benefits for applicable Cost Sharing. Most new anti-cancer drugs are considered Tier 4 specialty drugs under the pharmacy benefit.

All anti-cancer drugs taken by mouth and paid for under the pharmacy benefit will be covered on the same basis and at no greater Cost Sharing than imposed under the medical benefit for anti-cancer drugs given by other bodily routes by a Provider.

Treatment of Human Immunodeficiency Virus (HIV): Molina covers prescription drugs for the treatment of HIV infection, or an illness or medical condition arising from or related to HIV. Drugs must be prescribed within the Provider’s scope of practice and approved by the United States Food and Drug Administration (FDA), including Phase III experimental or investigational drugs that are FDA approved and are administered according to protocol.

Mail Order Availability of Formulary Prescription Drugs

Molina offers Members a mail order Formulary Prescription drug option. Formulary Prescription drugs can be mailed to Members within 10 days from order request and approval. Cost Sharing is for up to a 90-day supply is two times the appropriate Copayment or Coinsurance Cost Share based on the drug tier for one month.

Members are free to choose any pharmacy and/or pharmacist that is a contracted Molina provider. All contracted Molina pharmacies and/or pharmacists have the right to participate in the Molina provider network if they agree to provide pharmacy services, including but not limited to prescription drugs, that meet the terms and requirements set forth by Molina under this Agreement and agrees to the terms of reimbursement set forth by Molina.

Members are not required to purchase maintenance drugs through a mail-order pharmacy as a condition of coverage for the maintenance drug. A Member's cost for maintenance drugs is the same whether purchased at a participating retail pharmacy or through a participating mail-order pharmacy.

Off-Label Drugs: Molina will not deny coverage of off-label drug use solely on the basis that the drug will be used outside of the FDA-approved labeling. Molina does cover off-label drug use to treat a covered, chronic, disabling, or life-threatening illness. The drug must be approved by the FDA for at least one indication. The use must be recognized as standard and effective for treatment of the indication in any of the standard drug reference compendia or substantially accepted peer-reviewed medical literature. Molina may require that other treatments that are also standard have been tried or are not clinically appropriate if permitted under state law. The off-label drug use request must demonstrate Medical Necessity to treat a covered condition when Prior Authorization is required.

Coverage will start for product years that begin one year after the date the recommendation or guideline is issued or on such other date as required by the ACA and its implementing regulations. The product year, also known as a policy year for the purposes of this provision, is based on the calendar year.

Except as otherwise provided by State Law, any claims that are not submitted to Molina within these timelines are not be eligible for payment and Provider waives any right to payment.

Claim Processing: Claims payment will be made in accordance with the Timely Payment Of Claims section below.

Molina Payment: Some Participating Providers receive a flat amount for each month that a Member is under their care, whether they see the Participating Provider or not. Some Providers work on a fee-for-service basis, which means they receive payment for each service they perform. Some Providers may receive incentives for giving quality

preventive care. Molina does not provide financial incentives for utilization management decisions that could result in authorization denials or under-utilization. For more information about how Providers are paid, Members may call Customer Support. Members may also call a Provider's office or medical group for this information.

If the Member does not agree with the denial, the Member may file an appeal as described in this Agreement.

Timely Payment of Claims

1. All Covered Services payable under this Agreement for any loss will be paid within twenty-five (25) days after receipt of due written proof of such loss in the form of a clean claim where claims are submitted electronically, and will be paid within thirty-five (35) days after receipt of due written proof of such loss in the form of clean claim where claims are submitted in paper format. Benefits due under the policies and claims are overdue if not paid within twenty-five (25) days or thirty-five (35) days, whichever is applicable, after Molina receives a clean claim containing necessary medical information and other information essential for Molina to administer coordination of benefits and subrogation provisions. A "clean claim" means a claim received by Molina for adjudication and which requires no further information, adjustment or alteration by the provider of the services or the Member in order to be processed and paid by the Molina. A claim is clean if it has no defect or impropriety, including any lack of substantiating documentation, or particular circumstance requiring special treatment that prevents timely payment from being made on the claim under this provision. A

clean claim includes resubmitted claims with previously identified deficiencies corrected. Errors, such as system errors, attributable to Us, do not change the clean claim status.

A clean claim does not include any of the following:

- a. A duplicate claim, which means an original claim and its duplicate when the duplicate is filed within thirty (30) days of the original claim;
- b. Claims which are submitted fraudulently or that are based upon material misrepresentations;
- c. Claims that require information essential for the Molina to administer coordination of benefits or subrogation provisions; or
- d. Claims submitted by a provider more than thirty (30) days after the date of service; if the provider does not submit the claim on behalf the covered Member, then a claim is not clean when submitted more than thirty (30) days after the date of billing by the provider to the covered Member.

Not later than twenty-five (25) days after the date the Molina actually receives an electronic claim, Molina shall pay the appropriate benefits, in full, or any portion of the claim that is clean, and notify the provider (where the claim is owed to the provider) or the covered Member (where the claim is owed to the covered Member) of the reasons why the claim or portion thereof is not clean and will not be paid and what substantiating documentation and information is required to adjudicate the claim as clean. Not later than thirty-five (35) days after the date Molina actually receives a paper claim, We shall pay the appropriate benefit in full, or any portion of the claim that is clean, and notify the provider (where the claim is owed to the provider) or the covered Member (where the claim is owed to the covered Member) of the reasons why the claim or portion thereof is not clean and will not be paid and what substantiating documentation and information is required to adjudicate the claim as clean. Any claim or portion thereof resubmitted with the supporting documentation and information requested by the insurer shall be paid within twenty (20) days after receipt.

For purposes of this provision, the term “pay” means that Molina shall either send cash or a cash equivalent by United States mail, or send cash or a cash equivalent by other means such as electronic transfer, in full satisfaction of the appropriate benefit due the provider (where the claim is owed to the provider) or the covered Member (where the claim is owed to the covered Member). To calculate the extent to which any benefits are overdue, payment shall be treated as made on the date a draft or other valid instrument was placed in the United States mail to the last known address of the provider (where the claim is owed to the provider) or the covered Member (where the claim is owed to the covered Member) in a properly addressed, postpaid envelope, or, if not so posted, or not sent by United States mail, on the date of delivery of payment to the provider or covered Member.

2. If the claim is not denied for valid and proper reasons by the end of the applicable time period prescribed in this provision, Molina must pay the provider (where the claim is owed to the provider) or the covered Member (where the claim is owed to the covered Member) interest on accrued benefits at the rate of three percent (3%) per month accruing from the day after payment was due on the amount of the benefits that remain

unpaid until the claim is finally settled or adjudicated. Whenever interest due pursuant to this provision is less than One Dollar (\$1.00), such amount shall be credited to the account of the person or entity to whom such amount is owed.

3. In the event Molina fails to pay benefits when due, the covered Member entitled to such benefits may bring action to recover such benefits, any interest which may accrue as provided in subparagraph 2 of this subsection and any other damages as may be allowable by law. If it is determined in such action that Molina acted in bad faith as evidenced by a repeated or deliberate pattern of failing to pay benefits and/or claims when due, the person entitled to such benefits (health care provider or Covered Member) shall be entitled to recover damages in an amount up to three (3) times the amount of the benefits that remain unpaid until the claim is finally settled or adjudicated.

If a dispute arises between the Member and the Workers' Compensation carrier as to a Member's ability to collect under workers' compensation laws, Molina will provide the benefits described in this Agreement until resolution of the dispute. If Molina provides benefits which duplicate the benefits the Member is entitled to under workers' compensation law, Molina will be entitled to reimbursement for the reasonable cost of such benefits.

Neither Molina nor any Participating Provider shall have any liability or obligation for delay or failure to provide Covered Services if such delay or failure is the result of any of the circumstances described above.

A "Durable Power of Attorney for Health Care" and "Natural Death Act Declaration" are types of Advance Directives. Members have the right to complete an Advance Directive in accordance with applicable law, including but not limited to Miss. Code § 41-41-203, et. seq. A Member's provider can answer questions about Advance Directives

Notices: Any notices required by Molina under this Agreement will be sent to the most recent address or record for the Subscriber. The Subscriber is responsible for reporting any change in address to the Marketplace.

Legal Action: No action at law or in equity shall be brought to recover on this Agreement prior to the expiration of sixty (60) days after written proof of loss has been furnished in accordance with the requirements of this Agreement. No such action shall be brought after the expiration of three (3) years after the time written proof of loss is required to be furnished.

With respect to any covered family member who is eligible for Medicare or any other similar federal or state health insurance program, the right to a continuation of coverage under this section shall be limited as provided by any applicable law. Individuals that qualify for Medicare due to End-Stage Renal Disease (ESRD)/kidney failure disease may be allowed to continue their coverage under this Agreement and continue to receive federal premium tax credit, if deemed eligible by the Marketplace.
- Coverage continued under this Agreement or under any other product that Molina Healthcare is offering on the Marketplace at the applicable time will be provided at a reasonable, nondiscriminatory rate, as permitted by applicable law, and will consist of a form of coverage then being offered by Molina. Continued coverages as provided in this "Continuation of Coverage" section will contain renewal provisions that are not less favorable to the new subscriber than those contained in this Agreement.

- Molina will provide each covered family member under this Agreement who is 18 years of age or older a statement setting forth in summary form the continuation of coverage provisions established by this section.
- The eligible covered family member exercising the continuation of coverage as established in this section must notify Molina and make payment of the applicable premium within 30 days following the date that coverage under this Agreement terminates as specified in the termination provisions of this Agreement.
