Prior Authorization Lookup Tool on the Provider Website

Information all network providers

Starting on Oct. 1, 2020, providers will have a new supplemental lookup tool on the Molina Provider Portal and the public Provider Website.

This new feature allows providers to enter a Current Procedural Terminology (CPT) code for outpatient services into a search engine to help determine if a code requires PA, if there are limitations to the code and if the PA request should be sent to Molina or eviCore.

Providers can access this tool:

- On the Provider Portal under the “Quick Member Eligibility Search” and under the “Service Request/Authorization” drop-down menu
- On the Molina homepage at www.MolinaHealthcare.com, under “Health Care Professionals”

The new lookup tool is an enhancement to the PA Code lookup process and will not replace the PA Code Lists that Molina posts to the Provider Website under the “Forms” tab.
