What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

Requirements/Limits	Description
AGE	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
MED	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
OTC	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
PA	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for. If Prior Authorization is required for a drug or dosage form, providers must show you have a medically accepted use for the drug and other treatments have not worked or are not appropriate. Other requirements may apply depending on the drug.
QL	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
ST	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.

Some drugs are designated "Preferred Brand" in the drug class they are listed. If there is a drug in the same class as the drug you are requesting and it is the Preferred Brand drug in the class, we require that the Preferred Brand be used first or instead. Specific drugs that require use of a Preferred Brand drug first may also be indicated "Medical Necessity PA". Medical Necessity Prior Authorization requirements apply to some Tier 4 Specialty Drugs.

The drug list will also indicate if a drug is eligible for Mail Order (**MAIL**) programs in the Requirements/Limits column. It is your choice if you want to use Mail Order programs. You may have lower cost sharing using Mail Order on some drugs.

What are Drug Tiers and how do they affect my share of the drug's cost?

We put drugs on different levels called tiers based on how well they improve health and how much they cost compared to similar treatments. Your plan has the following tiers. For Tiers 1 through 4, the lower the Drug Tier, the lower your share of the cost will be.

Here are more details about which drugs are on which tiers.

Drug Tier	Description
Tier 1	Preferred Generic drugs and low-cost Brand Name drugs; Lowest enrollee cost sharing
Tier 2	Preferred Brand Name drugs; Higher cost sharing than Tier 1
Tier 3	Non-Preferred, Brand Name and Generic drugs; Higher cost sharing than lower tier drugs used to treat the same conditions
Tier 4	Specialty Drugs, both Brand Name and Generic; Higher cost sharing than lower tier drugs used to treat the same conditions if available. Most Specialty Drugs covered in your plan will be available through a Specialty Pharmacy. We may require you to use our exclusive In-Network Specialty Pharmacy
Tier 5	Preventative service drugs
DME	Durable Medical Equipment; Cost sharing may apply for non-drug products on the drug list

In accordance with the Affordable Care Act, your plan covers nationally recognized preventative service drugs and dosage forms (Tier 5) with \$0 cost sharing.

How can I find more information about how much my drug will cost?

Information about prescription drug cost sharing amounts can be found on our Benefits at a Glance brochure or by entering your prescription and pharmacy information into the Drug Look-up tool. This tool will provide you with an estimate of your cost. If you create an account with Caremark.com before using the tool, your plan design information will also be used to more closely estimate actual prices you pay at the pharmacy.

¿Cuáles son los requisitos y límites en la lista de medicamentos?

Se pueden establecer requisitos y límites para ciertos medicamentos. Los medicamentos pueden tener los siguientes requisitos y limitaciones:

Requisitos/límites	Descripción
AGE	Se aplican límites de edad. Solo pagamos por este medicamento o forma farmacéutica para ciertos grupos de edad según la información sobre la seguridad, la efectividad y el costo del medicamento.
MED	Se aplican límites de Dosis Equivalente de Morfina. Las cantidades de este medicamento están limitadas al equivalente ("EQ") de 90 miligramos de morfina al día de suministro adquirido.
OTC	Las formas farmacéuticas de venta sin receta están cubiertas en la lista de medicamentos con una receta válida de un proveedor.
PA	Se requiere Autorización previa. Requerimos aprobación anticipada de cobertura para algunos medicamentos antes de que se pague por estos. Si la Autorización previa es necesaria para un medicamento o forma farmacéutica, los proveedores deben demostrar que usted tiene un uso aceptado por razones médicas para el medicamento y otros tratamientos no han funcionado o no son adecuados. Pueden aplicarse otros requisitos dependiendo del medicamento.
QL	Se aplican límites de cantidad. Pagaremos por un monto máximo diario según la información acerca del uso y del costo aceptados por razones médicas del medicamento.
ST	Se requiere Terapia escalonada. Si hemos pagado para que tenga el(los) medicamento(s) de Terapia escalonada necesario(s) anteriormente, este medicamento se pagará en la farmacia sin necesidad de una solicitud de excepción de Terapia escalonada o Autorización previa. La lista de medicamentos le muestra qué medicamentos se requieren primero y por cuánto tiempo.

Algunos medicamentos son denominados "de Marca Preferida" en la clase de medicamento en la que aparecen. Si existe un medicamento en la misma clase que el medicamento que está solicitando y es el medicamento de Marca Preferida en la clase, necesitamos que el medicamento de Marca Preferida se utilice primero o en su lugar. Los medicamentos específicos que requieren el uso de un medicamento de Marca Preferida también se pueden indicar primero como "PA de Necesidad Médica". Se aplican requisitos de Autorización previa médicamente necesaria para algunos medicamentos especializados de categoría 4.

La lista de medicamentos además indicará si un medicamento es elegible para programas de pedido por correo (**MAIL**) en la columna Requisitos/Límites. Es su decisión si desea usar programas de Pedido por correo. Es posible que tenga una distribución de costos menor cuando use el Pedido por correo en algunos medicamentos.

¿Qué son las categorías de medicamento y cómo afectan mi parte del costo de medicamentos?

Colocamos los medicamentos en distintos niveles llamados "categorías" basándonos en qué tan bien mejoran la salud y cuánto cuestan en comparación con tratamientos similares. Su plan tiene las siguientes categorías. Para las categorías del 1 al 4, mientras más baja es la categoría de medicamento, más baja será su parte del costo.

Estos son más detalles sobre qué medicamentos están en qué categorías.

Categoría de medicamento	Descripción
Tier 1	Medicamentos genéricos preferidos; distribución de costos más baja para el afiliado.
Tier 2	Medicamentos de marca preferidos; distribución de costos más alta que la categoría 1.
Tier 3	Medicamentos no preferidos, medicamentos de marca y medicamentos genéricos; distribución de costos más alta que los medicamentos de categoría más baja utilizados para tratar las mismas afecciones.
Tier 4	Medicamentos especializados, tanto de marca como genéricos; distribución de costos más alta que los medicamentos de categoría más baja utilizados para tratar las mismas afecciones, si están disponibles. La mayoría de medicamentos especializados cubiertos en su plan estarán disponibles a través de una farmacia de especialidad. Es posible que necesitemos que use nuestra farmacia de especialidad exclusiva dentro de la red.
Tier 5	Medicamentos de servicio preventivo y medicamentos y dispositivos de planificación familiar (es decir, anticonceptivos) con una distribución de costos de \$0.
DME	Equipo médico duradero; la distribución de costos puede aplicar para productos que no sean medicamentos de la lista de medicamentos.

¿Cómo puedo encontrar más información sobre el costo de mi medicamento?

Puede encontrar información sobre los montos de distribución de costos de los medicamentos recetados en nuestro folleto Resumen de los Beneficios (Benefits at a Glance) o ingresando la información de sus medicamentos recetados y la farmacia en la herramienta Verificar Costo de Medicamentos (Check Drug Cost). Si crea una cuenta con Caremark.com antes de usar la herramienta, la información de diseño de su plan también se utilizará para estimar de manera más exacta los precios reales que paga en la farmacia.
