About Medicare

Medicare is health insurance for people who are 65 years old or older, or who are under 65 years old with certain disabilities.

Original Medicare is a Federal Insurance Program. It pays a fee for your care directly to the doctors and hospitals you visit. Original Medicare does not cover most preventive care and has unpredictable out-of-pocket expenses.

Medicare Part A (Hospital Insurance) covers inpatient care in hospital, skilled nursing facilities, hospice care, and some home health care services.

Medicare Part B (Medical Insurance) covers certain doctors' services, outpatient care, medical supplies and preventive services.

Medicare Part C (Medicare Advantage) is an all-in-one alternative to Original Medicare. Medicare Advantage plans include Parts A, B and usually Part D. Some Medicare Advantage plans may have lower out-of-pocket costs than Original Medicare and may cover extra benefits that Original Medicare doesn't – like dental, vision or hearing. Medicare pays a fixed fee to the plan for your care, and then the plan directly pays the doctors and hospitals. Medicare Advantage has predictable out-of-pocket expenses and offers preventive care and care coordination.

Medicare Part D (Prescription Drug Coverage) helps you pay for drugs you get from a pharmacy.

Medicaid Dual Eligibility Coverage Categories

- **QMB+:** Medicaid pays your Medicare Part A and Part B premiums, deductibles, coinsurance, and copayment amounts. You receive Medicaid coverage of Medicare cost share and are eligible for full Medicaid benefits.
- **SLMB+:** Medicaid pays your Medicare Part B premium and provides full Medicaid benefits.
- **Full-Benefit Dual Eligible (FBDE):** At times, individuals may qualify for both limited coverage of Medicare cost sharing as well as full Medicaid benefits.

As a full benefit, dual eligible beneficiary, your cost share is \$0, except for Part D prescription drug copays. Depending on your level of Medicaid eligibility, you may not pay Part D prescription drug copays.

Eligibility Changes:

It is important to read and respond to all mail that comes from Social Security or your state Medicaid office so you can protect your \$0 cost share status as a full benefit, dual eligible beneficiary.

Periodically, as required by CMS, we will check the status of your Medicaid eligibility as well as your dual eligible category. If you lose Medicaid coverage entirely you will be given a grace period so that you can reapply for Medicaid.

If you no longer qualify as a full benefit, dual eligible beneficiary you may be involuntarily disenrolled from the Plan after a grace period. Your state Medicaid agency will send you notification of your loss of Medicaid or change in Medicaid category. We may also contact you to remind you to reapply for Medicaid as a full benefit, dual eligible beneficiary. For this reason it is important to let us know whenever your mailing address and/or phone number changes.

Coverage Stages

Stage 1: Deductible

Because there is no drug deductible for this plan, this stage does not apply to you.

Stage 2: Initial Coverage

You begin this stage when you fill your first prescription of the year. During this stage, the plan pays its share of the cost of your drugs and you pay your share of the cost. You stay in this stage until your year-to-date "total drug costs" (your payments plus any Part D plan payments) total \$4,430.

If you reside in a long-term care facility, you pay the same as at a retail pharmacy. You may get drugs from an out-of-network pharmacy at the same cost as an in-network pharmacy.

Stage 3: Gap Coverage

During this stage, you pay 25% of the price for brand name drugs (plus a portion of the dispensing fee) and 25% of the price for generic drugs. You stay in this stage until your year-to-date "out-of-pocket costs" (your payments) reach a total of \$7,050. This amount and rules for counting costs toward this amount have been set by Medicare.

Stage 4: Catastrophic Coverage

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$7,050 the plan will pay most of the costs of your drugs.
