Drug Formulary and Guide

Drug Formulary (List of Drugs)

Your plan has a list of drugs that are covered. The list is called the Drug Formulary. The formulary changes from plan year to plan year. Smaller updates are also made every 3 months. The drugs on the list are chosen by a group of doctors and pharmacists from your insurer and the medical community. The group meets every three months to talk about the drugs that are on the formulary. They review new drugs and changes in health care. They try to find the most effective drugs for different conditions. The group reviews and approves rules for prior authorization, step-therapy, and quantity limits. Changes are made to the Drug Formulary for different reasons. Reasons may include:

- Changes in medical practice
- New drugs become available
- New generics are available and take the place of previously covered branded drugs
- New state or federal drug coverage requirements
- A drug is no longer available or has a new safety issue

Molina will provide at least 60 days' notice ahead of these types of formulary updates:

- Moving the drug to a higher drug list tier, moving the drug from preferred to non-preferred status, or other changes we make to the drug list that result in higher member cost-sharing for the formulary drug
- Removing the drug from the formulary
- Adding a prior authorization requirement to the formulary drug
- Adding or updating the drug's quantity limit
- Adding a step-therapy requirement to the drug

Unless a generic version of the prescription drug is available, Molina will not make any of these changes within 120 days of a previous update for that given drug:

- Moving a drug to a higher drug list tier, moving a drug from preferred to non-preferred status, or other changes we make to the drug list that result in higher member cost-sharing for a formulary drug
- Removing the drug from the formulary
- Adding a prior authorization requirement to the formulary drug
- Adding or updating the drug's quantity limit
- Adding a step-therapy requirement to the drug that was not previously in place

If the drug has been found to be unsafe by the US Federal Food and Drug Administration (FDA) or is taken off the market for other reasons, we may remove it from the drug list quickly and without standard notice. Your plan's most current drug list is on our website MolinaMarketplace.com. A notice of all changes is included in the drug list document with each update.

Does the drug list include injectable drugs that a Provider treats me with in a clinic or other location?

In general, drugs on the drug list are drugs your provider prescribes for you to get from a pharmacy and give to yourself. Most injectable drugs you need help from a provider to use are covered under the medical benefit instead of the prescription drug ("pharmacy") benefit. Your provider has instructions from us on how to get you approved for drugs they buy and help give to you. Some injectable drugs can be approved to get from a pharmacy using your prescription drug benefit.

I have questions about how my plan covers drugs.

This guide contains many details for common questions:

- Can my prescription be filled at a retail pharmacy?
- Where can I see the cost sharing dollar amount for my prescription?
- What is the process for requesting a drug that has a Prior Authorization requirement?
- How can I request an exception for a drug that is not on the formulary or has step therapy requirements?
- Is my drug covered under the prescription drug benefit or the medical benefit?

You may also call us and ask specific coverage questions about a drug. Call toll-free **1-888-295-7651**, Monday through Friday, **8:00 AM – 5:00 PM MST**. If you are deaf or hard of hearing, dial 711 for the Telecommunications Service. You can also ask us to mail you a copy of the drug list.

The member handbook and the plan agreement ("Evidence of Coverage") also contain important coverage information. Please see the plan agreement for information on contraceptive coverage, benefit exclusions, hospice services, and more.

If a drug is listed on the formulary, will I be prescribed that drug?

A drug being listed on the formulary does not guarantee that your doctor will prescribe it for you. This guide lets you and your prescriber know which prescription drugs are covered by your plan. Drugs that are not on this list may not be covered by your plan and may cost you more. You may ask for nonformulary drugs to be covered. Requests for nonformulary drugs will be considered for a medically accepted use when formulary options cannot be used and/or other coverage requirements are met. Details are included in this guide.

Using the Drug Formulary and Guide

How do I locate a drug that is on the drug list?

The list of drugs is organized alphabetically by therapeutic category and class using the American Hospital Formulary Service (AHFS) classification. Within category and class, drug names are also organized in alphabetical order. If you do not know the category or class for the drug you are looking for, there are two ways to search for the drug by name.

- If you are using an electronic version of the drug list, you can use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the name of the drug you are looking for in the search box.
- If you are using a print version of the drug list, you can search for the name of the drug in the Index at the end of this guide.

Drug entries on the list contain the Drug Name, Drug Tier, and other coverage details for all the drugs and items covered under your plan's prescription drug benefit.

Here are examples of how a drug may be displayed on the drug list (actual coverage may differ from this example).

Drug Name	Drug Tier	Requirements/Limits
COUMADIN TAB 1MG ***(warfarin sodium)***	Tier 2	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg	Tier 1	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg (Jantoven)	Tier 1	QL (300 ea / 30 days); MAIL

What drug names are used on the list?

The drug list uses trademarked brand names and non-proprietary or "generic" names to show what form of the drug is covered. There are also trademarked names used by certain generic drugs. The way a drug name is shown on the drug list will tell you if the branded form, the generic form, or the trademarked generic form is what is covered. The example above shows the branded, generic, and trademarked generic forms of the drug "warfarin sodium".

When the branded form of a drug is covered, the drug name will be listed in all CAPITAL letters as its BRAND NAME. The non-proprietary or "***generic name***" for the branded drug will follow in parentheses and in all ***bold and italicized lowercase*** letters. When the generic form of the drug is covered, it is listed separately by its ***generic name(s)*** in all ***bold and italicized lowercase*** letters. A generic drug that is covered as the trademarked generic form will be listed separately by its ***generic name*** followed by the trademarked name in parentheses. The trademarked generic name will be shown with the first letter of each word capitalized.

If both the brand form and the generic form for a drug are covered on the formulary, they will each be listed as separate drug entries. For example, COUMADIN and ***warfarin sodium*** are listed separately to show both the brand form and the generic form are covered on the formulary. In this example, a trademarked generic form (Jantoven) is also displayed. Different Drug Tier and Requirements/Limits may apply for a trademarked form versus a generic form of a drug if multiple drug forms are listed as covered on the actual drug list.

What are Drug Tiers and how do they affect my share of the drug's cost?

We put drugs on different levels called tiers based on how well they improve health, how much support may be needed to use them, and how much they cost compared to similar treatments. Non-preferred drugs will cost you more than preferred drugs.

Here are more details about which drugs are on which tiers.

Drug Tier	Description
Preventive	PREV – Preventative drugs, family planning drugs and devices (ie, contraception), and other drugs with $0 cost sharing
Preferred Generic	Tier 1 – Preferred generic drugs
Preferred Brand and Non-Preferred Generic	Tier 2 – Preferred brand name drugs and some generic drugs that are non-preferred
Preferred Specialty	Tier 3 – All preferred specialty drugs (brand name and generic); Drugs that require special handling, complex counseling or monitoring, limited distribution, or other special pharmacy requirements; Depending on state rules, Molina may require Members to use a network specialty pharmacy; Some Specialty Drugs are only sold by certain pharmacies the drug company has chosen ("Limited Distribution")
Non-Preferred Brand	Tier 4 – Non-preferred brand name drugs
Non-Preferred Specialty	Tier 5 – All non-preferred specialty drugs (brand name and generic); Drugs that require special handling, complex counseling or monitoring, limited distribution, or other special pharmacy requirements; Higher cost sharing than preferred specialty drugs used to treat the same conditions, if available; Depending on state rules, Molina may require Members to use a network specialty pharmacy; Some specialty drugs are only sold by certain pharmacies the drug company has chosen ("Limited Distribution")

Durable Medical Equipment	DME – Non-drug items such as monitoring equipment and supplies covered under the pharmacy benefit; Cost sharing follows the medical benefit cost sharing for Durable Medical Equipment for non-drug items on the drug list

When coverage of non-formulary drugs is approved on formulary exception, enrollees pay the Non-Preferred Brand tier cost sharing for non-specialty drugs or the Non-Preferred Specialty tier cost sharing for Specialty drugs. Please see your plan agreement for more details on cost sharing for formulary exceptions.

In accordance with the Affordable Care Act, your plan covers nationally recognized preventative service drugs and dosage forms (PREV) with $0 cost sharing when prescribed for you to use in line with those recommendations.

Certain types of drugs covered by your plan have cost sharing limits each time you fill them. If your state has specific limits, cost sharing will be the lower of your plan design cost sharing or any limit that is required.

- There are limits on your cost sharing for anticancer drugs taken by mouth. You will pay the lower of two rates: the applicable formulary tier cost sharing OR the chemotherapy and provider-administered drug cost sharing specified under your plan's medical benefit.
- There are limits on your cost sharing for insulin. The limit ($25) applies per insulin drug, per 30-day supply. The limit does not apply to products that contain other drugs besides insulin.
- You have no cost sharing for drugs prescribed to treat mental health or substance use disorders.
- You have no cost sharing for prescription and over-the-counter birth control.
- You have no cost sharing for mifepristone and misoprostol when prescribed to stop an early pregnancy.
- You have no cost sharing for anti-infection drugs when prescribed to treat a sexually transmitted infection.

Under New Mexico requirements, the out-of-pocket amount you pay for a covered prescription drug will not be greater than the lowest of these drug price factors:

- The amount we agree to pay the pharmacy
- The amount the pharmacy usually charges
- The amount based on your plan design cost sharing rate
- The amount you pay if Molina has a rebate agreement for the drug, under special New Mexico rules

If Molina has an active rebate agreement for a drug, we will first apply the rebate towards lowering the amount you pay for that covered drug from a plan design deductible, coinsurance, or copay. This is called rebate passthrough at point of sale. Rebates for the covered drug are automatically applied to lower your cost sharing at the pharmacy. Rebate agreements with drug companies can change at any time and this can affect whether we receive and can apply rebate amounts for applicable drugs towards member cost sharing.

How can I find more information about how much my drug will cost?

Information about prescription drug cost sharing rates can be found in our Benefits-at-a-Glance brochure or by entering prescription information into the "Search Drugs" tool at MolinaMarketplace.com. This tool will provide an estimate of your cost for formulary drugs. You can also access the tool by downloading the Molina app to your mobile device or creating a profile at Caremark.com. When using the tool on the app or at Caremark.com the tool will consider the total cost sharing you have already paid towards meeting your plan design limits like deductible and maximum out of pocket.

Birth Control Benefits Summary

Your plan covers a range of birth control services, prescription drugs, and over-the-counter (OTC) products with $0 member cost sharing. Plan pharmacy network and formulary rules apply.

The drug list shows which birth control products are covered with a doctor's prescription or OTC when billed by a network pharmacy. We will cover up to a 6-month supply of prescribed birth control at one time. For non-prescribed OTC products, you do not need a prescription and we cover a 1-month supply at a time. Here are some examples of covered products:

Barrier products (condoms, caps, and diaphragms), birth control pills (prescription and OTC), patches, vaginal rings, intrauterine devices, injections and injected devices, and emergency birth control or "morning after" pills (prescription and OTC).

There are no requirements to try other drugs first or to get prior authorization from Molina for birth control products that are on the formulary. If you have a medical reason for why you must use a non-formulary product, your prescriber can send us a formulary exception request using the prior authorization process. Instructions are in this drug list guide.

Under state rules, qualified pharmacists may be able to dispense certain prescription or over-the-counter birth control products to you using your pharmacy benefit without a doctor's prescription. You can also buy over-the-counter emergency birth control pills and condoms listed on the formulary and mail a refund request with your receipt using a "Prescription Reimbursement Claim Form". This form is on MolinaMarketplace.com. To locate the form, go to the menu where it says "Members" and select "Forms and Documents". When you get to "Forms and Documents" the form is under heading that says "Other". A reimbursement request that is sent electronically, via email, or fax, following instructions Molina gives you, is considered received by us on the date sent, unless you receive a notice of a send error. Please note, if purchasing OTC birth control products or using an out-of-network pharmacy, Molina will reimburse you up to the allowed amount we pay network pharmacies for the same product, if on the formulary.

Finding a pharmacy to fill a prescription

Pharmacy Network

Your plan has networks of retail, mail order, and specialty pharmacies that can process and dispense medications using your coverage. To locate an in-network pharmacy, please use the "Find a Pharmacy" tool at MolinaMarketplace.com. The tool allows you to search pharmacies by zip code, city, country, and state. You can limit search results based on distance, or other specific criteria like store name, language spoken, or services offered. If you are looking for retail pharmacies that participate in the 90-day fill at retail program, participating pharmacies will show "90-day Supply Available" in the details of your search results.

Specialty Pharmacy

Your plan has a network of specialty pharmacies that can process and dispense specialty medications. Specialty medications are placed on either the Preferred Specialty or Non-Preferred Specialty tiers. Some medications have limited distribution. Limited distribution means the medication is only sold by certain pharmacies.

Your plan's Pharmacy Benefit Manager, CVS Caremark®, has a specialty pharmacy that provides clinical support to help enrollees manage their medications and conditions. Most specialty medications require Prior Authorization before they are covered. A prescriber can submit Prior Authorization requests directly to us or send a prescription to CVS to begin the process. If mail delivery of the specialty medication is not an option for the enrollee, CVS offers the option to ship the medication to a local CVS pharmacy for pickup.

- CVS Pharmacy Help Desk can be contacted by calling 1 (888) 407-6425 or visiting CVSSpecialty.com.

Your plan's network also has a specialty pharmacy that is not connected to the Pharmacy Benefit Manager:

- You can contact BioPlus® Specialty Pharmacy at 1 (888) 292-0744 or visit BioPlusRx.com

Mail Order Pharmacy

Your plan has a network of Mail Order pharmacies that can process and dispense up to 90 days' supply of eligible medications. Eligible medications are marked "MAIL" on the formulary.

Your plan's Pharmacy Benefit Manager has a Mail Order pharmacy. To have prescriptions filled through their service the provider or enrollee can call the FastStart® toll-free number at 1 (800) 875-0867 Monday through Friday 7:00 a.m. to 7:00 p.m. or go to Caremark.com.

Your plan's network also offers 90-day fill at network retail pharmacies. If you are looking for retail pharmacies that participate in the 90-day fill at retail program, participating pharmacies will show "90-day Supply Available" in the details of your search results.

Your plan's network also has a mail order pharmacy that is not connected to the Pharmacy Benefit Manager (Kroger®/PPS® Mail Order Pharmacy). You can contact PPS at 1 (800) 552-6694 or visit ppsrx.com.

Out-of-Network Pharmacy

If the in-network pharmacies do not meet your needs an exception can be requested to obtain authorization to use a pharmacy outside of network. Exceptions will be reviewed for medical necessity on a case-by-case basis.

Prescription Claims Processor

We have selected CVS Caremark® as the Pharmacy Benefit Manager ("PBM") to manage the prescription benefit for your plan. Questions on processing claims, formulary status or rejected claims may be directed to the CVS Caremark Help Desk at 1 (888) 407-6425.

Membership, cost sharing, prescription drug benefit information, and eligibility concerns may be addressed by calling our Customer Support Center at **1 (888) 295-7651.** Member Services is available **Monday through Friday 8:00 AM – 5:00 PM MST**.

Prescribers and pharmacies may contact our Provider Services Help Desk at **1 (855) 322-4078**.

Urgent and After-Hours Medication Policy

To prevent an enrollee's condition from worsening in an urgent situation, it may be necessary to dispense a 72-hour supply of an acute medication before Prior Authorization has been reviewed (e.g., an enrollee is discharged from a hospital after regular business hours with a special antibiotic prescription).

Pharmacies are instructed to use their professional judgment. We will reimburse pharmacies for a 72-hour supply of an acute medication at contracted rates for these prescriptions.

Pharmacies may call us at **1-855-322-4078** on the following business day to obtain authorization to allow the urgent or after-hours prescription to process on-line. It is advised and expected that the pharmacy will provide reasonable documentation of cases where medications were dispensed under these urgent circumstances.

Refill Timing, Synchronization, and Proration

In general, 30-day supplies of medications can be refilled when 85% of the predicted days of use have passed from the date of the prior fill. Please see the "Proration and Synchronization" section of your plan agreement for any drugs that have special refill timing. Your pharmacy or provider can ask to override refill timing limits in order to synchronize the fill dates of your medications by contacting the CVS Caremark® Help Desk at 1 (888) 407-6425. If shorter or longer day supplies are dispensed to synchronize your medications, your cost sharing on those supplies will be prorated.

Prior authorization and exception request procedure

Prior authorization

Drugs that require advanced approval for coverage are reviewed against standard rules to determine medical necessity. Providers must show you have a medically accepted use for the drug and that other treatments have not worked for you or are not clinically appropriate. Other requirements may apply depending on the drug. We may require certain test results to show a drug is right for you. An enrollee's response to drug samples from a provider or a drug maker will not be considered as a reason to bypass standard rules for coverage. You may request criteria from member services by calling **1-888-295-7651 Monday through Friday 8:00 AM - 5:00 PM MST.**

You or your provider may fax a completed drug Prior Authorization form to us at **1-866-472-4578**. The clinical policies and forms may be obtained at our website MolinaMarketplace.com. Your provider may also use CoverMyMeds® or Surescripts® to submit your request electronically. Providers may access the medication criteria on MolinaMarketplace.com or by calling **1-855-322-4078** to obtain criteria before sending the request.

If your prescription requires a Prior Authorization or Formulary Exception, your provider can ask for the request to be reviewed as an Urgent Circumstance.

- A request is considered urgent if it is for treating a health condition that may seriously jeopardize your life, health, or ability to regain maximum function. Situations where you are in severe uncontrolled pain, or the urgency of your care requires a rapid coverage decision can also be indicated as urgent on requests. Supporting information is required to justify the urgency of the request.
- Any request that is not for an Urgent Circumstance is considered a Standard Exception request.

We will reach a decision no later than:

- 24 hours following receipt of request with Urgent Circumstances.
- 72 hours following receipt of request with Standard Circumstances.

If the request is approved, we will send a letter to your prescriber. We will include how long the request is approved for before renewal of the authorization is required. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow up.

Requesting an Exception

Can I have a drug covered if it is not on the formulary or does not follow plan requirements such as step therapy?

We have a process to allow you to request clinically appropriate drugs that are not on the formulary or that have requirements or limits under your plan. A formulary exception would be needed in the following scenarios:

- Your prescriber may order a drug that is not on the formulary but that he or she believes is best for you
- You may be taking a drug that is no longer on the new plan year's drug list and you cannot switch
- The formulary drug requires step therapy, and you tried the step drugs in the past, or have clinical factors that make those step drugs not right for you
- You may have a medical need for a compounded version of a drug such as a liquid that is not commercially available

Your prescriber can send us a formulary exception request using the Prior Authorization process and form described in the previous section.

Exceptions may be considered when formulary options cannot be used and/or other requirements are met. The drug must be safe and effective for your medical condition. Your doctor must write your prescription for the usual amount of the drug for you. We may consider an exception under the following conditions:

- There is documentation of a specific need in your medical record
- Your doctor has certified that you tried drugs on the formulary, and they did not help you in the past
- Your doctor has certified that you cannot use formulary options because of an allergy or other medical reason
- Your doctor has certified the options have caused you harm or are reasonably expected to cause you harm
- Your doctor has certified that the options are ineffective for you because of the clinical features of the drug
- Your doctor has certified that the options are ineffective for you because of your specific clinical features
- There is documentation that the required drug is not right for you because of these reasons:
    - The required drug will cause issues with your ability to stick to the treatment
    - The required drug will make one of your other health conditions worse
    - The required drug will make it harder for you to reach or maintain the ability to take care of your daily activities

If the request is approved, we will send a letter to your prescriber. The length of the granted exception will be for no less than the length of the treatment effect of the drug. If the request is not approved, we will send a letter with the reasons why and give instructions on your rights for follow-up. If you disagree with the denial reasons, you can appeal the decision. Your doctor can request an external exception review.

Review timeframes and conditions are found in the “Prior Authorization” section of this guide.

Are there any drugs or other products that are not covered at all?

Non-covered drugs or other products such as benefit exclusions are not covered at all. They cannot be approved for coverage by formulary exception. Your plan does not cover certain types of drugs that are listed as benefit exclusions in the plan policy. For more information refer to the sections in your agreement (“Evidence of Coverage”) titled “Non-Covered Drugs” and “Exclusions”.

Complaints and Appeals

You may file a grievance or complaint by contacting the Customer Support Center at **1-888-295-7651**. If we do not approve your drug request, a notice of rights to appeal the decision will be included in the notice of action. For more information refer to the section in your Agreement (policy) that covers “Complaints and Appeals”. A copy of the Agreement, also called the Evidence of Coverage, can be found on MolinaMarketplace.com.

Legend

What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

Requirements/Limits	Description
AGE	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
BH	When a drug is marked "BH" on the formulary, and it is prescribed to treat a Behavioral Health condition you have, it is eligible for $0 cost sharing under New Mexico rules. There are certain drugs marked "BH" that are mainly used to treat Medical Health conditions such as high blood pressure. Tell your prescriber to specify in your prescription directions if you are taking one of these Medical Health drugs to treat a Behavioral Health condition.
INF	When a drug is marked "INF" on the formulary, and it is prescribed to treat a Sexually Transmitted Infection (STI), it is eligible for $0 cost sharing under New Mexico rules. For drugs that treat human immunodeficiency virus (HIV), $0 cost sharing is automatic. Other drugs marked "INF" may treat many types of infections. The prescription claim must indicate it is for an STI for systems to recognize $0 cost sharing rules apply. Pharmacies will receive a message during claims submission and must send a code to privately indicate a drug is being used to treat an STI versus another type of infection for which $0 cost sharing rules do not apply.
MAIL	Drug is eligible for Mail Order and other 90-day fill programs at participating retail pharmacies. It is your choice if you want to use Mail Order programs. There is no discount to cost sharing for using 90-day fill programs.
MED	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
OTC	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
PA	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for.
QL	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
ST	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.

Formulario y guía de medicamentos

Formulario de medicamentos (lista de medicamentos)

Su plan tiene una lista de medicamentos con cobertura. Esta se denomina Formulario de medicamentos. El formulario cambia de un año del plan a otro. También se realizan actualizaciones menores cada tres meses. Los medicamentos de la lista son elegidos por un grupo de médicos y farmacéuticos de su aseguradora y de la comunidad médica. El grupo se reúne cada tres meses para hablar sobre los medicamentos que se incluyen en el formulario. Revisan los nuevos medicamentos y los cambios en la atención médica. Tratan de encontrar los medicamentos más eficaces para tratar diferentes afecciones. El grupo revisa y aprueba las reglas sobre la autorización previa, el tratamiento escalonado y los límites de cantidad. Se realizan cambios en el formulario de medicamentos por diferentes motivos. Los motivos pueden incluir lo siguiente:

- Cambios en la práctica médica.
- Se dispone de medicamentos nuevos.
- Los medicamentos genéricos nuevos están disponibles y toman el lugar de los medicamentos de marca cubiertos anteriormente.
- Nuevos requisitos estatales o federales de cobertura de medicamentos.
- Un medicamento ya no está disponible o tiene un nuevo problema de seguridad.

Molina avisará con al menos 60 días de anticipación sobre este tipo de actualizaciones del formulario:

- Cambiar el medicamento a un nivel superior de la lista de medicamentos; cambiar el estado del medicamento de preferido a no preferido, u otros cambios que hagamos en la lista de medicamentos que resulten en un mayor costo compartido para los miembros por el medicamento del formulario.
- Quitar un medicamento del formulario.
- Agregar un requisito de autorización previa al medicamento del formulario.
- Agregar o actualizar el límite de cantidad del medicamento.
- Agregar un requisito de tratamiento escalonado al medicamento.

A menos que haya una versión genérica disponible del medicamento recetado, Molina no hará ninguno de los siguientes cambios dentro de los 120 días posteriores a una actualización previa para ese medicamento determinado:

- Cambiar un medicamento a un nivel superior de la lista de medicamentos; cambiar el estado de un medicamento de preferido a no preferido, u otros cambios que hagamos en la lista de medicamentos que resulten en un mayor costo compartido para los miembros por un medicamento del formulario.
- Quitar un medicamento del formulario.
- Agregar un requisito de autorización previa al medicamento del formulario.
- Agregar o actualizar el límite de cantidad del medicamento.
- Agregar un requisito de tratamiento escalonado al medicamento que no estaba vigente anteriormente.

Si la Administración Federal de Alimentos y Medicamentos (FDA) de los EE. UU. ha determinado que el medicamento no es seguro o se retira del mercado por otros motivos, podemos eliminarlo de la lista de medicamentos rápidamente y sin aviso previo estándar. La lista de medicamentos más actualizada de su plan se encuentra en nuestro sitio web MolinaMarketplace.com. Se incluye un aviso de todos los cambios en el documento de la lista de medicamentos con cada actualización.

¿La lista de medicamentos incluye los medicamentos inyectables con los que un proveedor me trata en una clínica u otro lugar?

En general, los medicamentos que aparecen en la lista de medicamentos son aquellos que su proveedor le receta para que usted los obtenga en una farmacia y se los dé a sí mismo. La mayoría de los medicamentos inyectables cuya administración requiere la ayuda de un proveedor están cubiertos en virtud del beneficio médico, en lugar del beneficio de medicamentos recetados ("de farmacia"). Su proveedor tiene instrucciones de nuestra parte sobre cómo obtener aprobación para los medicamentos que compra y le provee. Se pueden aprobar algunos medicamentos inyectables en una farmacia usando el beneficio de medicamentos recetados.

Tengo preguntas sobre cómo mi plan cubre los medicamentos.

Esta guía contiene mucha información como respuesta a las preguntas comunes:

- ¿Se puede surtir mi receta en una farmacia minorista?
- ¿Dónde puedo ver el monto en dólares del costo compartido de mi receta?
- ¿Cuál es el proceso para solicitar un medicamento con requisito de autorización previa?
- ¿Cómo puedo solicitar una excepción para un medicamento que no está en el formulario o que tiene requisitos de tratamiento escalonado?
- ¿Mi medicamento está cubierto por el beneficio de medicamentos recetados o por el beneficio médico?

También puede llamarnos y hacernos preguntas específicas sobre la cobertura de un medicamento. Llame a la línea gratuita al **1-888-295-7651,** de lunes a viernes, **de 8:00 a.m. a 5:00 p.m., hora de la montaña (MST)**. Si tiene problemas de audición, llame al 711 para comunicarse con el servicio de telecomunicaciones. También puede pedirnos que le enviemos por correo postal una copia de la lista de medicamentos.

El manual del miembro y el acuerdo del plan ("Evidencia de Cobertura") también contienen información importante sobre la cobertura. Consulte el acuerdo del plan para obtener información sobre la cobertura de anticonceptivos, exclusiones de beneficios, servicios de hospicio y más.

Si hay un medicamento en el formulario, ¿me lo recetarán?

El hecho de que un medicamento esté en el formulario no garantiza que su médico se lo recete. Esta guía permite que usted y el profesional con autorización para emitir recetas sepan qué medicamentos recetados están cubiertos por su plan. Los medicamentos que no están en esta lista pueden no estar cubiertos por su plan y tener un mayor costo para usted. Puede solicitar la cobertura de los medicamentos que no están en el formulario. Las solicitudes de medicamentos que no están en el formulario se considerarán para un uso médicamente aceptado cuando no se puedan usar las opciones del formulario o se cumplan otros requisitos de cobertura. Los detalles se incluyen en esta guía.

Cómo usar el formulario y la guía de medicamentos

¿Cómo encuentro un medicamento que está en la lista de medicamentos?

La lista de medicamentos está organizada alfabéticamente por categoría y clase terapéutica mediante la clasificación del Servicio del Formulario de Medicamentos del Hospital Estadounidense (AHFS). Dentro de la categoría y la clase, los nombres de los medicamentos también se organizan en orden alfabético. Si no conoce la categoría o la clase del medicamento que está buscando, hay dos maneras de buscar por nombre.

- Si está utilizando una versión electrónica de la lista de medicamentos, puede usar la función de búsqueda en PDF presionando Ctrl + F en el teclado de su computadora. Escriba el nombre del medicamento que busca en el cuadro de búsqueda.
- Si está utilizando una versión impresa de la lista de medicamentos, puede buscar el nombre del medicamento en el Índice que se encuentra al final de esta guía.

Las entradas de los medicamentos de la lista contienen el nombre del medicamento, el nivel y otros detalles de cobertura de todos los medicamentos y artículos cubiertos por el beneficio de medicamentos recetados de su plan.

Estos son ejemplos de cómo puede aparecer un medicamento en la lista de medicamentos (la cobertura real puede ser diferente a este ejemplo).

Nombre del medicamento	**Nivel del medicamento**	**Requisitos/límites**
COUMADIN TAB 1MG ***(warfarin sodium)***	Tier 2	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg	Tier 1	QL (300 tabs / 30 days); MAIL
warfarin sodium tab 1 mg (Jantoven)	Tier 1	QL (300 ea / 30 days); MAIL

¿Qué nombres de medicamentos se usan en la lista?

La lista de medicamentos utiliza nombres de marcas registradas y nombres públicos o "genéricos" para mostrar qué forma del medicamento tiene cobertura. También hay nombres de marcas registradas utilizados por determinados medicamentos genéricos. La manera en que se muestra el nombre de un medicamento en la lista de medicamentos le indicará si lo que tiene cobertura es la forma de la marca, la forma genérica o la forma genérica de la marca registrada. El ejemplo anterior muestra las formas de marca, genéricas y genéricas de marca registrada del medicamento "warfarina sódica".

Cuando se cubre la forma de la marca de un medicamento, el nombre del medicamento aparecerá en letras MAYÚSCULAS como NOMBRE DE LA MARCA. El nombre público o ***"nombre genérico"*** del medicamento de marca aparecerá a continuación entre paréntesis y en letras ***minúsculas en negrita y cursiva***. Cuando está cubierta la forma genérica del medicamento, aparece en la lista por separado según su(s) ***nombre(s) genérico(s)*** en letras ***minúsculas en negrita y cursiva***. Un medicamento genérico cubierto en la forma genérica de marca registrada aparecerá en la lista por separado por su ***nombre genérico*** seguido del nombre de marca registrada entre paréntesis. El nombre genérico de marca registrada se mostrará con la primera letra de cada palabra en mayúscula.

Si tanto la forma de la marca como la forma genérica de un medicamento están cubiertas en el formulario, cada una aparecerá como entradas de medicamentos separadas. Por ejemplo, COUMADIN y ***warfarina sódica*** figuran por separado para mostrar que tanto la forma de la marca como la forma genérica están cubiertas en el formulario. En este ejemplo, también se muestra una forma genérica de la marca registrada (Jantoven). Pueden aplicarse diferentes niveles de medicamentos y requisitos/límites para una forma de marca registrada frente a una forma genérica de un medicamento si aparecen varias formas de medicamentos como cubiertas en la lista de medicamentos real.

¿Qué son los niveles de medicamentos y cómo afectan mi parte del costo del medicamento?

Colocamos los medicamentos en diferentes niveles en función de lo bien que mejoran la salud, la cantidad de apoyo necesario para tomarlos y su costo en comparación con tratamientos similares. Los medicamentos no preferidos le costarán más que los medicamentos preferidos.

A continuación, le mostramos más detalles sobre qué medicamentos se encuentran en qué niveles.

Nivel del medicamento	Descripción
Medicamentos preventivos	PREV: medicamentos preventivos, medicamentos y dispositivos para la planificación familiar (es decir, anticoncepción) y otros medicamentos con un costo compartido de $0.
Medicamentos genéricos preferidos	Tier 1: medicamentos genéricos preferidos.
Medicamentos de marca preferidos y genéricos no preferidos	Tier 2: medicamentos de marca preferidos y algunos medicamentos genéricos que no son preferidos.
Medicamentos especializados preferidos	Tier 3: todos los medicamentos especializados preferidos (de marca y genéricos); medicamentos que requieren un manejo especial, asesoramiento o supervisión complejos, distribución limitada u otros requisitos especiales de farmacia; según las reglas del estado, Molina puede requerir que los miembros usen una farmacia especializada de la red; algunos medicamentos especializados solo se venden en determinadas farmacias que la compañía farmacéutica ha elegido ("Distribución Limitada").
Medicamentos de marca no preferidos	Tier 4: medicamentos de marca no preferidos.
Medicamentos especializados no preferidos	Tier 5: todos los medicamentos especializados no preferidos (de marca y genéricos); medicamentos que requieren un manejo especial, asesoramiento o supervisión complejos, distribución limitada u otros requisitos especiales de farmacia; costos compartidos más elevados que los medicamentos especializados preferidos usados para tratar las mismas afecciones, si están disponibles; según las reglas del estado, Molina puede requerir que los miembros usen una farmacia especializada de la red; algunos medicamentos especializados solo se venden en determinadas farmacias que la compañía farmacéutica ha elegido ("Distribución Limitada").
Equipo médico duradero	Equipo médico duradero (DME): artículos no farmacológicos, como equipos y suministros de control cubiertos por el beneficio de farmacia. El costo compartido sigue el costo compartido de los beneficios médicos para los equipos médicos duraderos de los artículos no farmacológicos de la lista de medicamentos.

Cuando la cobertura de medicamentos no incluidos en el formulario se aprueba en virtud de una excepción al formulario, los afiliados pagan el costo compartido del nivel de medicamentos de marca no preferidos para los medicamentos no especializados o el costo compartido del nivel de medicamentos especializados no preferidos para los medicamentos especializados. Consulte el acuerdo del plan para obtener más información sobre los costos compartidos en el caso de las excepciones al formulario.

De conformidad con la Ley de Atención Asequible, su plan cubre medicamentos para servicios preventivos y formas farmacéuticas reconocidos a nivel nacional (PREV) con un costo compartido de $0 cuando se recetan para que los use de acuerdo con esas recomendaciones.

Determinados tipos de medicamentos que cubre su plan tienen límites de costos compartidos cada vez que los surte. Si su estado tiene límites específicos, los costos compartidos serán los costos compartidos menores del diseño de su plan o cualquier límite que se requiera.

- Hay límites en el costo compartido de los medicamentos contra el cáncer que se administran por vía oral. Pagará la tarifa más baja de dos: el costo compartido del nivel de formulario aplicable O el costo compartido de la quimioterapia y los medicamentos administrados por el proveedor que se especifican en el beneficio médico de su plan.
- Hay límites en el costo compartido de la insulina. El límite ($25) se aplica por cada medicamento de insulina, por suministro de 30 días. El límite no se aplica a los productos que contienen otros medicamentos, además de la insulina.
- No tiene costo compartido por los medicamentos recetados para tratar trastornos de salud mental o por consumo de sustancias.
- No tiene costo compartido para los anticonceptivos recetados y de venta libre.
- No existen costos compartidos para la mifepristona y el misoprostol cuando se recetan para detener un embarazo en etapa inicial.
- No tiene costo compartido por los medicamentos contra infecciones cuando se recetan para tratar una infección de transmisión sexual.

Según los requisitos de New Mexico, el monto que pague de su bolsillo por un medicamento recetado cubierto no excederá el menor de los siguientes factores de precio del medicamento:

- El monto que acordamos pagarle a la farmacia.
- El monto que suele cobrar la farmacia.
- El monto con base en la tasa de costos compartidos del diseño de su plan.
- El monto que paga si Molina tiene un acuerdo de reembolso para el medicamento, según las reglas especiales de New Mexico.

Si Molina tiene un acuerdo de reembolso activo para un medicamento, primero aplicaremos el reembolso para reducir el monto que usted paga por ese medicamento cubierto por un deducible, coseguro o copago del diseño del plan. Esto se denomina transferencia del reembolso en el punto de venta. Los reembolsos del medicamento cubierto se aplican automáticamente para reducir sus costos compartidos en la farmacia. Los acuerdos de reembolso con las compañías farmacéuticas pueden cambiar en cualquier momento y esto puede afectar si recibimos y podemos aplicar los montos de reembolso de los medicamentos correspondientes a los costos compartidos del miembro.

¿Cómo puedo encontrar más información sobre cuánto costará mi medicamento?

Puede encontrar información sobre las tasas de costo compartido de los medicamentos recetados en nuestro folleto Benefits-at-a-Glance (Consulte sus beneficios en un vistazo) o ingresando la información de los medicamentos recetados en la herramienta “Search Drugs” (Buscar medicamentos) en MolinaMarketplace.com. Esta herramienta le proporcionará un cálculo aproximado del costo de los medicamentos del formulario. También puede acceder a la herramienta descargando la aplicación Molina en su dispositivo móvil o creando un perfil en Caremark.com. Al usar la herramienta en la aplicación o en Caremark.com, la herramienta considerará el costo compartido total que ya ha pagado para cumplir con los límites del diseño de su plan, como el deducible y el máximo de gastos de su bolsillo.

Resumen de beneficios de anticonceptivos

Su plan cubre una amplia gama de servicios, medicamentos recetados y productos de venta libre (OTC) con un costo compartido para los miembros de $0. Se aplican las reglas de la red de farmacias y el formulario del plan.

La lista de medicamentos indica qué productos anticonceptivos con receta médica u OTC están cubiertos cuando los factura una farmacia de la red. Cubriremos un suministro de hasta 6 meses de anticonceptivos recetados al mismo tiempo. Para los productos OTC no recetados, no necesita una receta y nosotros cubrimos un suministro para 1 mes por vez. Estos son algunos ejemplos de los productos cubiertos:

Productos de barrera (condones, capuchones y diafragmas), píldoras anticonceptivas (con receta y OTC), parches, anillos vaginales, dispositivos intrauterinos, inyecciones y dispositivos inyectables y píldoras anticonceptivas de emergencia o píldoras “del día después” (con receta y OTC).

No hay requisitos para probar primero otros medicamentos o para obtener una autorización previa de Molina para los productos anticonceptivos que se encuentran en el formulario. Si tiene un motivo médico por el cual debe usar un producto no incluido en el formulario, el profesional autorizado para emitir recetas puede enviarnos una solicitud de excepción al formulario mediante el proceso de autorización previa. Las instrucciones se encuentran en esta guía de la lista de medicamentos.

Conforme a las reglas estatales, los farmacéuticos calificados pueden dispensarle ciertos productos anticonceptivos de venta libre o recetados usando su beneficio de farmacia sin necesidad de una receta médica. También puede comprar las píldoras anticonceptivas de emergencia y los condones de venta libre que figuran en el formulario y enviar por correo una solicitud de reembolso junto con su recibo usando un “Formulario de reclamación de reembolso de medicamento recetado”. Este formulario se encuentra en MolinaMarketplace.com. Para localizar el formulario, vaya al menú que dice “Members” (Miembros) y seleccione “Forms and Documents” (Formularios y documentos). Cuando llegue a “Forms and Documents” (Formularios y documentos), el formulario se encuentra debajo del encabezado que dice “Other” (Otros). Una solicitud de reembolso que se envía electrónicamente, por correo electrónico o fax, siguiendo las instrucciones que Molina le proporciona, se considera recibida por nosotros en la fecha de envío, a menos que reciba un aviso de un error de envío. Tenga en cuenta que, si compra productos anticonceptivos OTC, o usa una farmacia fuera de la red, Molina le reembolsará hasta el monto permitido que le pagamos a farmacias de la red por el mismo producto, si está en el formulario.

Cómo encontrar una farmacia para surtir un medicamento recetado

Red de farmacias

Su plan cuenta con redes de farmacias minoristas, por correo y especializadas que pueden procesar y dispensar medicamentos mediante su cobertura. Para encontrar una farmacia dentro de la red, utilice la herramienta “Find a Pharmacy” (Encontrar una farmacia) en MolinaMarketplace.com. La herramienta le permite buscar farmacias por código postal, ciudad, país y estado. Puede limitar los resultados de búsqueda en función de la distancia u otros criterios específicos como el nombre de la tienda, el idioma que se habla o los servicios ofrecidos. Si busca farmacias minoristas que participen en el programa de surtido para 90 días en farmacias minoristas, las farmacias participantes mostrarán “suministro para 90 días disponible” en los detalles de los resultados de búsqueda.

Farmacia especializada

Su plan cuenta con una red de farmacias especializadas que pueden procesar y dispensar medicamentos especializados. Los medicamentos especializados se encuentran en los niveles de “especialidad preferida” o “especialidad no preferida”. Algunos medicamentos tienen una distribución limitada. La distribución limitada significa que el medicamento solo se vende en algunas farmacias.

El administrador de beneficios de farmacia de su plan, CVS Caremark®, tiene una farmacia especializada que brinda apoyo clínico para ayudar a los afiliados a administrar sus medicamentos y afecciones. La mayoría de los medicamentos especializados requieren autorización previa antes de tener cobertura. El profesional autorizado para emitir recetas puede enviarnos las solicitudes de autorización previa directamente o enviar una receta a CVS para comenzar el proceso. Si el pedido por correo del medicamento especializado no representa una opción para el afiliado, CVS ofrece la opción de enviar el medicamento a una farmacia CVS local para que lo recojan.

- Puede comunicarse con el Centro de Ayuda de CVS Pharmacy llamando al 1 (888) 407-6425 o visitando CVSSpecialty.com.

La red de su plan también tiene una farmacia especializada que no tiene conexión con el administrador de beneficios de farmacia:

- Puede comunicarse con BioPlus® Specialty Pharmacy al 1 (888) 292-0744 o visitar BioPlusRx.com.

Farmacia de pedidos por correo

Su plan cuenta con una red de farmacias de pedidos por correo que pueden procesar y dispensar hasta 90 días de suministro de medicamentos elegibles. Estos medicamentos están marcados como "MAIL" (correo) en el formulario.

El administrador de beneficios farmacéuticos de su plan tiene una farmacia de pedidos por correo. Para que las recetas se surtan a través de su servicio, el proveedor o afiliado puede llamar a la línea gratuita de FastStart® al 1 (800) 875-0867, de lunes a viernes, de 7:00 a. m. a 7:00 p. m., o visitar Caremark.com.

La red de su plan también tiene una farmacia de pedidos por correo que no tiene conexión con el administrador de beneficios de farmacia (Kroger®/PPS® Mail Order Pharmacy). Puede comunicarse con PPS al 1 (800) 552-6694 o visitar ppsrx.com.

La red de su plan también ofrece surtido de 90 días en farmacias minoristas de la red. Si busca farmacias minoristas que participen en el programa de surtido para 90 días en farmacias minoristas, las farmacias participantes mostrarán "suministro para 90 días disponible" en los detalles de los resultados de búsqueda.

Farmacia fuera de la red

Si las farmacias dentro de la red no satisfacen sus necesidades, se puede solicitar una excepción para obtener autorización para usar una farmacia fuera de la red. Se revisarán las excepciones caso por caso para determinar si son médicamente necesarias.

Procesador de reclamaciones de medicamentos recetados

Hemos seleccionado a CVS Caremark® como administrador de beneficios de farmacia ("PBM") para administrar el beneficio de medicamentos recetados de su plan. Si tiene preguntas sobre el procesamiento de reclamaciones, el estado del formulario o las reclamaciones rechazadas, puede comunicarse con el Centro de Ayuda de CVS Caremark al 1 (888) 407-6425.

Puede abordar las preocupaciones sobre la membresía, los costos compartidos, la información sobre beneficios de medicamentos recetados y la elegibilidad llamando a nuestro Centro de Atención al Cliente al **1 (888) 295-7651.** Servicios para Miembros está disponible **de lunes a viernes, de 8:00 a.m. a 5:00 p.m., MST**.

Los profesionales autorizados para emitir recetas y las farmacias pueden comunicarse con nuestro Centro de Ayuda para Proveedores llamando al **1** (**855) 322-4078**.

Política de medicamentos urgentes y fuera del horario de atención

Para evitar que la afección de un afiliado empeore en una situación urgente, es posible que sea necesario proporcionar un suministro para 72 horas de un medicamento para afecciones agudas antes de que se evalúe la autorización previa (p. ej., un miembro es dado de alta del hospital después del horario de atención normal con una receta especial de antibióticos).

Las farmacias tienen instrucciones de utilizar su juicio profesional. Reembolsaremos a las farmacias un suministro para 72 horas de un medicamento para afecciones agudas a tarifas contratadas para estas recetas.

Las farmacias pueden llamarnos al **1-855-322-4078** el siguiente día hábil para obtener una autorización para permitir que la receta urgente o fuera del horario de atención se procese en línea. Se recomienda y se espera que la farmacia proporcione documentación razonable de los casos en los que se dispensaron medicamentos en estas circunstancias de urgencia.

Plazo, sincronización y prorrateo de resurtidos

En general, los suministros de medicamentos para 30 días se pueden resurtir cuando ha pasado el 85% de los días de uso previstos desde la fecha de surtido anterior. Consulte la sección "Prorrateo y sincronización" del acuerdo del plan para conocer los plazos de resurtido específicos para cualquier medicamento. Su farmacia o proveedor puede solicitar que se anulen los límites del plazo de resurtido para sincronizar las fechas de surtido para sus medicamentos comunicándose con el Centro de Ayuda de CVS Caremark® al 1 (888) 407-6425. Si se dispensan suministros para más o menos días para sincronizar sus medicamentos, se prorrateará el costo compartido de esos suministros.

Procedimiento para la autorización previa y la solicitud de excepción

Autorización previa

Los medicamentos que requieren aprobación anticipada para la cobertura se evalúan según las reglas estándares para determinar si son médicamente necesarios. Los proveedores deben demostrar que usted hace un uso médicamente aceptado del medicamento y que otros tratamientos no han funcionado o no son clínicamente adecuados para usted. Pueden aplicarse otros requisitos según el medicamento. Es posible que solicitemos los resultados de determinadas pruebas para demostrar que un medicamento es adecuado para usted. La respuesta de un afiliado a las muestras de medicamentos de un proveedor o fabricante de medicamentos no se considerará como razón para eludir las reglas estándares de cobertura. Puede solicitar criterios a servicios para miembros llamando **1-888-295-7651 lunes a viernes 8:00 AM - 5:00 PM MST.**

Su proveedor puede enviarnos por fax un formulario completo de autorización previa de medicamentos al **1-866-472-4578**. Las políticas y los formularios clínicos pueden obtenerse en nuestro sitio web MolinaMarketplace.com. Su proveedor también puede usar CoverMyMeds® o Surescripts® para enviar su solicitud electrónicamente. Los proveedores pueden acceder a los criterios de medicamentos en MolinaMarketplace.com o llamando **1-855-322-4078** para obtener los criterios antes de enviar la solicitud.

Si su receta requiere una autorización previa o una excepción al formulario, su proveedor puede pedir que se revise la solicitud como circunstancia urgente.

- Una solicitud se considera urgente si se destina para tratar una afección médica que puede poner en riesgo grave su vida, su salud o su capacidad para recuperar las funciones máximas. Las situaciones en que sienta dolor intenso no controlado o en que la urgencia de su atención requiera una decisión de cobertura rápida también pueden indicarse como urgentes en la solicitud. Se requiere información de respaldo para justificar la urgencia de la solicitud.
- Cualquier solicitud que no se considere como circunstancia urgente representa una solicitud de excepción estándar.

Tomaremos una decisión a más tardar en la siguiente fecha:

- 24 horas después de recibir la solicitud para circunstancias urgentes.
- 72 horas después de recibir la solicitud con circunstancias estándares.

Si se aprueba la solicitud, le enviaremos una carta al profesional autorizado para emitir recetas. Incluiremos por cuánto tiempo se aprueba la solicitud antes de que se requiera una renovación de la autorización. Si no se aprueba la solicitud, le enviaremos una carta con los motivos y le informaremos sobre sus derechos para que haga un seguimiento.

Cómo solicitar una excepción

¿Puedo tener cobertura para un medicamento si no está incluido en el formulario o no cumple con los requisitos del plan, como el tratamiento escalonado?

Contamos con un proceso que le permite solicitar medicamentos clínicamente adecuados que no están en el formulario o que tienen requisitos o límites en virtud de su plan. Se necesitaría una excepción al formulario en los siguientes casos:

- Es posible que el profesional con autorización para emitir recetas le indique un medicamento que no está en el formulario, pero que cree que es mejor para usted.
- Es posible que esté tomando un medicamento que ya no está en la lista de medicamentos del nuevo año del plan y que no puede cambiar.
- El medicamento del formulario requiere un tratamiento escalonado y usted probó los medicamentos del tratamiento en el pasado o tiene factores clínicos que hacen que esos medicamentos no sean adecuados para usted.
- Es posible que tenga una necesidad médica de una versión compuesta de un medicamento, como un líquido, que no está disponible comercialmente.

El profesional con autorización para emitir recetas puede enviarnos una solicitud de excepción al formulario utilizando el proceso y el formulario de autorización previa descritos en la sección anterior.

Se pueden considerar excepciones cuando no se puedan usar las opciones del formulario o se cumplan otros requisitos. El medicamento debe ser seguro y eficaz para su afección médica. Su médico debe hacerle una receta para la cantidad habitual del medicamento. Podemos considerar una excepción según las siguientes condiciones:

- Existe documentación sobre una necesidad específica en su historia clínica.
- Su médico certificó que usted probó medicamentos del formulario y que no le ayudaron en el pasado.
- Su médico certificó que no puede usar las opciones del formulario debido a una alergia u otra razón médica.
- Su médico certificó que las opciones le han causado daño o se espera razonablemente que le causen daño.
- Su médico certificó que las opciones no son efectivas para usted debido a las características clínicas del medicamento.
- Su médico certificó que las opciones no son efectivas para usted debido a sus características clínicas específicas.
- Existe documentación que indica que el medicamento requerido no es adecuado para usted por los siguientes motivos:
    - El medicamento requerido causará problemas con su capacidad para seguir el tratamiento.
    - El medicamento requerido empeorará una de sus otras afecciones médicas.
    - El medicamento requerido hará que le sea más difícil alcanzar o mantener la capacidad de realizar sus actividades diarias.

Si se aprueba la solicitud, le enviaremos una carta al profesional autorizado para emitir recetas. La duración de la excepción concedida será de al menos la duración del efecto del tratamiento del medicamento. Si no se aprueba la solicitud, le enviaremos una carta con los motivos y le informaremos sobre sus derechos para que haga un seguimiento. Si no está de acuerdo con los motivos del rechazo, puede apelar la decisión. Su médico puede solicitar una revisión externa de excepción.

Los plazos y condiciones de la revisión se encuentran en la sección “Autorización previa” de esta guía.

¿Hay algún medicamento u otro producto que no esté cubierto?

Los medicamentos no cubiertos u otros productos, como las exclusiones de beneficios, no cuentan con cobertura. No se puede aprobar su cobertura mediante excepción al formulario. Su plan no cubre determinados tipos

de medicamentos que figuran como exclusiones de beneficios en la póliza del plan. Para obtener más información, consulte las secciones de su acuerdo (“Evidencia de Cobertura”) tituladas “Medicamentos sin cobertura” y “Exclusiones”.

Reclamos y apelaciones

Puede presentar una queja o un reclamo comunicándose con el Centro de Atención al Cliente al **1-888-295-7651**. Si no aprobamos su solicitud de medicamento, se incluirá un aviso de derecho a apelar la decisión en el aviso sobre medidas adoptadas. Para obtener más información, consulte la sección de su acuerdo (política) que aborda los “Reclamos y apelaciones”. Puede encontrar una copia del acuerdo, también llamada Evidencia de Cobertura, en MolinaMarketplace.com.

¿Cuáles son los requisitos y límites de la lista de medicamentos?

Es posible que se establezcan límites y requisitos para determinados medicamentos. Los medicamentos pueden tener los siguientes requisitos y limitaciones:

Requisitos/límites	Descripción
AGE	Se aplican límites de edad. Solo pagamos este medicamento o forma de dosificación para determinados grupos etarios en función de la información sobre la seguridad, eficacia y costo del medicamento.
BH	Cuando un medicamento se marca como “BH” en el formulario y se receta para tratar una afección de salud del comportamiento que tiene, es elegible para un costo compartido de $0 según las reglas de New Mexico. Hay ciertos medicamentos marcados como “BH” que se usan principalmente para tratar afecciones médicas, como la presión arterial alta. Dígale al profesional autorizado para emitir recetas que especifique en las instrucciones de su receta si está tomando uno de estos medicamentos para tratar una afección de salud del comportamiento.
INF	Cuando un medicamento se marca como “INF” en el formulario y se receta para tratar una infección de transmisión sexual (ITS), es elegible para un costo compartido de $0 según las reglas de New Mexico. Para los medicamentos que tratan el virus de la inmunodeficiencia humana (VIH), el costo compartido de $0 es automático. Otros medicamentos marcados como “INF” pueden tratar muchos tipos de infecciones. La reclamación por medicamentos recetados debe indicar que es para una ITS para que los sistemas reconozcan que se aplican reglas de costo compartido de $0. Las farmacias recibirán un mensaje durante el envío de reclamaciones y deben enviar un código para indicar de forma privada que un medicamento se está usando para tratar una ITS en comparación con otro tipo de infección para la que no se aplican las reglas de costo compartido de $0.
MAIL	El medicamento es elegible para pedidos por correo y otros programas de surtido para 90 días en las farmacias minoristas participantes. Es su elección si desea utilizar los programas de pedido por correo. No hay descuento en el costo compartido por usar los programas de surtido para 90 días.
MED	Se aplican límites de dosis equivalentes de morfina. Las cantidades de este medicamento se limitan al equivalente (“EQ”) de 90 miligramos de morfina por día de suministro surtido.
OTC	Las formas de dosificación de venta libre están cubiertas en la lista de medicamentos mediante una receta válida de un proveedor.
PA	Se requiere autorización previa. Requerimos la aprobación anticipada de la cobertura de algunos medicamentos antes de que se paguen.
QL	Se aplican límites de cantidad. Pagaremos un monto máximo diario basado en la información sobre el uso médicamente aceptado del medicamento y su costo.
ST	Se requiere tratamiento escalonado. Si hemos pagado para que usted tenga los medicamentos para el tratamiento escalonado que solicitó en el pasado, este medicamento se pagará en la farmacia sin necesidad de una solicitud de excepción de autorización previa o tratamiento escalonado. La lista de medicamentos le mostrará qué medicamentos se necesitan primero y por cuánto tiempo.

No Behavioral Health Cost-Sharing – Prescription Drugs

Your plan's formulary covers many drugs for Behavioral Health conditions. The term "Behavioral Health" applies to a mental illness, substance use disorder, or psychological trauma. "BH" on the formulary is short for "Behavioral Health". When a drug is marked "BH" on the formulary, and it is prescribed to treat a Behavioral Health condition you have, it is eligible for $0 cost-sharing under New Mexico rules. There are certain drugs marked "BH" that are mainly used to treat Medical Health conditions such as high blood pressure. These drugs are sometimes prescribed by Behavioral Health professionals to treat diagnosed Behavioral Health conditions. Tell your prescriber to specify in your prescription directions if you are taking one of these Medical Health drugs to treat a Behavioral Health condition.

New Mexico state rules say which drugs and drug categories $0 cost-sharing applies to when prescribed to treat a Behavioral Health condition. There are several systems for categorizing drugs. New Mexico rules use one system and your plan's drug list uses another. Below is a table that shows the New Mexico categories with categories used in your plan's formulary. The table below may mention drugs that are not covered on your plan's formulary list. Please check your plan's formulary drug list for which drugs are covered by your plan and if any coverage requirements apply.

Sin Costos Compartidos para Salud Conductual: Medicamentos Recetados

En el formulario de su plan, se incluyen varios medicamentos para afecciones de Salud Conductual. El término "Salud Conductual" se aplica a una enfermedad mental, trastorno por consumo de sustancias o trauma psicológico. La abreviatura "BH" que aparece en el formulario corresponde a "Salud Conductual". Cuando un medicamento está marcado como "BH" en el formulario y se receta para tratar una afección de Salud Conductual que usted padece, dicho medicamento es elegible para obtener $0 de costos compartidos de acuerdo con las reglas de New Mexico. Existen ciertos medicamentos marcados como "BH" que se utilizan principalmente para tratar afecciones médicas como la presión arterial alta. En ciertas ocasiones, estos medicamentos son recetados por especialistas de salud conductual para tratar afecciones de salud conductual diagnosticadas. Indíquele a su recetador que especifique en las instrucciones de su receta médica si usted toma uno de estos medicamentos para tratar una afección de salud conductual.

Las reglas del estado de New Mexico establecen los medicamentos y las categorías de medicamento a los que se aplican los costos compartidos de $0 cuando se recetan para tratar una afección de salud conductual. Existen varios sistemas para categorizar los medicamentos. Las reglas de New Mexico utilizan un sistema y la lista de medicamentos de su plan utiliza otro. A continuación, se presenta una tabla en la que se indican las categorías de New Mexico con las categorías utilizadas en el formulario de su plan. Es posible que en la tabla siguiente se mencionen medicamentos en la lista del formulario de su plan que no tienen cobertura. Consulte la lista de medicamentos del formulario de su plan para conocer los medicamentos que cubre su plan y si se aplican requisitos de cobertura.
