

Your over-the-counter benefit

Passport by Molina Healthcare offers our members an over-the-counter (OTC) benefit to help you get the everyday health items you need. With the OTC benefit, you get a debit card with a set amount of money to buy important OTC items like vitamins, sunscreen, pain relievers, cough medicine and bandages. This can help you stay healthy and save money!

How to use the OTC benefit

1. We will mail your NationsBenefits Pre-funded Debit Card to you shortly after you enroll in your plan.
2. Your debit card will have your allowance already loaded. Your amount does not rollover month to month.

Ways to purchase with your Healthy You Card
