

## Provider Collaboration Portal Powered by SpectraMedix

Dear Provider Community,

Molina Healthcare of Michigan invites Providers to an informative webinar focused on the implementation of the Provider Collaboration Portal Powered by SpectraMedix. The Provider Collaboration Portal is a data-driven platform to help providers track, understand, and improve performance in Value Based Care (VBC) arrangements by providing insights into quality, risk adjustment and member needs.

**Topic:** Implementation of the Provider Collaboration Portal Powered by SpectraMedix

**Date:** Wednesday, July 15, 2026

**Time:** Noon - 1 p.m. ET

**Host:** Molina Healthcare of Michigan

Learn how Molina is implementing this new tool to enhance the experience and understanding behind Value Based Care for our Network Providers.
