

Provider Collaboration Portal Powered by SpectraMedix

Topic: Implementation of the Provider Collaboration Portal Powered by SpectraMedix

Date: Wednesday, February 18, 2026

Time: Noon-1 p.m. ET

Host: Molina Healthcare of Michigan

Summary: Molina Healthcare of Michigan invites Providers to an informative webinar focused on the implementation of the Provider Collaboration Portal Powered by SpectraMedix. The Provider Collaboration Portal is a data-driven platform to help providers track, understand, and improve performance in Value Based Care (VBC) Arrangements by providing insights into quality, cost, utilization, risk adjustment and member needs.

Learn how Molina is implementing this new tool to enhance the experience and understanding behind Value Based Care for our Network Providers.
