# What is a Critical Incident

- A critical incident is any occurrence that represents actual or potential serious harm to the well-being of a member or others that occurs during the delivery of services or as a result of the failure to deliver services. Incidents may include but are not limited to abuse, neglect, exploitation, death, emergency services, environmental hazard, law enforcement, and missing.

~ CFR § 441.302 (i) (A)  
~ CFR § 441.302 (i) (C)

# Why File a Critical Incident

- Critical incident reporting assists with identifying a possible adverse event and provides the opportunity to implement preventive strategies and mitigate poor member outcomes.
- A critical incident helps:
  - ensure that everyone assisting the member has the most current information;
  - address potential gaps in the member's care;
  - expedite actions to help meet the member's needs.

# When to file a critical incident

**Critical Incident reports must be filed with 24 hours of becoming aware that an incident has occurred.**

**If the incident occurs on a weekend or a holiday, the Critical Incident Report must be filed the next business day.**

**If a critical incident is filed late, document the cause for untimely filing in the Narrative or Diary Entry.**

- HCA CI Reporting System:  
<https://criticalincident.HSD.state.nm.us>
- Use the New Mexico Medicaid Portal to verify a member's name, date of birth, SSN, and category of eligibility:  
<https://nmmedicaid.portal.Conduent.com/static/index.htm>
- Narrative documentation must include:
  - Risk Level
  - Whether the member is delegated or directed
  - Number of PCS hours authorized per week
  - Days per week the services are provided
  - Hours for each day services are scheduled
  - Last date services were provided

QUESTIONS

# Community Benefits

# Agency Based Community Benefit - ABCB

- Consumer Delegated Model
  - The consumer delegated model allows the Member to select his or her Personal Care Services (PCS) agency to perform all PCS employer-related tasks. This agency is responsible for ensuring all PCS are delivered to the Member.
- Consumer Directed Model
  - The consumer-directed model allows the Member to oversee his or her own PCS delivery and requires that the Member work with his or her PCS agency who then acts as a fiscal intermediary agency to process all financial paperwork to be submitted to the MCO.

# Self-Directed Community Benefit - SDCB

- A component of the State's 1115 Medicaid Managed Care waiver which allows eligible members meeting NF LOC the option to access SDCB Medicaid funds, using the essential elements of person-centered planning, individualized budgeting, Member protections, and QA/QI. Members have choices (among the state-determined SDCB services and related goods) in identifying, accessing and managing the services and related goods needed to meet their personal goals.
- SDCB Member: An individual who meets the medical and financial eligibility and is approved to receive services through the SDCB after receiving services in the ABCB for a minimum of 120 calendar days.
- Support Broker (SB): An individual who provides support to members and assists the Member (or the Member's family or representative, as appropriate) in arranging for, directing and managing services and supports as well as developing, implementing and monitoring the SDCB care plan and budget. Individual Support Brokers work for MCO contracted Support Broker agencies or may be directly employed by an MCO.

- Abuse
- Neglect-emergent risk
- Exploitation

Use R.E.A.R. to determine member's level of risk.

Note: It is important to identify situations that can be handled at the MCO level.

In the reference section, see slides for examples of concerns that would be reported to APS.

## APS/CPS Reporting Indicators

# APS/CPS Risk Level Assessment Tool

## R.E.A.R.

### R=Recognize

Recognize possible signs of abuse, neglect, or exploitation.

### E=Evaluate

Evaluate the member's risk; is there emergent risk?

### A=Act

Take Action-Is the member safe?

- Welfare check, call law enforcement, do a home visit; File CIR within 24 hours.

### R=Report

Report to APS/CPS:

- Call immediately to report urgent cases and/or an emergency, choose the drop-down by phone option.
- For non-urgent cases, choose the drop-down by agency/provider option to report to APS through the CIR itself.

# CIR Form Documentation

- APS- By Phone
  - Urgent reporting only.
  - CIR must be submitted prior to calling APS.
  - CIR # will be given to the APS operator so that APS can view the report for emergent risk.
  - APS intake # and operator ID# must be documented in diary entry of the CIR.
- APS- By Fax
  - Urgent reporting only when APS operator states during an attempted call to APS that their system is down.
  - "CIR sent to APS by fax due to system being down" must be documented in a diary entry.
- APS- By Agency/Provider
  - Non-emergent
  - Agency must be comfortable with the member's health and safety
  - CIR will be "reported" to APS by APS finding the marked CIR in the HCA portal up to one week following CIR submission.
- APS- By MCO
  - MCO use only for non-emergent **NOT** to be used by an agency.
  - CIR will be "reported" to APS by APS finding the marked CIR in the HCA portal up to one week following CIR submission.

# Important Reminders when Reporting to APS

Do Not Report by Email

Only Report by Fax  
when requested by the  
APS operator during a  
phone attempt to refer

QUESTIONS

# Guidelines for Reporting Critical Incident Reports

- One Critical Incident report will be filed:
  - Daily critical incident reports for insufficient staffing and refusing services are not required.
  - Follow-up with the member will be conducted by agency according to the member “Risk Level”.
  - Documentation of follow-up conducted will be entered into the CIR diary entry according to “Risk Level”.
  - If a Critical Incident Report has been closed, please do not add Diary Entries to the closed report.
    - Submit a new CIR.

## Guidelines

- One Critical Incident report will be filed:
  - Staffing concerns that have:
    - one date of origin.
    - an unresolved cause.
  - Emergency Department Visits
    - A member is transferred from one to another ED.
  - Environmental Hazards that have:
    - one date of origin.
    - an unresolved cause.

## Guidelines Ongoing CIRs

- Individual Critical Incident reports will be filed:
  - A single episode of a missed visit
  - Separate ED visits.
  - A member goes to the ED
    - Member is admitted or not.
    - Member dies the next day.
  - Law Enforcement encounters.
  - Each instance of missed medication.

## Guidelines Individual CIRs

- Is the member safe?
- Agency caregivers will conduct an evaluation to assure the member's health, safety, and welfare by assessing:
  - Natural support in the home
    - The natural support shall be responsible and of legal age
    - Natural support is not a substitute for paid caregiver services.
  - Durable Medical Equipment (DME)
  - Risk level –
    - The number of PCS hours allocated per week
    - 'Other factors' that impact risk level
  - When an APS referral should be submitted

## Member's Health, Safety, and Welfare

- A Critical Incident report is required to document the absence of paid caregiving services.
  - When the caregiver is out for a day.
  - When the caregiver is out, and the member declines a substitute caregiver offered by the agency.
  - When the caregiver is out and the member under the Consumer Directed model, or the Self-Directed benefits has not hired back-up caregivers to cover absences.
  - When the agency is unable to staff all authorized hours as described in the IPOC.
  - When caregiving services have been discontinued by an agency; however, authorization has not been terminated by the MCO.
  - Whether a member has natural support or not.
  - This list is not all inclusive.

## A Critical Incident Report IS Required

# Risk Level

Factors that determine a member's risk level:

- The number of PCS hours allocated per week
  - Risk Level I – Low
    - 10 hours or less per week with natural support
  - Risk Level II – Medium
    - 11 – 25 hours per week
  - Risk Level III – High
    - 26 or more hours of PCS services allocated

# Risk Level

Other factors to consider:

- Member's hospitalization and/or ER visit
- Member's change in condition
- Member's chronic conditions
- Member's imminent risk or threat to self and others due to lack of caregiver supervision

Documentation in the diary entry of the CIR filed must include:

- Method of contact with the member:
  - How was your contact with the member made:
    - Ex: Telephonic, in-person, letter, email, text
  - With whom was contact made when you conducted your follow-up:
    - Ex: Member, POA, guardian, son, daughter, spouse
- Develop a process for CIR follow-up and documentation.
- Follow-up documentation needs to directly address the incident reported and be individualized to the follow-up action.
- Please avoid identical 'copy/paste' between CIRs.

## Follow-up

## True or False?

During follow-up, the agency is required to contact the member, assess his/her well-being, and document follow-up in the CIR.

QUESTIONS

# Partial Services

- The Individual Plan of Care (IPOC) outlines the hours and days the member receives services.
- The IPOC is approved by the MCO.
- MCO approval is required for changes to the member's IPOC.
- The member is receiving partial services when only part of the approved hours/days of care are provided to the member.
- If a member has an IPOC approved for 7 days per week, it cannot be changed to 5 days per week.
- The members hours cannot be condensed to five days unless there is a new IPOC created and approved.

# Reduction in PCS hours

- Members who wish to receive fewer PCS hours than initially authorized would discuss changes with their PCS provider and MCO Care Coordinator.
- The MCO is notified of the member's request by the PCS provider, the member and/or an external Care Coordinator, if applicable.
  - The member and the MCO Care Coordinator will work together to determine if reducing hours is reasonable.
- The MCO approval of the request for a reduction in hours may occur:
  - after at least 60 calendar days into the approved schedule,
  - after a reassessment of approved hours, and
  - after a discussion with the member or their representative has occurred.

# Reduction in PCS hours

- The member will sign a new Community Benefit Member Agreement (CBMA).
- In this agreement, the specified number of reduced hours would be documented with any additional comments about the reduction.
- Both the agency and the member can collaboratively revise the member's Individual Plan of Care (IPOC) to reflect reduction in PCS hours.
- A member must understand the request for reduced hours will be for the remainder of their budget/care plan year.
- It is essential that members willingly agree to and sign the CBMA for the reduced PCS hours.

# Reduction in PCS hours

- MCOs can proceed to update the authorization in Authenticare to reflect the agreed-upon hours stated in the CBMA and IPOC.
- It is important for the member to have the autonomy to choose fewer hours if they deem it suitable for their situation without a corresponding change in their medical condition, as long as it does not put their well-being at risk.
- If the member has a change in condition, change to natural supports, or otherwise needs to increase their hours back to the original assessed number, they may work with their Care Coordinator to do so.

## True or False?
