

Model of Care Provider Training

Quick Reference Guide

Overview

Molina Dual Options Medicare-Medicaid Plan requires all contracted Medicare and MMP/Duals PCPs and key high volume specialists to receive new provider and annual basic training about our Model of Care (MOC). The Centers for Medicare & Medicaid Services (CMS) requirements are found in the Medicare Managed Care Manual, Chapter 5 – Quality Assessment, 3. SNP Provider Network; C. MOC Training for the Provider Network. Link: –

What is Model of Care training?

MOC provides the basic framework under which Insurers meet the needs of each their enrollees.

The Molina Dual Options Model of Care is the plan for delivering coordinated care and care management to special needs Members. Insurers are responsible for conducting their own MOC training, which means you may be asked to complete multiple trainings by different health plans. CMS requires Molina Dual Options to show evidence of the availability of MOC training materials communicated to Providers.

This training will identify how you, as a Provider of care, will support the Molina Dual Options Model of Care, while understanding CMS requirements for managing those Members.

In order to ensure Molina Dual Options remains compliant with CMS regulatory requirements for Model of Care training, receipt of your completed Attestation Form is due to Molina Dual Options by the date listed on your Attestation Form.

How can Providers access Molina Dual Options' MOC training?

Frequently Asked Questions

I have completed Model of Care Training for another Insurer, does that count?

- No - You are required to complete the annual Model of Care Training for every Insurer with whom you have a contract. CMS does not offer a centralized site to complete training for all Insurers. CMS requires Insurers, like Molina Dual Options, to offer the Model of Care training and document that the care Providers have completed it.

Who must complete the Model of Care training?

- All contracted Primary Care and key high-volume Specialty Providers who have been identified as directly or indirectly facilitating and/or providing Medicare Part C or D benefits for any Molina Dual Options Member.

How is the Model of Care training conducted?

- Web-based or face-to-face training.
